

INNER MT. AUBURN ST. CORRIDOR SAFETY IMPROVEMENT PROJECT COMMUNITY MEETING

Thursday, December 12, 2019

6:00 p.m. - 8:00 p.m.

Harvard Smith Campus Center

1350 Massachusetts Ave., Cambridge

Join us to learn more about our proposed plans for Inner Mt. Auburn St. The project area is Mt. Auburn St. from JFK St. to Putnam Ave. We'll share the current draft of the plans, data that we used in our analysis, and information about next steps.

Harvard University will share information about our joint proposal to construct improved bicycle facilities on Quincy St., Bow St., and DeWolfe St. The purpose of this project is to create a bike-network connection between Cambridge St. and Memorial Dr.

The meeting will consist of a short presentation followed by a poster session. This will be an opportunity for you to give us and Harvard University feedback on the plans.
