The City agrees, without waiving any right to sub-contract, to allocate and utilize manpower and equipment within the Department in the most appropriate manner prior to supplementing or complementing its capability by the use of sub-contracts except during a recognized emergency. The City agrees to fund cost of first effort to obtain license, whether fail or pass including the retest.

Any employee with in-training status, shall not be entitled to the above additional compensation.

Additionally, those who hold the following licenses and who are not required to do so for the jobs they currently hold, will receive an hourly stipend as follows:

- Cross-Connection surveying: $0.25 cents
- Cross-Connection inspector: $0.25 cents
- Hoisting and Engineering:

Employees assigned to the Watershed Division will be eligible for a $2.00 per hour stipend upon receiving and maintaining certification as a landscape professional. Effective July 1, 2018, this stipend will increase to $2.25 per hour. Additionally, the City agrees to fund the cost of the first effort to obtain this certification, whether fail or pass, including the retest.

There will be a “cap” on stipends of $5.00 per hour. MEO IIA’s are eligible to receive a hoisting and engineering stipend (not CDL).

There will not be any “dotting” pay for those receiving these license stipends, and who are asked to perform “out of field” work occasionally, because they possess these licenses. (for example, a skilled laborer with a CDL, who is already being paid a stipend for possessing a CDL, will not receive additional “dotting” pay when he is asked, on occasion, to drive an MEOIIA rated vehicle).
In order to maintain a particular stipend an employee must use, or have the opportunity to use the license at least 12 times per calendar year.

Employees holding a Class A CDL who perform duties requiring use of a Class A CDL will receive a $0.40 hourly stipend.

Employees whose jobs do not require either a Class A or Class B CDL are eligible to receive both CDL stipends.

Employees will receive time off with pay to take examinations for the Water Distribution License, Hoisting and Engineering License, CDL License, or any other job-related examination provided that the exam cannot be scheduled during non-working hours and the employee receives prior approval from the Department Head.

The three employees who operate the forklift on a regular or intermittent basis shall each be required to obtain a Hoisting and Engineering license. On a one-time basis only, the City shall provide these employees with reasonable time off with pay for both training and testing.

Anyone hired or promoted into an MEOIIA position after the date of ratification of this agreement will be required to have a Class 2A hoisting license within 6 months of their promotion or date of hire. MEOIIAs will continue to be eligible to receive a hoisting and engineering stipend.

Section 3. Overtime Pay

All work in excess of eight (8) hours a day or forty (40) hours a week or, if a holiday occurs within the work week, in excess of thirty-two (32) hours a week shall be compensated at the rate of one and one-half times the employee’s regular rate. All work performed on Sunday which is not regularly scheduled to be performed on that day shall be paid at the rate of one and one-half times the regular rate of pay.

In emergencies or as the needs of the service require, employees may be required to perform overtime work. Employees shall be given as much advance notice as possible of overtime work. Scheduled overtime shall be posted and distributed to all employees on an equitable and fair basis. Employees, other than those required to work beyond their normal tour of duty due to the exigencies of their workday, shall have the option of declining offered overtime; but in the event that sufficient personnel do not accept such offered overtime on a voluntary basis, or in the event of emergency situations where time is of the
essence in executing the overtime job, such additional personnel as are deemed necessary by the City may be required to work overtime on an assigned basis. All employees shall be afforded the opportunity to accept overtime service, but there shall be no discrimination against any employee who declines to work overtime on a voluntary basis.

Refusal to perform emergency or mandatory overtime, or work extra hours as required by the department shall be considered as insubordination and grounds for discipline, up to and including discharge.

**Section 4. Holiday Pay**

All work performed on a paid holiday shall be paid for at the rate of time and one-half the regular rate of pay.

**Section 5. Call Back**

If an employee who has left his place of employment or last duty assignment after having completed work on his regular tour of duty is recalled to work between the hours of 11:00 p.m. and 5:00 a.m., and the employee reports thereto, he shall be guaranteed a minimum of eight (8) hours of overtime recall pay; provided that if the call back assignment is completed in four (4) hours or less or if there are four (4) hours or less prior to the start of the employee’s regularly scheduled tour of duty, then the employee shall be guaranteed a minimum of four (4) hours of overtime recall pay.

An employee so recalled to work as above but not between the hours of 11:00 p.m. and 5:00 a.m. shall be guaranteed a minimum of four (4) hours. For call back assignments not between the hours of 11:00 p.m. and 5:00 a.m., the four (4) hour guarantee does not apply when an employee is called in early to work prior to the normal starting time of his/her scheduled tour of duty and works continuously from the time he/she reports into their normal scheduled tour of duty, in which event such employee shall receive overtime pay only for the actual time worked prior to the commencement of such tour. If any employee is called in to work on a holiday on which the employee is not scheduled to work, the employee shall be paid as provided in Section 4 above.

Note: The above language was effective as of May 22, 2018 (ratification of the 2017-2020 Agreement). For the language that was in effect prior to May 22, 2018, please see the parties’ previous collective bargaining agreement.
Section 6. Call Back While on Vacation

Employees called back to work while on vacation shall receive time and one-half for all hours worked and will not be charged a vacation day.

Section 7. Clothing Allowance

The annual clothing allowance (payable over two installments per calendar year) will be paid in the following amounts:

<table>
<thead>
<tr>
<th>Date</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>July 1, 2017</td>
<td>$950 per year</td>

<tr>
<td>July 1, 2018</td>
<td>$975 per year</td>
</tr>
<tr>
<td>July 1, 2019</td>
<td>$1,000 per year</td>
</tr>
</tbody>
</table>

Employees on Workers Compensation or Leave of Absence shall receive a clothing allowance on a pro-rata basis for the first year of leave, and no benefits thereafter.

If the parties agree to meet, the City and the Union will agree to form a joint labor management committee to discuss uniforms.

Section 8. Longevity Pay

Bargaining unit employees shall be compensated according to the following schedule as longevity pay. Said payments will be made in a lump sum the first pay day in December of each year of this Agreement. Years of service shall be computed as of September 1 of each year for each employee.

<table>
<thead>
<tr>
<th>Years of Service</th>

</thead>
<tbody>
<tr>
<td>20 but not 25</td>
<td>$1,525</td>
</tr>
<tr>
<td>25 and over</td>
<td>$1,850</td>
</tr>
</tbody>
</table>

Employees hired after January 29, 1985 shall not be eligible for longevity pay.

Section 9. Travel Allowance and Reimbursement

Cross-connection Inspectors/Supervisors and the Meter Technician Supervisors are to receive a travel allowance of $8 per day worked. Employees will be required to sign in and sign out in order to receive this allowance. Cross Connection Inspectors may park at meters in nonrestricted areas and in
residential parking areas in non-restricted areas in accordance with City policy when required while performing their job duties.

All other employees who are required to use their own vehicles in the course of their employment shall be reimbursed at the rate of $0.37 cents per mile, pursuant to a statement submitted by the employee to the Department Head.

Section 10. Renewals - Required Licenses

The City will pay for all licenses and/or license renewals when such licenses are required as a condition of continued employment. Direct payment will be made where possible for licenses/registrations. Upon passing, the City will pay for the test.

Section 11. Stipends

All stipends will be paid as regular income for purposes of retirement.

Section 12. CDL Bonus/DOT Medical Certificates

In order to maximize the number of employees in the unit with a commercial driver’s license, for the benefits that entails, the City and the union agree that:

Any employee who does not have a CDL but receives a CDL license during the life of this contract will receive a one-time $500 bonus.

The CDL Bonus shall apply only to persons newly receiving a CDL, not those who have already received this one-time bonus.

Effective July 1, 2019 all employees who are either required to hold a CDL for their position or who would like to be eligible to perform CDL functions when assigned, must have and maintain a valid Department of Transportation (DOT) medical certificate as a condition of their employment (or, if the license is not a requirement of their position, in order to be eligible to perform CDL functions).

Effective on this same date, a CDL Bonus of $150 will be paid on an annual basis to the eligible employees described above, and the one-time CDL
bonus will no longer be paid. All employees who receive this bonus are obligated to perform CDL functions when assigned.

Employees hired or promoted into a CDL-required position prior to September 1, 2015 and those who received the CDL bonus prior to September 1, 2015 will be allowed to submit an Intrastate Medical Waiver issued by the Massachusetts Registry of Motor Vehicles in lieu of a DOT medical certificate. Employees in these categories who are unable to receive either the DOT medical certificate or the Intrastate Medical Waiver will not be assigned CDL functions after July 1, 2019 but will be eligible to continue receiving their rate of pay for up to a maximum of ninety (90) calendar days. If at the end of the ninety (90) days the employee is still unable to obtain (or re-obtain) the required DOT medical certificate or Intrastate Medical Waiver, and if the City determines that the employee is qualified for a vacant lower-rated position, the City will transfer the employee to that position in lieu of termination.

The paragraph immediately above shall not apply to those hired or promoted into a CDL-required position on or after September 1, 2015 or to those who did not receive the CDL bonus prior to September 1, 2015. Those employees were subject to the DOT medical certificate requirement under language from the previous collective bargaining agreement:

Employees hired or promoted into a position that requires a CDL on or after September 1, 2015 must have and maintain a valid Department of Transportation (DOT) medical certificate as a requirement of their position. In addition, any current bargaining unit employees who have not yet received the one-time CDL bonus prior to September 1, 2015, must have and maintain a valid DOT medical certificate in order to be eligible to perform CDL functions and receive the bonus and any other CDL stipend.

Employees who receive the annual CDL Bonus set forth above and/or the hoisting and engineering stipend described in this Article will be responsible for paying for the cost of the DOT medical examination.

Section 13. Leak Bonus

During the months of October (the first Sunday) through April (the first Saturday), employees will receive a $5.00 an hour incentive, over and above their regular overtime rate of pay for all overtime hours worked on leaks, snow operations, or other emergencies as declared by the Department. The overtime bonus will not be paid for on-call hours worked or hours worked covering absences unless during those periods the employee is assigned to leaks, snow operations or other emergencies as declared by the Department. Payment shall be made on a weekly basis.
Effective July 1, 2018, the water leak bonus described above shall be $5.25 per hour for all qualifying overtime hours worked.

Effective July 1, 2019, the water leak bonus described above shall be $5.50 per hour for all qualifying overtime hours worked.

In the event that City Offices are closed for an entire business day due to inclement weather, employees who are required to work on that day due to snow operations, leaks, or other emergencies as declared by the Department, shall receive the leak bonus described above for all hours worked on that day, including straight time hours.

Section 14. Confined Space

On July 1, 2009, skilled laborers whose duties and assignments in Distribution require them to be regularly assigned to work in confined spaces began receiving a $.25/hour increase above skilled laborers who are not regularly assigned to work in confined spaces. In recognition of the dangers and difficulties of working in confined spaces, Construction Inspectors, Working Supervisors assigned to Distribution, and MEOIIA’s who work in the trench also became eligible to receive an additional $.25 per hour, effective July 1, 2009. Effective July 1, 2015, the eligible employees listed above received an additional $0.10 per hour increase and the Meter Technician title was included in this provision by receiving a one-time $0.35 per hour increase in base pay.

Effective July 1, 2018, after the cost of living adjustment is applied, the above mentioned titles will receive an additional $0.30 per hour increase.

Effective July 1, 2019, after the cost of living adjustment is applied, the above mentioned titles will receive an additional $0.30 per hour increase.

Section 15. ASE Certifications

The Motor Equipment Repairperson/MEOIIA shall be eligible for a stipend of $0.50 per hour for each ASE certification held, up to a maximum of $5.00 per hour. The qualifying ASE certifications are limited to those from a list preapproved by the City.
Section 16. Hot Top Pay

Employees working on a hot top project shall be paid $0.50 per hour premium pay over their regular rate for the actual hours they work on any such project. Effective July 1, 2019, this premium pay will increase to $0.75 per hour.

ARTICLE 13

SICK LEAVE

Section 1. New Hires

Employees covered by this Agreement who have been regularly employed in their positions continuously for at least three (3) months shall be entitled to sick leave with full pay in accordance with the following provisions. Any sick leave during the first three months of employment, will be considered leave of absence without pay.

Section 2. Definition - Sick Leave

A leave of absence granted under these provisions shall be known as "Sick Leave" and shall be granted for the following reasons only:

(a) Personal illness or physical incapacity to such an extent as to be unable to perform the duties of his or her position.

(b) Attendance upon members of the family within the household of the employee, whose illness requires the care of such employee, and/or to care for and bond with an employee’s new child or children in accordance with the City’s Parental Leave Policy, provided that not more than a total of twenty (20) working days with pay shall be granted to such employee for these purposes in any one (1) calendar year, not to exceed earned sick leave available.

(c) Enforced quarantine when established and declared by the Department of Health or other competent authority for the period of such quarantine only, and not to exceed earned sick leave available.

(d) To address effects of domestic violence, pursuant to the City’s Domestic Violence Leave Policy.
(e) To attend medical appointments which cannot be scheduled during off duty hours. A doctor's note may be required for verification.

Section 3. Notification by Employee

Sick leave will not be allowed unless notification is given of the illness by the employee, his family, or his family's physician, within a one (1) hour period prior to the time scheduled to start work, otherwise sick leave shall not begin until after notification has been received.

Section 4. Physician’s Statements

If the absence is seven (7) or more consecutive working days, or if there are repeated absences of shorter duration, a statement from the employee’s physician will be required stating the form and extent of the employee’s illness or disability submitted upon their return to work. Subsequent certificates may be requested at the discretion of the Department Head. If the employee fails to provide the original copy of the physician's statement when requested, he/she shall not receive pay for the days in question, whether or not the employee has accumulated sick leave to his credit. Employees who have been required to submit physician’s statements based upon repeated absences of less than seven (7) days will no longer be required to submit such notes for these short duration absences after they had qualified for an administrative day. Any future requirements to submit such notes shall be subject to the regular contractual standard.

Employees who would be required to provide a note for their own illness will be required to provide a similar physician’s statement indicating that the employee’s attendance was required to provide care for a family member.

Section 5. Accrual During Lay-off or LOA

Employees who are laid off or granted a personal leave of absence without pay shall not accrue sick leave during said layoff or leave of absence, but upon resumption of active employment shall have available the sick leave accrued before the time of such layoff, or leave of absence.

Section 6. Willful Violations

Willful violation of any of the rules and regulations promulgated hereunder or the willful making of any false reports regarding sickness, or the making of false claim for sick leave shall subject the employee chargeable therewith to restitution and disciplinary action, up to and including discharge.
Section 7. Sick Leave and Workers' Compensation Law

Employees receiving compensation under the provisions of the Workers' Compensation Law may draw on accumulated sick leave while it lasts to make up the difference in the regular weekly pay of an employee while receiving Workers' Compensation.

An employee taking annual vacation leave while receiving Workers’ Compensation shall receive his or her regular weekly pay, chargeable to vacation leave and this will not affect sick leave during this period.

Section 8. Transfers - Unused Sick Leave Accumulations

When an employee is transferred to another department, any unused sick leave accumulated to the employee's credit shall continue to be available for the employee's use as necessary.

Section 9. Sick Leave Allowance

All permanent full-time employees shall be allotted 15 days of sick leave per calendar year.

New Employees: No sick leave benefits shall be paid in the first three (3) months of employment. After the first three (3) months, new full-time employees will be allotted 3.75 days of sick leave by virtue of their accrual of 1.25 days per month for the first three (3) months, and will continue to accrue sick leave at the rate of 1.25 days per month until the following January 1st, at which time they will be allotted the 15 days of sick leave for the following calendar year and for each calendar year of full-time employment thereafter. Sick leave for part-time employees shall be awarded according to the above scheme, on a pro-rated basis.

Accumulation for the purposes of sick leave usage is limited to four hundred (400) days. Employees shall not accumulate further sick leave from year to year until such time as the accumulated total falls below 400 days. At that time they shall be permitted to accumulate sick leave at the rate of 1 1/4 day per month provided the total accumulation does not again exceed four hundred (400) days.
Section 10. Death/Retirement - Unused Sick Leave

An employee shall, upon his/her retirement or death, receive a sick leave “buyback” for every full day of unused sick leave up to four hundred (400) days, as follows:

- 1 – 50 days: $40 per day
- 51-100 days: $45 per day
- 101-150 days: $90 per day
- 151-200 days: $100 per day
- 201-300 days: $120 per day or 50% of the individual’s daily rate of pay, whichever is less.
- 301-400 days: $140 per day or 50% of the individual’s daily rate, whichever is less, but in no case less than $120 per day.

Section 11. Patterned Absenteeism

Nothing in this Agreement shall prevent the City from taking appropriate action for patterned absenteeism. Except in extreme cases of violations of this section, employees will be counseled and given written notice prior to taking further disciplinary action.

Patterned absenteeism, by way of illustration, could include: (1) repetitive occurrences of absenteeism occurring in a given pattern such as days before/days after scheduled days off; (2) Friday/Monday occurrences; (3) Cyclical absences identified as weekly, monthly, semiannual, or annual occurrences (i.e. lengthy absences in winter months or summer which suggest lengthening or preferable absence periods/months); (4) Repetitive same day of the week absences; (5) or any other discernible patterns.

Section 12. Unauthorized Absence

Any employee who fails to notify his/her supervisor of an absence (no call/no show) or who is otherwise absent without authorization shall be subject to disciplinary action. Three (3) instances of no call/no show (counting each absence on consecutive days as a separate instance) or five (5) consecutive days of unauthorized absences shall result in discharge.

Section 13. Rolling Administrative Day

Employees who are not out sick for a six-month period shall be relieved from duties for one (1) administrative day with pay to be used in the twelve (12)
month period next following. Administrative days do not apply to the buy back provisions of sick leave.

NOTE: The six (6) month period shall be a "rolling" six-month period. An employee who completes any six (6) month period without an absence shall be entitled to an administrative day for that period.

An administrative day must be taken within twelve (12) months following the date upon which the administrative day was earned.

Section 14. Prolonged Illness - Hospitalization / Confinement

In case of prolonged illness (requiring hospitalization and/or confinement for at least 30 consecutive days) employees shall receive one additional day of sick leave for every year of service that the employee has worked beyond five years. However, in no event shall such sick leave granted under this provision be subject to Section 9 or 10.

Section 15. Perfect Attendance Record

An employee with a perfect attendance record (no sick leave, no workers compensation time, no leave without pay, no unauthorized absence or any other non-pay status) for a six-month period, which shall be measured as a rolling period, shall receive a $300 payment per six-month period of perfect attendance.

Section 16. Holiday During Paid Sick Leave

If a paid holiday occurs during a paid sick leave period, it is not counted as a day of sick leave.

Section 17. Sick Leave Bank

The City and the Union will form a joint labor-management committee to discuss the creation of a Sick Leave Bank in which the City will match a one-time mandatory contribution of one day of sick time per member to establish the bank. The parties will form an on-going joint labor-management committee to discuss and administer the bank.
ARTICLE 14

LEAVE OF ABSENCE

Section 1. Personal Leave

Upon reasonable justification submitted in writing to the employee’s Department Head, the City Manager or his designee may grant to an employee a personal leave of absence for periods of time not to exceed six (6) months. At the end of the leave of absence the employee may be reinstated to his former position or a similar position unless more senior employees in the department have been laid off.

Section 2. Personal Leave - Length of Service Benefits

Whether or not to grant such leave and/or lengths or conditions of leave shall remain the sole discretion of management and not be subject to the grievance and arbitration procedure.

Section 3. Medical Insurance Responsibilities

Employees are responsible for payment of the full medical insurance premium during the leave of absence, except as may be provided by the Family and Medical Leave Act. Employees are encouraged to arrange for those payments with their personnel representatives well in advance of their leave of absence.

Section 4. Parental Leave

Effective for births, adoptions, and foster placements that occur on or after April 1, 2018, the City of Cambridge Parental Leave Policy that applies to non-union employees, as adopted and as it may be modified by the City from time to time, will also apply to members of this bargaining unit.

ARTICLE 15

in-law, daughter-in-law, parent-in-law; three (3) working days on account of the death of a grandparent or grandchild whether such relative was a member of the employee’s household or not. Pay for absence not to exceed three (3) working days will also be allowed on account of the death of any relative who was a permanent member of the employee’s household or of any other person with whom said employee made his or her home.

Note: The bereavement allowance described above for brother, sister, son-in-law, daughter-in-law and parent-in-law was increased upon ratification of this agreement.

Section 2. Other Bereavement Allowances

ARTICLE 16

VACATIONS

Section 1. Calendar Year Qualification

Employees shall receive vacation of not less than three (3) weeks with pay upon completing one year of service. Thereafter, employees will receive their vacation allotment on each succeeding January 1.

Section 2. Vacation Scheduling

Vacations will be granted by the head of the department using reasonable discretion at such time as will cause the least interference with the performance of the regular work of the department. In scheduling vacations the City will attempt to give preference of available vacation dates to the employees in order of Union seniority to the extent that the performance of the regular workload of the department permits.

Employees are to submit vacation requests of one or two weeks, before April 1 and before September 1 of each year. Any request in excess of two weeks needs the approval of both the division manager and the director of the Water Department. Any request of less than 2 weeks needs the approval of the division manager.
Effective for vacation use on or after January 1, 2012, the City reserves the right to implement the following procedure for the scheduling of vacations:

Vacation requests for the period January through April should be submitted by December 15 of the prior year. Attempts will be made to accommodate all vacation requests so submitted. If because of staffing requirements within the department and/or division all such requests cannot be granted, those requests where there is a conflict will be granted by seniority, and the person(s) whose requests cannot be granted will be provided the opportunity to select from within other available periods.

Requests submitted after December 15 for the January to April time period will be granted on a first come, first served basis, taking into account the date submitted, the previously approved requests, and the department/division’s staffing requirements.

By April 15 of each year, vacation requests should be submitted for the remainder of the calendar year. Attempts will be made to accommodate all vacation requests so submitted. If because of staffing requirements within the department and/or division all such requests cannot be granted, those requests where there is a conflict will be granted by seniority, and the person(s) whose requests cannot be granted will be provided the opportunity to select from within other available periods.

Requests submitted after April 15, for the remainder of the year will be granted on a first come, first served basis, taking into account the date submitted, the previously approved requests, and the department/division’s staffing requirements. Pursuant to this paragraph, if two or more requests for the same time period are submitted on the same date, the request of the person with the most seniority will be granted first.

Due to staffing concerns, each employee may be required to use at least 50% of total vacation time by September 15 of a calendar year, subject to special circumstance exceptions approved by the Department Head.

Section 3. Holiday During Vacation

If a paid holiday occurs during a vacation period, it is not counted as a day of vacation.
Section 4. Sick Leave/Vacation Leave Interaction

If an employee becomes ill while on vacation leave, and is otherwise entitled to benefits under Article 13, the employee shall be allowed to utilize their sick leave and such time will not be treated as vacation leave. The department head may require medical documentation prior to converting the time usage.

Section 5. Vacation Allowances

Vacation allowance beyond the basic allowance depends upon length of service of each employee and the provisions of Section 1 will not apply.

a) Employees with five (5) years of service will be entitled to twenty (20) days of vacation in each calendar year.

b) Employees with fifteen (15) years of service will be entitled to twenty-five (25) days of vacation in each calendar year.

Section 6. LOA During Vacation

Leave of absence without pay, exceeding fifteen (15) days during vacation year, must be determined proportionately from vacation leave credit.

Section 7. Vacations During Current Year

Vacations shall be taken during the year they become due, unless exceptional circumstances prevent it, in which case, the approval of the City Manager or his designee must be obtained to postpone taking vacation during the current year. All vacation leave is subject to departmental work requirements and the approval of the Department Head.

Section 8. Definition of Day

For the purpose of this Article, “day” is defined as an otherwise scheduled working day.

Section 9. Vacation Payoff - Leaving the City Employ

When an employee leaves the employ of the City, s/he shall be paid for all unused vacation earned in the current calendar year up to the last week worked. In the event of the death of an employee, any accumulated vacation pay shall be paid to his or her estate.
ARTICLE 17

Section 2. Reinstatement

Permanent employees who leave the City's service to enter Military Service shall be reinstated to the same or comparable position if they receive honorable discharges and apply for employment within one year from the time of separation.

Section 3. Computation of Benefits Earned

An employee, who by reason of an Industrial accident is unable to perform his/her duties, may draw from his/her unused sick leave for the first twenty-one consecutive calendar days of said disability, at his/her normal rate of pay. Refusal to provide Worker's Compensation coverage or termination of benefits shall be the sole discretion of the City, as governed by Chapter 152 of the General Laws, and shall not be subject to the grievance and or arbitration procedure.
Section 2. Reports/Injury

Reports of injury must be filed within a reasonable period from the time of the accident with the employee’s supervisor or foreman, as the case may be.

Section 3. Workers’ Compensation - Sick Leave Interaction

An employee receiving sick leave with pay, who simultaneously received compensation under the Workers’ Compensation Laws, shall receive for the duration of such compensation only the portion of his regular salary while sick leave credits are available, which together with said compensation will equal his regular pay.

An employee that is absent from work in excess of ninety (90) days, from a worker's compensation accident, will not accrue additional vacation, sick leave or longevity benefits if the City disputes the worker's compensation claim. For all claims that the City does not dispute, the additional sick, vacation and longevity benefits shall not accrue after one year of absence due to a worker's compensation claim.

ARTICLE 19

PENSION PLAN - RETIREMENT

Eligible employees must participate in the City Pension Plan available to other City employees.

The City will work with the Union to minimize any personal hardship.

The City will implement an on-call system, to be rotated weekly among distribution personnel who certify and, over time, demonstrate that they can respond to a call for service within 30 minutes of the call being placed. The on-call rate shall be $6.25 per hour. Effective July 1, 2018, the on-call rate will increase to $6.50 per hour and the expected response time will change to 45 minutes.

Personnel on the afternoon and Saturday shifts may be assigned to do any work consistent with their job descriptions, including assisting in the completion of work being done by the day crew.

The City shall have the option of assigning Meter Technicians/Supervisors to a Tuesday through Saturday work week, with an eight hour shift that may end as late as 7:00 PM. These positions have a 40 hour work week (including a half-hour unpaid lunch).

The City shall have the right, during weeks with a Monday holiday, to have employees working a Tuesday to Saturday work schedule take Tuesday, Wednesday or Thursday off as the holiday, instead of paying the holiday premium. This contract incorporates the complete and entire agreement between the parties. As to subjects for bargaining not expressly and specifically set forth in this Agreement, the City reserves the right to make changes and to establish other policies and procedures for orderly and efficient operations, consistent with bargaining obligations under state law.

No prior agreements, practices, benefits, privileges or understandings, oral or written, shall be controlling on management unless and until such agreements or understandings have been reduced to writing and duly executed by both parties subsequent to the date of this Agreement.

DRUG AND ALCOHOL TESTING

Section 1. Administration

The following policy shall govern the administration of the drug and alcohol screening process by the Management of the Cambridge Water Department (hereinafter Department) among employees of the Cambridge Water Department (hereinafter Employees) to test for the unauthorized use of illicit drugs and alcohol.

Effective October 4, 2015, all members of the bargaining unit became subject to random drug and alcohol testing, utilizing the same procedures that had previously applied only to CDL holders. Effective on this same date, in consideration of the expansion of random testing, the base wage of all positions was increased by $0.50 per hour.
In addition, testing will be conducted on those individual employees where the facts are sufficient to constitute reasonable suspicion of unauthorized use of a controlled substance and/or alcohol. The Department shall have the right to require that the Employee submit without delay, to a urinalysis test and/or a breath alcohol test.

Reasonable suspicion shall be based on information of objective facts obtained by the Department and the rational inferences which may be drawn from those facts. The credibility and reliability of information obtained, shall be weighed in determining the presence or absence of reasonable suspicion.

The Employee to be drug and/or alcohol tested, will be notified of the test requirement just prior to obtaining the urine sample or breath alcohol test. Advance notification of the testing will not be given, in any circumstances, to prevent any likelihood of urine sample tampering.

The testing officer will maintain the sterility of the sample and the integrity of the sampling process, by executing a chain-of-custody process for the sample given and all related documentation.

If an Employee refuses to submit to a drug and/or alcohol screening test, under the Agreement, it shall be considered insubordination warranting discipline, under a just cause standard.

An Employee with a positive confirmatory drug and/or alcohol screening result, will be suspended from employment under a just cause standard.

An Employee with two (2) positive confirmatory drug and/or alcohol screening results will be discharged from employment.

Any employee wishing assistance with drug and/or alcohol problems or concerns is urged to contact the City's Employee Assistance Program. Strict Confidence is maintained.

Section 2. Medicinal Marijuana

The following section was effective upon ratification of the 2017-2020 Agreement:

On-duty use of marijuana and/or an employee reporting for work impaired due to marijuana use continues to be prohibited, even if the employee meets all the requirements to use marijuana medicinally.
Other than in the above circumstances, Non-DOT employees who test positive for marijuana as a result of a random drug test will not be automatically subject to disciplinary action and/or mandated treatment provided that, at the time of the drug test, the employee documents to the satisfaction of the City that the employee meets all of the legal requirements to use marijuana medicinally, including possession of an active Medical Use of Marijuana Patient Identification card, a current certification from a licensed physician and registration by the Commonwealth of Massachusetts to access a registered marijuana dispensary to obtain marijuana for medical use. The City will also require such employee to undergo a fitness for duty evaluation prior to returning to work. The employee is required to cooperate fully in the process of gathering all information required. Pending the gathering of this information and the results of the fitness for duty evaluation, the City reserves the right to place the employee on paid leave.

The decision about whether any employee’s use of medicinal marijuana will be accommodated by the City, and the terms of that accommodation, will be made after an interactive process between the City, the Union, and the employee to determine whether the requested accommodation is reasonable. The employee is required to fully cooperate in the interactive process.

The parties agree to reopen contract negotiations if alternative forms of drug testing for marijuana are approved by the Department of Transportation. If a marijuana impairment test is implemented, the language above relating to the medical use of marijuana will no longer be in effect.
ARTICLE 38

Upon receipt of such notice the City and the Union agree to meet and engage in collective bargaining for the purpose of reaching a new agreement. Unless otherwise specified in separate Articles in this Agreement, all terms and conditions shall be effective as of the date of Union ratification of this Agreement.
