**BZA APPLICATION FORM**

**SUPPORTING STATEMENT FOR A VARIANCE**

**EACH OF THE FOLLOWING REQUIREMENTS FOR A VARIANCE MUST BE ESTABLISHED AND SET FORTH IN COMPLETE DETAIL BY THE APPLICANT IN ACCORDANCE WITH MGL 40A, SECTION 10:**

**A)** A Literal enforcement of the provisions of this Ordinance would involve a substantial hardship, financial or otherwise, to the petitioner or appellant for the following reasons:

The current layout of the condominium at 23-25 Glenwood includes two bedrooms on the third floor, a laundry and a room which is too small to meet the building code definition of a bedroom. There is a third bedroom on the second floor. The family which owns the property includes a couple and three children, needs to move an elderly parent into the condominium. This will only be possible if the bedroom area on the third floor is expanded.

**B)** The hardship is owing to the following circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located for the following reasons:

**C) *DESIRABLE RELIEF MAY BE GRANTED WITHOUT EITHER:***

**1)** Substantial detriment to the public good for the following reasons:

The proposed dormer addition, which will add 42 gross square feet to the property, is set well back from the street. It will violate the sideyard setback by 2'-2" and the height limit by 12", but it will be set back from the existing facade and the existing roofline. The facing facade of adjacent house, which is separated from the property by a driveway, is approximately 18 feet away. The proposed dormer will be on the south facade and will minimally increase the shadows cast.

**2)** Relief may be granted without nullifying or substantially derogating from the intent or purpose of this Ordinance for the following reasons:

While the proposed addition will increase the mass of the building, the renovated house will not exceed the massing of many of the surrounding buildings. In addition, it will not make any of the non-conformities at grade level in terms of open space, parking, etc. any worse.

**\* If You have any questions as to whether you can establish all of the applicable legal requirements, you should consult with your own attorney.**

**BZA APPLICATION FORM**

**SUPPORTING STATEMENT FOR A SPECIAL PERMIT**

Please describe in complete detail how you meet each of the following criteria referring to the property and proposed changes or uses which are requested in your application. Attach sheets with additional information for special permits which have additional criteria, e.g.; fast food permits, comprehensive permits, etc., which must be met.

Granting the Special Permit requested for 25 Glenwood Ave Cambridge, MA 02139 (location) would not be a detriment to the public interest because:

- A)** Requirements of the Ordinance can or will be met for the following reasons:  
Granting a special permit to locate three new windows within the sideyard setback will not cause a hardship because these windows are located such that they will not have a detrimental effect on the abutters.
- B)** Traffic generated or patterns of access or egress would not cause congestion hazard, or substantial change in established neighborhood character for the following reasons:  
These new windows will not increase the traffic in the neighborhood. They will also not change the character of the neighborhood as they will reference the existing windows.
- C)** The continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would not be adversely affected by the nature of the proposed use for the following reasons:  
These new windows will be separated from the abutters by enough space that they will have a minimal impact on any privacy concerns.
- D)** Nuisance or hazard would not be created to the detriment of the health, safety and/or welfare of the occupant of the proposed use or the citizens of the City for the following reasons:  
These windows will increase the health and safety of the occupants as they will be sized and located to be egress windows.
- E)** For other reasons, the proposed use would not impair the integrity of the district or adjoining district or otherwise derogate from the intent or purpose of this ordinance for the following reasons:  
The proposed residential use is not a change from the current use and the district is currently predominantly residential as well.

I am the downstairs neighbor of Kristin Canavan and Ross Berbeco who live at 25 Glenwood Ave. I understand that they are hoping to renovate their home to accommodate the changing needs of their growing family. This letter is to offer my strongest support for the renovations they are proposing to the property we share at 23-25 Glenwood Ave Cambridge.

Kristen and Ross are precisely the type of people that the City of Cambridge needs to encourage to remain in our city, a city I have lived in for the last 32 years. I believe that the work they are proposing not only conforms to the character of the neighborhood but will be done with the utmost attention to detail and concerns for the structural integrity of our property.

I sincerely hope the board will grant them the variance they are seeking and help keep them in the neighborhood for the long run.

Sincerely yours,

Jim Harrison

To the Members of the Cambridge Zoning Board of Appeals:

We are neighbors of Ross Berbeco and Kristin Canavan who live at 25 Glenwood Ave. We understand that they are hoping to renovate their house to accommodate the changing needs of their growing family. We feel that the proposed renovations complement the current style of the house and are in character with the neighborhood. We hope the board will grant them the variance they are seeking and help keep them in the neighborhood for the long term.

Sincerely,

Paul Lyons and Mary Ellen Galante

## Jurisdiction Advice

To the Owner of Property at 25 Glenwood Avenue

The above-referenced property is subject to the jurisdiction of the Cambridge Historical Commission (CHC) by reason of the status referenced below:

- Old Cambridge Historic District
- Fort Washington Historic District  
(M.G.L. Ch. 40C, City Code §2.78.050)
- Avon Hill Neighborhood Conservation District
- Half Crown – Marsh Neighborhood Conservation District
- Harvard Square Conservation District
- Mid Cambridge Neighborhood Conservation District
- Designated Landmark
- Property is being studied for designation: \_\_\_\_\_  
(City Code, Ch. 2.78., Article III, and various City Council Orders)
- Preservation Restriction or Easement (as recorded)
- Structure is fifty years or more old and therefore subject to CHC review of any application for a demolition permit, if one is required by ISD. (City Code, Ch. 2.78, Article II). See the back of this page for definition of demolition.  
**No demolition permit anticipated. No CHC review.**
- No jurisdiction: not a designated historic property and the structure is less than fifty years old.
- No local jurisdiction, but the property is listed on the National Register of Historic Places; CHC staff is available for consultation, upon request.  
Staff comments: \_\_\_\_\_

The Board of Zoning Appeal advises applicants to complete Historical Commission or Neighborhood Conservation District Commission reviews before appearing before the Board.

**If a line indicating possible jurisdiction is checked, the owner needs to consult with the staff of the Historical Commission to determine whether a hearing will be required.**

## Demolition Delay Ordinance and Application Information

The Demolition Delay Ordinance (Chapter 2.78, Article II of the Cambridge Municipal Code) was adopted by the City Council in 1979 to afford public review of demolition permit applications for potentially significant buildings. When the Historical Commission determines that a building is significant and should be preserved, demolition will be delayed for up to six months so that solutions can be sought to preserve the building indefinitely. The Ordinance covers all buildings over 50 years old, city-wide. The Historical Commission archives provide dates of construction for all properties in the City.

Demolition is defined in the ordinance as "the act of pulling down, destroying, removing or razing a building or commencing the work of total or substantial destruction with the intent of completing the same." The Inspectional Services Commissioner has provided further guidelines to outline what actions require a demolition permit. **In addition to complete demolition of a building, the following actions may require a demolition permit,**

- **removal of a roof,**
- **removal of one side of a building,**
- **gutting of a building's interior to the point where exterior features (windows, etc.) are impacted, and**
- **removal of more than 25% of a structure.**

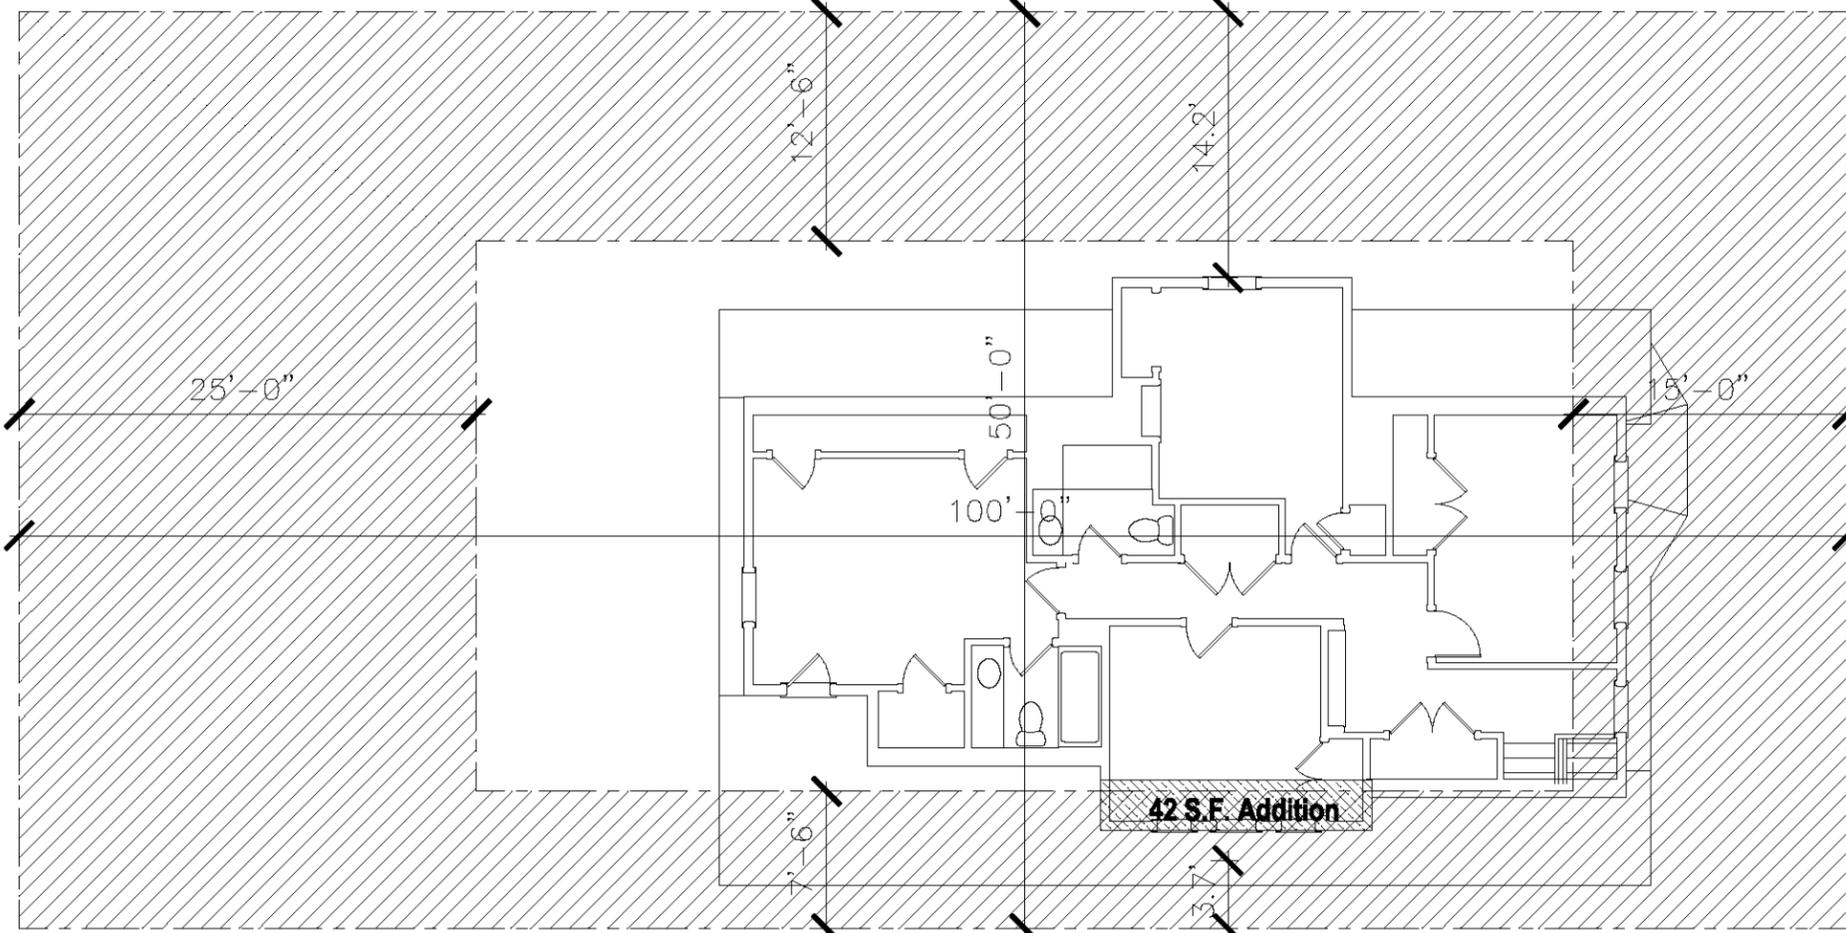

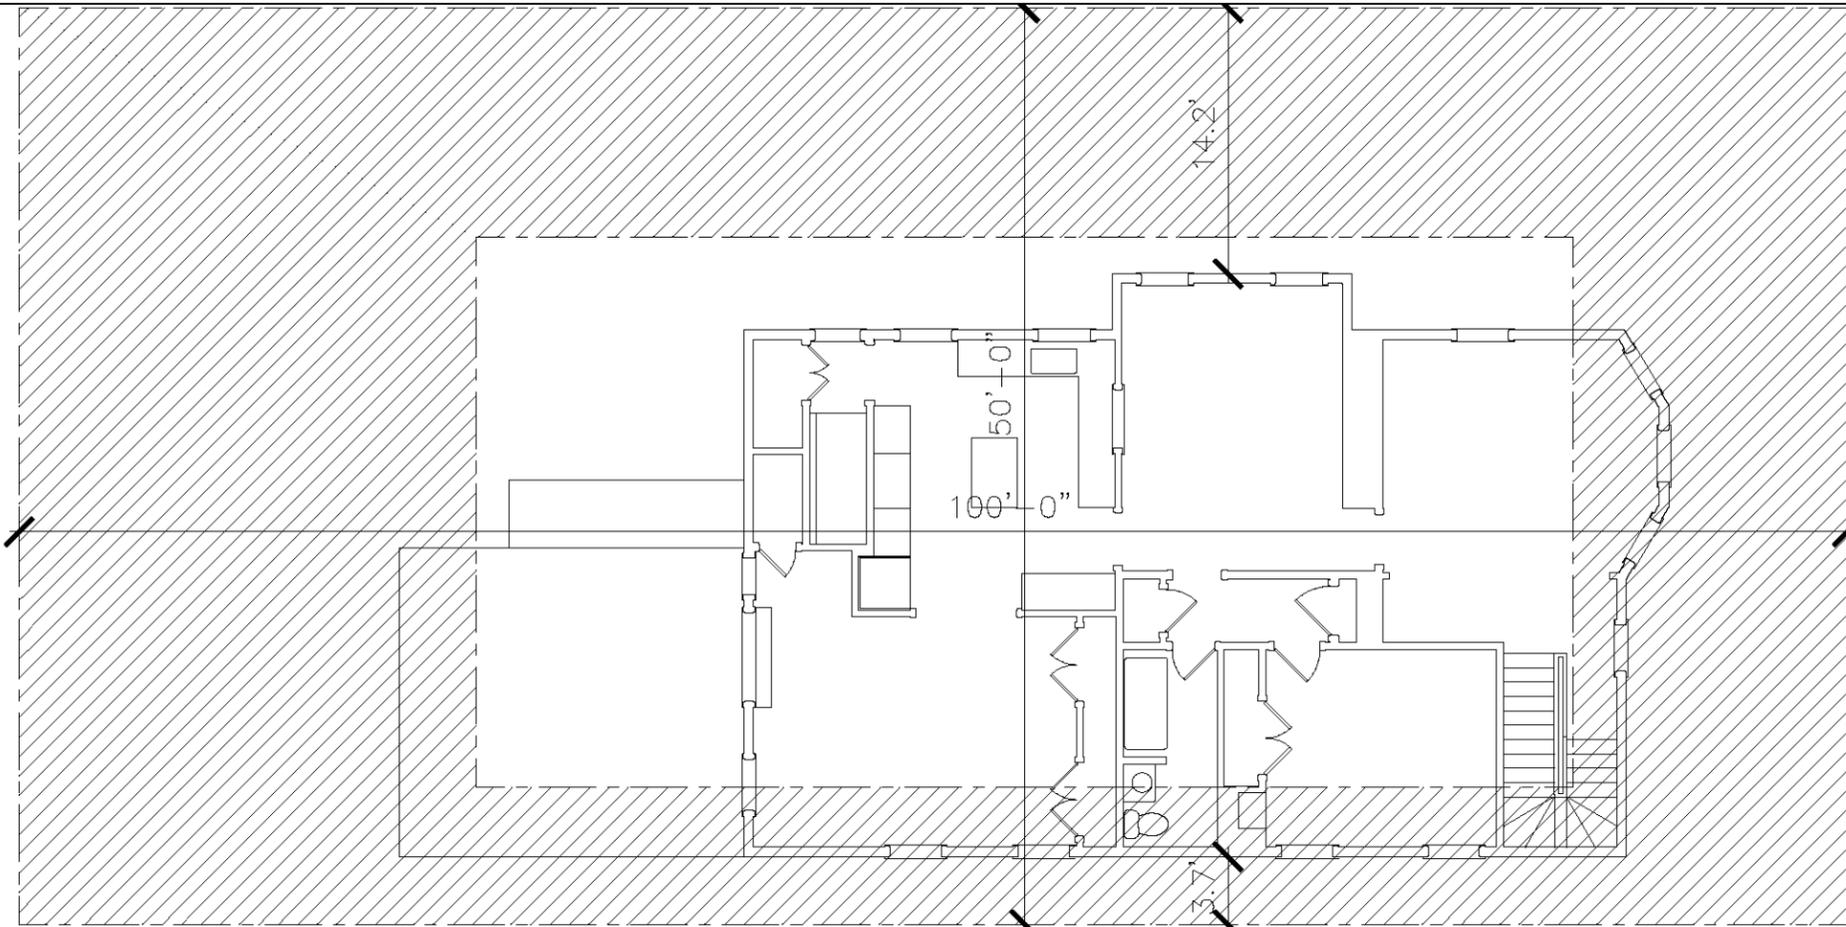

Please contact the building inspector or a staff member of the Historical Commission if you have questions about whether a demolition permit is required for a particular project.

Demolition permit applications can be obtained from the Inspectional Services Department. The completed application should be submitted to the Historical Commission, where the staff will review the application. If the Executive Director of the Historical Commission makes an initial determination that the building is significant, a public hearing will be scheduled with Historical Commission. If the staff makes an initial determination that the building is not significant, the application is released for further review by the Building Commissioner.

More information about the demolition permit application procedures is available on the Historical Commission's web site or by calling or dropping by the Historical Commission office.
