- Inter-City Collab.
- Sustainability Resources
- Community Building
- Introduce Residents to the Property

Approximate  
Attendance:  
900

The Cambridge Water Department  
Invites you to the 10<sup>th</sup> Annual

# Monarch Butterfly Release Celebration

**Sunday, August 18<sup>th</sup>**

**2:00pm**

**250 Fresh Pond Parkway**

See the butterflies up close, learn about their migration, complete an activity booklet for a Jr. Ranger badge, get your face painted, see storyteller Yumi Izuyama, add your crafted butterfly to our symbolic Oyamel Fir, and witness the release by one of our native meadows at 2:45pm!

## Why Monarchs? Why Here?

Migratory monarchs have been officially declared "endangered" by the IUCN, and we've lost 80% of the population since 1990. The chief factors of their decline are loss of milkweed, logging activity in Mexico, extensive pesticide use in the US, and extreme weather events. Because Monarchs migrate, we need a national effort. As an official "waystation" Fresh Pond is a wonderful place for adult monarchs and for their young to grow up!

# Monarch Butterfly Release Celebration

Sunday, August 18<sup>th</sup>  
(10<sup>th</sup> Annual)

Elements: Meet and greet caterpillars, chrysalises, and monarchs, face painting, origami craft with tree, Jr. Ranger Badges, new location, live release

## Goals:

- Promote Restoration Work
- Relate Meadows to Water Quality
- Pollinator Awareness

**Approximate  
Attendance:**

**275**
