SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 56 Stearns St (location) would not be a detriment to the public interest because:

- A) Requirements of the Ordinance can or will be met for the following reasons: The proposed addition meets all dimensional requirements except for that for which zoning relief is sought (side yard setback)
- B) Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons: There will be no change to traffic or patterns of access or egress, and no change in established neighborhood character - in fact, that is what this proposal is trying to maintain (renovation, tear-down, ~~not~~ preservation of facade)
- C) The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons: The single, and two-family houses adjacent would be unaffected in their use and operation.
- D) Nuisance or hazard would not be created to the detriment of the health, safety and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons: The proposed addition would not create a nuisance or hazard to the detriment of the health, safety and/or welfare of the occupant or Cambridge citizens because it is ~~not~~ a relatively minor increase in the mass of a small house.
- E) For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons: Because it is a minor increase in the size of an existing single family house that conforms to the zoning ordinance in nearly every aspect (except that for which relief is sought)
