*Start: 11:00 A.M., Civil War Monument*

*Distance: 2.5 mi*

*Most Cantabrigians know bustling Harvard Square, but how many know about new and soon to be renovated cityscapes just to the west, or little known pedestrian cut-throughs between streets? The Cambridge Pedestrian Committee's third annual walk will take you from Cambridge Common to Fresh Pond Parkway and back, meandering past new features and old estates, along narrow footpaths and through open spaces. Explore a neighborhood you thought you knew.*

A National Historic Monument and one of the city's most popular parks, Cambridge Common was reconstructed in 2015 with features such as new trees, lighting, and re-aligned paths to improve pedestrian and bicyclist flow. Across Mass Ave, a new multi-use path in Flagstaff Park creates additional connections for people walking and biking.
