The MFNH Out of School Time Program helps children increase their academic success, explore creative new activities and build healthy relationships with peers and adults. We believe children learn and grow best in a comfortable, safe, respectful, and positive environment.

Homework help and academic enrichment are built into our daily schedule. We believe that academic success is one of the most important components in creating confident, thriving young people. Staff build positive relationships with each student’s classroom teacher and encourage strong communication between parents, teachers, and schools. Other activities we focus on include STEM, cooking and nutrition, sports and fitness, creative arts and expression, community engagement and social skills development.

Program Hours: 2:00 pm – 6:00 pm and 8:00 am – 6:00 pm during school vacations.

Science Club for Girls captures the interest of girls at a young age by exposing them to the magic of science in a collaborative learning environment, and it is free of charge. For 9 weeks each fall and spring, girls spend an hour each week engaged in hands-on activities. Led by women scientists, groups of up to twelve girls make observations, test hypotheses, and keep journals as biologists, chemists, and physicists and design and build various structures as engineers. The year culminates in a Science Fest where our young scientists showcase their new discoveries to family and friends.

The Possible Project (TPP) is a youth entrepreneurship center that teaches high school students to start and run their own businesses. TPP uses entrepreneurship as a vehicle to impart the skills, abilities, and characteristics that we know make future success more likely for our students. During the course of the program, students become proficient in leadership, resilience, professionalism, self-confidence, teamwork, and a host of other character traits and skills that will propel them on the pathway to success. The program has six progressive levels, each of which are 12 weeks in duration. Through our program components, students: learn business and entrepreneurship concepts through an innovative, hands-on curriculum; conceive, launch, and run their own business ventures; participate in a collaborative work experience as part of one of TPP’s two in-house businesses; and receive significant individualized advising on their career development and post-high school pathways.

Eligibility: TPP serves high school students in grades 10 through 12 who attend CRLS, CCSC, and PHA. Students enter the program in 10th grade and most are nominated by school personnel. Application and interview with Education Director required.

The MSC addresses the needs of homeless and near-homeless individuals and families living in our community. We provide services for persons who are living on the street, in emergency shelters or at risk of losing their housing.

MSC Case Management:
Our case managers work with homeless persons, those at risk of becoming homeless, and Cambridge individuals or families in need of short-term counseling, assistance with housing concerns or referrals to a variety of services. Some of these include: shelters, food pantries, job training, and benefits programs.

Housing Search Workshop:
Participants will learn tools and strategies to aid them in their housing search, while also learning how to advocate for themselves. The workshop covers topics such as, tenant rights, leasing a unit with a Section 8 voucher, conflict resolution, financial literacy and more. All are welcome, regardless of where you are in your housing search and whether or not you have a voucher. Wednesdays 10:00-11:30 AM

Eliot CHS:
The Eliot Community Human Services mental health shelter specialist is a clinical social worker who works closely with the Massachusetts Department of Mental Health and offers services to homeless persons from an office at the MSC.

Heading Home:

Coordinated Access (C-CAN):
The C-CAN Specialist holds regular walk-in hours for those currently experiencing homelessness in and around the City of Cambridge. With a C-CAN assessment, individuals will be added to the referral pool of any participating housing program that matches their type of need and reported eligibility. Clients may also be connected to Housing Navigation or other direct services, depending on eligibility, type of need, and system capacity.

This is the process necessary to be screened for the Carey Men’s Transitional Housing Program.

Carey Program:

A collaboration between Department of Human Service Programs and Cambridge Public Schools
The City of Cambridge’s STEAM Initiative was created through the collaborative efforts of — parents, K-12 education, industry, Out-of-School Time program providers, universities, and others. The initiative is driven by the recognition that we need to prepare Cambridge residents—both children and adults—to be able to:

- Be responsible and engaged citizens in a society that is increasingly driven and dependent on technological innovations and scientific advances.
- Enter post-secondary pathways empowered with the skills and the ability to make decisions about what they want to do, including the pursuit of STEM professions if they choose.

Currently, the Initiative is focusing on:

- Supporting STEAM curriculum and activities in DHSP and community-based programs.
- Engaging residents in STEAM activities through neighborhood outreach events.
- Working with industry partners to make meaningful work-based internship opportunities more accessible.

Annual Danehy Park Family Day - September 15, 2018

Mark your calendar for the City’s Annual Danehy Park Family Day Saturday, September 15th from 11:00 am – 4:00 pm, featuring free T-shirts and kites, kite demonstrations, arts and crafts, food, roving performers and music for all tastes.

Check out the interactive children’s stage. Take a spin on the dance floor during the hip-hop dance instruction or take part in a magic show. Danehy Park is located at 99 Sherman Street in North Cambridge (adjacent to Garden and New Streets).

This free event, sponsored by the City of Cambridge, attracts over 4,000 people annually and offers something for everyone.

Danehy Park is a 55-acre facility located in North Cambridge on Sherman, Garden and New Streets. Shuttle buses will be running throughout Cambridge to provide transportation. Danehy Park can be reached by public transportation: #74 bus or #78 bus from Harvard Square; #83 bus from Central Square; or take a shuttle bus from the Alewife MBTA Station. Picnics and lawn chairs are encouraged.
