

## River Street Reconstruction Working Group Meeting #2

The River Street Reconstruction Project will upgrade the subsurface infrastructure while developing a new surface design for River Street, the bus terminal area at River and Magazine Streets near Central Square, and Carl Barron Plaza.

The River Street Reconstruction Working Group will meet monthly. Meetings are open to the public.

At this meeting, City and project team staff will provide a history of the project area, present existing conditions in the context of project themes that will inform the design, and provide an overview of the Carl Barron Plaza charrette process anticipated in the spring.

**River Street Reconstruction Working Group Meeting #2**  
**Tuesday, February 26, 2019**
