

Gold Star Mothers Memorial Park

In-person Community Meeting

The City will be hosting an in-person Community Meeting on Thursday, October 16, 2025 from 6-7:30 p.m.

As part of the Gold Star Mothers Park Court Renovation Project, the City conducted environmental testing of park soils. Initial results identified contamination beneath the former basketball court. Follow-up testing has now confirmed that similar contaminants are present in multiple areas throughout the park.

The focus of this meeting will be to review the soil testing results and discuss anticipated next steps.

Representatives from the City and Cambridge Department of Public Health will be available to share information and answer questions.
