

Resources for People Homeless in Cambridge During Extreme Winter Weather, 2017-18

Winter storms and extreme temperatures pose a severe risk to the safety and health of people remaining outdoors. If you are concerned about yourself or someone you see on the street, please contact the FirstStep Street Outreach team (see other side), or call 911 if it is a medical emergency. See these additional resources to find somewhere indoors for yourself or someone else:

Emergency Shelters (night-time):

Shelters have various processes, including daily lotteries, for getting a bed; however, during winter weather events, expanded capacity will frequently be made available. CASPAR's Emergency Services Center and the Salvation Army generally have the greatest ability to stretch their capacity during extreme weather.
