

## **Monthly Women's Commission Meeting February 8, 2023**

### **Minutes**

**Attendees: Pauline, Barbara, Rhonda**

**Staff: Kimberly, Emily**

### **New CCSW Commissioners**

The Women's Commission is very excited to announce that all 5 community members selected for appointment to the Commission have accepted. Thanks to all the current commissioners for the thoughtful reflection on the applicants and for the recommendations. Appointments will now go before City Manager and Council for final approval.

The Women's Commission wants to be deliberate in on boarding the new commissioners and wants to do it in a way that builds inclusive, equitable connection. Commissioners suggested an International Women's Day gathering on March 8 for all commissioners to meet. At this gathering, we will engage in community building activities and provide brief highlights of sample CCSW accomplishments. Emily will email out a short questionnaire to all commissioners in advance of our gathering to help commissioners get to know one another.

### **Girlx in Sports**

Our January 18, 2023 GiSC Night was a wonderful success!

Participant quotes:

One girl said she "has wanted to trying rowing her whole life," another said that she "would go to sleep dreaming of lacrosse tonight", and another said that "didn't think she would be able to hit a softball," but she did! Most just said that they loved trying so many new things and felt "strong" and "happy".

Event stats:

- 12 sports teams participated
- 74 families registered through Eventbrite
- Approximately 210 attended
- Approximately 150 girls tried new sports
