

# Cambridge Charrette on Homelessness

## What is a charrette?

A “charrette” is a meeting in which all stakeholders in a project attempt to resolve conflicts and map solutions.

Anyone from across the Cambridge community who has a stake in the issue of homelessness is warmly invited to join the conversation and lend their voice.

You can come for as much or as little as you like: whether for just one session, or all three days!

## Discussion areas

- » Serving Frequent Users of Emergency Services
- » Service Navigation and Systems Coordination
- » Services to Prevent Homelessness
- » Increasing Housing Supply for People Experiencing Homelessness
- » Strategies for Increasing Investment
- » The “Housing First” Model
