

## C'mon Lets Play!

October 6th, Public Meeting for  
Baldwin School/Alden Park

# Making The most of the edges

Places to sit along back of walk, new evergreen and flowering plantings, sidewalk repairs and better lighting.

# Entrance

Create a clearer and safer entrance with gate, park regulatory /identity signs and emergency phone adjacent to caregiver observation.

# Open Space

A place for large groups to gather at recess

Programming for hard surfaced play

# Stage Setting

Frog water  
spray jet

A rubberized surface area can be used for water play (seasonal) and other active play.

# Stage Setting

An outdoor space surrounded with rocks for sitting on, climbing, balancing, watching others and meeting friends.

# Observation Deck

A raised area adjacent to entry with tables, seating, better lighting, protective fencing, kiosk and good views into play area allows for improved child supervision.

# Multi Level Play Structure

offering many play experiences, levels and points of access

Net climbing for upper and lower body climbing experiences. Tree House deck at top of structure with center vertical climbing rope and flexible flooring.

## Hammock for swinging and hanging out

## Long Swaying Jungle Rope Bridge

A longer safer double track ride and deck with fixed hand grips with one track lower than the other to maximize the age range of kids that can access this feature.

Flexible rubber climbing walls with footholds and play pods for hanging out on within main structure.

Large open and closed tube slide

20 ft swaying horizontal monkey bars

Group Swing  
Big kids group swing.

# Under Fives Area

Tot slide

The under fives area is both separate from and part of the overall playground allowing children of all ages easy access. There will also be a small table, stroller parking spaces and child size seating.

The Tot play structure has many engaging features for gross motor and fine motor development.

Playhouse structure with attached slide, bridge, wheel chair transfer deck and play counter.

A water play table and rotating sand play table with different size sieves provides hours of enjoyment for toddlers.

Three tot swings
