BZA APPLICATION FORM

SUPPORTING STATEMENT FOR A VARIANCE

EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10:

- A)** A Literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

The premises contain a pre-existing non-conforming structure that is located in the residence C-1 District, which restricts commercial use. As a commercial structure, the premises would not be easily converted to a conforming residential use. Premises have been used and occupied as a retail commercial establishment historically and a similar use is proposed.

- B)** The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located for the following reasons:

The shape and size of the lot would be non conforming under the current dimensional regulations for the Residence C-1 District and the conversion to even a conforming use would likely require a variance.

- C)** **DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:**

- 1)** Substantial detriment to the public good for the following reasons:

The Premises have been utilized as a commercial retail establishment for numerous years, which has sold food products and groceries, and most recently as a cafe. The intent is to continue with the commercial use which will continue to service the immediate area and offer a full restaurant.

- 2)** Relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

The Premises have been utilized as a commercial retail establishment for numerous years, which has sold food products and groceries, and most recently as a cafe. The intent is to continue with the commercial use which will continue to service the immediate area and offer a full restaurant.

- * If You have any questions as to whether you can establish all of the applicable legal requirements, you should consult with your own attorney.**

BZA APPLICATION FORM

SUPPORTING STATEMENT FOR A SPECIAL PERMIT

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 93 Windsor St Cambridge, MA (location) would not be a detriment to the public interest because:

- A)** Requirements of the Ordinance can or will be met for the following reasons:
The Premises, which were originally built as a single story commercial building, have been continuously used for commercial and retail purposes. The proposed change will continue with a similar use.
- B)** Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:
See "A" above.
- C)** The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:
See "A" above.
- D)** Nuisance or hazard would not be created to the detriment of the health, safety and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:
See "A" above.
- E)** For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:
See "A" above. In addition, the proposed change will continue to offer services to the immediate neighborhood.
