3 (6:00 p.m.)

4 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
5 Leiserson, Laura Wernick, and Jason
6 Marshall

7 BRENDAN SULLIVAN: Welcome to the August 18, 2022
8 meeting of the Cambridge Board of Zoning Appeal. My name is
9 Brendan Sullivan, and I am the Chair for tonight's meeting.

10 This meeting is being held remotely, due to
11 statewide emergency orders limiting the size of public
12 gatherings in response to COVID-19, and in accordance with
13 Governor Charles D. Baker's Executive Order of March 12,
14 2020 temporarily amending certain requirements of the Open
15 Meeting Law; as well as the City of Cambridge temporary
16 emergency restrictions on city public meetings, city events,
17 and city permitted events, due to COVID-19, dated May 27,
18 2020.

19 This meeting is being video and audio recorded,
20 and is broadcast on Cambridge television Channel 22 within
21 Cambridge.

22 There will also be a transcript of the

1 proceedings.

2 All Board members, applicants, and members of the
3 public will state their name before speaking. All votes
4 will be taken by roll call.

5 Members of the public will be kept on mute until
6 it is time for public comment. I will give instructions for
7 public comment at that time, and you can also find
8 instructions on the City's webpage for remote BZA meetings.

9 Generally, you will have up to three minutes to
10 speak, but that may change based on the number of speakers,
11 and at the Chair's discretion.

12 I'll start by asking the Staff to take Board
13 members attendance and verify that all members are audible.

14 PETER MCLAUGHLIN: Peter McLaughlin, ISD Staff,
15 present and accounted for. Laura Wernick?

16 LAURA WERNICK: Sorry, I couldn't get myself
17 unmuted. Yes, I'm here.

18 PETER MCLAUGHLIN: Thank you. Jason Marshall?

19 JASON MARSHALL: Here.

20 PETER MCLAUGHLIN: Thank you. Wendy Leiserson?

21 WENDY LEISERSON: Here.

22 PETER MCLAUGHLIN: Sorry, Wendy. Thank you.

1 Andrea Hickey?

2 ANDREA HICKEY: Andrea Hickey, present.

3 PETER MCLAUGHLIN: Thank you. And Brendan
4 Sullivan?

5 BRENDAN SULLIVAN: Present, and audible. Before
6 we start tonight's meeting, just a couple of notes for those
7 listening in.

8 The 808-812 Memorial Drive case is being
9 withdrawn. Also on the regular agenda, Case No. 181674 --
10 25 Suffolk Street, that is also going to continue. And 21
11 Loomis Street, that also will continue. However, I will
12 call those cases at the designated time, and allocate a time
13 when it will be reheard.

14 But for those who are interested in those cases,
15 no need to hang on, but you're surely welcome.

16

2 (6:03 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: First case I'm going to call
7 tonight is Case No. 170145 -- 10 Van Norden Street. Is the
8 petitioner present?

9 [Pause]

10 SKA? Mr. Denehy? Somebody from 10 Van Norden
11 Street?

12 PETER MCLAUGHLIN: Sorry.

13 SHANNA BOUGHTON: Good evening.

14 PETER MCLAUGHLIN: Yeah, they're -- we have them,
15 Brendan. Should I pull up the file?

16 BRENDAN SULLIVAN: Yeah. Are they -- is the
17 petitioner audible?

18 SHANNA BOUGHTON: Good evening. Shanna Boughton
19 on behalf of the applicant, and the petitioner should be on
20 -- John Denehy -- along with our architect, Sam Kachmar.

21 SAM KACHMAR: Yeah, we're here, Mr. Chairman.
22 This is Sam Kachmar from Sam Kachmar Architects.

1 BRENDAN SULLIVAN: Somehow, you're not coming up
2 on the screen.

3 SAM KACHMAR: I know. We can't see -- normally
4 we have a Gallery View of everybody, and it seems like
5 that's not --

6 PETER MCLAUGHLIN: Do I make them panelists? Do I
7 have to make them panelists?

8 THE REPORTER: They need to be panelists.

9 SAM KACHMAR: Yep. Yes.

10 PETER MCLAUGHLIN: Okay. All right. Okay.

11 SAM KACHMAR: Here it is -- come again? I believe
12 there's -- yeah, there we go.

13 PETER MCLAUGHLIN: Sorry about that. I'm new at
14 this, so. There you go.

15 BRENDAN SULLIVAN: Okay. When we met the last
16 time back in June, and I had an issue with the dimensional
17 form, which was not correct.

18 And I asked at that time of Shanna Boughton, B-o-
19 u-g-h-t-o-n, who was Counsel to Mr. Denehy that that form
20 reflect what the condition of the house was before the fire,
21 before the work began, and what it is today. And I asked
22 that that form be submitted, along with any other changes by

1 5:00 p.m. on last Monday.

2 The dimensional form just came in this afternoon
3 at 2:58. So I'm not prepared to hear the case tonight
4 because of a late filing.

5 I had also asked in the transcripts that it -- we
6 be given enough time for Inspectional Services -- most
7 specifically the Commissioner to go over the numbers. So
8 you're aware of that?

9 SHANNA BOUGHTON: Yes, we are. And we have
10 updated the renderings and plans, and those were timely
11 submitted. And in those plans, the difference of the FAR is
12 in there. And the difference is from a 0.56 to a 0.60.

13 So if the Board would entertain today, we would
14 like to just proceed and at least go through the plans with
15 the Board, and then after that time if the Board still
16 wishes to continue, we understand.

17 BRENDAN SULLIVAN: Well, let me -- I'll -- I have
18 an objection going forward only because the form -- the
19 dimensional form -- was not timely filed. You've had since
20 June to get that form in, and it came in at 2:58 this
21 afternoon.

22 I don't -- I can't get my head around the problem

1 with this entire project here, and why it's so difficult.

2 However, that is my tact.

3 Let me give it to the Board. Laura, Jason, Wendy
4 and Andrea, if you're aware of the issue -- and I actually
5 think some of you were on this case back in June -- and I
6 had asked for the dimensional form to be updated on our
7 form, not contained within the drawings.

8 And SKA knows very well our procedure and our
9 requirement to have that dimensional form submitted on --
10 you know, the proper stationery.

11 SAM KACHMAR: Okay.

12 BRENDAN SULLIVAN: Laura, I'm not prepared to go
13 forward. However, what are your thoughts?

14 LAURA WERNICK: Well, I'm inclined to agree with
15 you. What were the other changes in the dimensional form --
16 to the ones that were made? Were any other changes made
17 besides the -- that error?

18 SHANNA BOUGHTON: No. That's is the only change
19 that's there. And again, it's a very -- it's a 0.4
20 difference in the floor area ratio.

21 And why would be helpful to go forward today and
22 at least let Mr. Kachmar go through the plans with you is

1 because we would like at least to get some feedback today if
2 anything on the changes that have been made over the last
3 two months. And we would keep it brief, but that is really
4 the only change, and it's very de minimis.

5 And we would really welcome some feedback from the
6 Board, so that --

7 BRENDAN SULLIVAN: Well, one of the --

8 SHANNA BOUGHTON: -- if there are other changes --

9 BRENDAN SULLIVAN: Right, and one of the --

10 SHANNA BOUGHTON: You can provide them at the next
11 hearing.

12 BRENDAN SULLIVAN: -- one of the problems is,
13 Shanna, is that if we were to open this up tonight, it's
14 going to be a case heard. You would have to get the same
15 five members back again, which could kick this down the road
16 quite a bit.

17 So that's my hesitation of opening it up as a case
18 heard, and the availability of the same five members to
19 assemble on the same night within a reasonable time. So.

20 LAURA WERNICK: So when could it be heard if it's
21 not heard this evening? When would the next available
22 opportunity to hear the case be?

1 SAM KACHMAR: We're glad to be very brief and
2 address the issues with the dimensional form, if we can just
3 speak for a couple minutes?

4 BRENDAN SULLIVAN: Yeah, let me --

5 LAURA WERNICK: It's just a matter of the timing.
6 If we get it started --

7 SAM KACHMAR: Of course --

8 LAURA WERNICK: -- and then have to do a
9 continuation, it could be a couple --

10 SAM KACHMAR: I totally get that and want to be
11 respectful of the Board's time, of everyone's time and just
12 try to be as efficient as we can in the process, for sure.

13 BRENDAN SULLIVAN: October -- to answer your
14 question, Laura, October 6 would be the next available.

15 LAURA WERNICK: Yeah. So do others have an
16 opinion on this?

17 BRENDAN SULLIVAN: So anyhow --

18 LAURA WERNICK: Jason --

19 BRENDAN SULLIVAN: -- the next available would be
20 October 6.

21 LAURA WERNICK: -- Wendy --

22 BRENDAN SULLIVAN: -- whether or not all five of

1 us are available on October 6, but let me go to Jason.

2 Jason, your thoughts on the issue?

3 JASON MARSHALL: Well, I'll actually start with
4 the October 6 date, because I will not be available on
5 October 6, which that may counsel toward not beginning to
6 hear the substance of the case, because then that would move
7 you beyond the October 6 date.

8 BRENDAN SULLIVAN: Right. And then the next
9 available date after that is October 27.

10 JASON MARSHALL: Okay.

11 BRENDAN SULLIVAN: So. But on the issue of
12 proceeding or not proceeding, Jason your thought regarding
13 the -- what I perceive as a late filing of the dimensional
14 form?

15 JASON MARSHALL: Yeah. I mean, you know, the
16 Chair of this Board has identified a procedural issue that
17 prevents us in his view, and I share his view, from acting
18 on the case tonight.

19 So my view is actually -- it's more around
20 administrative efficiency. I don't see a whole lot of
21 efficiency gained in beginning the case if we're from the
22 outset saying we're not going to act on it.

1 I do understand, Sam, your point and the point
2 that was made about getting some preliminary feedback. But
3 I don't know that that's the best use of the Board's time.
4 It does seem like the dimensional form could have been
5 submitted, there was plenty of time to do that.

6 So I'm inclined to agree with the Chair that it's
7 probably most efficient to continue the case.

8 BRENDAN SULLIVAN: Okay, Wendy?

9 WENDY LEISERSON: I concur with what Jason
10 Marshall just said.

11 BRENDAN SULLIVAN: Great. Andrea?

12 ANDREA HICKEY: I concur as well, and my reasoning
13 is that I view the dimensional form as a form that in a way
14 allows the public who may not be adept at reading plans to
15 sort of see in a succinct place and location what the
16 request is.

17 Now, granted, if the number is de minimis, perhaps
18 that should be given some consideration. But I always sort
19 of err on giving the public sort of full opportunity to
20 review the ask.

21 And I see the dimensional form as something that's
22 important to the public to have advance opportunity to

1 review. If we sort of void that in this case, then we sort
2 of head down a slippery slope of other things we might waive
3 that we're missing from the dimensional form in other cases.

4 So unfortunately, I would not support hearing the
5 case tonight. I think we should sort of stick to the rules
6 here, however, de minimis the numerical sort of differential
7 is. So I would concur with you, Mr. Chair, that we should
8 not hear the case this evening.

9 BRENDAN SULLIVAN: Okay. Laura, I started with
10 you. Are you -- any further thoughts on --

11 LAURA WERNICK: No further thoughts. I don't
12 really see -- I'm less concerned, to tell you the truth,
13 about the change to the FAR and where it's presented than I
14 am about -- you know, I don't see any point in doing this if
15 we're still going to be -- regardless, we're going to be
16 waiting until October -- until near the end of October.

17 And I don't think it makes sense to present things
18 now, and then we won't remember -- I won't remember two
19 months from now what the issues were, certainly. So I
20 prefer to not hear it this evening.

21 BRENDAN SULLIVAN: Great. Okay. Thank you. All
22 right. So you've heard the sentiment of the Board.

1 So -- I don't know, Sam, did you want to make a
2 very brief --

3 SAM KACHMAR: The only thing I'd like to say, Mr.
4 Chairman -- and I don't know if it changes anyone's mind, I
5 imagine it doesn't but -- we've spoken to pretty much every
6 abutter and everyone on the street who has any interest in
7 this case.

8 So I would say that any bit of the public that
9 cares either in opposition or in support of this case is
10 well aware, and has had these drawings circulated to them,
11 and has met with our firm on multiple occasions.

12 So maybe there would be a way to say that a lot of
13 people are involved that want to be in this particular case,
14 but that's all I'll say on there. If you want us to
15 present, we will. If you don't want us to present until
16 October, we'll wait until then.

17 BRENDAN SULLIVAN: Yeah, I -- again, I take a hard
18 -- not a hard line, just it's part of the submittal. It's
19 in the record. I asked for this to be filed timely and it
20 was not, plain and simple.

21 And so, I'm not prepared to go forward with it
22 tonight.

1 So I'm going to make a motion, then, to continue
2 this matter until October 6, 2022 at 6:00 p.m. on the
3 condition that the petitioner change the posting sign to
4 reflect the new date of October 6, and the time of 6:00 p.m.

5 That any new submittal's different than what's in
6 the file now be in the file by 5:00 p.m. on the Monday prior
7 to the October 6 hearing.

8 That the -- we have received a waiver, so that's
9 not an issue.

10 Any other conditions by members of the Board?

11 [Pause]

12 There appears none. On the motion, then, to
13 continue this matter to October 6? Laura Wernick?

14 LAURA WERNICK: I vote in favor of continuing
15 until October 6.

16 BRENDAN SULLIVAN: All right. Jason Marshall?

17 JASON MARSHALL: Yes, in favor of the continuance.

18 BRENDAN SULLIVAN: Wendy Leiserson?

19 WENDY LEISERSON: Yes, in favor of the
20 continuance.

21 BRENDAN SULLIVAN: Andrea Hickey?

22 ANDREA HICKEY: Yes, in favor of the continuance.

1 BRENDAN SULLIVAN: And Brendan Sullivan yes too,
2 in favor of the continuance.

3 [All vote YES]

4 On the five affirmative votes, the matter is
5 continued until October 6, 2022 at 6:00 p.m. See you then.

6 SAM KACHMAR: Thank you very much, Mr. Chairman.

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: The Board will now hear Case
7 No. 172691 -- 808-812 Memorial Drive. Anybody here
8 representing the petitioner? You're on.

9 PETER MCLAUGHLIN: Who would that be? Peter Daly?

10 BRENDAN SULLIVAN: Well, or Jane Carbone, Peter
11 Daly or Jane. Anyhow, we are in receipt of correspondence
12 dated August 12, 2022.

13 "Dear Members of the BZA, HDHCT Holdings, LLC,
14 care of HRI, Homeowner's Rehab, would like to withdraw our
15 signage variance case 808-812 Memorial Drive. Thank you for
16 your time.

17 "Sincerely,

18 "Jane Carbone, C-a-r-b-o-n-e

19 Director of Development."

20 On the motion, then, to accept the withdrawal as
21 requested by the petitioner? Laura Wernick?

22 LAURA WERNICK: I vote in favor of accepting the

1 withdrawal.

2 BRENDAN SULLIVAN: Jason Marshall?

3 JASON MARSHALL: Yes.

4 BRENDAN SULLIVAN: Wendy Leiserson?

5 WENDY LEISERSON: Yes.

6 BRENDAN SULLIVAN: Andrea Hickey?

7 ANDREA HICKEY: Yes.

8 BRENDAN SULLIVAN: Yes.

9 [All vote YES]

10 BRENDAN SULLIVAN: And the matter is -- on five
11 affirmative votes is withdrawn.

2 (6:19 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: Next case that we will hear is
7 177687 -- 40 Valentine Street. Will?

8 SHILEI ZHOU: Oh, sorry, Mr. Chairman. I was
9 mute.

10 BRENDAN SULLIVAN: Okay. Do you want to present
11 your case, tell us what you'd like to do?

12 SHILEI ZHOU: Yeah. Thanks, Mr. Chairman. So I'm
13 here today for -- my name is Shilei Zhou and for the 40
14 Valentine Street. Today I'm seeking for both variances and
15 the special permit for my residence -- again, 40 Valentine
16 Street, Cambridge.

17 I will start with the special permit. It's a set
18 of the window configurations I want to change with my
19 current resident. So the other window opening is not --
20 most of them are only on the faces that already have
21 windows.

22 The issue is all the windows I try to change, they

1 are within the setback -- either the real setback or the --
2 it's where my neighbors set back. So that requires -- you
3 know, the relief. That's why I'm asking for a special
4 permit.

5 And that would be on the -- my second-floor
6 bathroom, third floor bathroom picture window above the
7 sliding door into the back yard, and also the first floor,
8 the living room window from the two panels to three panels,
9 to bring in more natural light. And that will be the three
10 special permits I'm seeking today.

11 And the variance would be the addition on the
12 third floor.

13 So the townhouse is one of the [(indiscernible;
14 Zoom distortion) work, so we have -- think of picture of one
15 side's higher, the other side's lower.

16 So what I'm asking for the variance is, like,
17 raise the rear-side roof to the same height as the front, so
18 we can create more headroom on the third floor. And I think
19 actually using that as a bedroom for my growing family. So
20 that is the purpose of the variance.

21 And a lot of variance will cause the raising of
22 the roof, so -- and I'm also asking a -- two new windows

1 within bedrooms. So that's pretty much the variance and the
2 special permits I'm asking for today.

3 BRENDAN SULLIVAN: Okay. Thank you. Let me open
4 it up to members of the Board. Laura, have you any
5 questions of the petitioner?

6 LAURA WERNICK: Not at this time, thank you.

7 BRENDAN SULLIVAN: Jason?

8 JASON MARSHALL: Not right now, Mr. Chair.

9 Thanks.

10 BRENDAN SULLIVAN: Wendy?

11 WENDY LEISERSON: Not at this time, thank you.

12 BRENDAN SULLIVAN: Andrea?

13 ANDREA HICKEY: I have no questions, but I wanted
14 to ask, I'm not seeing any part of the file appear in my --
15 on my screen. Is the -- are the files going to be shared
16 this evening as they typically would, or am I not accessing
17 it correctly?

18 BRENDAN SULLIVAN: Yeah, no. I think we're having
19 technical difficulty here. I don't know if Peter could pull
20 up the file.

21 PETER MCLAUGHLIN: 40 Valentine, correct?

22 BRENDAN SULLIVAN: Correct, yeah.

1 PETER MCLAUGHLIN: Hm. I don't know what you
2 would like to see.

3 BRENDAN SULLIVAN: If you could pull up the file
4 itself?

5 PETER MCLAUGHLIN: This is the file.

6 BRENDAN SULLIVAN: It's not coming up on the
7 screen.

8 PETER MCLAUGHLIN: But I scanned --

9 ANDREA HICKEY: Perhaps just to open the file to
10 show the dimensional form to start, and then if we want to
11 refer to any part of the interior file, we can ask you to
12 advance the screen?

13 PETER MCLAUGHLIN: Sure.

14 BRENDAN SULLIVAN: Should be coming up on the
15 screen.

16 PETER MCLAUGHLIN: Hold on. I don't know why it's
17 not coming up. Because I shared the screen. I don't know
18 what I mean did, but --

19 [Technical difficulties conversation]

20 PETER MCLAUGHLIN: It's up already. Sorry. Oh,
21 you can't share the whole thing?

22 [Technical difficulties conversation continues]

1 ANDREA HICKEY: Okay. I can see it on my end now.

2 PETER MCLAUGHLIN: Yep.

3 ANDREA HICKEY: I don't have any particular
4 question about this case, I just wanted to make sure that we
5 were able to sort of show this, so members of the public can
6 see if we're referring to any documents or plans. Thank
7 you.

8 BRENDAN SULLIVAN: Great. Thank you. Let me open
9 it to public comment. Any member of the public who wishes
10 to speak should now click the button that says,
11 "Participants," and then click the button that says, "Raise
12 hand."

13 If you are calling in by phone, you can raise your
14 hand by pressing *9 and unmute or mute by pressing *6, and
15 you'll have up to three minutes in which to comment.

16 [Pause]

17 There appears to be nobody calling in. We are in
18 receipt of communication from John Hainer -- J-o-n H-a-i-n-
19 e-r.

20 "Dear Members of the Board,

21 "My name is Jon Hainer, H-a-i-n-e-r, sorry, and I
22 am the owner of a townhouse at 38 Valentine Street. My

1 neighbor, Mr. Shilei Zhou, has petitioned your Board for a
2 Zoning Appeal on his property at 40. His townhouse is
3 connected to mine, with a common inner wall.

4 "I spoke along this row (sic). Desirable relief
5 may be granted without nullifying or substantially
6 derogating from the intent and purpose of the ordinance to
7 allow people to improve their property, make them far more
8 energy-efficient, and to make better use of the interior
9 space, complying with today's standards."

10 Any other condition to be added, or reason for
11 granting relief? So on the motion, then, to grant the
12 variance, Laura Wernick?

13 LAURA WERNICK: In favor of granting the relief.

14 BRENDAN SULLIVAN: Jason Marshall?

15 JASON MARSHALL: Great motion, Mr. Chair. Jason
16 Marshall yes, in favor.

17 BRENDAN SULLIVAN: Wendy Leiserson?

18 WENDY LEISERSON: Yes, in favor.

19 BRENDAN SULLIVAN: Andrea Hickey?

20 ANDREA HICKEY: Yes, in favor.

21 BRENDAN SULLIVAN: And Brendan Sullivan yes, in
22 favor. The variance is granted.

1 Now on the special permit, which would be the
2 addition and alteration of some windows, the Board finds
3 that the requirements of the Ordinance can be met with the
4 granting of the special permit.

5 That traffic generated or patterns of access or
6 egress would not cause congestion, hazard, or substantial
7 change in the established neighborhood character.

8 The Board references a letter from an abutter
9 saying that this would be consistent with additional -- I'm
10 sorry -- neighboring properties.

11 The Board finds that the proposed work would not
12 alter the traffic patterns associated with the single-family
13 dwelling, it would not change.

14 The Board finds that the continued operation of or
15 development of adjacent uses, as permitted in the Zoning
16 Ordinance, would not be adversely affected by the nature of
17 the proposed use.

18 There would not be any nuisance or hazard created
19 to the detriment of the health, and safety and/or welfare of
20 the occupants of the proposed use -- in fact, it would be
21 enhanced -- or to the citizens of the city.

22 And that the proposed use would not impair the

1 integrity of the district or adjoining district, or
2 otherwise derogate from the intent and purpose of the
3 ordinance.

4 Also the Board notes the letter from an abutter
5 regarding the shadow study which was submitted, and also the
6 care of some trees, which are part of the deed to these
7 properties, and that the care -- which the petitioner will
8 take for those amenities, and also addressing those issues.

9 On the motion, then, to grant the special permit,
10 Laura Wernick?

11 LAURA WERNICK: Laura Wernick votes in favor of
12 granting the special permit.

13 BRENDAN SULLIVAN: Jason Marshall?

14 JASON MARSHALL: In favor.

15 BRENDAN SULLIVAN: Wendy Leiserson?

16 WENDY LEISERSON: In favor.

17 BRENDAN SULLIVAN: Andrea Hickey?

18 ANDREA HICKEY: Yes, in favor.

19 BRENDAN SULLIVAN: And Brendan Sullivan yes, in
20 favor.

21 [All vote YES]

22 BRENDAN SULLIVAN: The special permit to add

1 windows and change the existing window configuration is
2 granted as per the plan initialed by the Chair. Goodnight.
3 Thank you.

4 SHILEI ZHOU: Thank you.

2 (6:19 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: All right. Going to the
7 regular agenda, the Board will hear Case No. 182043 -- 88
8 Spring Street.

9 Mr. Rapp?

10 ALEXANDER RAPP: Hello. Can you hear me?

11 BRENDAN SULLIVAN: Yes. All right. If you'd
12 proceed?

13 ALEXANDER RAPP: Sure. We have a --

14 BRENDAN SULLIVAN: You've got to introduce
15 yourself for the record, though.

16 ALEXANDER RAPP: My name is Alexander Rapp. I'm
17 the co-owner of 88 Spring Street, along with my wife, Sarah
18 Christopher, who's also on the call. We have an attached
19 townhouse, one of five. These are -- I believe -- much
20 older than the ones you just referenced in your previous
21 case -- perhaps 100 years older.

22 We -- at some point in the past 30 years, we

1 believe someone carved out a roof deck into the attic space.
2 It unfortunately for us leaks, has caused some interior
3 damage to our house, and is more or less useless for the --
4 given its location far up in the attic.

5 And so, the proposed solution here -- we believe
6 the right solution here -- is just to cover it back up and
7 restore the house to the original floor plan through the use
8 of a shed dormer, so that as the proposal -- that will add a
9 few square feet.

10 Of course, there's -- so those are square feet
11 that were originally part of the house that we're taking
12 away. So we're adding them back, and since it's a
13 nonconforming home, we have to come here to talk about that.

14 BRENDAN SULLIVAN: Okay. Let me open it to the
15 questions by the Board. Laura, any questions for the
16 petitioner?

17 LAURA WERNICK: No questions at this time.

18 BRENDAN SULLIVAN: Jason?

19 JASON MARSHALL: No questions at this time.

20 BRENDAN SULLIVAN: Wendy?

21 WENDY LEISERSON: No questions at this time.

22 BRENDAN SULLIVAN: Andrea?

1 ANDREA HICKEY: I have no questions.

2 BRENDAN SULLIVAN: Okay. And I have no questions
3 either. Let me open it to public comment. Any members of
4 the public who wish to speak should now click the button
5 that says, "Participants," and then click the button that
6 says, "Raise hand."

7 If you are calling in by phone, you can raise your
8 hand by pressing *9 and unmute or mute by pressing *6.

9 SAM KACHMAR: Yes, sir, Mr. Chairman?

10 BRENDAN SULLIVAN: Yes.

11 SAM KACHMAR: This is not our project.

12 BRENDAN SULLIVAN: Sorry?

13 SAM KACHMAR: We are not part of this project, Mr.
14 Chairman.

15 BRENDAN SULLIVAN: Somebody want to -- I'm sorry,
16 you're coming in kind of muted. Does somebody want to
17 comment on Spring Street?

18 SARAH CHRISTOPHER: I'm Sarah Christopher. I'm
19 Alex's wife, 88 Spring Street. I just -- can I just add a
20 couple of things to our petition?

21 BRENDAN SULLIVAN: Yep.

22 SARAH CHRISTOPHER: So I just wanted to say we've

1 lived here since 2005.

2 We have two daughters -- our 10-year-old and a 14-
3 year-old, and right now they share a room. So the project
4 that we're doing is hoping to turn the existing attic space
5 into a bedroom for a 14-year-old.

6 And we feel like this would be -- you know, a
7 great -- even though it's not a lot of space, it would make
8 a big impact on our family and our ability to continue to
9 stay here for a long time. We love living here. So I just
10 wanted to add that.

11 BRENDAN SULLIVAN: Okay. It sounds like it'll add
12 to domestic tranquility?

13 SARAH CHRISTOPHER: Definitely. [Laughter]

14 BRENDAN SULLIVAN: Okay.

15 SARAH CHRISTOPHER: Particularly between the 10-
16 year-old and the 14-year-old.

17 BRENDAN SULLIVAN: Calling in? No? All right,
18 there's nobody calling in. We are in receipt of
19 communication from Vice-Mayor to the Board.

20 "We accept this letter as strong support for Case
21 No. 182043, homeowners Alex Rapp and Sarah Christopher wish
22 to enclose their current attic space for a dormer, and

1 restore the space to its original floor plan, to better
2 accommodate their family.

3 "They've been longtime residents of Cambridge, and
4 in active community members in the neighborhood involved as
5 parents, with a child in the Cambridge Public Schools.

6 "They have received approval from the neighbors
7 and gone through the necessary channels to make sure their
8 dormer renovation does not negatively impact their direct
9 abutters.

10 "Please grant this variance to Sarah and Alex, so
11 they can modify their home to fit their family and add
12 invaluable square footage to their family home.

13 "Thank you,

14 "Alanna Mallon,

15 Vice-Mayor."

16 And I will close public comment. Anything else to
17 add? Seems pretty simple? Okay. I'll open it back to the
18 Board. Laura, any questions? Laura? Jason? Laura,
19 questions?

20 LAURA WERNICK: I do not have any questions.

21 Thank you.

22 JASON MARSHALL: Ready for a vote.

1 BRENDAN SULLIVAN: Ready for a motion?

2 LAURA WERNICK: Ready for a motion.

3 ANDREA HICKEY: Ready.

4 BRENDAN SULLIVAN: Okay. Let me make a motion,
5 then, it is a variance. Again, somewhat similar to the
6 previous case, this seems like a worthwhile endeavor that --
7 whoever did it, it probably was a good idea, but it is a
8 horrendous maintenance problem.

9 Let me make a motion that you grant the relief
10 requested as per the supporting statements, the dimensional
11 form and the drawings initialed by the Chair. That the work
12 comply with the drawings as submitted.

13 The Board finds that a literal enforcement of the
14 provisions of the Ordinance would involve a substantial
15 hardship to the petitioner, because it would preclude the
16 petitioner from potentially adding invaluable interior space
17 that was there historically was removed to create an
18 outdated landing area, which over the years had created
19 innumerable weather-related issues, keeping it -- keeping
20 the rain out and the elements, and creating a maintenance
21 problem.

22 The Board finds that the hardship is owing to the

1 shape of the lot, the fact that the structure was built
2 prior to the existing ordinance, and in fact as such is
3 encumbered by it, so that any additional square footage
4 which had been lost and now is trying to be regained without
5 require some relief from this Board.

6 The Board finds that this request is a fair and
7 reasonable request.

8 The Board finds that the desirable relief may be
9 granted without substantial detriment to the public good,
10 and that it -- relief may be granted without nullifying or
11 substantially derogating from the intent and purpose of this
12 ordinance, to allow the petitioner to modify the home to
13 provide for some additional living space for a growing
14 family.

15 And given today's housing market, that established
16 families behooves the city and is a benefit to the city for
17 established families to stay in the neighborhood, in their
18 residence, and that this will enhance the -- well, the
19 benefit of the city, actually, to allow for some additional
20 space.

21 On the motion, then, to grant the variance, as per
22 the application, Laura Wernick?

1 LAURA WERNICK: I vote in favor. Laura Wernick
2 votes in favor.

3 BRENDAN SULLIVAN: Jason Marshall?

4 JASON MARSHALL: In favor.

5 BRENDAN SULLIVAN: Wendy Leiserson?

6 WENDY LEISERSON: In favor.

7 BRENDAN SULLIVAN: Andrea Hickey?

8 ANDREA HICKEY: Yes, in favor.

9 BRENDAN SULLIVAN: Brendan Sullivan in favor.

10 [All vote YES]

11 BRENDAN SULLIVAN: Five affirmative votes, the
12 variance for the work is granted. Good luck.

13 ALEXANDER RAPP: Thank you.

2 (6:47 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: The Board will now hear Case
7 No. 181674, which is 25 Suffolk Street. The Board is in
8 receipt of communication dated August 11.

9 "Dear Board, please be informed that this office
10 represents Siyu Kalla, S-i-y-u-k-a-l-l-a, of 25 Suffolk
11 Street. Please accept this correspondence as a formal
12 request to continue the Board's hearing set for August 18,
13 2022 until the next available public hearing.

14 "This request would delay the opening of the
15 public hearing of the applicant's application until that
16 date. For grounds therefore, the applicant states their
17 Counsel is unavailable on the evening of August 18 for a
18 family matter.

19 "We look forward to working with the Board."

20 "Very truly yours,

21 "Christopher Alpen, Esquire."

22 I will make a motion, then, that we continue this

1 matter to October 6, 2022 at 6:00 p.m. as a case not heard,
2 on the condition that the petitioner -- I think we have a
3 waiver, so that is complied with -- that any new submittals
4 be in the file by 5:00 p.m. on the Monday prior to the
5 October 6 date..

6 That the posting sign be changed to reflect the
7 new date of October 6, 2022 6:00 p.m.

8 On the motion to continue this matter, Laura
9 Wernick?

10 LAURA WERNICK: In favor of continuing.

11 BRENDAN SULLIVAN: Jason Marshall?

12 JASON MARSHALL: In favor.

13 BRENDAN SULLIVAN: Wendy Leiserson?

14 WENDY LEISERSON: In favor.

15 BRENDAN SULLIVAN: Andrea Hickey?

16 ANDREA HICKEY: Yes, in favor.

17 BRENDAN SULLIVAN: Yes.

18 [All vote YES]

19 BRENDAN SULLIVAN: On the five affirmative votes,
20 this matter is continued until October 6, 2022 at 6:00 p.m.
21
22

1 * * * * *

2 (6:49 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: The Board will hear Case No.
7 182526 -- 27 Jay Street. Edrick?

8 LAURA WERNICK: We're a few minutes ahead of
9 schedule, does that make a difference, Mr. Chair?

10 BRENDAN SULLIVAN: Oh, I'm sorry, I'm not -- 6:50.
11 I am. I have to wait 10 minutes. Thank you. Thank you.
12 We get wrapped up in this and keep going. Rarely are we
13 ahead of time, so.

14 Okay, it being 7:00, let me recall Case No. 182526
15 -- 27 Jay Street. Edrick?

16 EDRICK VANBEUZEKOM: Hi. This is Edrick
17 vanBeuzekom. I'm the architect for this project
18 representing Treetop Investments, LLC. Do you need my
19 address or anything? No. Can you hear me?

20 BRENDAN SULLIVAN: Yes. Oh, yeah.

21 EDRICK VANBEUZEKOM: Okay. All right. Okay. So
22 the project -- this project's at 27 Jay Street. It's a

1 wood-frame house, which is in very poor condition, and had
2 been illegally converted into a two-family. So it's really
3 only been listed as a single-family house.

4 And the developers purchased this house last year
5 and are converting it back to a single-family house. And as
6 part of the work, basically we want to open up the space and
7 change windows.

8 The house is nonconforming to FAR. It's also
9 nonconforming to all the setback requirements, except for
10 the left side of the property.

11 The areas where -- there is a portion of the house
12 which falls within the setbacks, where we are also changing
13 windows, but most of the changes we're making are in the
14 setbacks.

15 And perhaps the easiest thing would be to toggle
16 between the two site plans to give you a quick overview of
17 the changes in the windows?

18 Yeah.

19 So here's the existing house. The -- you can see
20 where the existing windows are currently on the house. You
21 can also see the dashed lines, which indicate the setbacks.
22 And the -- well, anyways if you toggle to the next drawing,

1 I'll explain what we're doing.

2 So here you can see basically on the walls on the
3 upper side of the plan closest to the lot line where the
4 house is alibi skewed in relation to the lot line, as you
5 can see.

6 There's two windows that we're moving. One is in
7 the stair, at the bottom of the stairs, and the other one is
8 in the entry. The two windows over in the kitchen area are
9 existing, so we're simply replacing those.

10 At the rear of the house, we're adding some
11 windows on the back wall to bring some light in as well as
12 not wall facing the left side of the house. These are all
13 in the rear yard setback.

14 And then moving toward the front along that side
15 of the house, there's new windows -- basically for the
16 living area, as well as the living room, where we're really
17 trying to open it up and have more window space. It's
18 pretty straightforward.

19 The -- we're also adding some windows in the
20 basement with a window well -- one of which is within the
21 setbacks. The other is in the rear. You can see on this
22 plan where we show there's a window well for -- that's for a

1 basement egress.

2 And if we want to scroll down to the second-floor
3 plan, we can give you a quick overview.

4 That's the basement. There's the first floor.

5 Next one?

6 Okay. Right there. So here at the second floor,
7 basically we're -- the two bedrooms that you see in the
8 front, we're matching the windows below in the living room,
9 doing a similar thing in the rear at the master bedroom.

10 The block of three windows matches what's below,
11 and then the single window in the back is centered on the
12 pair that we have in the dining room below.

13 We're not adding any windows on the right side of
14 the house, which is the top of the plan here. There is a
15 small existing window in the -- what's in the master
16 bathroom right there. That's just being replaced again.
17 And we're replacing windows in the front where you see the
18 bathroom.

19 And we are replacing all the windows in the bay
20 windows as well, though they're essentially in the existing
21 openings. I think we're making them a little bit taller
22 than what's there.

1 If you can scroll down to the next drawing.

2 Yeah. Here you see the elevations. There's the
3 front of the house. You can see what we've done with the
4 windows there.

5 Scroll down a little bit more.

6 You can see the rear of the house. The pair of
7 windows at the bottom there is in the dining room. The one
8 above is the master bedroom.

9 And then scrolling farther down, this is the side
10 where we're making the most changes. And so new siding on
11 the house. Basically, it's a complete renovation. You can
12 also see here where we've added basement windows.

13 So that's basically the scope of what we're doing.
14 One sort of odd thing in the zoning dimensional table that
15 you might notice is that the gross floor area is shown as
16 being reduced by a small amount.

17 I just want to explain what that's about. That's
18 simply because there's an attic space that has a small
19 portion of area that's currently got over -- there we go --
20 the attic space has a small area down the center of it
21 that's over five feet in ceiling height, so we counted that
22 toward the FAR.

1 We are changing to a cathedral ceiling up on the
2 second floor there, eliminating the attic space. So that
3 reduces the floor area very slightly.

4 So that's basically the extent of the project, if
5 anybody has any questions?

6 BRENDAN SULLIVAN: All right. Let me open it up
7 to the Board. Laura, any questions?

8 LAURA WERNICK: No questions. Thank you.

9 BRENDAN SULLIVAN: Jason?

10 JASON MARSHALL: No questions, Mr. Chair.

11 BRENDAN SULLIVAN: Wendy?

12 WENDY LEISERSON: No questions.

13 BRENDAN SULLIVAN: Andrea?

14 ANDREA HICKEY: I have no questions, thank you.

15 BRENDAN SULLIVAN: I have -- yeah, the only
16 question I have is sort of an informational one. Erik, what
17 type of windows are you expecting these days?

18 EDRICK VANBEUZEKOM: I believe the developer is
19 using Andersen Windows on this, which is --

20 BRENDAN SULLIVAN: Yeah. The 400 series or
21 something?

22 EDRICK VANBEUZEKOM: Yeah. Yeah.

1 BRENDAN SULLIVAN: Okay. No, no, just -- just --
2 that's fine. Just a point of information for me, that's
3 all.

4 EDRICK VANBEUZEKOM: Yeah. It's a LEED -- issue
5 with all windows, so those seem to be the easiest to get at
6 the moment.

7 BRENDAN SULLIVAN: Yeah. Let me open it to public
8 comment. Any members of the public who wish to speak should
9 now click the button that says, "Participants," and then
10 click the button that says, "Raise hand."

11 If you are calling in by phone, you can raise your
12 hand by pressing *9 and unmute or mute by pressing *6, and
13 you will have up to three minutes to comment.

14 [Pause]

15 There appears to be nobody calling in. We aren't,
16 I believe, in receipt of any communication for or against
17 the proposal, so I'll close the public comment part, send it
18 back to you, Edrick, for any last words of wisdom that you
19 wish, or --

20 EDRICK VANBEUZEKOM: No, I --

21 BRENDAN SULLIVAN: Not necessary? Okay.

22 EDRICK VANBEUZEKOM: Pretty simple project. I

1 think the developer's really, you know, cleaning up an
2 eyesore here. So I know in brief conversations I had with
3 some of the neighbors when I was first over there looking,
4 they were pretty pleased to see something happening with
5 this house.

6 BRENDAN SULLIVAN: Well, it surely needs
7 something. And --

8 EDRICK VANBEUZEKOM: Okay.

9 BRENDAN SULLIVAN: -- you know, I'm glad of
10 somebody who is going to take it on. So I'll close the
11 presentation part. Any questions of the Board, or should we
12 -- ready for a motion?

13 LAURA WERNICK: I'm ready for a motion.

14 JASON MARSHALL: Ready.

15 BRENDAN SULLIVAN: Yep. Okay. Let me make a
16 motion, then, for a special permit to relocate the windows
17 on the north façade and adding and relocating window
18 openings on the south and west façade, moving the basement
19 egress window and window wells on the rear façade.

20 Relief is granted as per the supporting
21 statements, dimensional form, and the drawings, and that the
22 work comply with the drawings initialed by the Chair.

1 Seeking relief for a special permit under 8.22.d:
2 Under 8.22.d in all districts, the Board of Zoning Appeal
3 may grant a special permit for the alteration or enlargement
4 of a preexisting dimensionally nonconforming, detached
5 single-family dwelling or two-family dwelling not otherwise
6 permitted in 8.22.1, but not the alteration or enlargement
7 of a preexisting, nonconforming use.

8 Provided that there is no change in use, and that
9 any enlargement or alteration of such preexisting,
10 nonconforming detached single-family dwelling or two-family
11 dwelling may only increase a preexisting dimensional
12 nonconformity, but does not create a new dimensional
13 nonconformity.

14 In order to grant the special permit, the Board of
15 Zoning Appeal is required to find -- and does find -- that
16 the alteration or enlargement shall not be substantially
17 more detrimental than the existing nonconforming structure
18 to the neighborhood, and that the alteration or enlargement
19 satisfies the criteria in 10.43.

20 10.43 granting of a special permit: Special
21 permits will normally be granted where specific provisions
22 of this ordinance are met.

1 It appears that the requirements of the Ordinance
2 can be met. That traffic generated or patterns of access or
3 egress would not cause congestion, hazard, or substantial
4 change in the established neighborhood character.

5 Continued operation of or development of adjacent
6 uses, as permitted in the Zoning Ordinance, would not be
7 adversely affected by the nature of the proposed use.

8 There would not be any nuisance or hazard created
9 to the detriment of the health, safety and/or welfare of the
10 occupant of the proposed use -- in fact, it would be
11 enhanced by a newly refurbished, up to date structure, which
12 would make a far more energy-efficient and code-compliant
13 structure.

14 The Board finds that the proposed use would not
15 impair the integrity of the district -- in fact, it would
16 enhance it and the streetscape, or the adjoining district,
17 or otherwise derogate from the intent and purpose of the
18 Ordinance to allow homeowners to modify, update their
19 structure to current Standards, and allow them to be more
20 energy-efficient.

21 The addition of these windows, relocation of them,
22 will allow for better fenestration, light into the building,

1 and far more energy-efficient.

2 On the motion, then, to grant the special permit
3 as per the application, Laura Wernick?

4 LAURA WERNICK: In favor.

5 BRENDAN SULLIVAN: Jason Marshall?

6 JASON MARSHALL: In favor.

7 BRENDAN SULLIVAN: Wendy Leiserson?

8 WENDY LEISERSON: In favor.

9 BRENDAN SULLIVAN: Andrea Hickey?

10 ANDREA HICKEY: Yes, in favor.

11 BRENDAN SULLIVAN: Yes.

12 [All vote YES]

13 BRENDAN SULLIVAN: Five affirmative votes, the
14 special permit as per the application, is granted.

15 EDRICK VANBEUZEKOM: Great. Thank you very much.

16

17

18

19

20

21

22

1 * * * * *

2 (7:12 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: Well, we're running -- again, a
7 little bit ahead of time here. The Chief of Staff to my
8 right here is encouraging me to keep up the pace.

9 It being 7:15, let me call Case No. 18214 -- 21
10 Loomis Street. Is the petitioner on the line? There
11 appears to be nobody calling in.

12 There is correspondence received by the Board
13 dated Wednesday October -- August 17, 2022.

14 "Dear/to Ms. Pacheco:

15 "I would like to ask t Board for a continuance on
16 hearing No. 182714.

17 Thanks, regards, Eamon Fee."

18 The matter will be continued until the next
19 available date -- it is -- so it could be October 6. Yeah,
20 October 6, 2022, at 6:00 p.m.

21 Let me make a motion, then, to grant the
22 continuance request to October 6, 2022 at 6:00 p.m. on the

1 condition that the petitioner change the posting sign to
2 reflect the new date of October 6, 2022 at 6:00 p.m., and
3 that any new submittals be in the file by 5:00 p.m. on the
4 Monday prior to the October 6 hearing.

5 That I would also request that the petitioner
6 furnish a shadow study on the potential, if any, effect,
7 that the proposed work might have on adjoining properties.

8 Second of all, there is correspondence what has
9 just come in from the abutter on the left, Roxanne Leary
10 Spartichino, and I would ask that the petitioner be
11 attentive to that correspondence and possibly reach out to
12 the next-door neighbor on the left.

13 On the right, there is also correspondence which
14 has come in from Alisa Lemberg -- A-l-i-s-a L-e-m-b-e-r-g --
15 and Michael Stone, who have raised some issues regarding the
16 projects, and also some methods to possibly ease their life
17 while this work is going on -- potential work going on.

18 And I would ask that the petitioner address those
19 issues to Alisa and Michael also, prior to the October 6
20 hearing, so that they have a chance with both abutters on
21 either side -- have a chance, then, to convey their thoughts
22 to the Board regarding those discussions.

1 On the motion, then, to continue this matter to
2 October 6, 2022, Laura Wernick?

3 LAURA WERNICK: Sorry. Laura Wernick votes in
4 favor of continuance.

5 BRENDAN SULLIVAN: Jason Marshall?

6 JASON MARSHALL: Yes.

7 BRENDAN SULLIVAN: Wendy Leiserson?

8 WENDY LEISERSON: Yes.

9 BRENDAN SULLIVAN: Andrea Hickey?

10 ANDREA HICKEY: Yes.

11 BRENDAN SULLIVAN: Yes.

12 [All vote YES]

13 BRENDAN SULLIVAN: On five affirmative votes, this
14 matter is continued to October 6.

15 Next up will be Foster Place, but we have to wait
16 until 7:30.

17

1 * * * * *

2 (7:30 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: It being 7:30, the Board will
7 hear Case No. 183414 -- 7 Foster Place. Ms. Booz?

8 MAGGIE BOOZ: Hello. Can you hear me?

9 BRENDAN SULLIVAN: Yes. Yep.

10 MAGGIE BOOZ: I don't see everyone's pictures on
11 the screen, I'm not sure if everyone's on or not, so I'm
12 just looking at the application pages. Did you want me to
13 go ahead and present?

14 BRENDAN SULLIVAN: Yes, go ahead, Maggie.

15 MAGGIE BOOZ: Okay. My clients recently purchased
16 7 Foster Place, and they are doing some work on the building
17 and are hoping to remove a porch -- a small, open porch
18 that's on the left side of the building, the south side of
19 the building, with a side door leading out to the exterior.

20 There are three doors on the house right now --
21 the front door, the side door that I'm mentioning, and then
22 rear doors. So they're hoping to eliminate that left-hand

1 side door, which really just doesn't lead to anywhere, and
2 construct a one-story addition at the back rear corner of
3 the house, which would be a bathroom at the first floor.

4 There is currently a bathroom in the first floor,
5 but it's right in the middle of the public space of the
6 building, between -- essentially between a dining room and a
7 kitchen.

8 So we're requesting permission to construct this
9 addition. It comes closer to the rear yard setback than the
10 house does currently, although that isn't really the side in
11 question. The side in question is the south side, the left
12 side.

13 So you can see here the first-floor plan -- the
14 existing first-floor plan with the porch off the left side
15 and the door. And you can see also the -- the current full
16 bath that kind of spans between the kitchen and the dining
17 room, with a chimney in between.

18 The current space of the yard of the house is off
19 of the deck, which is where there are two sets of doors.
20 And for a very small house, there really isn't any need to
21 have another door, and there is a need to try to make the
22 first floor as livable as possible.

1 As it turns out, which I didn't realize when
2 filing for the application, the rear yard setback isn't --
3 as I said, isn't the one in question. The side yard setback
4 is.

5 And that's that -- where we're protruding out that
6 four feet, which is just slightly more than the bay that's
7 on the left side now off of the dining room, that's the
8 violating side.

9 So we feel that it's a minimal -- a minimal
10 intervention on the site to achieve really decent living
11 space and get the bathroom out of the central part of the
12 plan.

13 BRENDAN SULLIVAN: Okay. Can we pull up the
14 dimensional form? I'm just wondering where the violation --
15 the additional violation is? I notice that there is a
16 supporting statement for granting of the special permit, but
17 I didn't see one for the -- for the variance and the
18 pleadings for the granting of a variance in the submittals.

19 MAGGIE BOOZ: There was an extra page that was
20 added that we submitted to -- directly to Maria.

21 BRENDAN SULLIVAN: Is it on your stationery?

22 MAGGIE BOOZ: Yeah, this is it, the variance

1 statement.

2 BRENDAN SULLIVAN: Yeah, okay. Oh, all right. I
3 see it. It's up in the fold. Okay.

4 MAGGIE BOOZ: Oh, okay. So we're in an A-2 Zoning
5 District on this side. You know, the A-2 District is
6 always, always difficult I think because it's really written
7 for much larger buildings on much larger pieces of land, of
8 which -- of course -- there are a lot in the A-2 District.
9 But the Marsh District properties, which are tiny, tiny,
10 have the same requirements.

11 So, you know, in any other district of smaller
12 lots, like the Marsh District has, one would expect that
13 there would be a seven-and-a-half-foot side yard setback,
14 but it isn't a seven-and-a-half-foot side yard setback in
15 that district, because it's A-2.

16 So, you know, I feel -- I feel a lot of times when
17 I've worked on buildings in the Marsh District, and I've
18 worked on quite a few now -- that the Regulations are sort
19 of out of whack with the size of the properties and
20 buildings. These are very, very small, and this is just a -
21 - you know, it was a worker's cottage.

22 So that 8.2 feet I believe we have on the left

1 side in our proposal is a -- you know, is -- it would be
2 generous in, you know, in any Residence B District and in
3 any district that normally has smaller buildings and smaller
4 lots. So we're at 8.2 or -- you know, currently it's at
5 12.2.

6 And that's not to the bay. So that -- we were
7 measuring to the foundation. The bay doesn't actually have
8 a foundation underneath it. So that 12.2 is -- you know, is
9 from the -- not the bay itself, but the wall that we're
10 adding onto.

11 Yes.

12 BRENDAN SULLIVAN: Okay. If you could pull up the
13 dimensional form. Just trying to figure out where the new
14 violation is. I just sort of scanned through it, but --

15 MAGGIE BOOZ: So that left side where it says,
16 "Setbacks in feet, left side existing conditions 12.2" --

17 BRENDAN SULLIVAN: All right. Okay. All right.
18 So that's a new violation --

19 MAGGIE BOOZ: That.

20 BRENDAN SULLIVAN: -- right there.

21 MAGGIE BOOZ: That's it.

22 BRENDAN SULLIVAN: Okay.

1 MAGGIE BOOZ: That's it right there.

2 BRENDAN SULLIVAN: All right. All right. Any
3 questions by members of the Board? Laura?

4 LAURA WERNICK: So that is the difference between
5 the existing -- the depth of the existing deck and the depth
6 of the bathroom? The new bathroom? Is that --

7 MAGGIE BOOZ: No, no.

8 LAURA WERNICK: No?

9 MAGGIE BOOZ: Well, the -- it's the difference
10 between the southern property line, the left side property
11 line, and the side wall of the house --

12 LAURA WERNICK: Right.

13 MAGGIE BOOZ: -- but not the side wall of the bay
14 that exists there now. So there's that little bumped bay --

15 LAURA WERNICK: Okay.

16 MAGGIE BOOZ: -- off of the dining room --

17 LAURA WERNICK: Okay.

18 MAGGIE BOOZ: -- but it doesn't have a foundation
19 underneath it, so we were just going to the foundation. So
20 that's -- yeah, you can see it clearly on the plot plan.
21 12.2 is to the side wall of the house.

22 LAURA WERNICK: Okay.

1 MAGGIE BOOZ: And that deck measures about three-
2 and-a-half feet I think off of the building. We're
3 proposing that rear addition to be four feet off the
4 building.

5 LAURA WERNICK: Yep. Okay. Thank you.

6 MAGGIE BOOZ: Mm-hm.

7 BRENDAN SULLIVAN: Jason, any questions?

8 JASON MARSHALL: Yeah. I think I have a brief
9 clarifying question. If you could go -- Peter, if you could
10 go back to the variance statement, please? I think it's
11 either page 4 or 5. Yep, there it is. And this is -- I
12 guess -- to be in lieu of the regular form. So I'm just
13 getting my grounding.

14 MAGGIE BOOZ: Mm-hm.

15 JASON MARSHALL: The -- in B, there's reference to
16 narrowness and it looks like vegetation. Just to clarify,
17 would I be correct in concluding that the reason for the
18 hardship could then be related to shape and topography
19 potentially?

20 MAGGIE BOOZ: Yeah. I mean, although -- so here's
21 what happened. We submitted for a variance. And I thought
22 it was because of both the side and the rear yard setbacks.

1 But Ranjit called me and said he didn't think
2 there was a variance needed, because we were already in
3 violation at the rear, which is where the vegetation is
4 that's in question, or dimensioned in that statement.

5 And I said, "Okay, I didn't know that we wouldn't
6 have to have a variance for the rear yard setback." But I
7 said, "But we still have a violation on the left side." And
8 they sort of went back and forth and then got back to me and
9 said, "Okay, you're right, we do need a variance on the left
10 side."

11 JASON MARSHALL: Yeah. Yeah. No, I think we --

12 MAGGIE BOOZ: On the left side.

13 JASON MARSHALL: Yeah, because -- yeah, I mean,
14 he's referring to a -- I guess a newer, relatively newer
15 provision.

16 MAGGIE BOOZ: It's a new --

17 JASON MARSHALL: Yeah.

18 MAGGIE BOOZ: -- it's a newer provision.

19 JASON MARSHALL: Yeah.

20 MAGGIE BOOZ: Exactly.

21 JASON MARSHALL: So -- I mean, I'm --

22 MAGGIE BOOZ: So.

1 JASON MARSHALL: I'm ask --

2 MAGGIE BOOZ: Yeah.

3 JASON MARSHALL: No, I'm asking intentionally, and
4 I've referenced this earlier in the meeting and several
5 meetings. It's -- my view is we can't grant a variance
6 based on lot size.

7 That's not in the statutory criteria, and people
8 can take a different view than I do, but that's my reading,
9 which is why I just wanted to understand that if we granted
10 it -- and for me, my vote would be based on it being shape
11 or topography -- some other criteria being that --

12 MAGGIE BOOZ: The strict language of a zoning
13 variance; that is --

14 JASON MARSHALL: Right.

15 MAGGIE BOOZ: -- shape and topography of the lot.

16 JASON MARSHALL: Yeah.

17 MAGGIE BOOZ: And it has --

18 JASON MARSHALL: That's what makes it unique,
19 yeah.

20 MAGGIE BOOZ: Yeah.

21 JASON MARSHALL: Yeah.

22 MAGGIE BOOZ: And yes, because we don't have the

1 opportunity to simply do a classic ell addition that, you
2 know, the telescoping --

3 JASON MARSHALL: Right --

4 MAGGIE BOOZ: -- addition that would have been
5 th

6 done in the 19 century or something, we don't have the
7 opportunity to do that because of the shape of the lot.
8 That is it indeed, yes.

9 JASON MARSHALL: I mean, you may -- and not to get
10 -- not to go too sideways, I think you made valid points
11 earlier or fair points around maybe considering the
12 dimensional requirements more largely for the district and
13 even might go one step further.

14 And for me -- and I've said this before, it's -- I
15 think local zoning boards should have the discretion to
16 grant variances based on lot size, but --

17 MAGGIE BOOZ: Mm-hm.

18 JASON MARSHALL: -- the legislature hasn't in
19 their wisdom deemed that yet part of the criteria, in my
20 view. So --

21 MAGGIE BOOZ: Right. I understand.

22 JASON MARSHALL: Anyway.

1 MAGGIE BOOZ: Huh. Interesting.

2 JASON MARSHALL: Thank you for indulging me.

3 MAGGIE BOOZ: Mm-hm. Thank you.

4 BRENDAN SULLIVAN: Wendy, any questions at this
5 time?

6 WENDY LEISERSON: No questions.

7 BRENDAN SULLIVAN: Andrea, any questions?

8 ANDREA HICKEY: I have no questions, Mr. Chair.

9 BRENDAN SULLIVAN: I don't have any questions. I
10 guess the only comment I would make is that I think Maggie,
11 you're correct in saying that this area really doesn't --
12 well, let's put it this way, the Ordinance for the City
13 really doesn't hit this particular area at all. I mean,
14 these are all little, small worker's categories that were
15 built back in the early 1800s was it, or --

16 MAGGIE BOOZ: Yeah.

17 BRENDAN SULLIVAN: -- or something and long before
18 anybody thought of zoning and whatever. And that -- I mean,
19 it's a lovely, lovely area. And these are gorgeous, nice,
20 little compact houses.

21 But, you know, over time those four walls can be
22 kind of narrow. And the space becomes very restrictive and

1 constrictive. And so, to bring any of these structures --
2 these lovely homes up to some kind of modern standards or
3 livability, does -- obviously -- bump into some ordinance or
4 some requirements that, you know, you say, "Well, geez, well
5 what can I do as of right?" And you really can't really do
6 much.

7 MAGGIE BOOZ: Yep.

8 BRENDAN SULLIVAN: I sort of found your comment
9 categorizing the existing little bathroom there as awkwardly
10 and unhygienically located.

11 MAGGIE BOOZ: Mm-hm.

12 BRENDAN SULLIVAN: And I said, "Well, that
13 probably sums it right up." But yeah, no, these -- and
14 again, we have over the years, and I think we've represented
15 a lot of the people who have come down and had -- just had
16 to tweak these things a little bit one way or another to
17 make them far more livable and up to today's standards.

18 And so, I think that any relief is de minimis, a
19 and any relief is warranted in this case.

20 So Andrea, did I ask you -- I think I did, and you
21 had nothing further to ask?

22 ANDREA HICKEY: Correct. I have nothing further.

1 Thank you.

2 BRENDAN SULLIVAN: Yep. Let me open it to public
3 comment. Any member of the public who wishes to speak
4 should now click the button that says, "Participants," and
5 then click the button that says, "Raise hand."

6 If you are calling in by phone, you can raise your
7 hand by pressing *9 and unmute or mute by pressing *6, and
8 you'll have up to three minutes to comment.

9 Apparently, nobody's calling in. We are in
10 receipt of correspondence dated August 15 from Cally Burns,
11 C-a-l-l-y Burns.

12 "To whom it may concern,

13 "I am a neighbor who lives at 8 Foster Place,
14 directly across Foster Place from Carolyn" --

15 MAGGIE BOOZ: Carolyn.

16 -- "and Michael Bradley. I'm writing in full
17 support of the request for the BZA to allow the construction
18 of the proposed addition.

19 "The alteration and design will have low visible
20 impact on the existing structure and greatly enhance the
21 interior space of the house.

22 "The proposed changes are in line with similar

1 changes made at 9 Foster Place, and that structure was
2 renovated about 12 yes, ago."

3 There is also correspondence from Mary Louise and
4 George Kent.

5 "We are writing in support of Michael and Karen
6 Bradley's plans to change the house, which they recently
7 purchased. We have looked at the architect's drawing, and
8 think the changes are reasonable and appropriate. We hope
9 that you will approve these plans and allow them to proceed
10 with the work."

11 We are also in receipt of a Certificate of
12 Appropriation from the Half-Crown Marsh Neighborhood
13 Conservation District.

14 "Half-Crown Neighborhood Conservation District
15 hereby certifies that the construction described below is
16 not incongruous to the historic aspect or architectural
17 character of the building or district, to construct the one-
18 story addition at the southwest corner of the house in
19 accordance with plans dated 05/24/202, titled, 'Bradley
20 Residence' submitted by Smart Architecture.

21 "The plans and specifications referenced above are
22 incorporated into the certificate, which is binding on the

1 applicant, and all improvements shall be carried out as
2 described therein."

3 Date of Certificate: June 14, 2022, Case #HCM544.

4 That is the sum and substance of the
5 correspondence dated. I will close the public comment
6 portion, turn it back to Maggie. Anything else to add?

7 MAGGIE BOOZ: I think my clients have contacted
8 all the abutting neighbors, or tried to. And I -- my
9 understanding was that you would have received letters from
10 a couple of them, and that's exactly what you have.

11 BRENDAN SULLIVAN: Great, thank you.

12 MAGGIE BOOZ: Then there was no -- there were no
13 objections from anyone else.

14 BRENDAN SULLIVAN: So there are two requests. One
15 is the variance to construct the small, one-story bathroom
16 and pantry addition to the southwest rear corner of the
17 house.

18 Any questions by any members of the Board, or
19 ready for a motion?

20 LAURA WERNICK: I'm ready.

21 JASON MARSHALL: Yep, ready.

22 BRENDAN SULLIVAN: Let me make a motion, then, to

1 grant the relief requested, the variance.

2 The Board finds that a literal enforcement of the
3 provisions of the Ordinance would involve a substantial
4 hardship to the petitioner, because it would preclude the
5 petitioner from making an alteration to the interior layout
6 of the structure, eliminating a rather misfunctional,
7 dysfunctional bathroom in the house, placing it to the side,
8 which is far enough more functional.

9 That does require a bump out, in order to
10 accommodate a code-compliant layout, and that has the need
11 for a variance.

12 The Board finds that the hardship is owing to the
13 shape of the lot, which is quite substandard -- also does
14 have some topographical issues. That entire area has a
15 very, very high water table, and that the location of this
16 in any other spot would be problematic.

17 The Board finds that the existing house is -- was
18 built long prior to the enactment of the zoning ordinances.
19 It predates the current zoning ordinances, it predates the
20 current zoning ordinance for the district, and as such is
21 encumbered by it and the requirements, which would be
22 impossible to conform to.

1 The Board finds that the requested work is de
2 minimis and a fair and reasonable request. The Board also
3 notes the letters of support from abutting properties.

4 The Board finds that desirable relief may be
5 granted without substantial detriment to the public good,
6 and it would not nullify or substantially derogate from the
7 intent and purpose of this ordinance, to allow homeowners to
8 bring their properties up to current standards -- code-
9 compliant amenities, and add to the housing stock and the
10 streetscape of the district in which it is located.

11 On the motion, then, to grant the variance as per
12 the request, Wendy Leiserson?

13 WENDY LEISERSON: I vote in favor.

14 BRENDAN SULLIVAN: Andrea Hickey?

15 ANDREA HICKEY: Yes, in favor.

16 BRENDAN SULLIVAN: Jason Marshall?

17 JASON MARSHALL: In favor.

18 BRENDAN SULLIVAN: Laura Wernick?

19 LAURA WERNICK: Yes, in favor.

20 BRENDAN SULLIVAN: And Brendan Sullivan yes.

21 [All vote YES]

22 BRENDAN SULLIVAN: Five affirmative votes; the

1 variance is granted.

2 On the special permit to add one window to the
3 existing two windows at the west façade and make all three
4 windows the same size and slightly different configurations,
5 let me make a motion to grant the request for the special
6 permit and note the supporting statements, where the
7 petitioners have stated that the existing windows are
8 mismatched and out of alignment -- and as such the proposal
9 would add greatly to the aesthetic value of the house and
10 appreciation of the surrounding properties.

11 The Board finds that it appears that the
12 requirements of the Ordinance can be met.

13 Traffic generated or patterns of access or egress
14 would not cause congestion, hazard, or substantial change in
15 the established neighborhood character; in fact the Board
16 references letters from abutting properties and stating that
17 the participated work would be an enhancement to the
18 neighborhood.

19 The Board finds that continued operation of or
20 development of adjacent uses, as permitted in the Zoning
21 Ordinance, would not be adversely affected by the nature of
22 the proposed use.

1 There would not be any nuisance or hazard created
2 to the detriment of the health, safety and/or welfare of the
3 occupants of the proposed use -- in fact, it would be
4 enhanced by the relocation adding addition of some windows,
5 which would add better fenestration into the property.

6 And that the proposed use would not impair the
7 integrity of the district or adjoining district, or
8 otherwise derogate from the intent and purpose of the
9 ordinance, allowing homeowners to adjust their property to
10 better living space, to allow for a much more pleasing and
11 better living space.

12 On the motion, then, to grant the special permit,
13 Laura Wernick?

14 LAURA WERNICK: In favor.

15 BRENDAN SULLIVAN: Jason Marshall?

16 JASON MARSHALL: In favor.

17 BRENDAN SULLIVAN: Wendy Leiserson?

18 WENDY LEISERSON: In favor.

19 BRENDAN SULLIVAN: Andrea Hickey?

20 ANDREA HICKEY: Yes, in favor.

21 BRENDAN SULLIVAN: And Brendan Sullivan, yes.

22 [All vote YES]

BRENDAN SULLIVAN: Five affirmative votes,
the special permit is also granted. Good luck.

1 * * * * *

2 (7:52 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: The Board will hear Case No.
7 183921 -- 14 Regent Street.

8 Mr. Rafferty? Regent Street?

9 JAMES RAFFERTY: Good evening, Mr. Chair and
10 members of the Board. For the record, my name is James
11 Rafferty. I'm an attorney with offices located at 907
12 Massachusetts Avenue in Cambridge. I'm appearing this
13 evening on behalf of the applicant, 14 Regent Street, LLC.

14 Present with me this evening is the property
15 owner, Christopher Griffin. In addition to Mr. Griffin, the
16 Project Architect, Annem Chan Waiy is also present. This is
17 an applicant --

18 BRENDAN SULLIVAN: Yep.

19 JAMES RAFFERTY: I'm sorry, thank you. This is an
20 application to allow for a three-story addition to a
21 nonconforming two-family structure on Regent Street in North
22 Cambridge, in a Residence B Zoning District.

1 The existing house is nonconforming in three
2 aspects. Its side yard does not conform. Its GFA exceeds
3 the allowable FAR, and its height is slightly in excess of
4 35 feet.

5 The application seeks a special permit pursuant to
6 Section 8.22.2.d to increase two of the nonconforming -- the
7 existing nonconforming features. It doesn't, however,
8 create any new nonconforming features.

9 The relief being sought involves the increase of
10 GFA to accommodate the new three-story addition.

11 There's also a height impact here, not because the
12 height of the addition exceeds the 35-foot height limit, but
13 the addition contains a lower level with a sunken patio.

14 And the definition of "building height" in the
15 Ordinance requires a calculation affecting the mean grade of
16 the property. So the mean grade of the existing house gets
17 altered when the grade is accounted for based upon the
18 lower-level patio.

19 So it is not the case that the physical mass of
20 the building is increasing, and it's not the case that the
21 addition actually is increasing, it just so happens that the
22 calculation means that the height of the building by the

1 definition in the Zoning Ordinance changes.

2 But since the height of the building is currently
3 nonconforming -- admittedly only slightly -- it does qualify
4 for the special permit for both the increase in height and
5 the increase in gross floor area.

6 Ms. Chan Waiy is present, and can walk the Board
7 through design, if interested. It should be noted that all
8 other aspects of the home will be conforming. The open
9 space, 40 percent in that district, is being maintained.
10 And two vehicle parking space can be accommodated on the
11 site.

12 Happy to have Ms. Chan Waiy address the design if
13 it's deemed appropriate.

14 BRENDAN SULLIVAN: All right. Let me open it to
15 -- let's see if the members of the Board have any questions.
16 Laura, any questions?

17 LAURA WERNICK: Sorry. Having trouble with my
18 mouse today. I have no questions.

19 BRENDAN SULLIVAN: Jason, any questions?

20 JASON MARSHALL: No questions, Mr. Chair.

21 BRENDAN SULLIVAN: Wendy?

22 WENDY LEISERSON: No questions.

1 BRENDAN SULLIVAN: Andrea?

2 ANDREA HICKEY: No questions.

3 BRENDAN SULLIVAN: I have no questions either.

4 Let me open it to public comment. Any member of the public
5 who wishes --

6 JAMES RAFFERTY: If I may, before we begin, I
7 neglected to point out that in reviewing our dimensional
8 form, we discovered that we overstated the requested
9 conditions. It says on the dimensional form it's 3,188.
10 That overstates it by 50 square feet. It's actually 3,130.
11 Ms. Chan Waiy brought that to my attention.

12 So it's an error in overstatement, so I would
13 presume the Board would recognize that as not a deficiency
14 for purposes of proceeding. It's less of an addition than
15 depicted in the requested condition's GFA.

16 BRENDAN SULLIVAN: So the new number is 31--

17 JAMES RAFFERTY: The new number is 3,131. And
18 that number is depicted on the plan from the plan set on
19 page C1, that was prepared by Ms. Chan Waiy in the plan set.
20 But somehow, there seems to have been an error in preparing
21 the dimensional form, but the incorrect number was included.

22 So the proposed number is 3,132.

1 BRENDAN SULLIVAN: Okay. All right. Thank you.
2 Let me open it to public comment. Any members of the public
3 who wish to speak should now click the icon that says,
4 "Participants." And then click the button that says, "Raise
5 hand."

6 If you're calling in by phone, you can raise your
7 hand by pressing *9 and unmute or mute by pressing *6. And
8 you'll have up to three minutes in which to comment.

9 Mr. Smith?

10 DANIEL SMITH: Yes? Can you hear me?

11 BRENDAN SULLIVAN: Yes.

12 DANIEL SMITH: The plans call for enclosing the
13 front porch, which is inside the front setback.

14 BRENDAN SULLIVAN: If you could just identify
15 yourself for the record, please?

16 DANIEL SMITH: Oh, yes. Daniel Smith, 45 Regent
17 Street, Cambridge, Massachusetts.

18 BRENDAN SULLIVAN: Yes.

19 DANIEL SMITH: I was saying that the drawings call
20 for enclosing the front porch, which is only set back a
21 little over four feet from the street.

22 And I guess technically it's not changing the

1 front setback, but it seems like a bit of an encroachment to
2 make an interior space out of what's now an exterior porch.
3 That's my only comment.

4 Other than that, I don't have any objection to the
5 proposal. Thank you.

6 BRENDAN SULLIVAN: Thank you. The -- Mr. Rafferty
7 can correct me if I misspeak, but the existing porches are
8 included in the floor area ratio, because they have a
9 covering over them. The enclosing of them can be done by
10 way of a special permit application. Is that correct, Mr.
11 Rafferty?

12 JAMES RAFFERTY: That's correct. There is no
13 change in the setback, because of the covering, nor is there
14 a change in the GFA.

15 BRENDAN SULLIVAN: Right.

16 JAMES RAFFERTY: The special permit covers the
17 entire renovation, but the setback -- the front setback is
18 established at the location of the current footprint of the
19 porch, which has not changed.

20 BRENDAN SULLIVAN: All right. Okay. Anybody else
21 calling in?

22 [Pause]

1 There appears to be nobody else calling in. There
2 is no correspondence in the file. And so, I will close the
3 public comment portion, turn it back to Mr. Rafferty for any
4 final words.

5 JAMES RAFFERTY: No thank you, Mr. Chair. I think
6 the application is fairly straightforward. It will
7 represent an improvement.

8 The property has not been renovated in many years,
9 and I do know the applicant's engaged in extensive outreach
10 as early as March of this year when they first acquired the
11 property, and as recently as the past week, when notices
12 have been mailed out. And the responses were favorable for
13 most people that were contacted.

14 BRENDAN SULLIVAN: Right. Thank you. Let me open
15 it to the Board. Any questions, comments by members of the
16 Board, or shall I take it to a motion?

17 WENDY LEISERSON: I'm ready for a motion.

18 ANDREA HICKEY: Motion.

19 BRENDAN SULLIVAN: -- Hearing -- all right, okay.
20 Let me make a motion, then, to grant the relief requested,
21 which is a special permit to enclose the existing front
22 porches and construct a three-story addition on the right

1 side of a nonconforming two-family dwelling to add three
2 window, preexisting, nonconforming left side of the building
3 as per the application and the drawings, and supporting
4 statements in the application.

5 The Board -- I'll make a motion, then, to grant
6 the special permit on the condition that the work comply
7 with the drawings signed and initialed by the Chair -- also
8 the supporting statements and the dimensional form as
9 submitted.

10 The Board finds that it may grant the special
11 permit for the alteration or enlargement of a preexisting
12 dimensionally nonconforming, detached single-family dwelling
13 or two-family dwelling not otherwise permitted in Section
14 8.22.1, but not the alteration or enlargement of a
15 preexisting, nonconforming use.

16 Provided that there is no change in use, and that
17 any enlargement or alteration of such preexisting,
18 nonconforming detached single-family dwelling or two-family
19 dwelling may only increase a preexisting dimensional
20 nonconformity, but does not create a new dimensional
21 nonconformity.

22 In order to grant the special permit, the Board of

1 Zoning Appeal is required to find -- and does find -- that
2 the alteration or enlargement shall not be substantially
3 more detrimental than the existing nonconforming structure
4 to the neighborhood, and that the alteration or enlargement
5 satisfies the criteria in Section 10.43.

6 10.43, the Board finds that it appears that the
7 requirements of the ordinance can be met.

8 That traffic generated or patterns of access or
9 egress would not cause congestion, hazard, or substantial
10 change in the established neighborhood character.

11 The Board finds that continued operation of or
12 development of adjacent uses, as permitted in the Zoning
13 Ordinance, would not be adversely affected by the nature of
14 the proposed use.

15 The Board finds that there would not be any
16 nuisance or hazard created to the detriment of the health,
17 safety and/or welfare of the occupant of the proposed use --
18 in fact the rehabilitation, addition and code-compliant
19 aspects of the proposal would enhance the health, safety and
20 welfare and the enjoyment and livability of the structure
21 for any inhabitant.

22 The Board finds that the proposed use would not

1 impair the integrity of the district or adjoining district,
2 or otherwise derogate from the intent and purpose of the
3 ordinance to provide homeowners to bring their structures up
4 to code-compliant, up to modern-day energy efficiency.

5 This proposal will do that and is within the
6 nature of the ordinance to provide housing and to increase
7 the housing stock as an amenity, and to improve the
8 streetscape of the neighborhood.

9 On the motion, then, to grant the special permit
10 as per the application, Laura Wernick?

11 LAURA WERNICK: In favor.

12 BRENDAN SULLIVAN: Jason Marshall.

13 JASON MARSHALL: In favor.

14 BRENDAN SULLIVAN: Wendy Leiserson?

15 WENDY LEISERSON: In favor.

16 BRENDAN SULLIVAN: And Andrea Hickey?

17 ANDREA HICKEY: Yes, in favor.

18 BRENDAN SULLIVAN: And Brendan Sullivan yes.

19 [All vote YES]

20 BRENDAN SULLIVAN: Five affirmative votes of the
21 Board, the special permit as per the application is granted.

22 JAMES RAFFERTY: Thank you very much.

1 * * * * *

2 (8:05 p.m.)

3 Sitting Members: Brendan Sullivan, Andrea A. Hickey, Wendy
4 Leiserson, Laura Wernick, and Jason
5 Marshall

6 BRENDAN SULLIVAN: The Board will hear Case No.
7 183930 -- 18 Brattle Street. Mr. Rafferty?

8 JAMES RAFFERTY: Thank you again, Mr. Chairman.
9 For the record, Attorney James Rafferty on behalf of the
10 applicants.

11 The applicant is Cava Mezze Grill doing business
12 as Cava -- the new fast-food or cook-serve establishment in
13 Harvard Square.

14 Board members are probably aware a few years ago,
15 amendments to the retail or use sections of Article 4
16 reclassified what had been called, Fast Food -- Fast Order
17 Food into Quick Service. The thinking might have been that
18 fast food had a certain connotation that was no longer as
19 applicable.

20 This is a fast casual restaurant, as used in the
21 parlance of the restaurant industry these days. Cava in
22 this location of Harvard Square is in the recently completed

1 and renovated Abbot block. The building was totally redone,
2 and new additions installed. And in fact, it has recently
3 received a Restoration of Preservation Award from the
4 Historical Commission.

5 This space on Brattle Street is the former retail
6 space for what was a women's apparel store called Tess. It
7 has a distinctive storefront with bowed windows.

8 One of the conditions of the special permit in
9 fact, by the Planning Board approving the renovation was to
10 retain the geometry and appearance of that storefront, and
11 that has been done in this case.

12 The applicant, because they have more than 10
13 locations, they are required to obtain this special permit.
14 In Harvard Square, if you have fewer than 10 spaces and you
15 meet the definition of quick service the use is now
16 permitted as of right.

17 But there are seven Cava restaurants in the
18 Greater Boston area. One of them is in Kendall Square, and
19 it's been there for about a year and a half. A few others
20 are in Boston and Fenway and the Back Bay and Prudential
21 Center.

22 This application is providing a type of cuisine

1 that's fairly unique to Harvard Square. It's a Greek-based,
2 Mediterranean style cuisine.

3 The three founders have their origins in working
4 with their families' restaurants and working with
5 grandparents and uncles, who are big aficionados of Greek
6 food. It's proven to be a very successful concept, so there
7 are several outlets in western -- in the western part of the
8 country, including California and Colorado.

9 This location is in the space of approximately
10 2000 square feet, a few square feet less than 2000. The
11 application was reviewed by the Harvard Square Advisory
12 Committee last evening. They have provided a report.

13 In their review and discussion of the case, they
14 had three suggestions for this Board's consideration, and we
15 would note that we have amended the floor plan in this case
16 to reflect the change.

17 The amendment was a late one just filed today, but
18 you'll note in the report of one of the proposed suggestions
19 they provided was that the restaurant, which the original
20 plan was five seats, in one of the bowed windows that that
21 be doubled to two seats -- another section with five
22 additional seats for a total of 10 seats.

1 And that is the new plan.

2 I have to commend Mr. McLaughlin for his
3 skillfulness. That is the plan that was filed but a few
4 hours ago. And the change -- and the only change to this
5 plan, and with what's in the submission is the seats at the
6 top, which you see at the counter. I'm looking and I'm
7 noticing that there are four seats there.

8 So -- but the objective was not to -- not to -- to
9 put seating there. In the previous iteration, that was an
10 area where items were going to be stored for pickup, and the
11 view expressed at the Advisory Committee was that that was a
12 welcoming look.

13 The storefront was so distinctive that it would --
14 it would enhance both the patron experience and the
15 pedestrian experience to have seating there, and it was also
16 felt that some additional seats in the restaurant would be a
17 good thing.

18 So representatives from Cava are here. Happy to
19 discuss any of the aspects of the operation, including
20 deliveries, hours of operation and the like. So, we're
21 happy to --

22 BRENDAN SULLIVAN: Thank you.

1 JAMES RAFFERTY: -- respond.

2 BRENDAN SULLIVAN: Let me open it to members of
3 the Board. Laura, any questions of the petitioner?

4 LAURA WERNICK: No. I don't have questions.

5 BRENDAN SULLIVAN: Jason?

6 JASON MARSHALL: Mr. Rafferty, so "Cava" refers to
7 a delicious Spanish sparkling wine. Will they be serving
8 any Cava here, or is this just the -- is this just the Greek
9 or Mediterranean food?

10 JAMES RAFFERTY: Well, they don't have a liquor
11 license, but perhaps they aspire to one. That would be news
12 to me. But I see my client, Ms. Nostrand, is on the call.
13 So maybe she could address whether there's future plans. I
14 would be surprised if that were the case.

15 MOLLY NOSTRAND: We don't currently have plans to
16 get a liquor license, but we do have a couple of locations
17 that do serve here.

18 BRENDAN SULLIVAN: Molly, Molly if you could just
19 introduce yourself for the record, that's all.

20 MOLLY NOSTRAND: Oh yeah, sure. This is Molly
21 Nostrand. I'm an interior designer for Cava. And -- yeah,
22 so we do have a liquor license. A couple of locations serve

1 beer, but we are not looking for one for this location.

2 JASON MARSHALL: Okay.

3 BRENDAN SULLIVAN: Great. Thank you.

4 JASON MARSHALL: Fellow lovers of Cava like me
5 will have to go elsewhere. Okay. Thank you for answering
6 my question.

7 BRENDAN SULLIVAN: Wendy, any questions?

8 WENDY LEISERSON: No questions.

9 BRENDAN SULLIVAN: Andrea?

10 ANDREA HICKEY: I have no questions.

11 BRENDAN SULLIVAN: And I have no questions either.
12 Let me open it to public comment. Any members of the public
13 who wish to speak should now click the button that says,
14 "Participants," and then click the button that says, "Raise
15 hand."

16 If you are calling in by phone, you can raise your
17 hand by pressing *9 and unmute or mute by pressing *6, and
18 you'll have up to three minutes to comment.

19 [Pause]

20 Nobody calling in. We are in receipt of
21 communication from the Community Development Department from
22 the Harvard Square Advisory.

1 "The Harvard Square Advisory Committee met on
2 Wednesday, August 17, to discuss the special permit
3 application by Cava Mezze Grill for a quick service food
4 establishment that meets the definition of a Formula
5 Business.

6 "A meeting was conducted pursuant to the provision
7 of Section 20.50 of the Cambridge Zoning Ordinance in
8 advance of the applicant's request for a special permit from
9 the Board of Zoning Appeal.

10 "After discussion, the committee decided to
11 forward report to the BZA with a positive recommendation,
12 with 10 members present voting in favor and one abstaining.

13 "The applicant proposes to operate a Quick Serve
14 Food Establishment -- previously called a Fast Order Food
15 Establishment. While Fast Order/Quick Service Food
16 Establishments are allowed as ordered in the Bay Zoning
17 District Business B, the use requires a special permit from
18 the BZA because it qualifies as a Formula Business, and is
19 located in the Harvard Square Overlay District.

20 "The proposed business occupies 1995 square feet
21 of gross floor area. It is proposed to be primarily carry-
22 out with five counter seats inside this establishment.

1 Committee members were generally supportive of the proposed
2 food use in this location, and recommended that the use be
3 approved.

4 "Committee members also appreciated the design of
5 the storefront, which maintains the character of the
6 building and the curved glass storefront windows.

7 "Committee members voted to transmit the following
8 specific comments for the BZA's consideration if granting a
9 special permit: More interior seating would be desired.

10 "It is suggested that the counter seating should
11 be included in both bay windows, rather than having one bay
12 dedicated to carryout orders. This would help provide a
13 greater activation of the storefront, particularly in colder
14 months, when people will want to eat indoors.

15 "Committee members noted that there was no street
16 parking or loading directly in front of the establishment,
17 and had concerns that customers or delivery services making
18 car pickups might have difficulty stopping nearby. If cars
19 stop in the travel lanes, it would disrupt traffic, and
20 could be an enforcement problem for the city.

21 "It was noted that third-party pickup and delivery
22 has become common for many Harvard Square businesses, and

1 the operator may not be able to fully control this type of
2 activity. But it remains a strong concern for some members.

3 "The operator could try to make drivers aware that
4 there is no stopping directly in front.

5 "Later business hours would be preferred to
6 promote nighttime activity. After hours, storefronts should
7 have a significant amount of lighting to promote a feeling
8 of safety.

9 "Members ask that a rendering of the storefront at
10 night be created. The operator should be responsible for
11 ensuring that trash and food containers and bags do not
12 result in litter in public space.

13 "The operator indicated that in other locations,
14 they have Staff participate in collecting trash in public
15 areas throughout the day, and would be willing to do so
16 here.

17 "There were no comments from the public.

18 "Respectfully submitted,

19 "Jeff Roberts,

20 "Director of Zoning and Development,

21 "Community Development Department."

22 So, going back and forth, the new drawing reflects

1 the additional seating. Is that right, Mr. Rafferty?

2 JAMES RAFFERTY: That's correct. The drawing on
3 the screen filed today is in direct response to the request
4 that additional seating be added in that second storefront
5 window.

6 BRENDAN SULLIVAN: And as far as the pickup of
7 takeout, that is obviously an ongoing concern everywhere in
8 Harvard Square, not necessarily this particular location.
9 And somehow it manages to work itself out somehow.

10 JAMES RAFFERTY: We did indicate to the Advisory
11 Committee that the applicant was willing to post signage in
12 the premises, indicating that double parking, parking in the
13 travel lane, is prohibited to help create awareness about
14 that issue.

15 BRENDAN SULLIVAN: Okay. So they would -- we
16 would encourage that. The hours of operation?

17 JAMES RAFFERTY: Well, currently the hours of
18 operation are until 10 percent. But as the Commission --
19 the Board knows, it will be necessary to obtain a Common
20 Victualler License at the License Commission.

21 And the specifics of those hours, the Advisory
22 Committee expressed the view that later hours are actually

1 seen as favorable. I think the applicant indicated they
2 were prepared to explore that.

3 Their current proposal would have them closing at
4 ten o'clock in the evening, but they're a service business
5 and acknowledge that if demand existed beyond ten o'clock,
6 they would be willing to explore it.

7 I think the opening hour of 10:30 or 11:00 in the
8 morning is unlikely to change, since there current isn't any
9 breakfast provided at the establishment.

10 BRENDAN SULLIVAN: Yeah, and that -- all that sort
11 of has to be a business decision too as to whether it's
12 feasible or not.

13 And one of the other criteria is the trash, which
14 I think is also listed in the requirements that we have to
15 find also.

16 JAMES RAFFERTY: Correct.

17 BRENDAN SULLIVAN: All right. That is the sum and
18 substance of any communication. I will close that portion.
19 Anything else to add, Mr. Rafferty, before we take it back
20 to the Board?

21 JAMES RAFFERTY: No, just -- just in terms of
22 completeness, we did represent to the Advisory Committee

1 that a condition regarding signage on the third-party
2 pickups and a commitment for Staff to police the area in
3 front of the establishment to pick up trash would be
4 acceptable conditions to be attached to the special permit,
5 if this Board found them to be appropriate.

6 BRENDAN SULLIVAN: Okay. All right. Let me take
7 it back to the Board. Laura, do you have any questions,
8 comments?

9 LAURA WERNICK: I do not.

10 BRENDAN SULLIVAN: All right. Jason, any
11 comments?

12 JASON MARSHALL: No comments, Mr. Chair.

13 BRENDAN SULLIVAN: Wendy?

14 WENDY LEISERSON: No comments.

15 BRENDAN SULLIVAN: Andrea?

16 ANDREA HICKEY: No comments.

17 BRENDAN SULLIVAN: Okay. Let me make a motion,
18 then, to grant the relief being requested for a special
19 permit to operate a quick serve food establishment as per
20 the application, supporting statements and the drawings as
21 submitted.

22 And also, I incorporate by reference the Community

1 Development correspondence from the Harvard Square Advisory
2 Committee.

3 And the Board has to make some findings. In
4 considering the application for a special permit, as fast-
5 food order or quick serve food establishment, the Board
6 shall find in addition to the other criteria specified in
7 Section 10.40, that the following requirements are met:

8 The operator of the establishment shall not create
9 traffic problems. Probably established that it may not, and
10 it would be indistinguishable from all the other traffic
11 problems down there.

12 That it would not reduce available parking. And I
13 may add editorially because there isn't any threat to the
14 public safety in the streets or sidewalks, and that is
15 probably a non-issue regarding this establishment.

16 Encourage or produce double parking on the
17 adjacent public streets, and the petitioner has pledged to
18 post signage that no double parking is allowed, and also
19 third-party pickup will also be encouraged not to double
20 park. And the petitioner will make a good faith effort to
21 enforce that.

22 The Board finds that the physical design,

1 including colors and use of materials of the established
2 zone shall be compatible with and sensitive to the visual
3 and physical characteristics of the other buildings, public
4 spaces, and uses in the particular location. And the Board
5 references the letter from the Harvard Square Advisory
6 Committee to that point.

7 The establishment fulfills a need for such a
8 service in the neighborhood or in the city. My feeling, and
9 potentially the other Board members find that as far as
10 fulfilling a need -- again, I reference back to the Harvard
11 Square Advisory Committee encouraging this particular
12 establishment to go in; I always find that the marketplace
13 decides the need, and as testimony has shown tonight from
14 our Counsel that this is a different type of offering than
15 currently now in the Square.

16 The establishment will attract patrons primarily
17 from walk-in trade or opposed drive-in or automobile-related
18 trade. However, should the Board find specifically that the
19 district with which the establishment is proposed to be
20 located does not have significant pedestrian traffic, this
21 requirement need not be met. Does have significant
22 pedestrian traffic, but that it will attract patrons from a

1 walk-in.

2 Establishment shall to the greatest extent
3 feasible utilize biodegradable materials and packaging and
4 food and the utensils, other items provided for consumption
5 thereof. The petitioner complies with that requirement?

6 Yes, I see. Is nodding yes.

7 The establishment shall provide convenient,
8 suitable and well-marked waste receptacles to encourage
9 patrons properly to dispose of all packaging materials,
10 utensils and other items provided with the sale of food.

11 And you shall comply with that

12 And the establishment complies with all state
13 local requirements applicable to ingress, egress, and use of
14 facilities on the premises for handicap and disabled
15 persons.

16 There is no barrier to a handicap person entering
17 the establishment?

18 JAMES RAFFERTY: That's correct.

19 BRENDAN SULLIVAN: That's correct. Yes. Okay.

20 So it appears that the requirements of 10.30 have
21 been met.

22 Under 10.43, it appears that the requirements of

1 the Ordinance can be met.

2 It appears that traffic generated, or patterns of
3 access or egress would not cause congestion, hazard, or
4 established -- or substantial change in the established
5 neighborhood character.

6 The Board finds that continued operation of or
7 development of adjacent uses, as permitted in the Zoning
8 Ordinance, would not be adversely affected by the nature of
9 the proposed use.

10 The Board finds that there would not be any
11 nuisance or hazard created to the detriment of the health,
12 safety and/or welfare of the occupant of the proposed use,
13 or the citizens of the city.

14 The Board finds that the proposed use would not
15 impair the integrity of the district or adjoining district,
16 or otherwise derogate from the intent and purpose of the
17 ordinance.

18 And the Board incorporates the correspondence from
19 the Community Development Department and Harvard Square
20 Advisory Committee to further reinforce that requirement
21 that there would not be any impairment associated with this
22 particular proposal.

1 On the motion, then, to grant the special permit
2 as per the application and drawings contained therein, Laura
3 Wernick?

4 LAURA WERNICK: In favor.

5 BRENDAN SULLIVAN: Jason Marshall?

6 JASON MARSHALL: In favor.

7 BRENDAN SULLIVAN: Wendy Leiserson?

8 WENDY LEISERSON: In favor.

9 BRENDAN SULLIVAN: Andrea Hickey.

10 ANDREA HICKEY: Yes, in favor.

11 BRENDAN SULLIVAN: And Brendan Sullivan yes.

12 [All vote YES]

13 BRENDAN SULLIVAN: Five affirmative votes, the
14 special permit is granted.

15 JAMES RAFFERTY: Thank you very much and have a
16 nice evening.

17

18

19

20

21

22

1 * * * * *

2 (8:25 p.m.)

3 Sitting Members: Brendan Sullivan, Wendy Leiserson, Laura
4 Wernick, and Jason Marshall

5 BRENDAN SULLIVAN: The Board will now hear Case
6 No. 182544 -- 27 Walker Street. Mr. Walker?

7 BRAD WALKER: Thank you, Mr. Chairman. Can you
8 hear me?

9 BRENDAN SULLIVAN: Yes. Yep.

10 BRAD WALKER: Yeah. Just waiting for the screen
11 to refresh. My name is Brad Walker. I am the architect for
12 27 Walker Street. Joining us on the call are the
13 homeowners, Leah Thiffault and Justin Bennett.

14 Will you be able to change the screen that I'm
15 seeing to pause it?

16 BRENDAN SULLIVAN: Yes.

17 BRAD WALKER: So this is an attached single-family
18 house, a house that's divided left and right. I am just
19 proposing a fairly substantial interior renovation of the
20 house, with relatively minor exterior changes.

21 The only change is pertaining to the Board this
22 evening happening in the back yard behind a fence. The

1 front of the house we'll be doing some -- front and the
2 sides of the house we'll be doing repairs to existing
3 siding, downspouts and some other work.

4 And I'm happy to say we're going to be
5 refurbishing all of the original windows, and not replacing
6 them.

7 In the rear of the house, there is a more
8 contemporary bank of -- let's call them picture windows that
9 we are going to replace with a kind of similar bank of
10 picture windows. And that triggers two elements of concern
11 for this Board.

12 Similar to a project you heard a few minutes ago,
13 we would like include in the replacement of windows -- and
14 you might see this on the second of our drawing sets -- a
15 window well. We'd like to lower the grade. The page after
16 this you might see it best.

17 And so, in lowering the grade, we triggered the
18 recalculation of the height of the house. We are not in any
19 way increasing the height of the house, but we are lowering
20 the grade in front of those windows that you see kind of
21 front and center, in order to get good daylight into what
22 will become a basement family room in this project.

1 And in so doing that, you can see in the red text
2 the existing noncompliant height of the house as measured
3 increases relatively modestly. I think it increase three
4 and a half feet, if I'm looking at my numbers right. Two
5 feet, two inches. I'm sorry.

6 Also, you can see in this image that in this area
7 there is a covered porch to the right of those windows
8 proposed.

9 And if you don't mind switching back to one
10 previous slide of the plan? There we go.

11 We're in the zone that's patched red there. And
12 the existing conditions are two covered porches in a fenced,
13 covered areaways -- one, a stair that leads up to the first
14 floor from the garden level, so about half a flight up and
15 one a stair that leads about half a flight down.

16 Both of those porch roofs will be removed to be
17 replaced with the geometry that you see in a diagonal grid
18 pattern. Instead, that diagonal grid pattern is about three
19 square feet larger than the red shaded area.

20 And so, that increases the gross square feet of
21 the house under cover. The porch is under cover. So we
22 would be asking for a variance for that dimensional

1 nonconformity as well.

2 And the third thing that we can see on this
3 drawing is what you see is a proposed shed. The back yard
4 of this house will be enclosed with a six-foot high fence.
5 It is still enclosed now, but it will be a new fence.

6 And we would like to put a long shed along the
7 side of that fence, such that it looks like a fence from
8 left and right. It was showing on the drawing you were at.

9 Go down a little. At the lower left corner, you
10 see a big rectangle that says, "Proposed shed." So that shed
11 is to be used for bicycles -- the family has got three
12 bicycles -- trash storage and garden storage and children's
13 toys to be used in the yard. We would like to be able to
14 put those entirely in one shed. That changes. Now, the
15 shed is the long rectangle where the proposed shed is.

16 Up higher, in black ink -- right there -- so that
17 long rectangle with the word in it is the proposed shed,
18 right against the property line, where it's not supposed to
19 be. It's supposed to be five feet from the property line.
20 And we would like to put it up against the property line so
21 it cannot further encumber the play area in the back yard,
22 detail it exactly like a six-foot-high fence from either

1 side.

2 So from the abutter's side or from the client's
3 side it will look like essentially a fence, and we can store
4 trash, bicycles, garden equipment and children's playthings
5 all in that one shed.

6 If it's -- I understand that there are within your
7 Zoning Code, there's limitations to the size of bicycle
8 sheds that can be up against the property line -- trash
9 sheds that can be up against the property line. We would
10 prefer not to subdivide it inside, but if that's a
11 condition, we can certainly manage that.

12 But the request here is to just treat that entire
13 side inside the gate, inside the owner's yard, as one long
14 shed that looks like fence.

15 So those are the three requests; one about the
16 building height, one about the gross square footage relative
17 to the change in shape of a porch roof, and one about the
18 location of a shed up against the property line instead of
19 in the middle of the garden.

20 ANDREA HICKEY: Mr. Chair, this is Andrea Hickey
21 speaking.

22 BRENDAN SULLIVAN: Yes.

1 ANDREA HICKEY: I just realized that I have a
2 conflict in this case, so I am not going to be able to
3 participate. My apologies. I just realized it.

4 BRENDAN SULLIVAN: Okay. Mr. Walker, what that
5 means is that if you wish to proceed, you would need four
6 affirmative votes. Normally we would have a five-member
7 Board; you would need to receive four of the five
8 affirmative votes. With one member recusing herself, you
9 would need all four members -- remaining members -- to
10 approve of your plan.

11 The alternative would be to continue this matter
12 -- yeah. It would be a case, but you could -- you'd have to
13 refile and ask for a five-member Board. And that would be
14 September -- well, no, because they have to be advertised.
15 So you wouldn't -- it would kick it up until October.

16 BRAD WALKER: Thank you, Mr. Chair. I understand.
17 This is for us a time-sensitive matter, and hoping to get
18 started in a construction window opportunity we have. I'm
19 wondering if we can continue the discussion, and if the
20 Board or Board members seem to have serious concerns, we
21 could ask for a continuance later on in the hearing.

22 But if we feel like we're going in a positive

1 direction, I'd like to keep going.

2 BRENDAN SULLIVAN: Okay. All right. That's fine.
3 Sure. Go ahead.

4 BRAD WALKER: So I had no further comments.

5 BRENDAN SULLIVAN: Okay. Laura Wernick, any
6 comments at this time, questions?

7 LAURA WERNICK: I had more of a I guess logistical
8 question about the shed. How do you -- whereas the door to
9 the shed? How does that work with the stair that's
10 adjacent?

11 BRAD WALKER: So it would be -- I'm sorry, Laura.
12 On the plan north side of the drawing we're looking at,
13 there would be multiple doors along the long side of the
14 shed facing to the owner's garden.

15 Again, some for bikes, they have a kind of -- I'm
16 not sure what you call it, but a family bike with a kid's
17 trailer behind it, kind of long --

18 LAURA WERNICK: Mm-hm.

19 BRAD WALKER: -- and garden equipment and
20 children's playthings. So I think multiple doors along --

21 LAURA WERNICK: -- the long face.

22 BRAD WALKER: -- the plan side of that rectangle.

1 BRENDAN SULLIVAN: The height of the shed is six
2 feet?

3 BRAD WALKER: Yeah. It would -- it would really
4 be detailed to look exactly like the fence, and we would
5 even, I think, try to detail it to conceal the existing
6 closed doors.

7 LAURA WERNICK: Do you have any kind of section
8 through it or elevation showing that at this point, or none?

9 BRAD WALKER: Well, I think the elevation drawing
10 shows that -- yeah. There you see a section through the
11 shed on the --

12 LAURA WERNICK: Mm-hm, okay.

13 BRAD WALKER: -- far drawing, and you see how it
14 lines up with the fence and very faintly you see the gate
15 into the yard, from this angle up towards the driveway and
16 the street.

17 LAURA WERNICK: Okay.

18 BRENDAN SULLIVAN: So is it in that location where
19 the shrubbery is now? Is that --

20 BRAD WALKER: No. Do you see in the photograph
21 you're looking at now, there's a sort of a step in the brick
22 towards the back?

1 BRENDAN SULLIVAN: Yes. Ah, okay.

2 BRAD WALKER: That is the approximate location of
3 where the gate would be. And then the shed itself is beyond
4 that -- quite a bit beyond that, I'm sorry. And in the sort
5 of swath where you see the shrubbery.

6 BRENDAN SULLIVAN: Okay.

7 LAURA WERNICK: And the -- how tall is the
8 existing fence?

9 BRAD WALKER: The existing fence is -- it varies,
10 but it's also six feet tall in the back --

11 LAURA WERNICK: Okay.

12 BRAD WALKER: -- lower here in the back.

13 LAURA WERNICK: Okay.

14 BRAD WALKER: Back-to-back with the neighbor.

15 BRENDAN SULLIVAN: So the proposed shed would not
16 be any taller than the fence?

17 BRAD WALKER: Correct.

18 BRENDAN SULLIVAN: Okay.

19 LEWIS WEITZMAN: That's all I have.

20 BRENDAN SULLIVAN: Anything else?

21 LAURA WERNICK: No further questions.

22 BRENDAN SULLIVAN: Okay. Jason, any questions?

1 JASON MARSHALL: Yeah, I do. One question.
2 Peter, can you go to the supporting statement for a
3 variance, please?

4 [Pause]

5 Yeah. So I understand the practical rationale for
6 the project. I guess on the -- on the part -- really
7 focusing more on Part B right now, on the statutory basis, I
8 guess actually maybe I'm interested in other members of the
9 Board whether anyone else paused at B here, or whether it
10 was just me?

11 WENDY LEISERSON: Jason, this is Wendy Leiserson.
12 Yes, I had the same question I think you're about to ask.

13 JASON MARSHALL: Okay. Yeah.

14 So, Mr. Walker, I mean, the question is just
15 trying to get a better sense of -- and again, there may be
16 other questions for clarifications for this sheet here, but
17 on B it's -- if you could provide any further rationale for
18 how the hardship relates to soil condition, shape or
19 topography, and that hardship isn't affecting generally the
20 zoning district -- even just looking at these two
21 explanations here or poor lighting in the basement and
22 insufficient storage... just going to the last point here on

1 that it's not affecting generally the zoning district, I
2 would venture to think that many properties -- if not most
3 -- have insufficient storage and poor lighting.

4 So any further explanation here would be very
5 helpful for me.

6 BRAD WALKER: I may not fully understand the
7 nuance of your responsibilities, but to us at least the
8 relationship to topography, in that we would like to get
9 more daylight into a playroom for the family, and sort of,
10 to do that -- obviously, without adding on for the house --
11 we can do that in basement space by lowering the topography
12 adjacent to that in a sort of wind -- we're calling it a day
13 window-level sort of lowered areaway that you saw in the
14 other drawing.

15 JASON MARSHALL: And when you say, "lowering the
16 topography," what do you mean by that?

17 BRAD WALKER: We are lowering the ground plane
18 against the house. So in this elevation drawing, if you
19 look essentially to the left and right of that window
20 system, you see the existing ground plane.

21 But in the elevation in the middle, you see where
22 it says, "New window well excavation" in red -- red text.

1 We're dropping down the grade in that area in order to bring
2 more daylight and an actual basement door into that space.

3 Now, there is a basement door currently. It's on
4 the side of the house and we'll be getting rid of that in
5 favor of this one. But those are the things that trigger
6 the change in the calculation of building height under the
7 Dimensional requirements.

8 Again, we're not changing anything about the
9 actual height of the building, but we are lowering the
10 topography or lowering the grade there in order to get
11 better use of the property.

12 LAURA WERNICK: And Jason, if I can interrupt --

13 JASON MARSHALL: Yeah, please.

14 LAURA WERNICK: -- I assume that the storage is
15 the outdoor family storage? That there's no --

16 BRAD WALKER: Yeah.

17 LAURA WERNICK: No --

18 BRAD WALKER: The storage --

19 LAURA WERNICK: -- room --

20 BRAD WALKER: -- is not --

21 LAURA WERNICK: -- for --

22 BRAD WALKER: -- in reference -- our article was

1 about the shed.

2 LAURA WERNICK: Yeah, okay. Thank you.

3 JASON MARSHALL: All right. Thank you for your
4 response. I have to consider that further, and maybe if
5 Wendy has questions, that may help as well. Thanks.

6 BRENDAN SULLIVAN: Wendy, any comments?

7 WENDY LEISERSON: Well, I think, as Jason said,
8 I'm sympathetic to the practical problems that you're trying
9 to solve and feeling a little bit like my hands are tied by
10 the language and the strict threshold of hardship that the
11 law requires.

12 And I'm not sure that -- I mean often projects
13 propose lowering the grade in order to expand livable space.
14 So I'm not sure how this case differs with its statutory
15 requirements, how the topography of the land or the shape of
16 the structures makes it different enough to grant a
17 variance. Yeah.

18 BRENDAN SULLIVAN: Yeah, it's a --

19 BRAD WALKER: I'm not --

20 BRENDAN SULLIVAN: -- struggle. It's just --

21 BRAD WALKER: -- because I think we just saw this
22 two applications prior where the Board did approve this very

1 same concept. So I'm not sure if we're doing something
2 different, if I haven't used the right words to describe the
3 hardship?

4 BRENDAN SULLIVAN: No, I think what we struggle
5 with on the -- speaking for myself, maybe other members of
6 the Board -- that what is before us seems a fair and
7 reasonable request and use of the property. But we have a
8 few legal standard that we have to come up to and legal
9 justification that we have to meet.

10 Changing the topography is sort of somewhat of a
11 misread of our charge. Variances shall be granted where the
12 hardship is related to the soil conditions, the shape of the
13 lot -- meaning that it has an unusual shape -- and
14 topography, so that you have a change in grade -- natural
15 change in grade.

16 BRAD WALKER: Mm-hm.

17 BRENDAN SULLIVAN: And as such that you could say
18 as of right build say in the back left corner of the house.
19 However, at that back level corner of the house, the grade
20 dramatically drops off.

21 And so, it makes it impractical, horrendously
22 expensive, and just not worthwhile to put an addition there

1 because of the topography and the amount of excessive work
2 that would be required to support whatever you wanted to do.
3 So then you come down to the Board and say, "That is a
4 hardship. That's an inherited hardship with the natural
5 terrain."

6 However, I could do it over on the right side of
7 the structure, because the topography there -- the plane of
8 the ground is more level, more conducive to a developer.
9 That would be where we can hang our hat basically and say
10 that you have met the criteria based on topography; that
11 there is unusual topographical element there that we
12 recognize, and as such that is an inherent hardship.

13 Changing the topography, lowering the grade,
14 access into the basement, and so on and so forth doesn't
15 necessarily address the legal standard or finding that we
16 have to make.

17 Jason, Wendy, Laura, have I stated that somewhat
18 correctly, or --

19 WENDY LEISERSON: Yes, I -- this is Wendy
20 Leiserson -- yes, I believe so.

21 And also, I think the other case that the
22 petitioner is referring to is a special permit case, not a

1 variance case, unless we're referring -- thinking of two
2 different cases. But -- so the legal standard was different
3 in that case, and that is why you're hearing us hesitate
4 here.

5 BRENDAN SULLIVAN: Jason?

6 JASON MARSHALL: Yeah, I was going to -- well,
7 Brendan, I think you stated it incredibly well as helpful
8 articulation. I was going to come off mic and say the same
9 thing Wendy did. I think at least one of the cases you're
10 thinking of was Regent Street, and that did come under a
11 special permit where they don't have to demonstrate
12 hardship.

13 I think the difference there was that was a
14 detached residence, and this is attached, which is why I
15 think you need to come under the variance. So just wanted
16 to explain the difference there on the standard.

17 BRENDAN SULLIVAN: I guess on this particular case
18 before us, that justification could be that there is a
19 desire to utilize the basement space for family members, it
20 becomes a desirable element for -- I'm going to use the
21 vernacular: "playroom," "gathering room," "TV room," "media
22 room" -- whatever, gathering room -- outside of the main

1 body of the house, where people are tending to work from
2 home more often, and that you sort of seek out a non-usable
3 space for your own turf, away from sort of the other members
4 who are doing whatever they're doing, so that you look
5 around in the basement, and obviously it has standard
6 windows.

7 And I think that what Mr. Walker is saying is that
8 we need to increase that amount of air and light getting
9 into the basement to make that space far more usable, far
10 more pleasant, and also healthier, so that by -- you know --
11 digging down and having an area that they can access, get in
12 and get out of safely and capture a lot of light --
13 obviously and fenestration makes it worthwhile and useable.

14 The shed, they are blossoming all over the place
15 because of the plethora of bicycles that people are using,
16 and also just normal lawn equipment, garden equipment,
17 outdoor equipment, tools, and so on and so forth.

18 And I don't have a problem with this one, because
19 it's going to be the same height as the fence, and sort of
20 maybe it's an element of that fence, and I think it's pretty
21 nondescript in that -- in its usage, and also in its form.

22 However, getting back to the requirements for the

1 variance, it could very well be that we find that the
2 unusual shape of the lot, the location of the house on the
3 lot -- which is encumbering the house, which was built prior
4 to the existing ordinance, and as such the existing
5 ordinance is encumbering the house -- and restricting the
6 house to be able to expand or make use of valuable square
7 footage, and as such the request before us to allow for this
8 excavation and the lowering of the grade accomplishes that
9 end. That would be my thought.

10 I don't know if other members of the Board concur
11 or not. But that was me.

12 WENDY LEISERSON: I would concur with that. You
13 know, I think it is a health and wellness issue to be able
14 to have adequate light for creating the space with adequate
15 light.

16 JASON MARSHALL: And Mr. Chair, I mean look, we
17 have hearings because the beginning and the end of these
18 cases, it's not just the application, we have these hearings
19 to explore the issues further, to get clarifications and to
20 hear from the public. So I do want to hear whether there's
21 any public comment.

22 But I may be able to get there as well, given your

1 helpful explanation, and depending on how the motion is
2 articulated.

3 BRENDAN SULLIVAN: Yeah. Okay. Wendy, any other
4 further comments before I put it up to public comment?

5 WENDY LEISERSON: I think I --

6 BRENDAN SULLIVAN: I'm looking for some help and
7 guidance here.

8 WENDY LEISERSON: -- I'm contemplating your
9 comments about the topography -- the shape of the house and
10 its position on the lot as reasonable hardships. I guess I
11 am curious to know if -- I mean, if there was any reason why
12 we would still hesitate, what would be the impact? Is it
13 just the -- just so I can make sure I understand what the
14 impact of the plans is?

15 It is simply the light of the windows, or is it
16 also the egress? Is there any compromise that the architect
17 might suggest that would make it easier or more palatable to
18 the Board? I don't know, I'm asking.

19 BRENDAN SULLIVAN: Okay. Let me open it to public
20 comment, anyhow. Any members of the public who wish to
21 speak should now click the button that says, "Participants,"
22 and then click the button that says, "Raise hand."

1 If you are calling in by phone, you can raise your
2 hand by pressing *9 and unmute or mute by pressing *6, and
3 you'll have up to three minutes to comment.

4 Taylor?

5 TAYLOR LOWE: Yes, hi.

6 BRENDAN SULLIVAN: Hi.

7 TAYLOR LOWE: My name is Taylor -- hi. Thank you
8 for letting me speak. My name is Taylor Lowe. I am -- my
9 partner and I are the homeowners who are immediately
10 adjoining 27 Walker Street. So we're attached. We share
11 the same building.

12 And I just wanted to, you know, say that as the
13 people who are most immediately attached and connected, you
14 know, we have absolutely no objections and we fully support
15 this.

16 And part of what has drawn us to this street is
17 its potential -- increasing potential for it being a family
18 street. And I feel like the modifications that are being
19 proposed are in support of that future for the street.

20 And so, as a homeowner and a very vested, attached
21 homeowner, you know, I would really hope to see that this
22 project goes through, and adds to -- yeah, the next

1 generation for Walker Street.

2 BRENDAN SULLIVAN: Thank you for taking the time
3 to call in. That's the sum and substance of the calls in.
4 And there is a correspondence in the file from George Soule
5 -- S-o-u-l-e, Soule.

6 "Dear Board of Zoning Appeal,
7 This letter is in support of the proposed
8 renovation to the residence at 27 Walker. We live at 30
9 Walker, and the owners of 27 Walker have shared their
10 proposed plans with us.

11 "We are pleased to provide our full support to our
12 neighbor's plan."

13 "Respectfully, Nan and George Soule" -- S-o-u-l-e.

14 That is the sum and substance. I will close the
15 public comment part, send it back to Mr. Walker. Any
16 comments that you'd like to make addressing any concerns,
17 questions by the Board?

18 BRAD WALKER: I very much appreciate the
19 consideration of what are I think quite modest requests to
20 make this continue to work as a house for a family with
21 young children.

22 The allowance of light and air and a direct

1 connection from a basement family room to a back yard, what
2 will be largely play space and social space, I think is
3 probably evident to anyone that those are nice features,
4 with a fenced back yard for a family with young children.

5 So we hope that that is seen as a net positive,
6 both for the neighborhood and for the homeowner in that it
7 increases the livability of this house for families in our
8 current times.

9 And it's -- as we said, triggered by a dimensional
10 method of calculation. We're not actually making the
11 building any higher.

12 I think maybe it was Ms. Wernick who asked if
13 there was a way to dig out less? It's really actually quite
14 modest if you look at the elevation drawing. It's the --
15 the preponderance of the excavation is just the width of the
16 door and a little bit of clearance next to the door.

17 And then one foot seven inches of area well, dry
18 window well, in front of the lower windows to get them down
19 to sort of a reasonable level inside that playroom space.

20 And again, that just triggers the way the net
21 average grade is calculated.

22 WENDY LEISERSON: Thank you. That was my

1 question.

2 BRAD WALKER: I'm sorry.

3 WENDY LEISERSON: That's all right. And thank you
4 for reminding me of what those dimensions were.

5 BRENDAN SULLIVAN: Okay. So it's back now to the
6 four of us. Wendy, Jason, Laura, any further comments or --
7 are we --

8 WENDY LEISERSON: I am satisfied by your
9 explanation of how the structure and placement on the lot --

10 BRENDAN SULLIVAN: I forget what I said.

11 WENDY LEISERSON: [Laughter]

12 BRENDAN SULLIVAN: Just the musings of a feeble
13 mind. But thank you.

14 WENDY LEISERSON: Maybe it could be read back to
15 us.

16 COLLECTIVE: [Laughter]

17 BRENDAN SULLIVAN: Thank you. Jason? Your
18 thoughts here?

19 JASON MARSHALL: No, I don't have anything further
20 than what I added to before, Mr. Chair. I think -- I think
21 a motion appropriately fashioned focusing on shape, you
22 know, could probably get us there.

1 BRENDAN SULLIVAN: Okay. And Laura, I think you
2 voiced your okay with whatever I had said? So.

3 LAURA WERNICK: [Laughter] Yeah. And it is such a
4 minimal excavation.

5 BRENDAN SULLIVAN: If I could play the tape back
6 again, you know? All right, let me make a motion, then, to
7 grant the relief request of a variance to construct the
8 window well in a rear yard and reconstruct an existing
9 second-floor deck with the extended roof..

10 And a shed for storage of bicycles and trash as
11 per the application, supporting statements, dimensional form
12 and drawings submitted, the drawings initialed by the Chair,
13 on the condition that the work comply with the drawings as
14 submitted.

15 The Board finds that a literal enforcement of the
16 provisions of the ordinance would involve a substantial
17 hardship to the petitioner, because it would preclude the
18 petitioner from utilizing much-needed space in the basement.

19 That the proposed work of lowering the grade,
20 allowing for a code-compliant entry into the basement and
21 exit would be a safety concern that's being addressed.

22 That additional windows along that adds to the

1 fenestration, bringing much-needed air and light into that
2 section of the basement, which is used for a family
3 room/viewed by members of the family.

4 And that also complies with the building code
5 requirement for amount of fenestration/air, light coming
6 into a useable space, useable living space.

7 The Board finds that the hardship is owing to the
8 shape of the lot, the location of the structure on the lot,
9 which was placed there -- predates the existing ordinance,
10 as such is encumbered by the ordinance, and so that any
11 addition to this particular petitioner -- petition, a net of
12 23 square feet, which the Board finds is a fair and
13 reasonable request and quite de minimis.

14 That the proposal will address a number of issues
15 that are directly related to the placement of the house on
16 the lot and the hardship that that has created to any person
17 who occupies this home.

18 The Board finds that desirable relief may be
19 granted without substantial detriment to the public good.
20 And that this will actually improve the living conditions
21 for the residents of the family and are in line actually
22 with the character of the neighborhood.

1 Desirable relief may be granted without nullifying
2 or substantially derogating from the intent and purpose of
3 this ordinance to allow homeowners fair and reasonable use
4 of their property, to the expansion of living space into the
5 basement, which is actually a -- now a public policy created
6 by the City Council to encourage more useable space within
7 existing structures.

8 And it also allows for families to stay in their
9 home and enjoy it in an expanded space, and also allows for
10 better distancing of family members, which is a societal
11 concern, given COVID-19.

12 On the motion, then, to grant the request for the
13 variance, as per the application? Laura Wernick?

14 LAURA WERNICK: Yes, in favor of granting.

15 BRENDAN SULLIVAN: Jason Marshall?

16 JASON MARSHALL: In favor.

17 BRENDAN SULLIVAN: Wendy Leiserson?

18 WENDY LEISERSON: In favor.

19 BRENDAN SULLIVAN: Brendan Sullivan in favor.

20 [All vote YES]

21 BRENDAN SULLIVAN: On the four affirmative votes,
22 the variance for the work is granted.

1 BRAD WALKER: Thank you very much.

2 BRENDAN SULLIVAN: Good luck. And that concludes
3 tonight. Thank you all and the supporting cast, who are
4 wonderful. Thank you.

5 COLLECTIVE: Thank you, Mr. Chair.

6 JASON MARSHALL: Thanks, Mr. Chair. Thank you,
7 Peter.

8 ANDREA HICKEY: Well done, Mr. Chair.

9 BRENDAN SULLIVAN: Well, it's the supporting cast
10 that's -- you know, that makes it all happen. Plus our
11 Chief of Staff McLaughlin here was wonderful. Thank you.
12 Goodnight. Stay safe.

13 COLLECTIVE: Goodnight. Thank you.

CERTIFICATE

Commonwealth of Massachusetts

Middlesex, ss.

I, Catherine Burns, Notary Public in and for the Commonwealth of Massachusetts, do hereby certify that the above transcript is a true record, to the best of my ability, of the proceedings.

I further certify that I am neither related to nor employed by any of the parties in or counsel to this action, nor am I financially interested in the outcome of this action.

In witness whereof, I have hereunto set my hand this 2nd day of September, 2022.

Notary Public

My commission expires:

July 28, 2028
