The Massachusetts Bay Transportation Authority (MBTA) is completing the final design of improvements for the Harvard Station Busway to enhance the level of service, performance, and passenger safety.

Located within Harvard Station, the busway connects 10 bus routes serving Cambridge and the surrounding communities with the MBTA Red Line. The busway is the third busiest bus stop on the MBTA, and averages 16,000 passengers per weekday.

The MBTA will hold public information sessions to provide an opportunity for the public to learn more about the planned improvements for the busway.

**Massachusetts Bay
Transportation Authority**

MBTA. Welcome to a system of improvement.

Accommodations

All locations are accessible to people with disabilities. MassDOT provides reasonable accommodations and/or language assistance free of charge upon request (including but not limited to interpreters in American Sign Language and languages other than English, open or closed captioning for videos, assistive listening devices and alternate material formats, such as audio tapes, Braille and large print), as available. For accommodation or language assistance, please contact Trish Foley by phone 857-368-8907, or by email at trish.foley@state.ma.us

Requests should be made as soon as possible prior to the meeting, and for more difficult to arrange services including sign-language, CART or language translation or interpretation, requests should be made at least ten (10) business days before the meeting. In case of inclement weather, meeting cancellation announcements will be posted on the internet at mbta.com

Temporary Bus Service & Stop Changes during Harvard Busway Improvements

BEGINNING JUNE 23

MT. AUBURN STREET

Bus Routes 71 and 73

Both routes will begin and end at Mt. Auburn Street and will not enter the tunnel.

BRATTLE STREET

Routes 72, 74, 75, 72/75, 77, 78, 96 (drop-off only)

Inbound buses from Mass. Avenue and Concord Avenue will drop passengers off on Brattle Street, near Palmer Street. Outbound buses will continue to board passengers in the open tunnel.
