does not pass directly in front of the complainants' home. The other two buses (434 & 436) would be baffled in the same way to bring the emissions down and provided the contract is once again awarded to Local Motion, new buses that are compliant with the Ordinance would be purchased.

Mr. Payne, a resident of Cambridge, opposed the application as the area is already congested with a lot of pedestrian traffic. He was concerned about the increase in people walking onto the street, crossing traffic and believes the restaurant has enough outside seating.
