BZA APPLICATION FORM

OFFICE OF THE CITY CLERK
CAMBRIDGE, MASSACHUSETTS
Plan No: BZA-017299-2020

GENERAL INFORMATION

The undersigned hereby petitions the Board of Zoning Appeal for the following:

Special Permit : _____ Variance : ✓ Appeal : _____

PETITIONER : Cummings Architects - C/O Mathew D. Cummings

PETITIONER'S ADDRESS : 57 So. Main Street Ipswich, MA 01938

LOCATION OF PROPERTY : 89 Oxford Ave Cambridge, MA 02138

TYPE OF OCCUPANCY : _____ ZONING DISTRICT : Residence C-1 Zone

REASON FOR PETITION :

Additions

DESCRIPTION OF PETITIONER'S PROPOSAL :

Proposal to enlarge the existing non-conforming structure to the north, left elevation of the structure to accommodate a new first-floor kitchen, and the addition of new bathrooms on the second and attic floors. This is the enlargement of a pre-existing Non-Conforming Structure.

SECTIONS OF ZONING ORDINANCE CITED :

Article 8.000 Section 8.22.3 (Enlargement of Non-conforming Structure).

Article 5.000 Section 5.31 (Table of Dimensional Requirements).

Article 10.000 Section 10.30 (Variance).

Original Signature(s) :

Mathew Cummings

(Petitioner(s) / Owner)

Mathew Cummings

(Print Name)

Address :

57 S. Main Street

IPSWICH MA 01938.

Tel. No. :

978-356-5026

E-Mail Address :

BZA APPLICATION FORM

SUPPORTING STATEMENT FOR A VARIANCE

EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10:

- A)** A Literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

Proposal to enlarge the existing non-conforming structure to the north, left elevation of the structure to accommodate a new First floor Kitchen, and new bathrooms on the Second and Attic Floors. This is the enlargement of a pre-existing Non-Conforming Structure.

Petitioners have owned this property since 2012 and have a great affection for the property and commitment to the neighborhood. However, the house is limited in its current layout to accommodate the Petitioners' needs and plans for a growing family. Literal enforcement of the Ordinance may cause the Petitioners to move from the property creating substantial emotional and financial hardship for them.

- B)** The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located for the following reasons:

The current non-conformity of the existing house is caused by a very minor encroachment of the house into the side yard setback and an encroachment of the entryway on the same side of the house into the side yard setback. Given the yard boundaries, yard shape, and side yard setback requirements no enlargement of the house can be accomplished without zoning relief thereby creating a hardship on the Petitioners. These circumstances are unique to this property and not affect generally the zoning district in which the house is located. It should be noted that the enlargement of the house all occurs in areas of the lot where there will be no encroachment by the enlargement into the various other setbacks. But for the minor, long pre-existing encroachment of the existing house and entry into the side yard setback, this enlargement could be accomplished by right.

- C)** **DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:**

- 1)** Substantial detriment to the public good for the following reasons:

The areas of enlargement of the house are proposed fully within the property setback boundaries. The referenced minor pre-existing encroachments of the existing house into the side-yard setback are not expanded. Therefore, there is no detriment to the public good in any way resulting from this renovation project. Indeed, the project will result in a beautified property that will enhance the appearance of the house and the neighborhood in general.

- 2)** Relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

The intent and purpose of the Ordinance is to regulate the development of property in the City based on standards that are neighborhood and use specific. Here, the relief requested is consistent with adherence to the requirements of the Ordinance and do not disturb the development intentions of Ordinance with regard to the neighborhood or the property's use. Excepting the slight encroachment of the existing house and entry into the side-yard setback, this project would not require any zoning relief. Therefore, the relief requested will in no way nullify or substantially derogate from the intent or purpose of this Ordinance.

- *** If You have any questions as to whether you can establish all of the applicable legal requirements, you should consult with your own attorney.

8.22.2 (C)
In a Residence District the Board of Zoning Appeal may grant a special permit for the alteration or enlargement of a nonconforming structure, not otherwise permitted in Section 8.22.1 above, but not the alteration or enlargement of a nonconforming use, provided any enlargement or alteration of such nonconforming structure is not further in violation of the dimensional requirements of Article 5.000 or the off street parking and loading requirements in Article 6.000 for the district in which such structure is located and *provided such nonconforming structure will not be increased in area or volume by more than twenty-five (25) percent since it first began to be nonconforming*

EXIST VOLUME = 16,937 +/- CUBIC FT
ALLOW VOLUME = 21,171 +/- CUBIC FT
PROP VOLUME = 24,352 +/- CUBIC FT
INCREASE = 69%

DORMER DEFINITION

- h. Construction of a **dormer** or an addition to a nonconforming one or two family dwelling which will further violate the yard and height requirements of [Article 5.000](#), but no other requirements of [Article 5.000](#) including FAR, in the following cases:
- A **dormer** or addition to the second story that does not extend horizontally beyond the vertical walls of the existing first story of the structure.
 - A **dormer** on the third story no longer than fifteen (15) feet that does not extend horizontally beyond the vertical walls of the existing second story nor above the existing ridge line provided that the total linear length of all **dormers** on the third story of the building, after the issuance of the permit authorized by this Subparagraph h 2, does not exceed fifteen (15) feet.

SECOND FLOOR PLAN

Scale: 1/16" = 1'-0"

ATTIC PLAN

Scale: 1/16" = 1'-0"

FIRST FLOOR PLAN

Scale: 1/16" = 1'-0"

Floor Area Gross. The sum, in square feet, of the gross horizontal areas of all floors of a building, as measured from the exterior walls [except in (8) and (9) below where only interior space shall be measured and in (h) where the area of the parking facility shall be measured] of a building or the centerline of party walls between buildings.

Gross Floor Area shall include:

- roofed porches and balconies whether enclosed or unclosed;
- unroofed porches and balconies above third floor, with the exception of porch and balcony spaces associated with Functional Green Roof Area, in accordance with the regulations in Section 22.30 of this Zoning Ordinance;
- elevator shafts and stairwells on each floor, not excluded in (6) below;
- attic space, whether finished or unfinished, within the area of a horizontal plane that is five (5) feet above the attic floor and which touches the side walls and/or the underside of the roof rafters and which is not excluded in (5) below;
- interior balconies, mezzanines, and penthouses;
- deleted
- area of parking facilities in structures except as excluded in (2) below; and
- any accessory parking spaces not in above ground structures if in excess of the maximum number permitted on the premises as set forth in Section 5.25 and 6.30.

Gross Floor Area shall not include:

- areas used for off street loading purposes;
- area of parking facilities in structures located underground and the area of on grade open parking spaces outside the building footprint at or below the maximum number permitted on the premises as set forth in Sections 5.25 and 6.30;
- basement and cellar areas devoted to the operations and maintenance of the building such as heating and cooling equipment, electrical and telephone facilities, and fuel storage;
- open and lattice-work fire escapes;
- unroofed porches and balconies no higher than the third floor;
- attic space and other areas devoted to elevator machinery or mechanical equipment necessary for the operation of the building, including sustainable mechanical systems and related equipment and chases for systems including, but not limited to, solar energy systems, geothermal systems and heat pumps, solar hot water systems and related tubes and tanks, equipment related to radiant heating, hydronic cooling, heat recovery ventilators, and energy recovery ventilators;
- elevator shafts and stairwells on floors where there is no other area which qualifies to be included in gross floor area;
- attic space not otherwise included in (d) above;
- basement and cellar spaces with less than seven (7) feet of ceiling height measured from the floor to the line of the bottom of the floor joists, or to any subfloor or finished surface above any floor joists that are spaced not less than four (4) feet on center, and further provided that the basement or cellar is not a Story Above Grade as defined in the State Building Code.
- bicycle parking meeting or exceeding the requirements of Article 6.000, which shall include all areas occupied by Bicycle Parking Spaces and access routes intended exclusively for use by bicycles, which shall be clearly indicated in the bicycle parking plan requirements set forth in Section 6.52.1 whether located in a principal use structure, any parking facility for motor vehicles, or in an accessory structure.

- Functional Green Roof Area, in accordance with the regulations in Section 22.30 of this Zoning Ordinance;
- interior air spaces within Double-Skin Façades and additional exterior wall thickness to accommodate insulation, in accordance with the regulations in Section 22.40 of this Zoning Ordinance; and
- space directly beneath overhangs, eaves, awnings, pergolas, arbors, trellises or other sun-shading devices, in accordance with the regulations in Section 22.50 of this Zoning Ordinance.
- Public Bicycle-Sharing Stations.
- Any basement or cellar living space in any single-family or two-family home.

- Any basement or cellar living space in any other type of structure with the issuance of a special permit. In granting such a special permit, the permit granting authority may approved the exemption of any portion of Gross Floor Area (GFA) located in a basement or cellar from the calculation of GFA, provided the permit granting authority finds that the uses occupying such exempted GFA support the character of the neighborhood or district in which the applicable lot is located.

In a building with more than two floors, the area of each floor level of any interior courtyard whether or not covered by a roof, which has a minimum dimension of less than forty (40) feet in any direction shall be included unless twenty (20) percent or more of the perimeter of such court yard at each floor level measured consecutively is not enclosed.

Floor Area Ratio. The ratio of gross floor area of a structure to the total area of the lot.

8.22.2 (C)

In a Residence District the Board of Zoning Appeal may grant a special permit for the alteration or enlargement of a nonconforming structure, not otherwise permitted in Section 8.22.1 above, but not the alteration or enlargement of a nonconforming use, provided any enlargement or alteration of such nonconforming structure is not further in violation of the dimensional requirements of Article 5.000 or the off street parking and loading requirements in Article 6.000 for the district in which such structure is located and *provided such nonconforming structure will not be increased in area or volume by more than twenty-five (25) percent since it first began to be nonconforming.*

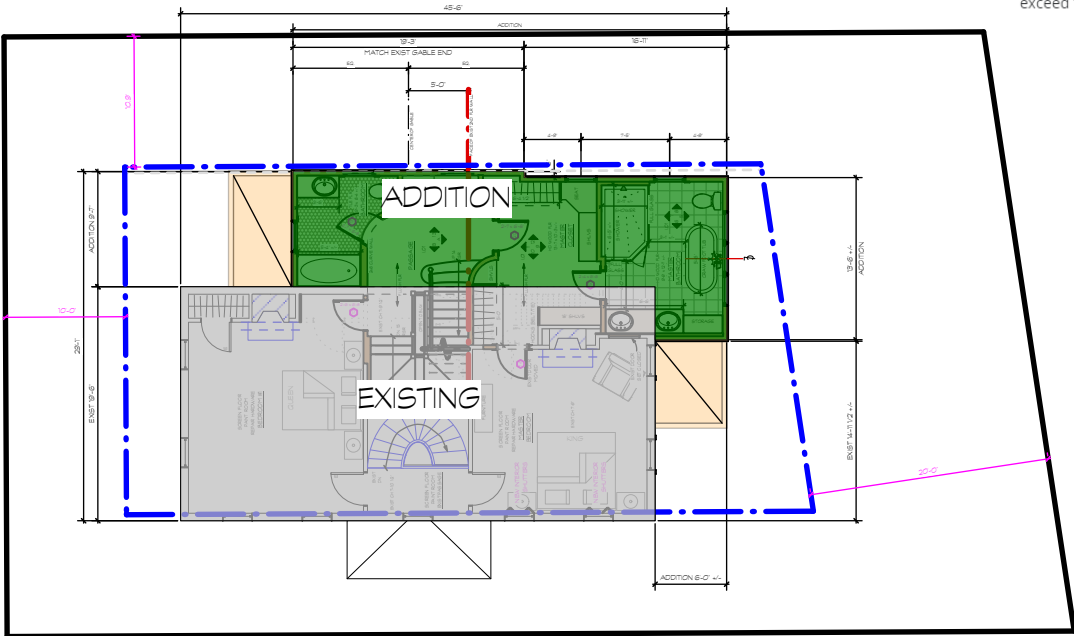

EXIST VOLUME = 16,937 +/- CUBIC FT
ALLOW VOLUME (25%) = 21,171 +/- CUBIC FT
PROP VOLUME = 24,352 +/- CUBIC FT
DIFFERENCE VOLUME = 7,415 +/- CUBIC FT
 $7,415 / 16,937 = 0.43$
VOLUME INCREASE = 43%

EXIST AREA = 1,977 +/- FT²
ALLOW AREA (25%) = 2,471 FT²
PROP AREA = 2,840 +/- FT²
DIFFERENCE AREA = 863 +/- FT²
 $863 / 1,977 = 0.43$
AREA INCREASE = 43%

DORMER DEFINITION

- h. Construction of a **dormer** or an addition to a nonconforming one or two family dwelling which will further violate the yard and height requirements of [Article 5.000](#), but no other requirements of [Article 5.000](#) including FAR, in the following cases:
1. A **dormer** or addition to the second story that does not extend horizontally beyond the vertical walls of the existing first story of the structure.
 2. A **dormer** on the third story no longer than fifteen (15) feet that does not extend horizontally beyond the vertical walls of the existing second story nor above the existing ridge line provided that the total linear length of all **dormers** on the third story of the building, after the issuance of the permit authorized by this Subparagraph h 2. does not exceed fifteen (15) feet.

PROJECT - NOT A DORMER

Floor Area Gross. The sum, in square feet, of the gross horizontal areas of all floors of a building, as measured from the exterior walls [except in (8) and (9) below where only interior space shall be measured and in (h) where the area of the parking facility shall be measured] of a building or the centerline of party walls between buildings.

Gross Floor Area shall include:

- (a) roofed porches and balconies whether enclosed or unclosed;
- (b) unroofed porches and balconies above third floor, with the exception of porch and balcony spaces associated with Functional Green Roof Area, in accordance with the regulations in Section 22.30 of this Zoning Ordinance;
- (c) elevator shafts and stairwells on each floor, not excluded in (6) below;
- (d) attic space, whether finished or unfinished, within the area of a horizontal plane that is five (5) feet above the attic floor and which touches the side walls and/or the underside of the roof rafters and which is not excluded in (5) below;
- (e) interior balconies, mezzanines, and penthouses;
- (f) deleted
- (g) area of parking facilities in structures except as excluded in (2) below; and
- (h) any accessory parking spaces not in above ground structures if in excess of the maximum number permitted on the premises as set forth in Section 5.25 and 6.30.

Gross Floor Area shall not include:

- (1) areas used for off street loading purposes;
- (2) area of parking facilities in structures located underground and the area of on grade open parking spaces outside the building footprint at or below the maximum number permitted on the premises as set forth in Sections 5.25 and 6.30;
- (3) basement and cellar areas devoted to the operations and maintenance of the building such as heating and cooling equipment, electrical and telephone facilities, and fuel storage;
- (4) open and lattice-work fire escapes;
- (5) unroofed porches and balconies no higher than the third floor;
- (6) attic space and other areas devoted to elevator machinery or mechanical equipment necessary for the operation of the building, including sustainable mechanical systems and related equipment and chases for systems including, but not limited to, solar energy systems, geothermal systems and heat pumps, solar hot water systems and related tubes and tanks, equipment related to radiant heating, hydronic cooling, heat recovery ventilators, and energy recovery ventilators;
- (7) elevator shafts and stairwells on floors where there is no other area which qualifies to be included in gross floor area;
- (8) attic space not otherwise included in (d) above;
- (9) basement and cellar spaces with less than seven (7) feet of ceiling height measured from the floor to the line of the bottom of the floor joists, or to any subfloor or finished surface above any floor joists that are spaced not less than four (4) feet on center, and further provided that the basement or cellar is not a Story Above Grade as defined in the State Building Code.
- (10) bicycle parking meeting or exceeding the requirements of Article 6.000, which shall include all areas occupied by Bicycle Parking Spaces and access routes intended exclusively for use by bicycles, which shall be clearly indicated in the bicycle parking plan requirements set forth in Section 6.52.1 whether located in a principal use structure, any parking facility for motor vehicles, or in an accessory structure.
- (11) Functional Green Roof Area, in accordance with the regulations in Section 22.30 of this Zoning Ordinance;
- (12) interior air spaces within Double-Skin Façades and additional exterior wall thickness to accommodate insulation, in accordance with the regulations in Section 22.40 of this Zoning Ordinance; and
- (13) space directly beneath overhangs, eaves, awnings, pergolas, arbors, trellises or other sun-shading devices, in accordance with the regulations in Section 22.50 of this Zoning Ordinance.
- (14) Public Bicycle-Sharing Stations.
- (15) Any basement or cellar living space in any single-family or two-family home.
- (16) Any basement or cellar living space in any other type of structure with the issuance of a special permit. In granting such a special permit, the permit granting authority may approved the exemption of any portion of Gross Floor Area (GFA) located in a basement or cellar from the calculation of GFA, provided the permit granting authority finds that the uses occupying such exempted GFA support the character of the neighborhood or district in which the applicable lot is located.

In a building with more than two floors, the area of each floor level of any interior courtyard whether or not covered by a roof, which has a minimum dimension of less than forty (40) feet in any direction shall be included unless twenty (20) percent or more of the perimeter of such court yard at each floor level measured consecutively is not enclosed.

Floor Area Ratio. The ratio of gross floor area of a structure to the total area of the lot.
