Building on feedback from the first public meeting, we've developed a draft set of recommendations and updates to share with the community. Join City staff and our consultant team on Tuesday, May 19 from 6 to 8 p.m. at the Millers River Apartments Community Room, 15 Lambert Street.

Did you know all the trees in our City are part of Cambridge's urban forest?

Together, these trees make our neighborhoods more beautiful, keep our walkways cool and shaded, and help clean our air and water.
