* * * * *

(6:00 p.m.)

Sitting Members: Brendan Sullivan, Slater Anderson, Wendy
Leiserson, Zarya Miranda, Virginia
Keesler, Matina Williams, and Jim
Monteverde

BRENDAN SULLIVAN: Good evening, welcome to the
June 29, 2023 meeting of the Cambridge Board of Zoning
Appeal. My name is Brendan Sullivan, and I am Chairing the
first two continued cases for this evening.

Pursuant to Chapter 2 of the Acts of 2023 adopted
by the Massachusetts Court, and approved by the Governor,
the City is authorized to use remote participation at
meetings of the Cambridge Board of Zoning Appeal.

This meeting is being video and audio recorded and
is broadcast on cable television Channel 22 within
Cambridge.

There will also be a transcript of the
proceedings.

All Board members, applicants, and members of the
public will state their name before speaking. All votes

1 will be taken by roll call.

2 Members of the public will be kept on mute until
3 it is time for public comment. I will give instructions for
4 public comment at that time, and you can also find
5 instructions on the City's webpage for remote BZA meetings.

6 Generally, you will have up to three minutes to
7 speak, but that may change based on the number of speakers,
8 and at the discretion of the Chair.

9 I'll start by asking Staff to take Board members
10 attendance and verify that all members are audible.

11 OLIVIA RATAY: Slater Anderson?

12 SLATER ANDERSON: Here.

13 OLIVIA RATAY: Andrea Hickey?

14 ANDREA HICKEY: Present.

15 OLIVIA RATAY: Wendy Leiserson?

16 WENDY LEISERSON: Present.

17 OLIVIA RATAY: Zarya Miranda?

18 ZARYA MIRANDA: Present.

19 OLIVIA RATAY: Virginia Keesler?

20 VIRGINIA KEESLER: Present.

21 OLIVIA RATAY: Matina Williams?

22 MATINA WILLIAMS: Present.

OLIVIA RATAY: Jim Monteverde?

JIM MONTEVERDE: Present.

OLIVIA RATAY: Brendan Sullivan?

BRENDAN SULLIVAN: Present.

I'll go right to Mass Avenue; Matina's available.

OLIVIA RATAY: Okay. Steven --

1 * * * * *

2 (6:09 p.m.)

3 Sitting Members: Brendan Sullivan, Jim Monteverde, Andrea
4 Hickey, Matina Williams, and Slater
5 Anderson

6 BRENDAN SULLIVAN: First case I'm going to call is
7 BZA-201432, which is 1640 Massachusetts Avenue. Sitting on
8 that case is myself, Brendan Sullivan; Jim Monteverde,
9 Andrea Hickey, Matina Williams, and Slater Anderson.

10 Sarah, yes.

11 SARAH RHATIGAN: Yes. Good evening, Mr. Chairman,
12 and members of the Board. Sarah Rhatigan from Trilogy Law
13 LLC, 12 Marshall Street in Boston, Massachusetts. I'm here
14 representing the petitioner. And we've requested a further
15 continuance.

16 And I do understand since filing that requested
17 continuance that, Mr. Chairman, you had expressed some
18 concern about a further continuance, which I entirely
19 understand and appreciate.

20 And I wanted to give a little bit of context for
21 the reasons for needing some additional time, and then also
22 to make a suggestion to the Board, which is we believe that

1 we could request leave of this Board to withdraw the
2 petition without prejudice under the state statute -- and
3 that without prejudice meaning that it would allow the
4 petitioner to refile an application at a later point when
5 they are more prepared to move forward with their plans.

6 And I wanted to offer that as an alternative way
7 to move forward. We don't want to be wasting the time of
8 the Board. We want to be able to move, you know, swiftly
9 through your agenda. So I wanted to put that out there as a
10 possibility. But --

11 BRENDAN SULLIVAN: Yeah. That was my --

12 SARAH RHATIGAN: Yes.

13 BRENDAN SULLIVAN: -- concern, because this was
14 back to December. And that what it does is is it takes a
15 space, a slot from somebody who's probably ready to go
16 forward. Plus, it also requires that the same Board members
17 reassemble, so Board members sort of block out this
18 particular night and -- you know, to hear the case, and then
19 it gets continued.

20 So it's a bit of an imposition on the Board's part
21 to have to come -- for the petitioner to keep requesting
22 continuances.

1 So the Board's policy has always been possibly two
2 or three -- this would be a fourth. And so, I express the
3 interest that I would not be amenable to continuing the
4 matter.

5 Now, regarding the second point, Article -- and
6 our Zoning Ordinance 10.51 basically says that after a
7 petition has been advertised, that if the petitioner
8 requests or a withdrawal it is to be reconsidered adverse
9 action, which would preclude the petitioner from coming back
10 for two years under the repetitive petition section.

11 You know, you could come back, but there's a whole
12 -- you'd have to go to the Planning Board to prove that
13 there's substantial change and there's a whole bunch of
14 hurdles to jump over.

15 Now, in -- to take up on your second suggestion
16 that Chapter 40A Section 16, which is the state statute, and
17 there is some validity in saying this to the State statute
18 would override the City Ordinance, the State Statute
19 basically says any petition for a variance or application
20 for a special permit which has been transmitted to the
21 permit granting authority or special permit granting
22 authority may be withdrawn without prejudice by the

1 petitioner prior to the publication of the notice of a
2 public hearing thereon.

3 But thereafter, which is pertinent here, may be
4 withdrawn without prejudice only with the approval of the
5 special permit granting authority or permit granting
6 authority.

7 So the -- if the members of the Board were
8 amenable to allowing you to withdraw without prejudice, we
9 would take a vote, you'd have to receive four votes, and
10 then the matter would be withdrawn as per your request. And
11 then when you are better prepared, then you would come back
12 with a -- basically a de novo.

13 And you are amenable to that course of action, for
14 me to make a motion, then, to allow you to withdraw the
15 petition without prejudice, and then you would have the
16 option of coming back then at a later date with revised
17 drawings or whatever?

18 Basically, it would be a new case. You'd have to
19 readvertise and everything.

20 SARAH RHATIGAN: And Mr. Chairman, I'm sorry, are
21 you posing that question to me or to your --

22 BRENDAN SULLIVAN: Yes, yeah.

1 SARAH RHATIGAN: -- yeah.

2 BRENDAN SULLIVAN: Well, to you.

3 SARAH RHATIGAN: Yes. We are amenable to that
4 route. And I think that would be desirable.

5 BRENDAN SULLIVAN: Okay. So let me -- Jim
6 Monteverde, any questions or concerns regarding I will make
7 a motion to allow the petitioner to withdraw without
8 prejudice?

9 JIM MONTEVERDE: I'm ready to go for a motion and
10 I'm in favor of that.

11 BRENDAN SULLIVAN: Andrea Hickey?

12 ANDREA HICKEY: I'd like to know why they're not
13 ready. We started this six months ago. So -- and this is
14 considered a heard case. Mr. Chair, as you said, we all
15 kind of clear our schedules and make ourselves ready. If I
16 could ask Counsel, why the petitioners are not ready?

17 SARAH RHATIGAN: Mr. Chairman, I'm happy to --

18 BRENDAN SULLIVAN: Yep.

19 SARAH RHATIGAN: -- answer that question.

20 BRENDAN SULLIVAN: Yep.

21 SARAH RHATIGAN: Thank you for asking the
22 question, and I did want to be able to provide a brief

1 description of this.

2 So the project has been very complicated for the
3 client to kind of get a handle on, both because of the --
4 kind of the shape of the lot, the difficulties with
5 renovating the particular structure, and honestly the way
6 that they can do so and make the project economic for the
7 owner.

8 And so, they've struggled with some internal
9 decision-making also internally with their teams shifting
10 around in terms of architect, architects involved.

11 And they've also wanted to make an effort to come
12 up with a plan that will be amenable to the neighbor who's
13 been most impacted and most concerned about this. And
14 they're cognizant of the fact that that's going to take some
15 time to work through the concerns and the issues there.

16 I realize that, you know, some projects are able
17 to move much more quickly than this one and really do
18 apologize to the Board for inconveniencing people if you've
19 had to come here tonight for this case. I can imagine that
20 that's annoying. So we are sorry about that.

21 BRENDAN SULLIVAN: Andrea, anything else?

22 ALISON HAMMER: No. I have nothing further to

1 ask.

2 BRENDAN SULLIVAN: Matina, your thoughts on this,
3 on the request to withdraw?

4 MATINA WILLIAMS: Can you hear me?

5 BRENDAN SULLIVAN: Okay, you're -- any thoughts
6 regarding the request to allow the petitioner to withdraw?

7 MATINA WILLIAMS: No. I'm --

8 BRENDAN SULLIVAN: No?

9 MATINA WILLIAMS: -- all set. I don't have any
10 questions ready to go.

11 BRENDAN SULLIVAN: Okay. Slater, do you have any
12 questions or concerns?

13 SLATER ANDERSON: No questions or concerns. Let's
14 proceed.

15 BRENDAN SULLIVAN: All right. Let me make a
16 motion, then, to allow the petitioner to withdraw Case No.
17 20142 -- 1640 Massachusetts Avenue without prejudice.

18 The Board will cite State Statute Chapter 40A
19 Section 16, which the Board feels will override the City
20 Ordinance of 10.51 in allowing the petitioner to withdraw
21 without prejudice.

22 On the motion, then, to allow the petitioner to

1 withdraw without prejudice, Jim Monteverde?

2 JIM MONTEVERDE: In favor.

3 BRENDAN SULLIVAN: Andrea Hickey?

4 ANDREA HICKEY: Yes, in favor.

5 BRENDAN SULLIVAN: Matina Williams?

6 MATINA WILLIAMS: In favor.

7 BRENDAN SULLIVAN: Thank you. Slater Anderson?

8 SLATER ANDERSON: In favor.

9 BRENDAN SULLIVAN: And Brendan Sullivan yes.

10 [All vote YES]

11 BRENDAN SULLIVAN: On the five affirmative votes,
12 this matter is withdrawn as per the petitioner's request.

13 Thank you, Sarah.

14 SARAH RHATIGAN: Thank you again. Thank you.

15 BRENDAN SULLIVAN: Yep.

16

1 * * * * *

2 (6:18 p.m.)

3 Sitting Members: Brendan Sullivan, Jim Monteverde, Andrea
4 Hickey, Wendy Leiserson, and Slater
5 Anderson

6 BRENDAN SULLIVAN: The next case I'll call is No.
7 206411 -- 9 Bellis Circle #2.

8 ADAM DASH: Good evening, Mr. Chair.

9 BRENDAN SULLIVAN: Mr. Dash, how are you?

10 ADAM DASH: I'm very well. Nice to see you again.
11 Attorney Adam Dash, 48 Grove Street, Suite 304 Somerville,
12 Massachusetts. It's D-a-s-h, attorney for George White and
13 Karen Stevens, who are the owners/applicants for this Bellis
14 Circle case.

15 You may recall the applicants were seeking to have
16 a front and a rear yard shed -- two sheds, on the in the
17 front and one in the back -- within the setbacks, which will
18 also require FAR relief.

19 The applicants then requested a continuance to
20 tonight so they could address the issues raised by the BZA
21 and an abutter about the proposed front shed.

22 And I, as you may recall, was brought in to

1 represent them after the first BZA hearing on the matter and
2 wanted some time as well.

3 The BZA had also asked the applicants to upload
4 the site plan that was ordered at the Registry of Deeds
5 regarding the townhouse development, which I did since the
6 last hearing. I don't know if Staff could pull that up, the
7 one that shows the shed on it?

8 The site plan is a bit of an unusual property on
9 Bellis Circle -- thank you. You can see there's a series of
10 six townhouses with some -- thank you -- with some common
11 areas in between.

12 My clients, the applicants, are #2 on that plan
13 there. That says 2,963.6 square feet -- right. And you can
14 see to the left there the -- that is the rear shed that
15 we're calling it, which is -- my clients have overlaid on
16 this plan.

17 At the front is 2A, that cross-hatched area down
18 at the bottom. That is the parking area for my clients.
19 And that is where they had the front shed. That front shed
20 has since been removed, and they are no longer seeking to
21 have the front shed, because as I recall at the last
22 hearing, the Board had raised some questions about its

1 impingement on the parking space 2A.

2 So -- and also that the neighbor on that #1 had
3 opposed it. So the neighbor who is next door opposed it.
4 So we took that one down.

5 So that should resolve -- that resolves,
6 apparently, the abutter's concerns. She filed a letter
7 right before this hearing maybe an hour or so ago stating
8 that she had no issue with back shed and was glad the front
9 shed was down -- I am paraphrasing it of course -- and this
10 addresses the BZA's question about the front shed's impact
11 on the parking.

12 So there have been no concern that were raised
13 about the rear shed. So that's all we're seeking relief for
14 now. There are six letters of support from the neighbors,
15 including Unit #3, which is the one right above us, which is
16 the -- whose yard is the one closest to the proposed shed.

17 And that the rear shed, which has minimal impact
18 on anybody, and which provides the applicants a place to
19 store outdoor furniture and yard equipment, and you can see
20 this is such a tight site of townhouses.

21 It is not a condominium, but it is a tight site of
22 townhouses with very little open space, particularly as you

1 can see for Unit 2, compared to the other units.

2 The shed is very small. It is 8.25' x 4.3' or
3 35.48 square feet. It's a pretty small shed. This is a
4 minimal gross floor area increase and is only 26.5' above
5 the Zoning Ordinance number. Yeah, there are the figures
6 that -- of the setbacks and the square footages and such.

7 The small shed size also means that the setback
8 issue is not for a very long distance, as you can see. It's
9 a relatively -- it's not the full length, it's running the
10 full length of the property line.

11 The applicant's yard is small, so it's difficult
12 to locate a shed without a set pecking issue anywhere and
13 putting it in the middle of the yard basically renders the
14 yard unusable and sort of destroys the point here.

15 So I know that several members at the last hearing
16 have stated that they had no issue regarding the rear shed,
17 and everyone was just talking about the front shed, which is
18 now gone. So the applicants, having dropped the front shed
19 from the request, would ask that the variances for the rear
20 shed be approved.

21 Thank you.

22 BRENDAN SULLIVAN: Thank you. Jim Monteverde, any

1 questions or comments?

2 JIM MONTEVERDE: No questions.

3 BRENDAN SULLIVAN: Andrea Hickey, any questions or
4 comments?

5 ANDREA HICKEY: No, thank you, Mr. Chair.

6 BRENDAN SULLIVAN: Wendy Leiserson?

7 WENDY LEISERSON: No questions.

8 BRENDAN SULLIVAN: Slater Anderson, any questions
9 or comments?

10 SLATER ANDERSON: No questions or comments.

11 BRENDAN SULLIVAN: Let me open it to public
12 comment. Any member of the public who wishes to speak
13 should now click the icon at the bottom of your Zoom screen
14 that says, "Raise hand."

15 If you are calling in by phone, you can raise your
16 hand by pressing *9 and unmute or mute by pressing *6.

17 There appears to be nobody calling in. As Counsel
18 Dash has stated, there are letters in the file from --
19 actually eight letters: 111 Sherman Street. There is a
20 resident at 9-4 Bellis Circle, 6 Bellis Circle. There is 33
21 Bellis Circle, No. 9 -- well, from a resident of Bellis
22 Circle and No. 9 Bellis Circle, No. 3.

1 And again, they're all in favor of the shed.

2 I will -- there's also a late correspondence,
3 which came in from Joan, who apparently is the owner of No.
4 1. And the summation of her thoughts to be conveyed to the
5 Board:

6 "I'm glad that they removed the shed in front of
7 their driveway. I don't want them to ever put any size,
8 large or small in front of their driveway -- now, not now or
9 in six months or ever; in perpetuity. Not a lawyer, but
10 with this being legally binding, I would allow and agree for
11 them to keep their existing big shed.

12 "Please advise if this closes the case and update
13 me, as I won't be at the meeting tonight. Many thanks for
14 your help and to the Board as well."

15 The issue before us is the shed in back. As far
16 as precluding them from ever building another shed in the
17 front driveway or whatever is that it would exceed the
18 Board's authority to make that as a condition of granting
19 the variance of this shed.

20 That the property owner does have constitutional
21 rights, and as a property owner of the City can also -- can
22 ever, can also apply at some point for a variance to locate

1 the shed there, but we could not preclude them from
2 exercising their constitutional rights. So that would be my
3 thought on that.

4 I will close public comment at this time. Mr.
5 Dash, anything else to add?

6 ADAM DASH: No, Mr. Chair. Thank you.

7 BRENDAN SULLIVAN: Board, ready for a motion to
8 grant?

9 JIM MONTEVERDE: Ready.

10 ANDREA HICKEY: Ready.

11 WENDY LEISERSON: Yes.

12 BRENDAN SULLIVAN: Let me make a motion, then, to
13 grant the requested variance relief from Article 4.21, which
14 has to do with the accessory structure and its location on
15 the lot and the required amount of setback, which would vary
16 the Table of Dimensional Requirements found in 5.31.

17 The Board finds that a literal enforcement of the
18 provision of 4.21 would involve a substantial hardship to
19 the petitioner because it would be -- it would preclude them
20 from having an exterior storage facility for trash and for
21 compost -- for bicycle, for yard tools, outdated furniture,
22 which is somewhat prevalent in the neighborhood.

1 This is a particularly small lot. The shape of
2 the lot is rather unique to the district, and the townhouse
3 setup also does not have a basement for storage, and as
4 such, the petitioner is at a great hardship to find storage,
5 and also is encumbered by the ordinance.

6 The Board finds that desirable relief of the
7 hardship is in fact owing to the shape of the lot, the
8 location of this particular property, and the unique
9 characteristic of not having any basement and requiring some
10 additional storage.

11 The Board finds that desirable relief may be
12 granted without substantially derogating from the intent or
13 purpose of this ordinance and would not have any adverse
14 effect or detriment to the public good; in fact, the public
15 would be served better by allowing a shed of this nature
16 there to allow for the storage of trash bins and compost,
17 which would be essential towards rodent control.

18 Also, I might note that the Board notes that the
19 trend in society is to use alternative modes of
20 transportation for all members of citizenry and households.
21 And as such, the number of cycles -- pedal power, if you
22 will -- are constantly increasing, and the hardship is

1 trying to protect them from the elements.

2 And so, that by allowing this particular shed it
3 number one -- allows petitioners to store bicycles safely
4 out of the weather. It enhances their ability to find
5 alternative modes of transporting around the city. The City
6 Council has noticed this, obviously, and has a systematic
7 program of enhanced bike lanes to allow and to foster
8 bicycle usage.

9 The creation of this shed will go a long way to
10 attaining those goals.

11 The Board finds that the sheds are substantially
12 similar in kind, usage, and placement of the other storage
13 sheds in the neighborhood, and so, it is not out of place,
14 and that the Board is allowed to -- as the ordinance allows
15 to vary the ordinance where it seems appropriate, is a fair
16 and reasonable request, and as such the Board grants the
17 relief being requested.

18 Jim Monteverde?

19 JIM MONTEVERDE: In favor.

20 BRENDAN SULLIVAN: Andrea Hickey?

21 ANDREA HICKEY: Yes, in favor.

22 BRENDAN SULLIVAN: Wendy Leiserson?

1 WENDY LEISERSON: In favor.

2 BRENDAN SULLIVAN: Slater Anderson?

3 SLATER ANDERSON: In favor.

4 BRENDAN SULLIVAN: And Brendan Sullivan yes.

5 [All vote YES]

6 BRENDAN SULLIVAN: On the five affirmative votes,
7 the variance is granted, as per the sketches, the
8 dimensional form, the pleadings as per the application.

9 Goodnight. Thank you.

10 ADAM DASH: Thank you, Mr. Chair. Have a good
11 evening.

12 JIM MONTEVERDE: If I may, with the conclusion of
13 that case, we have three Board members whose terms are
14 coming to a close this evening, the end of that particular
15 year case. That's Andrea Hickey, Slater Anderson and
16 Brendan Sullivan. And I'd like to thank them for their
17 service on the Board and their camaraderie and help in
18 discussions through the years.

19 In particular, I'd like to recognize Brendan
20 Sullivan and his years -- actually decades -- of service to
21 the Zoning Board as a Board member, Vice Chair, and a Chair,
22 for his thorough, research and thoughtful opinions. Thank

1 you. Thank you all.

2 BRENDAN SULLIVAN: Well, thank you.

3 COLLECTIVE: Thanks.

4 BRENDAN SULLIVAN: To those of the Board members
5 who are walking down the long driveway with me, a simple
6 thank you really doesn't do justice, but thank you to all of
7 you.

8 If you could allow me just maybe another minute,
9 gentlemen, tonight brings a close to my tenure as a member
10 of this Board. It's been an amazing experience. I would
11 like to thank five City Managers that have given me the
12 opportunity to be associated with some very good, very smart
13 and very dedicated people over these many years, both as a
14 colleague on this Board, and also by way of my interaction
15 with and my up-close observation of the Staff of
16 Inspectional Services, as they go about their work on a
17 daily basis.

18 They are All-Stars, every so one of them. They
19 are the best of the best. The City should know that they
20 have been and continue to be well served by these
21 individuals.

22 To the newly appointed members of the Board, I'd

1 like to impart some perspective from someone who has been
2 here for many a Thursday. You have been appointed because
3 of the talents that you can bring to the table and your
4 willingness to give of your time and service to the City.

5 I would ask you to draw on those talents, and
6 during your time on the Board make a difference. Make a
7 difference.

8 And so with that, I bid you all adieu.

9 WENDY LEISERSON: I'd be standing there clapping
10 for you all if I could. I'll miss you all.

11 ADAM DASH: Thank you, Jim. Brendan, it's been a
12 pleasure. Everybody have a great night.

13 ANDREA HICKEY: Same here.

14 JIM MONTEVERDE: Oh, thank you.

15 ANDREA HICKEY: Good evening. Thanks, everyone.

16 WENDY LEISERSON: Happy Fourth!

17 JIM MONTEVERDE: You'll be here in spirit.

18 COLLECTIVE: Goodnight.

19 BRENDAN SULLIVAN: I'm always here.

20 JIM MONTEVERDE: Appreciate it.

21 BRENDAN SULLIVAN: Thank you.

22 JIM MONTEVERDE: We're going to take the roll call

1 for the members that are Sitting for the next cases.

2 OLIVIA RATAY: Steve Ng?

3 STEVEN NG: Present.

4 OLIVIA RATAY: Matina Williams?

5 MATINA WILLIAMS: Present.

6 OLIVIA RATAY: Zarya Miranda?

7 ZARYA MIRANDA: Present.

8 OLIVIA RATAY: Wendy Leiserson?

9 WENDY LEISERSON: Present.

10 OLIVIA RATAY: Carol Agate?

11 CAROL AGATE: Present.

12 OLIVIA RATAY: Virginia Keesler?

13 VIRGINIA KEESLER: Present.

14 JIM MONTEVERDE: And Jim Monteverde, present.

15 OLIVIA RATAY: And Jim Monteverde.

2 (6:30 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Matina
4 Williams, Zarya Miranda, Carol Agate,
5 Virginia Keesler, and Steve Ng

6 JIM MONTEVERDE: I'm Jim Monteverde. As a way of
7 have introduction to the Vice Chair of the Board of Zoning
8 Appeal, and I will be chairing this hearing, the next -- and
9 the next continued case, and then the regular cases for this
10 evening.

11 And I will call Case 206665 -- 1164-1166 Cambridge
12 Street.

13 ADAM BARNOSKY: Yes. Good evening, Mr. Chairman,
14 and members of the Board. My name is Adam Barnosky and I'm
15 here on behalf of the applicant. And if I may, we are here
16 regarding modification of one condition imposed by the Board
17 in BZA Case 9779 that was issued in 2009.

18 This, as the Board might recall, condition that
19 limits use of the rear door for non recurring emergency
20 egress.

21 The applicant now requests modification of that
22 condition to allow the access to the rear of the building

1 solely for the purpose of access to the applicant's trash,
2 which is lawfully stored in a private alleyway to the rear
3 of the building.

4 The issue that came up at the last hearing -- one
5 of the reasons why this matter was continued, was, there was
6 a question from the Board regarding trash, and specifically
7 whether the applicant had the lawful right to store trash in
8 the rear alleyway.

9 Just a reminder that this rear alleyway is a
10 private alleyway that is part of the applicant's property.

11 There was a memo that was provided to the Board
12 dated June 20, which details its issue in great detail. But
13 again, we are here before the Board really only relative to
14 the modification to access.

15 And briefly, regarding trash, it's worth noting
16 again that the Zoning Ordinance does not prohibit outdoor
17 storage of trash. The City's Health and Safety code permits
18 trash storage in a private alleyway. The applicant's trash
19 storage currently in that private alleyway is compliant with
20 the City's laws and ordinances, and that neither the 2009
21 decision nor the rear-door condition prohibits the use of
22 the alleyway trash.

1 Currently, operationally, the restaurant, which is
2 located on Cambridge Street, is required to take the trash.
3 Because of this access issue, they have to take the trash
4 out through the restaurant's front door on Cambridge Street,
5 haul it down Cambridge, and then down Tremont, and then all
6 the way through their alleyway -- private alleyway, which
7 abuts a bunch of residences, to access the trash units.

8 And this really all relates -- again -- to access.
9 It's not trash. There were concerns about the neighbors
10 regarding trash.

11 But again, I want to remind the Board that the
12 applicant will continue to use this rear alleyway for
13 storage of their trash. This is a Health Code issue. This
14 is all within the purview of the Health Department, who
15 continue to do so in compliance with the Ordinances of the
16 Health Department.

17 The problem here -- and this is really why the
18 condition relates to public good and serving the public good
19 -- is that this -- if the restaurant is allowed to use this
20 rear door for access, it's going to create less noise and a
21 much more operationally efficient restaurant, because you're
22 no longer going to have to haul things out of Cambridge

1 Street, around the block, down the alleyway, open the cans
2 up, go all the way back out with employees making this, you
3 know, U shape around the block numerous times a day.

4 You're going to have an applicant that -- an
5 operator that opens the door, puts trash, and shuts it.
6 It's going to reduce noise, it's going to reduce traffic,
7 and this is really just a holdover from a prior era and a
8 prior operator in a prior business location.

9 Again, I think that this is a pretty simple
10 request. It's a modification and I would just request that
11 as we talk about this, as the Board reviews it, that the
12 focus is on what this request is about. And it's not about
13 trash, although it's related to trash.

14 So, you know, with that, again, the modification
15 we're making is solely to allow -- the language put in the
16 memo was to have the condition remain intact, but to include
17 the language that access will be allowed to the rear --
18 private rear alleyway solely for trash storage consistent
19 with City of Cambridge Health and Safety Code.

20 That's really a brief summary.

21 Happy to elaborate on any part of this, although
22 we have -- we did, again, detail the Zoning Code and

1 ordinances in our memo submitted by us.

2 Thank you.

3 JIM MONTEVERDE: Thank you. Do we have any
4 questions from members of the Board? Steven?

5 STEVEN NG: I guess I'm confused. I was under the
6 impression that the original variant for the restaurant use
7 had it during their wait in an interior space, and that
8 there was nothing that would be in that corridor, which is
9 in the residential building.

10 Is that the original setup for the applicant's
11 situation?

12 JIM MONTEVERDE: Oh Yeah. If I can elaborate
13 there Steven?

14 STEVEN NG: Yeah.

15 JIM MONTEVERDE: I'm going to read from the March
16 6, 2012 Licensing Commission hearing. And in it, William
17 Gilson from the restaurant. And I'll quote.

18 "So our plan is to have all the trash be stored
19 inside the establishment and disposed of through the front
20 door at the appropriate evening for trash pickup."

21 And it further goes on to say -- and this is
22 Michael Gardener speaking -- "So the back door is purely for

1 emergencies and the second means of egress. William Gilson:
2 Correct. Attorney Hope: Correct."

3 So I think, Steven, those are the conditions that
4 we'd heard before. And again, that's the Licensing Board.

5 ADAM BARNOSKY: Mr. Chair, if I may?

6 JIM MONTEVERDE: Yep.

7 ADAM BARNOSKY: Just on that issue. So that is
8 correct, that the original setup of the restaurant was such
9 that the applicant was able to utilize a portion of the
10 inside for storage of trash. That was part of the program.

11 The restaurant has now recaptured that space.
12 They're using it for their operation. So it's no longer
13 utilized for trash. And not only is it no longer utilized
14 for trash, that's not generally the best practice for a
15 restaurant to keep trash on the interior.

16 But regardless, from a land use and zoning
17 perspective, and health code perspective, there's no
18 prohibition within Licensing. There's no prohibition within
19 the code, and there's no prohibition with the 2009 decision,
20 which prohibits this business from utilizing the private
21 alleyway that's part of their business to store trash.

22 So again, this is -- there's no conditions that

1 will not allow this. So they will continue to use this back
2 alleyway for trash storage, because they are lawfully doing
3 that. Again, this is about accessing that space. And it's
4 no longer functional to do so. And it's creating more noise
5 and more traffic than is necessary.

6 And the -- if this condition modification is
7 denied, it'll be to the detriment of the public good,
8 because it will require the applicant to continue to do
9 this.

10 So, you know, again, I just want to stress what
11 the restaurant is lawfully doing with the use of their
12 space.

13 JIM MONTEVERDE: Let me go to the next member, and
14 then I'll come back for a question. Steven, did that -- did
15 you have any further discussion?

16 STEVEN NG: No. That answers that question for
17 now. Yeah.

18 JIM MONTEVERDE: Okay.

19 STEVEN NG: Thank you.

20 JIM MONTEVERDE: Matina, any questions or
21 comments?

22 [Pause]

1 Matina, can you hear us? Let me go on. Zarya,
2 any questions?

3 ZARYA MIRANDA: Yeah. So at our last meeting, it
4 seemed that what you are requesting was to use the back door
5 for beyond the trash, but to be able to use it for
6 nonrecurring emergencies including deliveries. Is that
7 still the case, or --

8 ADAM BARNOSKY: No. That is not the case. And
9 that -- that does not reflect our application. The purpose
10 is solely for access to the trash barrels.

11 ZARYA MIRANDA: Okay.

12 ADAM BARNOSKY: And we'd be fine with the
13 condition that, you know, that would state that no
14 deliveries and we -- you know, would be allowed and anything
15 else really important that we'd require here.

16 JIM MONTEVERDE: I'm reading the advertisement for
17 our agenda. And it basically reads -- this is a variance
18 request -- "Modify the previous granted variance to permit
19 the rear door to be used for general restaurant operations
20 (staff only)." And that previously restricted use of the
21 rear door limiting it to nonrecurring emergency use only,
22 and to permit the installation of new trash enclosures.

1 That's what our Agenda says. That's what I assume
2 the advertisement says.

3 ADAM BARNOSKY: Okay, correct. But I think as a
4 result of our last meeting, and as detailed in the
5 memorandum, the applicant would be fine in scaling down a
6 request to make sure that it's consistent with what they
7 actually would like to do to get access to the trash
8 barrels.

9 In the memorandum on page 2, in the middle of page
10 2, we have an example of the modification that would be
11 acceptable to the restaurant. And this would -- because
12 this is more limited in scope than the ZBA application, we
13 think that it remains well within the purview of your Board.

14 So again, the condition would be from -- the
15 condition right now is that the use of the rear door and the
16 right of way between 82, 84 and 88 and 90 Tremont Street be
17 limited to nonrecurring egress only. That's how it reads
18 correctly.

19 And what we are proposing as a modification would
20 be to add a tag the end of that sentence to read, "-- except
21 for access to the private rear alleyway for trash storage,
22 be consistent with the City of Cambridge Health and Safety

1 Code.

2 JIM MONTEVERDE: Thank you. Zarya, did that
3 answer? Do you have any more questions?

4 ZARYA MIRANDA: I do not have any more questions.

5 JIM MONTEVERDE: Thank you. Wendy, do you have
6 any questions?

7 WENDY LEISERSON: I just wanted to clarify my
8 understanding of the applicant's argument, because there are
9 so many prior proceedings in this.

10 So your position, if I understood your
11 presentation tonight, is that you have -- feel that you have
12 as-of-right the ability to store trash behind the restaurant
13 in that alley? Is that part correct?

14 ADAM BARNOSKY: Yes, that's correct.

15 WENDY LEISERSON: Even though in 2009 the Board
16 granted your variance, or the variance, saying that the shed
17 that was in the rear of the structure be removed?

18 ADAM BARNOSKY: Yes. My understanding -- now,
19 remember this, I believe though it was granted, was not
20 granted as it related to my client.

21 But it's my understanding that the rear shed at
22 that time was in a state of disarray, and the -- was

1 attracting rodents and other things that were living in it.

2 So I think part of it was that that was the give
3 and the take is my understanding.

4 WENDY LEISERSON: So assuming that you -- and so,
5 and what -- what -- on what basis do you say that you have
6 the right to store the trash there? Just what's the legal
7 basis you're saying?

8 ADAM BARNOSKY: Well, there's -- I mean, starting
9 off with the 2009 decision, there's no -- there's no
10 restrictions with trash in the 2009 decision.

11 The Health Code, and we had submitted a memo on
12 June 20 to the Board that details this -- it might be in
13 your application. But basically, the Zoning Ordinance does
14 not prohibit outdoor storage of trash.

15 The Health and Safety Code permits trash storage
16 in alleyways. So there are specific sections that I've
17 cited in my memo that kind of -- that detail this whole
18 thing, that outdoor storage of trash is approved as a matter
19 of right, both for residential and commercial uses.

20 And there's no restrictions within the residential
21 code or the commercial code that would prohibit the storage
22 of trash in a private alleyway, so long as it is consistent

1 with the Health Department's code.

2 And so, any perceived violations or any issues
3 that the restaurant has to comply with are within the
4 jurisdiction of that Board. So that, again, the purpose
5 that we have in front of us today is really about accessing
6 that area. And then trash will fall within the purview of
7 health.

8 JIM MONTEVERDE: Just to clarify, let me read. In
9 the memo that was submitted, on page 3 on --

10 WENDY LEISERSON: I'm scrolling [laughter] through
11 the file to get there.

12 JIM MONTEVERDE: Yeah, -- RAW, dated the
13 twentieth. And it's under "Health and Safety Code Permits."
14 It basically says -- Title 8 - Health and Safety of the
15 Cambridge Code of Ordinances -- the Code. It makes it clear
16 that the applicants using the alleyway for the storage of
17 trash is expressly permitted.

18 Specifically, Section 8.24.100 provides that
19 "Every owner or occupant of private property may maintain
20 authorized rubbish receptacles outdoors on such private
21 property, provided the receptacles are screened from the
22 view from public streets and sidewalks."

1 "All refuse awaiting private collection shall be
2 in refuge receptacles" -- on and on and on.

3 WENDY LEISERSON: Yeah, no, I see it --

4 JIM MONTEVERDE: Right?

5 WENDY LEISERSON: -- now. Yep. Yep. I see it.
6 Thank you for pointing me to that. Yeah.

7 JIM MONTEVERDE: All right. And it's a fact that
8 we have not corroborated?

9 WENDY LEISERSON: Right.

10 JIM MONTEVERDE: So we're just -- we're taking the
11 proponent's statement at face value.

12 WENDY LEISERSON: I guess my question, then, is
13 what is the interaction or jurisdiction between the Zoning
14 Ordinance and the -- this section that they are citing? You
15 know, if there's a conflict, I guess, is my question.

16 ADAM BARNOSKY: Well, at this point in time, there
17 is no conflict. They're both consistent. I mean, the
18 Zoning Ordinance doesn't prohibit outdoor storage of the
19 trash, and outdoor storage of trash is within the purview of
20 the Health Department.

21 So, there's no -- there's no --

22 WENDY LEISERSON: No, I just meant that there --

1 JIM MONTEVERDE: Yeah.

2 WENDY LEISERSON: -- I mean, the prior decision --
3 yeah, go ahead, Jim.

4 JIM MONTEVERDE: No, I was just going to say when
5 it just -- hold that thought, because I think after we take
6 public comment and we come back --

7 WENDY LEISERSON: Mm-hm.

8 JIM MONTEVERDE: -- I think we can talk about --
9 just say that. Because I think --

10 WENDY LEISERSON: Okay. Sure.

11 JIM MONTEVERDE: -- that is an interesting point.
12 It's one I wrestle with. But --

13 WENDY LEISERSON: Okay.

14 JIM MONTEVERDE: -- just hang on to that one.

15 WENDY LEISERSON: Sure.

16 JIM MONTEVERDE: Anything else?

17 WENDY LEISERSON: Nope. That's it. Thank you.

18 JIM MONTEVERDE: Matina, do you have any
19 questions?

20 [Pause]

21 Matina, are you there? Do you have a question?

22 All right. Hearing none, before I open this up to

1 public comment, let me just acknowledge that we have a
2 letter in the file dated June 27. And it is on behalf of
3 the -- it's from Jaime Mateus on behalf of the 82-84 Tremont
4 Street Condominium in opposition to the request being made.
5 And it is signed by seven people -- Jaime Mateus, Ashley
6 Mateus, John Hopkins, Marie Hopkins, Stephen Michaels, Jane
7 Saacke, Freeman Deutsch.

8 I believe that's the only correspondence that we
9 have -- and again, in opposition. So if any of those folks
10 will be calling in, please don't repeat what the Board has
11 in its file and has already read but add anything else to
12 that commentary if you like.

13 So with that, any member of the public who wishes
14 to speak should now click the icon at the bottom of your
15 Zoom screen that says, "Raise hand."

16 If you're calling in by phone, you can raise your
17 hand by pressing *9 and unmute or mute by pressing *6.

18 OLIVIA RATAY: Jaime Mateus?

19 JIM MONTEVERDE: Please, all, keep time for a
20 three-minute maximum, please.

21 JAIME MATEUS: Hi. Good evening. This is Jaime
22 Mateus from 84 Tremont Street, No. 1. Can you all hear me

1 okay?

2 JIM MONTEVERDE: Yep. Thank you.

3 JAIME MATEUS: Thank you. Yeah, we submitted a
4 letter with all the owners of the HOA at 84 Tremont Street
5 Condo Association. Together, I think we are pretty united
6 in our opposition, and we figured out a more streamlined way
7 to convey our position.

8 I want to start off with two quick points. I
9 believe at the last hearing, one of the conditions requested
10 of the petitioner is that they submit a letter from the
11 Health Inspector documenting that they have been
12 specifically required to store the trash outside. I have
13 not seen that. To my understanding, that letter has been
14 shown, but perhaps I'm missing that.

15 There's also, I believe, a condition that further
16 community outreach be performed. That has not really been
17 done. We did receive an e-mail within the last 24-hours
18 listing some of the things that Puritan -- might be willing
19 to do.

20 I want to quote the last sentence of that e-mail.
21 It ends with, "If you do not support the proposal, we will
22 simply continue to do what we are currently allowed to do."

1 I will leave it up to the Board to decide if that sounds
2 more like a good, safe, community outreach, or a threat.

3 I appreciate the Chairman reading the statement --
4 the quote from the 2012 License Commission hearing. That
5 was a point I wanted to make as well, and I think that is
6 very relevant here.

7 I am not going to read our entire letter in
8 detail, but there's a couple of points I want to point out
9 that I think are directly relevant to the questions that are
10 brought up. You know -- actually, sorry, before I get into
11 that, I think the original context here -- the true hardship
12 of this property is that without our rear egress, that
13 building is noncompliant.

14 So the -- what the zoning variances allow is for
15 the building to be compliant of the building code. That
16 variance has limited that hardship, and it's done so by
17 imposing conditions that it meets under Zoning and have
18 impacted the neighbors, and that has worked. It's worked
19 for 14 years, which is kind of remarkable.

20 The trash problem we have right now, that is not a
21 hardship. It is not the hardship. That is a problem of
22 their own making. As you have seen in the record, trash was

1 agreed to be stored inside the restaurant. Puritan then
2 decided to build a second facility in the place where they
3 store trash.

4 This is a problem of their own making and not a
5 hardship that deserves relief from the Board. This spans a
6 long time. This has been a long, contentious debate over
7 many years.

8 I think it is important to understand that
9 memories are not always perfect, and that the best record
10 that we have is by looking at the transcribed record of the
11 various meetings, and quoting exactly from those documents,
12 so that we can understand the context, as it is -- you know,
13 as those discussions ensue.

14 In the 2009 Board of Zoning Appeal meeting, I just
15 want to quote very briefly what the attorney representing
16 the owner of the property at Puritan had said -- mentioned -
17 - there are legitimate issues. And frankly, we had
18 anticipated that.

19 And I discussed it with the petitioner the fact
20 that the Board might very well have granted the relief
21 limits that egress to secondary means of egress --

22 JIM MONTEVERDE: I'm going to ask you to wrap up,

1 please.

2 JAIME MATEUS: Mr. Chairman, would it be possible
3 for me to have a few more minutes, given that I'm
4 representing all of the neighbors, and thus maybe --

5 JIM MONTEVERDE: If no one else is speaking from
6 that group, then I'll give you another minute. Please, just
7 come to a conclusion.

8 JAIME MATEUS: All right. Thank you. I think the
9 last point I'd like to make is that they do not have the
10 right to store trash in that alleyway. And this is
11 reflected in that same 2009 Board of Zoning Appeal by their
12 attorney, which says, "The effect of (sic) the restriction
13 on the door would have the effect of restricting the use of
14 the alley, which would accrue to the benefit of the
15 abutters."

16 Essentially, the Board of Zoning Appeal has the
17 jurisdictional authority to impose restrictions on that
18 property. So if the property were compliant, they would
19 have a fair argument that the alleyway could be used for
20 whatever purposes. But because it is not compliant, and the
21 BZA has the jurisdictional authority to grant that variance
22 to also have the authority to impose conditions on the

1 variance.

2 They believe that it is fair by reviewing the
3 record of that 2009 meeting that trash is very much a
4 central issue, which is being discussed and the main
5 concern.

6 So I would urge the Board of Zoning Appeals to
7 please hear us in our unity in our concerns here and
8 hopefully settle this matter after what's been I think the
9 third meeting here.

10 JIM MONTEVERDE: Okay. Thank you.

11 JAIME MATEUS: Thank you.

12 JIM MONTEVERDE: Thank you for your comment.

13 OLIVIA RATAY: James Williamson?

14 JAMES WILLIAMSON: Yeah. Thank you. Can you hear
15 me?

16 JIM MONTEVERDE: Yes, we can.

17 JAMES WILLIAMSON: Thank you, Jim. First, well,
18 my address is 30 Churchill Ave in North Cambridge. And as a
19 point of information I guess, is Brendan participating
20 tonight?

21 JIM MONTEVERDE: No. He was present for the first
22 two cases, and for the purposes --

1 JAMES WILLIAMSON: -- and he's done? He's retired
2 now? I just really wanted -- there was no other way I could
3 do it. I just wanted -- if I could just briefly, you know,
4 kind of skirt the topic and say just congratulations to
5 Brendan. I thought he did a great job. And I think the
6 rest of you have done a very good job.

7 And I appreciate especially the work that Brendan
8 did all these years sticking up for -- I think doing a good
9 job sticking up for ordinary people and trying to be fair
10 and also, you know, judicious and respectful of the
11 Regulations. So --

12 JAMES WILLIAMSON: Good luck, Brendan. Thank you.

13 JIM MONTEVERDE: Yep. Thank you. Anyone else
14 wishing to speak?

15 OLIVIA RATAY: Ming-Tai Huh?

16 MING-TAI HUH: My name is Ming-Tai Huh. I'm one
17 of the co-owners of the business Puritan that occupies the
18 building at 1166 Cambridge Street. Also, a resident of
19 Cambridge at 259 Washington Street in the Port for 18 years.

20 I've been attending all of these hearings, this is
21 the first time I'm speaking on behalf of our business, given
22 the strong opposition that we received from our abutters.

1 I think it's really important that we characterize
2 the history of the result here, and obviously the building.
3 Some of the history of our building, and why our business is
4 called Puritan Company is because the building was built in
5 the '30s by a bakery called Puritan Cake Company.

6 I actually looked it up in the history and the
7 historical record; that's how we actually defined and built
8 our building and named our restaurant that way.

9 So it's really rooted in history.

10 There's been a commercial building for 100 years
11 in this space, and only the restriction has been applied
12 since 2009.

13 And more recently in the past previous -- from
14 2009 previous three decades, there was a private club -- a
15 private club that had the similar capacity, same use,
16 similarities -- food and beverage business for weddings, for
17 parties, for big anniversaries.

18 And that operation went over the line, let's put
19 it frankly.

20 And this is why the abutters are extremely,
21 extremely against the use of this door. Because that
22 business went over the line and pretty much was

1 [indiscernible] on the neighbors with outdoor activity,
2 smoking, guests out there, partying, late-night activity.

3 These are the reasons why the 2009 decision in my
4 opinion, reading the documents, understanding what happened
5 that day, and why there was an extreme decision put on this
6 building, over a lack of the back door.

7 This is certainly not the case of our business
8 today. Puritan & Company does not operate a nightclub. We
9 do not operate a business that is characterized in that way
10 at all. We're stewards of the community. We do great
11 charity work. We've helped rebuild buildings in Cambridge
12 Street that burned down to the ground, and to be
13 characterized kind of like our abutters that we're bad for
14 the neighborhood is really, really surprising and
15 unfortunate because we like to think that we're very
16 positive for the neighbors. We've done a really great job
17 in maintaining this building and keeping it in a great
18 place.

19 So the standard of which the decision was made in
20 2009 was of extreme case. That is no longer the case today.
21 I feel like the history of 100 years of this building we had
22 commercial building, and the zoning law was drawn in the

1 '60s, which drew a line right through this building, all of
2 a sudden negated our rights to be owned and operated as a
3 food and beverage business, and continuing. That's all.

4 JIM MONTEVERDE: Thank you. Anyone else? No?
5 Okay. Let me send it back to the Board. Any discussion
6 among the Board members? Wendy, you want to reintroduce --

7 WENDY LEISERSON: Sure. I think my question is
8 this is a little complicated, because of the history, and
9 because I recognize that the business has changed ownership.
10 But yet, the neighbors remain, and their concerns remain
11 about use of the alley.

12 And there is some documentation in the file that
13 even Puritan has been using the back door in ways that were
14 not intended, such as for employees going on snack break or,
15 you know, smoke breaks, snack breaks or whatever.

16 So it's not entirely the predecessors' fault that
17 the neighbors are worried about there being excessive or
18 irregular usage of the back door. I'm not sure what the --
19 I mean, I would like to see the Health Board's order to the
20 restaurant as to what they expect.

21 One question I have is whether they're objecting
22 to trash being stored inside the restaurant overnight as

1 opposed to trash simply being taken out at the end of the
2 night, which would reduce part of the concern. I'm sure
3 that no one dining at a fine restaurant wants to see a bag
4 of trash pass their table. So I'm sympathetic to that.

5 But I'm not sure where we go from here yet.

6 JIM MONTEVERDE: Okay.

7 WENDY LEISERSON: Jim, do you have questions?

8 JIM MONTEVERDE: No. More of a comment. But I
9 want to pass it on to the other Board members first. So
10 Zarya, do you have any discussion?

11 ZARYA MIRANDA: I agree with Wendy. I would like
12 to see something, if anything, from the Health Department.
13 That would be helpful.

14 JIM MONTEVERDE: Okay. All right. Thank you.
15 Matina, any discussion among the Board?

16 Steven, any discussion amongst the Board?

17 STEVEN NG: Yes. I think I can -- at the last
18 hearing --

19 MATINA WILLIAMS: Hi. It's Matina. Can you hear
20 me?

21 STEVEN NG: We'll let Matina go.

22 JIM MONTEVERDE: Yeah. Just give us a second.

1 We'll let Steven go through, and then --

2 STEVEN NG: Okay.

3 JIM MONTEVERDE: -- you're next.

4 MATINA WILLIAMS: I don't have any questions.

5 JIM MONTEVERDE: All right. Thank you.

6 STEVEN NG: So I think at the last hearing we did
7 ask for some information about when that Board of Health or
8 information or guidance from them came about. And I'm a
9 little dismayed that we did not get that information.

10 And I don't -- I think it didn't complete right
11 now. That, you know, because of the expansion of, you know,
12 services inside the restaurant space, maybe that's what came
13 about of that memo. But no one provided us that information
14 or the timing.

15 And I -- that is, you know, I think there was a
16 change in the design and use of the space inside that
17 impacted the trash storage. And this has been a solution
18 they may have wanted to use but, you know, we have to go
19 over that right now. This is what -- it could have been
20 that change that created this problem for their management
21 of trash.

22 So I don't know if there's any information on that

1 -- the timing, the history of, you know, when the Board of
2 Health brought that concern up?

3 JIM MONTEVERDE: Okay, thank you. So my comments
4 have been -- you know, for the Board members. The
5 discussion is -- we need to find a hardship. And it seems
6 that the hardship is kind of self-imposed.

7 The agreement that was made, or at least the
8 correspondence we have here from the Licensing Commission
9 hearing back in 2012 about storing trash -- if I read it
10 correctly -- storing it inside and disposing of it from the
11 front door simply became untenable or inconvenient when they
12 decided to occupy that same space and no longer be able to
13 store trash inside.

14 At the moment, I don't think that's the basis for
15 a hardship, as being self-imposed.

16 And hearing the neighbors' concerns, I am leaning
17 toward not accepting the request for the variance and
18 keeping it to the language of the previous Zoning Board
19 hearing, which restricted the use to non-recurring emergency
20 egress only.

21 And since I agree with some of our other members
22 who we did -- I do recall, and I read in a transcript

1 requesting a statement from the Health Department not having
2 seen that, my sense is to enter in the opinion that we
3 specifically are -- we are asking that -- I don't know how
4 to do this -- either we don't allow the installation of
5 trash enclosures, because that's what's being requested; if
6 they can store trash there by the Health Department, we
7 don't have any say over that, but installation of new trash
8 enclosures, I guess we do.

9 So I'm not in favor of the -- I'm not leaning to
10 accept the variance request. I don't know how -- if any of
11 the other members feel similarly.

12 And if there's one other member who is not in
13 favor of this proposal, then if we go ahead with the vote,
14 you're voted down, can't come back for two years, or you can
15 withdraw one more time and come up with another proposal,
16 and do the community outreach, and provide --

17 WENDY LEISERSON: Well --

18 JIM MONTEVERDE: -- from the Health Department.

19 ADAM BARNOSKY: Mr. Chair?

20 JIM MONTEVERDE: Not yet. Hold on, hold on.

21 Nope. Hold on. Let me hear from the Board.

22 WENDY LEISERSON: I was only going to say I think

1 you mean continue another time, yes.

2 JIM MONTEVERDE: Okay. So now, Counselor, are you
3 amenable to a continuance?

4 ADAM BARNOSKY: I think we're amenable to a
5 continuance. I would like to clarify a few things, if I
6 may, Mr. Chair, which would be -- I mean, yes.

7 Briefly, in finding for a hardship, I would say --
8 you know, I think the thing -- again, that's important to
9 know here is that the applicants are utilizing their
10 property lawfully.

11 And I think it's difficult to say that there's no
12 hardship if the only way that the applicant can operate is
13 if they do so under their own restricted rights of their own
14 land.

15 Currently, the only way that they can comply is to
16 either bring all of their trash around or store it inside,
17 which is a self-imposed reduction of their own rights.

18 This is a -- this is a restaurant that's been
19 around for over 10 years, made it through COVID. It is one
20 of the few that have really done so in the area and is
21 really doubling down by including additional space and
22 expanding their operations.

1 Their hardship is both economic, but it's also
2 practical. Again, the only way that they could comply with
3 zoning code decision is either to reduce their own land
4 rights or to have think of bizarre operation that can go
5 around the block. But in this --

6 JIM MONTEVERDE: Mr. Barnosky, Mr. Barnosky? This
7 --

8 ADAM BARNOSKY: Yes.

9 JIM MONTEVERDE: -- isn't an opportunity for your
10 rebuttal. We're at the point where we're ready to make a
11 motion, and either -- if I get the sense of the Board --
12 deny the variance or give you the opportunity for -- to
13 continue one more time.

14 ADAM BARNOSKY: So --

15 WENDY LEISERSON: Mr. --

16 JIM MONTEVERDE: -- and that's the end of it.
17 Which would you prefer?

18 ADAM BARNOSKY: -- I want to be clear on what the
19 Board would be seeking if we did continue it. I -- on the
20 Health Department issue, when we looked into the Health
21 Code, it became so clear that what they were doing was
22 lawful under the Code. We found that no other

1 correspondence from the Health Department would be required
2 because it's a black letter of the City's law.

3 So I do want to be very clear as to what --

4 JIM MONTEVERDE: We --

5 ADAM BARNOSKY: -- the Board would want in a
6 continuance.

7 JIM MONTEVERDE: I'll suggest --

8 WENDY LEISERSON: Jim, just -- yep.

9 JIM MONTEVERDE: Yep.

10 WENDY LEISERSON: Go ahead, Jim.

11 JIM MONTEVERDE: Nope.

12 WENDY LEISERSON: I would want to see, because the
13 basis of your petition before us is that the Health -- the
14 Board of Health has ordered you to do something different
15 than what you've been doing. Is that not right?

16 ADAM BARNOSKY: That -- that -- that --

17 WENDY LEISERSON: Is that not why you're here?

18 ADAM BARNOSKY: That's not the basis for it, no.
19 I mean, the basis for it is to be able to access and utilize
20 the trash.

21 A compounding factor was, as I understand it, that
22 the restaurant was talking to the Health Department. They

1 did suggest that that would be a more appropriate use for
2 the trash. But fundamentally, that's not -- it's not -- you
3 know, that's not the reason why we're here.

4 WENDY LEISERSON: Well, I think the basis of a
5 hardship for me, anyway, is that you are being required to
6 do something that is in conflict with the restrictions from
7 the Zoning Board, the prior restrictions, like --

8 JIM MONTEVERDE: If I --

9 WENDY LEISERSON: -- Yeah. Go ahead, Jim.

10 JIM MONTEVERDE: -- if I can suggest, if we do a
11 continuance, what we'd require -- request -- is not your own
12 recap of either the Health Department ordinance, but a
13 letter/statement on their letterhead saying that their
14 ordinance permits trash storage in that alley. Simply.

15 It's basically just to corroborate what you've
16 stated in your memo but coming from the Health Department.

17 WENDY LEISERSON: And that they've ordered them
18 not to store it inside. Right?

19 JIM MONTEVERDE: If that's the statement that the
20 proponent has made, yes. Okay?

21 ADAM BARNOSKY: Well, that, we will --

22 JIM MONTEVERDE: And I would ask you also to --

1 personally, I would ask you to outreach to the neighbors.
2 If it's true that they got a correspondence today and not
3 previously that you outreach to the neighbors and chat with
4 those folks who've objected. That's what I would suggest
5 would be conditions on the continuance.

6 Are we ready to move to motion? Board members?

7 WENDY LEISERSON: Yes.

8 JIM MONTEVERDE: Okay. I'm going to state the
9 motion. Keep in mind that the motions are always stated in
10 the affirmative. So be careful how you vote.

11 The Chair makes a motion to grant the relief from
12 the requirements of the Ordinance under the variance
13 sections -- on the conditions, well, on the conditions that
14 the work proposed conform to the statement in the files
15 submitted, initialed and dated by the Chair.

16 And further, that we incorporate supporting
17 statements. There are no dimensional forms, drawings
18 submitted as part of the application.

19 Further, the variance is granted and incorporated
20 in the following conditions. There are no conditions, so
21 I'll get to that in a moment.

22 Oh, I'm sorry.

1 WENDY LEISERSON: I'm sorry, Jim. Are we -- are
2 we --

3 JIM MONTEVERDE: Yeah --

4 WENDY LEISERSON: -- doing a continuance?

5 JIM MONTEVERDE: -- I hit the wrong one. Sorry.

6 WENDY LEISERSON: Okay.

7 JIM MONTEVERDE: I'm in the wrong one.

8 WENDY LEISERSON: Yep. No problem.

9 JIM MONTEVERDE: Thank you. Let's continue this
10 matter. Do we have a date?

11 ADAM BARNOSKY: Yep.

12 JIM MONTEVERDE: July 27. Are all these Board
13 members present? Counsel, that work for you?

14 ADAM BARNOSKY: Yes. Thank you.

15 JIM MONTEVERDE: Board members?

16 WENDY LEISERSON: The twenty-seventh works for me.

17 STEVEN NG: Twenty-seventh works for me.

18 JIM MONTEVERDE: Matina and Zarya?

19 ZARYA MIRANDA: The twenty-seventh works for me as
20 well.

21 JIM MONTEVERDE: Okay. Matina?

22 MATINA WILLIAMS: The twenty-seventh works for me.

1 JIM MONTEVERDE: Great. Okay. Make a motion to
2 continue this matter until July 27, 2023, on the condition
3 that the petitioner change the posting sign to reflect the
4 new date of July 27, 2023 and the time at 6:00 p.m.

5 And in furtherance that the petitioner sign a
6 waiver to the statutory requirement for a hearing. Said
7 waiver can be obtained from Maria Pacheco or Olivia Ratay at
8 the Inspectional Services Department.

9 I ask that you sign it and return it to us by a
10 week from this coming Monday. Failure to do so will de
11 facto cause this Board to give an adverse ruling on this
12 particular case.

13 If there are any new submittals or changes to the
14 drawings, those be on file by 5:00 p.m. on the Monday prior
15 to the new hearing date.

16 Also, if there are any changes to the dimensional
17 form and potentially the supporting statements, they also be
18 changed and submitted along with the new documents.

19 And on your request that correspondence from the
20 Health Department be provided that states that the Health
21 Department allows trash to be stored in the alleyway behind
22 the building and that they have required that the trash be

1 stored behind the alleyway.

2 Wendy, is that correct?

3 WENDY LEISERSON: Yes. Or, rather, the point is
4 that they not -- that they've required that trash not be
5 stored in the restaurant --

6 JIM MONTEVERDE: Inside, sorry.

7 WENDY LEISERSON: -- for any time at all. In
8 other words, if it's okay for them to -- how do I rephrase
9 it? Yeah.

10 JIM MONTEVERDE: Okay. So we get a correspondence
11 that the proponent get and send to us a correspondence from
12 the Health Department --

13 STEVEN NG: Excuse me. Can we also ask the Board
14 to help with the reasons why they changed their mind about
15 storage in the restaurant versus out in the alleyway?

16 JIM MONTEVERDE: That's fine. I think, Steven, if
17 we just limit it to -- without making this burdensome on the
18 proponent, that if there's just -- we can get a simple
19 statement from the Health Department that they understand
20 trash will no longer be stored inside the building or that
21 they requested the trash no longer be stored inside the
22 building and they are approved -- you know, approve that the

1 trash being stored in the alleyway that should give us
2 everything we need to vote on the variance.

3 Do you agree?

4 STEVEN NG: Okay.

5 JIM MONTEVERDE: All right.

6 STEVEN NG: That's fine.

7 JIM MONTEVERDE: So with that condition that the
8 proponent obtain and send to us the statement from the
9 Health Department that contains the statement that they have
10 changed their request for trash to be stored inside the
11 building so that trash can be stored in the alley.

12 And that storage of trash in the alley is allowed
13 by the Health Department ordinances, and that the proponent
14 reach out to the neighbors who have written in this evening
15 on this case and reach out to do a community outreach to
16 hear them out and try and come to a compromise.

17 On that basis, on the motion, then, to continue
18 this matter until July 27, Wendy?

19 WENDY LEISERSON: In approval.

20 JIM MONTEVERDE: Zarya?

21 ZARYA MIRANDA: In approval.

22 JIM MONTEVERDE: Matina?

1 MATINA WILLIAMS: Approve.

2 JIM MONTEVERDE: Steven?

3 STEVEN NG: In approval.

4 JIM MONTEVERDE: And Jim Monteverde in approval.

5 [All vote YES]

6 JIM MONTEVERDE: That's five accepted. Case is
7 continued.

8 ADAM BARNOSKY: Thank you.

9 MATINA WILLIAMS: I'm done for the night. Have a
10 good evening.

11 WENDY LEISERSON: Happy Fourth --

12 MATINA WILLIAMS: Jim?

13 WENDY LEISERSON: -- Matina. Bye-bye.

14 JIM MONTEVERDE: Thank you.

15 WENDY LEISERSON: Oh, same to you.

16 JIM MONTEVERDE: Thank you, Matina.

17 ZARYA MIRANDA: I'm also not sitting for the rest
18 of the cases this evening.

19 JIM MONTEVERDE: Okay.

20 WENDY LEISERSON: Happy Fourth to you too.

21 ZARYA MIRANDA: Bye.

22 JIM MONTEVERDE: Who do we have? Let me see.

1 Wendy, okay.

2 (7:18 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson,
4 Carol Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: So the next case we will call is
6 the last continued case, not heard. It's BZA-218487 -- 15
7 Hutchinson Street. Sarah, take it away.

8 SARAH RHATIGAN: Good evening. Thank you, Mr.
9 Chairman. Sarah Rhatigan from Trilogy Law LLC, 12 Marshall
10 Street in Boston. Thank you, members of the Board for
11 hearing this case. This is a continued case, but it has not
12 been heard before.

13 JIM MONTEVERDE: Yep.

14 SARAH RHATIGAN: The reason for the -- I'm sorry,
15 was that you, Mr. Chairman?

16 JIM MONTEVERDE: No, go ahead. Yes.

17 SARAH RHATIGAN: Oh, okay, great. The reason for
18 the earlier continuance is that my client, who is here on
19 the phone -- this is Scott Kenton of 15 Hutchinson Street,
20 LLC. Mr. Kenton had been traveling and had wanted to be
21 back in town to meet his neighbors and be able to do some
22 more outreach on his plans, which he did.

1 So the Board may note that we had some revised
2 plans that were filed on Monday with some revisions that
3 were made to the plans in response to some of the feedback
4 that he did get from neighbors.

5 Olivia or Stephen, would you mind putting the
6 slides up, the presentation slides up on the screen for us?

7 OLIVIA RATAY: So here is the image of 15
8 Hutchinson Street. And Mr. Kenton is a local Cambridge guy
9 who is going to be renovating -- substantially renovating
10 this project in order to live here with his new to-be-wife
11 and family.

12 And what attracted him to this property was --
13 well, a few things. One, it's hard to find a single-family
14 home in Cambridge that you can afford and that you can, you
15 know, hopefully renovate to your needs. But it also had
16 sister house to the right.

17 Would you mind advancing the slides again? We're
18 just going to do a couple of views here of the house. So
19 this is the left-hand picture that says, "left-side view."
20 We're looking at the left side of the existing house. And
21 if you see just past it, that's kind of the -- what I'm
22 calling, "the sister house."

1 Next view, please? Next slide?

2 Thanks. So now we're looking at the right side of
3 the house that's being renovated. And if you see the right
4 picture here that says, "right-side view" you can actually
5 get a really good view of the sister house.

6 So when Mr. Kenton was looking at possibilities,
7 he saw the right-side dwelling, which had been improved by
8 the current owner, who actually came to this Board for a
9 variance to construct dormers and a second-story deck and
10 lovely porch on the front.

11 And then you got -- that variance was granted in
12 2019, and Scott was thinking this is a great example of a
13 project that he could do that would essentially mirror that
14 work.

15 The plans that he present, or that -- you know, he
16 pulled together -- really, really do that. The one
17 difference, I think, is that the house on the right didn't
18 have a screened-in second-floor porch, which his property
19 did.

20 So in terms of the relief being requested, his is
21 actually a little bit less than that.

22 But next slide please?

1 This is just giving you a sense of the state of
2 disrepair of the existing home.

3 Next slide?

4 I want to just give you an aerial view of the red
5 dot is showing you 15 Hutchinson. 11 Hutchinson to the
6 right is the one that we talked about is the sister home.
7 And you can just see the -- you know, the size of the homes
8 in the area.

9 There's also at the rear of these lots is sort of
10 a deep lot that's got nice trees and garden, et cetera.

11 What's unique and a little challenging are that
12 the two lots here are both quite small. So the square
13 footage of the lot is 2,463 feet. Houses are relatively
14 small as well.

15 Anything that is done to try to add any livable
16 space here is going to be existing within setbacks, because
17 it's nonconforming on all setbacks. And also, we're in a
18 Residential B District, so although the house is relatively
19 small, it already exceeds the 0.5.

20 So the request here today is for an additional 233
21 square feet. And the additional square feet is really
22 happening at the third level of the houses.

1 So now I'm just going to jump through to -- if you
2 can go to page 7, Stephen? Thanks.

3 This is the existing site. So you can see the --
4 you know, the yard areas.

5 Next slide, please?

6 And the next one here is the proposed changes, as
7 they affect the site plan. And you can see I just noted in
8 red the original plans that we filed with the application
9 and a basement stair with retaining wall so that we can
10 access the basement by, you know, a full set of stairs, left
11 side of the house.

12 Scott had met with his neighbor to the left -- I
13 think it's 19 Hutchinson -- who had expressed concerns
14 about, you know, why was there a stair there and not being
15 too excited about that. And as a result, those -- that
16 stairwell that's shown on this version of the proposed plan
17 has been removed from the plans. But the other elements
18 exist.

19 So there are some window wells just to allow for a
20 little more light into the basement. There's actually a
21 smaller deck that's replacing an entry deck. And then
22 there's a proposed new back yard deck that's actually an as-

1 of-right feature. But we do want to show that that was the
2 plan.

3 Next slide, please?

4 I'll just briefly describe the house. So this is
5 the basement level. This is the existing basement. Most of
6 it's -- half of it's mechanical. The front half is
7 finished, but not in great shape.

8 Next slide, please?

9 This is the main level with the garage on the
10 right side, and then the main house is, you know, pretty
11 compact.

12 Next slide?

13 Again, this is all existing. Just want to give
14 you a sense of what the existing house is like. On the
15 second floor, there's -- as I mentioned, there's a screened-
16 in sunroom on the right side. And the plan is to, you know,
17 make that fully livable space, you know, heated and
18 insulated, et cetera. So it will no longer be a porch, but
19 just as sitting area.

20 Next slide?

21 And then the third floor is where things really
22 need some work in order to make this a livable situation for

1 Scott and his family. So if you look at this attic -- you
2 know, it's a typical attic that -- unusable attic. So it's
3 accessed by a hatch. It's 10' wide in terms of area that's
4 counted towards FAR. But if you see the edge of that 10'
5 area is at 5'. So you can only stand right in the center of
6 that attic. So there's no way to get up there and, you
7 know, no way to use it.

8 Next slide, please?

9 This is the existing elevations. We're going to
10 go through these relatively quickly, because I want to be
11 able to point things out on the next set of plans.

12 Next slide? Thanks.

13 Next slide?

14 This is from the rear, and this is from the right
15 side. Okay. Great. Now --

16 JIM MONTEVERDE: If I could interrupt you. I
17 think just to --

18 SARAH RHATIGAN: Yeah.

19 JIM MONTEVERDE: -- so on the existing --

20 SARAH RHATIGAN: Yes.

21 JIM MONTEVERDE: -- elevations, the changes that
22 are proposed are really taking that second-floor sunroom

1 that's over the garage, turning that into fully enclosed
2 space, putting a deck on top of it, and then dormers on both
3 sides. Is that correct? Is that the gist of it?

4 SARAH RHATIGAN: Correct. That is correct. Yes.
5 Thanks. And I was just going to do that on the proposed
6 plan. Sorry to --

7 JIM MONTEVERDE: Oh. Thank you.

8 SARAH RHATIGAN: -- I don't mean to go slowly
9 here.

10 JIM MONTEVERDE: -- sorry.

11 SARAH RHATIGAN: No. Sorry about that. Okay, so
12 in the basement, there -- the only changes here are some
13 window wells. Again, this is just to improve the light in
14 the lower level.

15 Next slide?

16 On the first floor, the changes of note that
17 require Zoning approval anyway are the window changes, which
18 we'll look at on the elevations.

19 Next slide?

20 Okay, on the second floor, if you see the -- to
21 the right where it says, "Home Office" that's what used to
22 be the screen -- the sunroom or the screened porch. And so,

1 the areas that used to be screens -- and we're actually
2 creating smaller window openings than what exists now, which
3 are improvements in terms of privacy. No increase in square
4 footage on this floor.

5 Next slide?

6 And then here's where the changes are that we were
7 just referring to. So one, a roof deck on top of the --
8 formerly the sunroof, the sunporch, excuse me. And then the
9 real driver for, you know, coming to the Board and
10 requesting relief here is to allow for a way to create a
11 bedroom on the third level that's useable, that can be
12 accessed by, you know, code-compliant stairs.

13 So you can see that the dormer on the right side
14 is solely for the purpose of getting a full set of stairs up
15 to that top level. The dormer on the left side is to allow
16 for a bathroom. And you can see those dormer dimensions.

17 So now we're looking at elevations. So this is
18 the front view. So you can see how the dormers are, you
19 know, complying to Dormer Guidelines in terms of setbacks
20 from the top of the roof back from the side of the house.
21 They're less than 15' or they're 15' or less, and you can
22 see the location of the proposed second-floor deck.

1 Next slide, please?

2 On this elevation, I'll just point out the --
3 again, the dormer. There are some window changes that are
4 noted at the basement level, which won't really be visible
5 much to the neighbors. I believe there may be fence there.

6 Next slide, please?

7 This is the rear view. These are window changes
8 that are also requiring a special permit because we are
9 close, you know, but not complying in terms of the setbacks.
10 At the rear, there, if you remember, our neighbors -- it's a
11 yard. So we're not facing anybody.

12 Next slide, please?

13 And then this is the -- as you're facing from the
14 street, this is the right-side elevation. So this is the
15 one that's closest to the sister house. Shows the window
16 changes, which were revised after our original set to make
17 them smaller, higher, so in terms of privacy, you know,
18 these are -- I don't know what you call those, transom
19 windows? Whatever the verbiage is for those.

20 There was also a conversation about maybe putting
21 some screening up on the roof deck, but the neighbor wasn't
22 particularly excited about that, so that -- those revisions

1 were not made.

2 Next slide, please?

3 Thank you for zooming in. So this is a sun shadow
4 study. And I apologize; I know some of the print here is a
5 little difficult to see. But there -- because of the
6 direction of sun for all but one of the times of day, there
7 is no impact whatsoever.

8 On the very last slide, I'm not sure what time --
9 1600 so four o'clock in the afternoon, there's a little
10 shadow here but it does not appear that any of that shadow
11 would be associated with the dormer. It's -- you know, it's
12 -- I apologize, a little tough to see.

13 But that, you know, is the only time of day that
14 appears to have any impact at all.

15 Next slide, please? I think I just have the
16 Dimensional Table at the end. Yeah. Nothing -- nothing
17 there, in case there's -- unless there's any, you know,
18 questions or concerns at all.

19 And just a couple of other things about outreach.
20 There had also been some concerns from the neighbor about
21 the condition of the house, you know, currently, because
22 it's -- you know, it's in real disrepair.

1 And Scott did take efforts to -- he's applied for
2 a permit to actually secure the building to let, you know,
3 abatement work to improve the exterior shell, you know,
4 wanting to be sure that the neighbors weren't being -- you
5 know, continuing to be bothered by this, what's now really
6 an eyesore.

7 So this is a special permit application. We feel
8 like the plans are really modest, just what needs to be done
9 in order to meet some reasonable needs of the owner.

10 And there's been an effort to address concerns
11 about privacy. You know, the bulk and dimension of what
12 we're trying to do is really in keeping with obviously what
13 the sister house looks like, and quite modest, we think, for
14 the neighborhood.

15 So we'd be happy to hear any questions that you
16 may have.

17 JIM MONTEVERDE: Thank you. Any questions from
18 members of the Board? Steven?

19 STEVEN NG: No questions.

20 JIM MONTEVERDE: Carol?

21 [Pause]

22 Carol, are you with us? Any questions? Virginia?

1 I'll go to Virginia.

2 VIRGINIA KEESLER: Hi.

3 JIM MONTEVERDE: Any questions?

4 VIRGINIA KEESLER: No questions from me.

5 JIM MONTEVERDE: Thank you. Wendy?

6 WENDY LEISERSON: No questions.

7 JIM MONTEVERDE: Thank you.

8 CAROL AGATE: Did you say Carol? I'm not on this,
9 am I? I'm --

10 JIM MONTEVERDE: Carol.

11 CAROL AGATE: -- waiting for the regulars.

12 JIM MONTEVERDE: Carol, you're on this one.

13 CAROL AGATE: No, I'm not --

14 JIM MONTEVERDE: This is a case -- case not heard
15 --

16 CAROL AGATE: -- the continued cases.

17 JIM MONTEVERDE: -- this is a case not heard. And
18 according to our Staff, you are. So.

19 CAROL AGATE: Oh, I'm sorry.

20 JIM MONTEVERDE: That's okay.

21 CAROL AGATE: Didn't realized that.

22 JIM MONTEVERDE: Do you have any questions?

1 CAROL AGATE: No, I don't know.

2 JIM MONTEVERDE: Okay. Thank you.

3 I just have one for the proponent. So I see in
4 the packet of info we have -- and it was up on the screen a
5 moment ago -- the survey.

6 Is there a site plan that shows the improvements
7 on the site plan with whatever foliage, trees, et cetera,
8 exist or will need to be removed?

9 Sarah?

10 SARAH RHATIGAN: I don't believe that our survey
11 -- the survey on page no. 8, that's correct. That's --
12 that's the proposed conditions.

13 JIM MONTEVERDE: Yeah.

14 SARAH RHATIGAN: Well, I do see shrubs in the
15 front.

16 JIM MONTEVERDE: Yeah. I think in the photo.

17 SARAH RHATIGAN: Those were noted by the surveyor.

18 JIM MONTEVERDE: Yep. And I think in the photo --
19 there are some photos in the file and those give a sense of
20 trees. You'll -- it'll be clear.

21 SARAH RHATIGAN: Yeah.

22 JIM MONTEVERDE: There's an aerial photograph.

1 SARAH RHATIGAN: Uh-huh. Yep.

2 JIM MONTEVERDE: So when we get to that, you can

3 --

4 SARAH RHATIGAN: Okay, sure.

5 JIM MONTEVERDE: I don't have any questions.

6 Thank you. Before I open this up to public comment, let me
7 go over the correspondence we have in the file.

8 And for anyone whose correspondence I read, unless
9 I misstate what you've written, because I'll try and
10 summarize it, there's no need for you to call in and repeat
11 it. But certainly, feel free to call in if there's
12 something else you'd like to add.

13 So we have, by my count, five pieces of
14 correspondence in favor and three opposed. So let me start
15 with -- here's one that's opposed. This is Charleen Jue, 11
16 Hitchinson.

17 They don't fully support the project. They're
18 saying that "The dormers and deck impact my home, as they
19 are facing directly into my family sunroom and deck
20 impacting my privacy and creating mass."

21 Regarding the privacy, Sarah, is that something
22 you mentioned in terms of the window size or placement on

1 that side of the house?

2 SARAH RHATIGAN: That's -- yeah, that's correct.
3 Yeah.

4 JIM MONTEVERDE: Yeah.

5 SARAH RHATIGAN: And the -- the other thing I
6 would just point out is that the screen openings, the
7 existing openings are very large and, you know, in theory by
8 right could be maintained that large. But we're not
9 opposing that.

10 JIM MONTEVERDE: Okay.

11 SARAH RHATIGAN: It's actually -- we feel that
12 this it's actually an increase in privacy at that level.
13 And if you look at --

14 JIM MONTEVERDE: Right.

15 SARAH RHATIGAN: -- the dormer windows --

16 JIM MONTEVERDE: Yep.

17 SARAH RHATIGAN: -- those dormer windows at that
18 level are very small, and it's --

19 JIM MONTEVERDE: Yeah, they're rather small.

20 SARAH RHATIGAN: -- also a stairwell.

21 JIM MONTEVERDE: Yep. I agree.

22 SARAH RHATIGAN: It's a stairwell, so nobody would

1 be standing in there looking out.

2 JIM MONTEVERDE: Okay. Yep. And this letter --

3 SARAH RHATIGAN: Yep.

4 JIM MONTEVERDE: -- goes on to say, "The impact of
5 dormers/roofline in an upper deck casts shadows on my yard
6 and house, eliminating sun."

7 I think by your shadow study, Sarah, and what you
8 described, that your description, that should -- that's not
9 an issue. Is that correct?

10 SARAH RHATIGAN: I believe so.

11 JIM MONTEVERDE: Okay. And then "Plans submitted
12 did not appear to have complete information sharing the
13 comprehensive plan and level of detail."

14 Comprehensive plan is the one I just mentioned
15 about a site plan, that in the future that would be nice to
16 have on any application; the site plan either overlain on
17 the survey that shows the new conditions and certainly
18 something that talks about the trees or any significant
19 growth that are in the yard.

20 Okay, that's the first one. The second one is
21 from Anthony Sager, 26 Hutchinson Street. He's opposed.
22 He's wishing -- asking actually for a bunch of conditions.

1 But to not cause the removal of a few existing trees, maple
2 trees on the west side of the yard.

3 Are those impacted by your intended construction?

4 SARAH RHATIGAN: I'm sorry, could you ask that
5 again? What -- maples?

6 JIM MONTEVERDE: It says, "Maples in the west side
7 yard of the lot."

8 SARAH RHATIGAN: Um --

9 JIM MONTEVERDE: I look at the survey.

10 SARAH RHATIGAN: Let's see. West --

11 JIM MONTEVERDE: North, south, east, west -- that
12 would be the left, I believe.

13 SARAH RHATIGAN: Gosh. I don't think -- we have
14 two window wells that are --

15 JIM MONTEVERDE: Yep. So do you think any mature
16 maple trees were being --

17 SARAH RHATIGAN: No, if you --

18 JIM MONTEVERDE: -- taken down?

19 SARAH RHATIGAN: -- click on two, yeah, the -- I
20 mean those, there's some trees there, but they don't --

21 JIM MONTEVERDE: They don't look like mature
22 maples.

1 SARAH RHATIGAN: -- appear to be -- yeah, mature
2 maples.

3 JIM MONTEVERDE: Yeah. They look further back.
4 Okay.

5 SARAH RHATIGAN: Yeah. They do. They --

6 JIM MONTEVERDE: That's not --

7 SARAH RHATIGAN: -- look like they're further
8 back. I agree.

9 JIM MONTEVERDE: They do object to the second-
10 floor deck. "Unnecessary mimicry of 11 Hutchinson." I don't
11 think that's a Zoning issue.

12 And they oppose -- object to the volume. But I
13 think that's for the Board to decide if we grant the relief
14 being requested.

15 There's another letter in the file from Gregory
16 and Helen Rochlin, 22 Hutchinson, not in support; basically
17 objecting to the relief being requested and commenting that
18 the purchase was less than six months ago; never resided in
19 it, and in essence why did he buy it if he needed to do all
20 this enlargement and zoning relief.

21 JIM MONTEVERDE: I don't think that's anything the
22 Zoning Board can react to.

1 In favor, we have five identical letters. They're
2 dated June 22. Unfortunately, the signatures are hand
3 signed. So I really can't make out who these people are.
4 But from 22 Hutchinson, I believe the last name is Hahn
5 (phonetic). 27-29 Hutchinson, last name Brown. 30
6 Hutchinson, Anita is the first name. 34 Hutchinson, last
7 name Grainger. And then Sophia Higgs is retracting
8 objections they had made previously.

9 So those are the comments we have. Any member of
10 the public who wishes to speak should now click the icon at
11 the bottom of your Zoom screen that says, "Raise hand."

12 If you're calling in by phone, you can raise your
13 hand by pressing *9 and unmute or mute by pressing *6.

14 And please keep your discussion to less than three
15 minutes. Thank you.

16 OLIVIA RATAY: Charleen Jue?

17 JIM MONTEVERDE: Charleen, do you wish to comment?

18 CHARLEEN JUE: Yes. I'm trying to comment. Can
19 you hear me, Mr. Chairman?

20 JIM MONTEVERDE: Yep. We can now. Thank you.

21 CHARLEEN JUE: Okay. Great. Thank you, Mr.
22 Chairman and Board members for hearing my concerns.

1 I continue to feel that this proposal really
2 impacts my home, my privacy. And these homes are 2,500-
3 square-foot lots. They're super close together, I hope you
4 can appreciate that. And, you know, we can't go outside
5 without hearing one another.

6 And anything that will be done on that upper deck
7 will also impact my privacy. It looks down into the yard.
8 And it's concerning. The windows: Yes, they're smaller
9 than what's there currently, but that hasn't been used for a
10 long time.

11 The screened porch has been in disrepair --
12 they're still large -- that look into and across into my
13 home. So that remains to concern me very much.

14 And speaking to the sun study that was done, I
15 don't have any knowledge on what criteria were done and if a
16 scientist was involved and what you use to say there would
17 be little to no impact, but I find that hard to believe,
18 because I go into my back yard and I know what it's like.
19 And I believe there would be a significant impact to me in
20 those conditions.

21 So for those reasons, and I do oppose the addition
22 of the dormers and the deck. Thank you very much.

1 JIM MONTEVERDE: Thank you for your comment.

2 OLIVIA RATAY: A phone number ending in 8311.

3 HEATHER HOFFMAN: Hello. My name is Heather
4 Hoffman. I live at 213 Hurley Street. And I'm not calling
5 about the specifics of the request, but about the legality
6 of signatures, and also to state a general question about
7 who knew that LLCs lived places and had families? Because
8 that's who the owner is, and that's who was -- is requesting
9 this special permit.

10 At the time that this was filed and in fact until
11 yesterday, the only legal Manager or at least the only
12 record Manager of this LLC was Husam Azzam. And Scott
13 Kenton was not a Manager. It was filed yesterday.

14 So my question is first off, it was hard to tell
15 who "my family" was. And when this ownership information
16 certificate was done, Mr. Kenton was not a Manager.
17 Because, as I said, it got filed yesterday.

18 So the Board may not care, but as a Title
19 Examiner, this is the sort of thing that I think about. You
20 know, dotting the is, crossing the ts and making sure that
21 ownership is clear and accurate. So thank you very much.

22 JIM MONTEVERDE: Thank you, Heather.

1 OLIVIA RATAY: Gregory Rochlin?

2 GREGORY ROCHLIN: Can you hear me? Yeah.

3 JIM MONTEVERDE: Yes.

4 GREGORY ROCHLIN: This is Gregory Rochlin. My
5 wife and I live at 22 Hutchinson Street. I have a question
6 about the application. Presently, based on the plan --
7 well, I was -- I had seen previous plans, which I guess have
8 been amended. They were not presented to me.

9 And some of my concerns at the address --
10 basically on the -- the second floor with windows looking
11 into the adjoining sister property, I would still object to
12 the mimicking of the deck on the third floor.

13 But my other question I had, which -- apparently
14 in the plans, which were not presented to me, the basement
15 is -- has 7'2" headroom. If that exists, per my
16 understanding, that's not habitable space. So I don't
17 believe that can be counted in FAR.

18 So as long as the proponent doesn't intend to
19 excavate and make that space over 7'6" which would vastly
20 increase the floor area, I would be concerned that basically
21 the -- a building permit is granted and then surprisingly
22 this basement gets excavated, and all of a sudden, it

1 becomes habitable.

2 So I just want to make it clear that this basement
3 has to stay as uninhabitable space as according to the code.

4 JIM MONTEVERDE: Thank you for your comment. And
5 that is the end of the public commentary.

6 Let me send it back to the Board. Any discussion
7 on the members of the Board?

8 SARAH RHATIGAN: Mr. Chairman?

9 JIM MONTEVERDE: Yep.

10 SARAH RHATIGAN: I apologize. Just a couple --
11 there were two sort of factual things that I was hoping to
12 have a chance to respond to perhaps before the Board has
13 questions, but --

14 JIM MONTEVERDE: Go ahead.

15 SARAH RHATIGAN: -- obviously I'll leave that up
16 to your discretion.

17 JIM MONTEVERDE: Nope. Go ahead, Sarah.

18 SARAH RHATIGAN: So to respond to Ms. Hoffman's
19 questions about the LLC, so I -- you know, I am the attorney
20 for the client. And when we were applying for this -- this
21 application, I -- I also checked who was Title record
22 owners. And the LLC has two Managers. Mr. Azzam is one,

1 Mr. Kenton is the other. And I confirmed that with the
2 clients, and we prepared the owners' affidavit.

3 And Mr. Kenton in this case is the named applicant
4 in the one who's before you on the Board because this is in
5 fact going to be his home. Mr. Azzam is his partner.

6 And in terms of the filing, yep, that happened
7 yesterday. That was triggered by the fact that there was a
8 neighbor -- and I apologize I don't remember which in the
9 letters, one of the letters mentioned that, oh, in fact the
10 owner was not Mr. Kenton.

11 And I said, "Well, how could that be?" And I
12 looked online, and I noted that the Secretary of State's
13 website had not been updated.

14 So I then contacted Counsel for -- who had created
15 the LLC. I asked him to confirm, you know, "Do you have the
16 name of the LLC members?" -- not members, managers -- and
17 he forwarded to me the evidence of the change, the amendment
18 that added Mr. Kenton as a Co-Manager in March of 2023.

19 And I asked him to please file that, which should
20 have been filed back at the time. So he took care of that
21 for us yesterday.

22 So I just wanted to be clear with the Board that

1 there's not an issue there.

2 JIM MONTEVERDE: Okay.

3 SARAH RHATIGAN: And I can --

4 JIM MONTEVERDE: Thank you.

5 SARAH RHATIGAN: -- I would be happy to file that
6 document with this Board if they'd like to see that.

7 JIM MONTEVERDE: Nope. Thank you.

8 SARAH RHATIGAN: And then just briefly --

9 JIM MONTEVERDE: Is there a second? Yep.

10 SARAH RHATIGAN: -- on the basement, yeah, the --
11 the second sort of clarification issue, I think the Board is
12 aware of this, but basement space in a single-family home is
13 exempt, and it's not counted as FAR, regardless of the --
14 you know, ceiling height and, you know, whether it's livable
15 space or not. Just, you know, to point --

16 JIM MONTEVERDE: Okay.

17 SARAH RHATIGAN: -- that out.

18 JEFF ROBERTS: Thank you.

19 SARAH RHATIGAN: Thank you.

20 JIM MONTEVERDE: Now, back to the Board.

21 OLIVIA RATAY: This is Olivia Ratay, ISD. The new
22 Ordinance that was adopted back in February has changed the

1 way that basements are viewed in any Use Category.

2 So the pre- -- the original Ordinance had said
3 that single two-family basements are exempt, but now they
4 are not if they're over 7' -- if they're 7' or taller.

5 JIM MONTEVERDE: But is that the case, then, Ms.
6 Rhatigan?

7 SARAH RHATIGAN: Um-- I apologize, I must have
8 missed an amendment. Um-- the -- do we have the ceiling
9 height on the existing plan?

10 JIM MONTEVERDE: On the existing plan yes. It
11 says 7'2", I believe.

12 SARAH RHATIGAN: Yeah. So these are existing
13 conditions.

14 JIM MONTEVERDE: Right.

15 SARAH RHATIGAN: And I don't believe there's a
16 change to the ceiling height in the proposed studio. But I
17 apologize if I'm missing something here. It's not
18 substantively different if we're over 7' already.

19 Am I misunderstanding the Ordinance?

20 JIM MONTEVERDE: We're having a side discussion,
21 so give us a moment.

22 SARAH RHATIGAN: Okay.

1 JIM MONTEVERDE: So we believe -- consulting with
2 my expert here -- that your dimensional form is probably off
3 in the area of the basement, that new requirement, based on
4 the area of the basement is not as the proposed drawings say
5 zero. I'm going to -- and I don't want to guess --

6 SARAH RHATIGAN: So if we were --

7 JIM MONTEVERDE: So it's off by a certain number
8 of hundred square feet, I'm assuming. Just confirm that for
9 me, Ms. Rhatigan, at -- in the dimensional form and
10 requested conditions, total gross of 1,900+ square feet is
11 off by --

12 SARAH RHATIGAN: Mm-hm.

13 JIM MONTEVERDE: -- a couple hundred square feet.
14 So it puts it over 2,000 square feet. And the gross floor
15 area would go above 0.8 where the Ordinance is 0.5. But
16 it's already noncompliant.

17 SARAH RHATIGAN: Correct.

18 WENDY LEISERSON: Jim?

19 SARAH RHATIGAN: And not to --

20 JIM MONTEVERDE: It is a new --

21 SARAH RHATIGAN: The delta between the existing
22 and the proposed I think remains the same, at 233 square

1 feet in terms of what the relief being requested is, is the
2 same, even if the -- the ratio numbers --

3 JIM MONTEVERDE: Correct.

4 SARAH RHATIGAN: -- need to be corrected.

5 JIM MONTEVERDE: Because the existing will go up
6 by -- the existing will go up by the same amount.

7 SARAH RHATIGAN: By the same amount. Exactly.

8 JIM MONTEVERDE: Okay.

9 WENDY LEISERSON: Jim. I'm just looking at the
10 City's Property Database for this --

11 JIM MONTEVERDE: Yep.

12 WENDY LEISERSON: -- property. And it says that
13 the finished basement is 324 square feet.

14 JIM MONTEVERDE: Okay.

15 WENDY LEISERSON: So if that's correct, then --

16 JIM MONTEVERDE: Yep. But I think Sarah's point
17 is a good one that -- frankly, that would mean that would be
18 at the existing condition, and it would really just affect
19 the requested condition of -- well, it would all bump up.

20 So the existing FAR would go up, the requested FAR
21 would go up, the existing FAR is already not in compliance.
22 Again, this is a special permit and the new FAR would be --

1 it's not a new nonconformity; it's just an expansion of the
2 same.

3 WENDY LEISERSON: Correct. No, I understand that.

4 JIM MONTEVERDE: Yep.

5 WENDY LEISERSON: I just didn't know if it made a
6 difference to anyone --

7 JIM MONTEVERDE: I don't --

8 WENDY LEISERSON: -- in terms of the scale of the
9 project or anything like that. So.

10 JIM MONTEVERDE: I don't think so. And Staff is
11 shaking their head no. So I'm saying it's not a -- it's not
12 an issue.

13 WENDY LEISERSON: Great.

14 JIM MONTEVERDE: Any other discussion, any
15 discussion from members of the Board before we go to a
16 motion? Ready for a motion?

17 WENDY LEISERSON: I wanted -- I'd like to hear if
18 anyone has comments on the objections that were raised?

19 STEVEN NG: Yeah. I think I will -- the comments
20 about just the intrusion of privacy with the deck seem to be
21 -- I don't have any issues with the FAR or the additional
22 interior space at all, but maybe that -- you know, that

1 upper-level deck is pretty high in the elevation and kind of
2 does loom over neighbors and property.

3 So I don't know if that's concern for other Board
4 members. But, you know, that's maybe my only point of
5 concern.

6 JIM MONTEVERDE: Yep.

7 CAROL AGATE: I would --

8 JIM MONTEVERDE: Yep. Go ahead, Carol.

9 CAROL AGATE: I would also share that concern.

10 JIM MONTEVERDE: Okay. Looking at the photographs
11 of the site, the adjacent house that would be impacted by
12 the deck already has a deck. So I don't think it should be
13 a case of whoever got their first gets to have it and
14 whoever comes second can't.

15 So I don't -- right, if you look at the photograph
16 on the right, the house on the right upper left-hand corner,
17 that's their third-floor deck.

18 Our -- the proponent, if I read the elevation
19 correct on the house to the left, their second floor is
20 slightly below the deck to the right. So I don't have an
21 issue with it.

22 I understand the decks to decks --

1 CAROL AGATE: Right.

2 JIM MONTEVERDE: -- but it's an urban environment

3 --

4 STEVEN NG: Yep.

5 CAROL AGATE: Mm-hm.

6 JIM MONTEVERDE: And they can deal with it by some
7 type of covering or how they do their deck rail itself or
8 any covering they want to put on behind it. So I'm not
9 troubled by that in particular.

10 VIRGINIA KEESLER: I agree.

11 JIM MONTEVERDE: Anyone else?

12 VIRGINIA KEESLER: I think -- I agree, I think
13 their proposal is in keeping with the character of the
14 street and the other houses on the street.

15 JIM MONTEVERDE: Yep. And I think the other
16 comments that were made about, you know, it's mimicking what
17 was already in the neighborhood is really not something
18 that's a Zoning related issue or not something we could
19 object to.

20 I don't think there's anything else in the
21 objections that I read from the three letters that would
22 stop me from seeing this proposal favorably.

1 Any other comments from members? Discussion, or
2 can we move to a --

3 VIRGINIA KEESLER: Move to a vote?

4 WENDY LEISERSON: Ready to vote.

5 JIM MONTEVERDE: Ready for a motion? Okay. And
6 this is a special permit. The Chair makes a motion to grant
7 the relief from the requirements of the Ordinance under the
8 Special Permit Section on the condition that the work
9 proposed conforms to the drawings entitled "15 Hutchinson
10 Street" prepared by SKC Properties dated June 20, 2023,
11 initialed and dated by the Chair.

12 And further, that we incorporate the supporting
13 statements and dimensional forms submitted as part of the
14 application. I'll note on the dimensional form that it just
15 needs to add the basement square footage to both the
16 existing and the proposed.

17 And there are no conditions. And we can go for a
18 vote. Steven?

19 STEVEN NG: In favor.

20 JIM MONTEVERDE: Carol?

21 CAROL AGATE: In favor.

22 JIM MONTEVERDE: Virginia?

1 VIRGINIA KEESLER: In favor.

2 JIM MONTEVERDE: Wendy?

3 WENDY LEISERSON: In favor.

4 JIM MONTEVERDE: And Jim Monteverde in favor.

5 [All vote YES]

6 JIM MONTEVERDE: That's five in favor, matter
7 passes. Thank you.

8 SARAH RHATIGAN: Thank you very much.

9 JIM MONTEVERDE: Sorry. Give me one moment. Next
10 case. We leave the --

11 CAROL AGATE: Jim? Excuse me, Jim.

12 JIM MONTEVERDE: Yep.

13 CAROL AGATE: Were you planning on a brief recess?
14 I'm afraid I was not planning on being on this case. I had
15 no idea that I would be on a continuing calendar, and I'm
16 afraid my dog is more than ready to go out.

17 JIM MONTEVERDE: Yeah. No, absolutely.

18 CAROL AGATE: Can I -- can we have a five-minute
19 break?

20 JIM MONTEVERDE: Yep. Five-minute breaks.

21 CAROL AGATE: Thanks. Come, Molly!

22 (BREAK)

1 * * * * *

2 (7:59 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: Next case is 220578 - 19 Huron
6 Avenue, No. 1.

7 Is there anyone there who wishes to speak on this
8 matter?

9 Is anyone there who wishes to speak?

10 All right. Let's move on and see if they -- are
11 they there?

12 CAROL AGATE: The architect is here.

13 JIM MONTEVERDE: Well, speak up, please. Is that
14 Doug Okun? Please unmute yourself and tell us what you'd
15 like to do.

16 [Pause]

17 CAROL AGATE: You're unmuted. There must be a
18 problem with the --

19 JIM MONTEVERDE: Yeah. We can't hear you. So
20 Doug, if you're talking, so try to mute and unmute yourself
21 again and see if we you can be heard.

22 [Pause]

1 No.

2 DOUGLAS OKUN: Hello [Echo: Hello, hello.]

3 JIM MONTEVERDE: There you go. Except for the
4 echo, you're here.

5 DOUGLAS OKUN: [Laughter]

6 JIM MONTEVERDE: Are you on several devices at
7 once?

8 DOUGLAS OKUN: Maybe. [Echo: Maybe, maybe.]

9 JIM MONTEVERDE: That's not going to work. Try it
10 one more time.

11 [Echo, also Carol Agate and Jim Monteverde]

12 JIM MONTEVERDE: Nope. You've got an incredible
13 echo.

14 [Echoing]

15 JIM MONTEVERDE: Same thing. Nope. It's not
16 working.

17 [Pause]

18 Whoever's trying -- is that Doug trying to speak?
19 Do you have another microphone you can try? Or call in. I
20 don't do pantomime well.

21 [Jim echoing]

22 DOUGLAS OKUN: Can you hear me now?

1 JIM MONTEVERDE: That's -- there you go. Whatever
2 you did. Perfect.

3 DOUGLAS OKUN: Now?

4 JIM MONTEVERDE: Yep. Still now. So quickly,
5 identify yourself and tell us what you'd like to do before
6 the echo comes back.

7 DOUGLAS OKUN: I'm Douglas Okun. I'm an architect
8 and I'm the applicant for this particular project.

9 JIM MONTEVERDE: Thank you. What are you seeking
10 relief for?

11 DOUGLAS OKUN: We're trying to add 29 square feet
12 to the left side of the building. We're pushing the kitchen
13 out three feet -- two feet nine, actually. And --

14 JIM MONTEVERDE: Oh, I see. Can we call up the
15 existing site plan? There you go.

16 DOUGLAS OKUN: And the little orange --

17 JIM MONTEVERDE: Yep.

18 DOUGLAS OKUN: Right there, we're pushing the
19 kitchen out two feet nine, and there's a fence around the
20 property and it's a first-floor addition. And that's about
21 all.

22 JIM MONTEVERDE: That's about the extent of it,

1 right?

2 DOUGLAS OKUN: Yep.

3 JIM MONTEVERDE: And this is Unit 1? Is this a
4 condominium?

5 DOUGLAS OKUN: No, it's a single-family house. A
6 home -- the applicant and the wife live there, and their
7 daughter and son-in-law live upstairs. So the whole house
8 is occupied by one family.

9 JIM MONTEVERDE: Okay. And yep, you filed a
10 dimensional form and recognize the 29 square-foot addition
11 --

12 DOUGLAS OKUN: Yes.

13 JIM MONTEVERDE: -- so I think all that paperwork
14 is in order. Okay. This is a special permit. Anything
15 else you wanted to say before I turn this over to questions
16 from members of the Board?

17 DOUGLAS OKUN: No.

18 JIM MONTEVERDE: Okay. Thank you.

19 DOUGLAS OKUN: Thank you for your brevity.

20 JIM MONTEVERDE: Members of the Board, any
21 questions?

22 STEVEN NG: No questions.

1 CAROL AGATE: I have a question.

2 JIM MONTEVERDE: Yep.

3 CAROL AGATE: From the -- it appears from the
4 record that the only concern was expressed by one neighbor
5 who so appreciates the garden there that she does not want
6 anything that blocks it.

7 As I look at this diagram, it appears that the
8 part that you're extending already is not visible to the
9 neighbor behind.

10 DOUGLAS OKUN: True.

11 CAROL AGATE: That there's a shed that's blocking
12 it, is that correct?

13 DOUGLAS OKUN: That's correct.

14 CAROL AGATE: Okay. Maybe you want to reassure
15 your neighbor.

16 DOUGLAS OKUN: Okay.

17 JIM MONTEVERDE: Thank you. Any other member have
18 any other questions?

19 WENDY LEISERSON: No questions.

20 JIM MONTEVERDE: This is Jim Monteverde, I do not.
21 Okay. Let me -- before I go on to public comment, let me
22 read. We do have one letter, and this may be the one that

1 you're referring to, Carol, from Patricia Moore?

2 CAROL AGATE: Yes.

3 JIM MONTEVERDE: -- "19 Huron" --

4 CAROL AGATE: Right.

5 JIM MONTEVERDE: [Reading to himself] "-- quite
6 close." Yeah. "-- houses are quite close together, so any
7 structural blockage will make it unbearable for me." Okay.
8 That's the extent of public correspondence.

9 So let me open it to public comment. Any member
10 of the public who wishes to speak should now click the icon
11 at the bottom of your Zoom screen that says, "Raise hand."

12 If you're calling in by phone, you can raise your
13 hand by pressing *9 and unmute or mute by pressing *6.

14 [Pause]

15 We have no one calling in. All right. Any
16 discussion from members of the Board, or are we ready for a
17 motion?

18 STEVEN NG: Ready for a motion.

19 JIM MONTEVERDE: Can I make one comment before we
20 move on? This is to Mr. Okun?

21 DOUGLAS OKUN: Sure.

22 JIM MONTEVERDE: I am not a proponent of parking

1 in the front yard.

2 DOUGLAS OKUN: There is no parking.

3 JIM MONTEVERDE: And I noted --

4 DOUGLAS OKUN: Okay?

5 JIM MONTEVERDE: Okay. So in what's identified
6 as, on the plan that on the screen, the existing cobblestone
7 driveway, that's a driveway and you park further into the
8 site?

9 DOUGLAS OKUN: Yes. It's really where the
10 driveway is. The cars are not on the cobblestones.

11 JIM MONTEVERDE: Very good. Thank you.

12 DOUGLAS OKUN: You're welcome.

13 JIM MONTEVERDE: Okay. That's all I have. So as
14 motion? And this is a special permit.

15 So the Chair makes a motion to grant the relief
16 from the requirements of the ordinance under the Section
17 from Article 5, Section 5.31, Article 8 Section 8.22.2.d,
18 and Article 10, Section 10.40 special permit on the
19 condition that the work proposed conform to the drawings
20 entitled "Proposal for 19 Huron Avenue Residents" prepared
21 by Douglas Okun & Associates dated April 10, 2023 initialed
22 and dated by the Chair.

1 And further, that we incorporate the supporting
2 statements and dimensional forms submitted as part of the
3 application.

4 We have no conditions.

5 On the motion, then, Steven?

6 STEVEN NG: In favor.

7 JIM MONTEVERDE: Carol?

8 CAROL AGATE: In favor.

9 JIM MONTEVERDE: Virginia?

10 VIRGINIA KEESLER: In favor.

11 JIM MONTEVERDE: Wendy?

12 WENDY LEISERSON: In favor.

13 JIM MONTEVERDE: And Jim Monteverde in favor.

14 [All vote YES]

15 JIM MONTEVERDE: That's five in favor. The matter
16 is accepted. Congratulations.

17 DOUGLAS OKUN: Thank you.

18 JIM MONTEVERDE: You're welcome.

19 DOUGLAS OKUN: Bye, now.

20

21

22

1 * * * * *

2 (8:14 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: Next case is 221389 -- 35
6 Kinnaird Street. Is there anyone who wishes to be heard in
7 this matter?

8 DAVID WHITNEY: Yes, hello. This is David
9 Whitney. I'm the Architect for the project.

10 JIM MONTEVERDE: Thank you. You want to tell us
11 what -- this is a special permit. Would you like to tell us
12 what you're proposing and what relief you're seeking?

13 DAVID WHITNEY: Yes. Happy to. If it pleases
14 you, I can be as brief as Mr. Okun was.

15 This is a two-family house we're converting to a
16 single-family house. We don't propose any changes to the
17 shell of the -- the size of the building, that is. We're
18 here only because the existing building is nonconforming.

19 We wish to change the location of some windows on
20 the side of the house. We're projecting for required
21 setback. There's an existing exterior door and landing on
22 that side that frankly project right up to the property

1 line. We'd like to remove those and replace them with
2 something similar at the back of the house.

3 JIM MONTEVERDE: Excellent. Any questions by
4 members of the Board?

5 WENDY LEISERSON: No questions.

6 STEVEN NG: No questions.

7 JIM MONTEVERDE: Thank you.

8 VIRGINIA KEESLER: No questions.

9 JIM MONTEVERDE: We have --

10 CAROL AGATE: No questions.

11 JIM MONTEVERDE: Thank you. Thank you. I'll move
12 on to the public comment. Let me recognize that there is
13 one -- we have one correspondence in the file in support.
14 That's from David Cohen, dated 06/17/23, in residence at 37
15 Kinnaird Street. And that is all of the correspondence we
16 have.

17 So if -- any member of the public who wishes to
18 speak should now click the icon at the bottom of your Zoom
19 screen that says, "Raise hand."

20 If you're calling in by phone, you can raise your
21 hand by pressing *9 and unmute or mute by pressing *6. Is
22 there anyone who wishes to speak?

1 [Pause]

2 We have no one. Okay. Moving on, any discussion
3 from the Board members, or are we ready for a motion?

4 WENDY LEISERSON: Ready.

5 JIM MONTEVERDE: All right. And this is a special
6 permit. The Chair makes a motion to grant the relief from
7 the requirements of the Ordinance under Sections Article 5
8 Section 5.31, Article 8 Section 8.22.2.2, and Section
9 8.22.2.c and Article 10 Section 10.40 for a special permit.
10 On the condition that the work proposed conform for the
11 drawings entitled " --

12 DAVID WHITNEY: Lim --

13 JIM MONTEVERDE: -- yeah. "Lim-Schoettler
14 Residence, 35 Kinnaird Street." did I get that right, or
15 did I --

16 DAVID WHITNEY: Yes, that was great. Thank you.

17 JIM MONTEVERDE: Thank you. -- prepared by David
18 Whitney, Architect, and dated 04/28/23, initialed and dated
19 by the Chair.

20 And further, that we incorporate the supporting
21 statements and dimensional forms submitted as part of the
22 application. And then we move to a vote.

1 Carol?

2 CAROL AGATE: In favor.

3 JIM MONTEVERDE: Thank you. Virginia?

4 VIRGINIA KEESLER: In favor.

5 JIM MONTEVERDE: Wendy?

6 WENDY LEISERSON: In favor.

7 JIM MONTEVERDE: Steven?

8 STEVEN NG: In favor.

9 JIM MONTEVERDE: And Jim Monteverde in favor.

10 [All vote YES]

11 JIM MONTEVERDE: That's five affirmative. That's
12 unanimous. Relief is granted. Thank you.

13 DAVID WHITNEY: Sure. All right. Thank you very
14 much.

15

16

17

18

19

20

21

22

1 * * * * *

2 (8:18 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: The next case is 220427 -- 47
6 Magee Street. Anybody wishing to be heard?

7 TIMOTHY FRASER: Thank you, Mr. Chairman. Timothy
8 Fraser from the law firm Dain, Torpy, 175 Federal Street in
9 Boston. I think on the line also is my client, Foster
10 Starks, III, the owner of 47 Magee.

11 JIM MONTEVERDE: I was going to say, that's lots
12 of horsepower for two window wells.

13 TIMOTHY FRASER: [Laughter]

14 JIM MONTEVERDE: But go right ahead.

15 TIMOTHY FRASER: Great. Thank you, sir. Yes. So
16 I guess you kind of just cut to the chase with it. We are
17 seeking to just add two window wells to add additional
18 egress to the basement area.

19 The applicant's a 30-year resident of Cambridge.
20 He's actually a 30-year resident of this property. It was
21 owned by his grandmother since the 1980s, and she's a
22 retired Cambridge Police officer.

1 But he recently assumed ownership. He continues
2 to live there, but as his family grows, he's seeking some
3 additional living space. So in order to do that in a safe
4 manner, we proposed the plans which add these basement
5 window wells.

6 JIM MONTEVERDE: Thank you. And I think my plan
7 -- the advertisement says, two window wells. One of the
8 drawings shows three. The survey shows two. Hence my
9 confusion.

10 TIMOTHY FRASER: Yeah, I think --

11 JIM MONTEVERDE: Are we dealing with two new
12 window wells?

13 TIMOTHY FRASER: So we're dealing with one on the
14 left side of a new window well and two on the right side.

15 JIM MONTEVERDE: So it's three?

16 TIMOTHY FRASER: Yes.

17 JIM MONTEVERDE: Okay. So you're adding three
18 window wells?

19 TIMOTHY FRASER: Yes, sir.

20 JIM MONTEVERDE: Okay. That's the way it looks.
21 So yep. Okay. Anything else?

22 TIMOTHY FRASER: No.

1 JAIME MATEUS: Counselor?

2 TIMOTHY FRASER: Obviously -- being there for 30
3 years have a really good relationship with the folks on the
4 left and the right and the rest of the neighborhood, and
5 they -- as far as my understanding is not opposed to the
6 addition of these wells.

7 Nothing else, as you know, is being changed to the
8 building footprint and still continues to conform with the
9 existing streetscape.

10 JIM MONTEVERDE: Okay. Thank you.

11 TIMOTHY FRASER: Thank you, sir.

12 JIM MONTEVERDE: I'll open it up to questions from
13 members of the Board. Any questions?

14 STEVEN NG: No questions.

15 WENDY LEISERSON: No questions.

16 JIM MONTEVERDE: Okay. Then we'll move on to
17 public comments. We have no correspondence in the file,
18 either for or against. So we will open it up to the public
19 commentary.

20 Any member of the public who wishes to speak
21 should now click the icon at the bottom of your Zoom screen
22 that says, "Raise hand."

1 If you're calling in by phone, you can raise your
2 hand by pressing *9 and unmute or mute by pressing *6.

3 OLIVIA RATAY: Evette Layne?

4 EVETTE LAYNE: Yes. This is Evette Layne,
5 resident and homeowner at 43 Magee Street, wanting to speak
6 in support of my neighbors and their proposal to add the
7 window wells to their property. Thank you.

8 JIM MONTEVERDE: Thank you. Thank you for calling
9 in. And that is the extent of public comments. I'll send
10 it to the Board for discussion. Any discussion from the
11 Board, or are we ready for a motion?

12 COLLECTIVE: Ready for a motion.

13 JIM MONTEVERDE: All right. I like your
14 enthusiasm.

15 The Chair makes a motion to grant the relief from
16 the requirements of the Ordinance -- this is a special
17 permit -- under Sections: Article 5 Section 5.31, Article 8
18 Section 8.22.2.d, and Article 8.22.2.c, and Article 10
19 Section 10.4, for a special permit on the condition that the
20 work proposed conform to the drawings entitled "Proposed
21 Renovation, 47 Magee Street" prepared by -- oh, good thing I
22 have my trifocals on -- oh, T Design, LLC, and dated

1 01/16/23 initialed and dated by the Chair.

2 And further, that we incorporate the supporting
3 statements and dimensional form submitted as part of the
4 application.

5 On the motion, Wendy?

6 WENDY LEISERSON: In favor.

7 JIM MONTEVERDE: Virginia?

8 VIRGINIA KEESLER: In favor.

9 JIM MONTEVERDE: Carol?

10 CAROL AGATE: In favor.

11 JIM MONTEVERDE: Steven?

12 STEVEN NG: In favor.

13 JIM MONTEVERDE: In favor.

14 [All vote YES]

15 JIM MONTEVERDE: That's five in favor. Special
16 permit is granted.

17 TIMOTHY FRASER: Thank you, Jim Monteverde. Thank
18 you very much, members of the Board.

19 JIM MONTEVERDE: You're welcome.

20 TIMOTHY FRASER: Have a good evening.

21 JIM MONTEVERDE: Yep. Thank you.

22

1 * * * * *

2 (8:23 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: Next case is 223906 -- 11 Perry
6 Street.

7 JAMES RAFFERTY: Good evening, Mr. Chair. For the
8 record, my name is James Rafferty. I'm an attorney with
9 offices located at 907 Massachusetts Avenue in Cambridge.

10 I'm appearing this evening on behalf of the
11 applicants, Jeff and Shary Berg - B-e-r-g. Mr. Berg is
12 present for the meeting tonight, as is the Project
13 Architect, David Torrey.

14 This is an application that seeks a variance to
15 convert an accessory structure on a lot containing a two-
16 family dwelling on Perry Street. Mr. and Mrs. Berg have
17 lived at this home for 40 years or so, but I could be
18 corrected on that.

19 The lot is unique in that the house itself was
20 built in 1873. If you were to look at the site plan, you'd
21 see that in the rear of the property -- running the length
22 of the property is a structure that was constructed as a

1 barn. Many of the original timbers and elements of the barn
2 are still present.

3 The barn has been used merely for storage. It
4 does contain one parking space, one garage-style space for a
5 vehicle, but it doesn't have any running water, it does not
6 have any electricity.

7 It really is being converted principally because
8 of the domestic living situation that the applicants find
9 themselves in. The Bergs are -- have been there a long
10 time. Unfortunately, Mrs. Berg is experiencing significant
11 health challenges. Their daughter lives on the first floor
12 of the existing house. They live on the second floor.

13 The goal here is to be able to construct a
14 dwelling unit in the barn that will allow for better access
15 and accessibility, including the installation of an
16 elevator.

17 The lot itself is of a size that this additional
18 dwelling unit is within the density allowed for the lot.
19 It's a lot that could accommodate four units and introduce
20 only a third unit.

21 What's necessary for zoning relief is the fact
22 that this is a nonconforming accessory structure. As Board

1 members know, accessory structures need to be five feet off
2 the rear and side lot lines. The rear lot lines here are
3 nearly zero, a condition that has existed for more than 100
4 years.

5 So the hardship is directly related to the
6 existing structure on the lot, the size of the lot, and it
7 also represents an opportunity here to add a dwelling unit
8 to the housing stock in Cambridge. That is one of the
9 purposes identified in Section 1.30 of the Ordinance for the
10 purpose of the Zoning Ordinance to provide housing.

11 It also states that the purpose of the Ordinance
12 is to encourage the most rational use of land. I would
13 suggest that converting this structure, which is nothing but
14 volume and mass now, to an actual dwelling unit to allow a
15 longtime homeowner to age in place at the same site is
16 actually a very rational use of this property.

17 There are some letters in support in the file from
18 abutters. Mr. Berg did an effective job in reaching out.
19 Sent letters to nearly all of his abutters that appeared on
20 the Parties of Interest list provided by the BZA office.
21 And he's had personal conversations. He has had e-mail
22 conversations and has made it very clear what the purpose is

1 here.

2 This is an application that does include a modest
3 change to the structure in the form of some dormers.
4 They're dormers in name only. They really function more as
5 clear stories.

6 The dormers themselves are located nine feet off
7 the floor of the windowsill of the dormers so that no one
8 standing in the area will be able to see out the dormer.
9 The dormers will provide light and ventilation. It will be
10 open through a mechanism, a pole of some type.

11 But the point is given the height of the dormer
12 and where they're placed on the roof, the dormers do not
13 represent any change in GFA.

14 So it's a variance because the accessory structure
15 doesn't -- first of all, doesn't comply to accessory, and it
16 -- so it doesn't fit the accessory exception.

17 We're also changing the use. It's going from a
18 barn/storage to residential. So it's necessary to allow
19 this preexisting, nonconforming condition that has existed
20 for a storage building to continue to exist for a dwelling
21 unit.

22 Mr. Torrey is here, and we're happy to walk the

1 Board through the plan. You can see it's about one-third of
2 the barn will remain as a garage, and the apartment will
3 have two stories and an elevator that will be very critical
4 to allow Mrs. Berg to continue to remain at home in this
5 location.

6 DAVID TORREY: Hello. David Torrey here. What
7 we're looking at is the basement. So really, we should move
8 right along. These are existing conditions.

9 If you go to the next --

10 Oh, proposed basement plan, no change, it's a low
11 ceiling. It'll be still used for storage, as it was. This
12 is the first-floor plan existing. You can see the garage
13 and the storage room next to it. And there is a set of
14 stairs, and then storage.

15 Go to the next plan and you'll see the proposed
16 first-floor plan. Here we have the garage remains the
17 garage. We just widen it for function. And then you start
18 to see the apartment being built inside the storage section.
19 And you see the stair going right up and a lift, a vertical
20 wheelchair lift. It's like an elevator and it would be
21 serving like an elevator.

22 The next plan would be the upstairs wide open

1 empty storage space, and then the next plan we'll show you
2 the bedroom scenario here with the lift arriving at the
3 upper level, along with the staircase, and the accessible
4 unit essentially a single bedroom on the left, and then a
5 second bedroom on the right.

6 If you keep going, you might see this dormer
7 showing up. There they are. The roof plan: Well, the back
8 side of the building is going to get some daylight coming in
9 and some ventilation on a blank roof. The south side is
10 going to have skylights and solar panels.

11 So this is really going to be a green construction
12 and maybe Zero Net Energy, if we can make that work.

13 The next drawings will show, well, that's the
14 existing side wall. And then if you go to A, that's really
15 the same thing, you start to see beyond the roofline way
16 over there, those little two - small two dormers, each one
17 seven-and-a-half wide.

18 So even on that long roof, we've only got a 15'
19 wide dormer. And see how it sits back at the top and
20 bottom. So it definitely complies with this - even the
21 Guidelines for much smaller, shorter buildings than this.

22 Next picture would be the south façade; is the one

1 that we're really going to change by rebuilding that with
2 more glazing and have one garage rather than two. If you go
3 to A-201, it would be the proposed south elevation -- not
4 that it looks terribly different, but --

5 JAMES RAFFERTY: I just should note that this
6 façade has the only conforming setbacks, so these openings
7 --

8 DAVID TORREY: That's true.

9 JAMES RAFFERTY: -- these openings are not a
10 subject of the application.

11 DAVID TORREY: Right. The -- and if we keep
12 walking around on the elevations, you can see that the
13 existing windows are there, and then we are not changing
14 them. Here we go.

15 On the next page, you'll see that that's the
16 proposed. It's really the same windows are there. The next
17 elevation is the rear. This faces a parking lot and a
18 fence, basically. And those two marks are where the dormers
19 go. There they are. And you notice they are high up in the
20 air.

21 I think we have a cross section even on this
22 drawing set to show you; here's the existing with openings

1 for things dashed, and then the new work would be on A300
2 there's the dormer. Notice that the windowsill is high
3 above the ground, and if you were to look from the back lot,
4 you would see the ceiling of the house of that room, nothing
5 else. And you can't even see out.

6 This is the full plot plan. And there's -- that's
7 -- oh, yeah, here's the existing condition site plan.

8 Notice how the barn filled the whole lot, but it's a deep
9 lot. And so that's why three units could fit on this spot.
10 It's a pretty large lot, but it's got this barn filling up
11 the entire back. It doesn't quite touch the property line.

12 And then the next drawing is how it's planned to
13 be developed, essentially apartment; garage. Some in-tandem
14 parking and open space that conforms with Zoning. Here we
15 go. I think that's probably what we have. Is that right?
16 Yep.

17 JAMES RAFFERTY: That is the extent of our
18 presentation. Thank you, Mr. Torrey.

19 DAVID TORREY: All right.

20 JIM MONTEVERDE: Thank you very much. Any
21 questions from members of the Board?

22 CAROL AGATE: No questions.

1 JIM MONTEVERDE: No questions? Okay.

2 WENDY LEISERSON: I just have one question,
3 please?

4 JIM MONTEVERDE: Yep.

5 WENDY LEISERSON: There was a letter in the file
6 about parking concerns.

7 JIM MONTEVERDE: Yep.

8 WENDY LEISERSON: And I just wondered, the author
9 of that letter was referring to tenants and two more cars.
10 Can you just explain what that's referencing, please?

11 JAMES RAFFERTY: Well, happy to, Mr. Chair, if --
12 at this time. The letter actually happens to be from a
13 former Chair and longtime member of this Board, Vincent
14 Panico. He's a longtime neighbor of the Bergs.

15 His letter addressed the fact that they've had a
16 conversation. His concern was that there will be now an
17 additional dwelling unit, which is correct. So the current
18 second-floor apartment that Mr. and Mrs. Berg currently
19 occupy will become a rental apartment, they'll be -- one of
20 the units in the two-family house. So the reference to the
21 additional vehicle.

22 At the present time, though, the Bergs have one

1 vehicle between themselves and their daughter. So the lot
2 is deep. It can easily accommodate an additional vehicle,
3 which seems to be all that's required.

4 It's also the case, as the Board members know,
5 that the parking minimum requirements have been removed from
6 the Ordinance. So we -- if this were an application perhaps
7 a year or so ago, we perhaps might be needing a special
8 permit for parking. But as the Board knows, that is no
9 longer the case.

10 WENDY LEISERSON: Thank you, Mr. Rafferty.

11 JIM MONTEVERDE: Yep.

12 JAMES RAFFERTY: You're welcome.

13 JIM MONTEVERDE: Any other questions from members
14 of the Board?

15 STEVEN NG: No questions.

16 JIM MONTEVERDE: Thank you. Thank you. And as
17 Wendy referred to, there's only one piece of correspondence
18 in the file dated June 24 from Vincent Panico. It was just
19 described, and it talks about concern about parking and the
20 agreement that the -- when there is street cleaning, that
21 cars will be parked in the long driveway. That is all of
22 the correspondence in the file.

1 I will open it up to public comments. Any member
2 of the public who wishes to speak should now click the icon
3 at the bottom of your Zoom screen that says, "Raise hand."

4 If you're calling in by phone, you can raise your
5 hand by pressing *9 and unmute or mute by pressing *6.

6 OLIVIA RATAY: Nat Finley?

7 SHANNON FINLEY: Hi. This is Shannon Finley with
8 my husband, Nat Finley. We live across from Shary and Jeff.
9 We've lived across from them for seven years. We live at 10
10 Perry Street.

11 And I would like to say I'm in favor of this
12 project. They've been probably the kindest neighbors that
13 we've ever encountered, and it would be heartbreaking to see
14 them have to move only because of medical conditions. I
15 know they love the neighborhood, and they've raised their
16 children here.

17 I also agree with the statement that the building
18 right now, it's somewhat dark back there, and I think being
19 animated by someone living there will actually make the
20 neighborhood even nicer, especially considering it's a
21 relatively low scale building and has a lot of character.

22 And so, to see lights on in there and people back

1 there I think would be great.

2 JIM MONTEVERDE: Thank you. That's the extent of
3 public commentary. I'll send it back to the Board. Any
4 discussion from Board members? Are we ready for a motion?

5 WENDY LEISERSON: Ready.

6 VIRGINIA KEESLER: Ready.

7 JIM MONTEVERDE: All right. Thank you. The Chair
8 makes a motion to grant the relief from the requirements of
9 the Ordinance under Sections -- and this is a variance --
10 Article 5 Section 5.31, Article 8 Section 8.22.3, Article 10
11 Section 10.30 for a variance. On the condition that the
12 work proposed conforms to the drawings entitled "11 Perry
13 Street Cambridge, Massachusetts," prepared by Torrey
14 Architects and dated March 14, 2023.

15 And further, that we incorporate the supporting
16 statements and dimensional forms submitted as part of the
17 application.

18 And further, that the variance is granted
19 incorporating the following condition -- and that's the one
20 contained in the correspondence that proponents agree that
21 on street sweeping days, their cars will be parked only in
22 the long driveway.

1 JAMES RAFFERTY: Mr. Chair, can I be heard on
2 that?

3 JIM MONTEVERDE: Yep.

4 JAMES RAFFERTY: I noted that the offer of the
5 letter did not request that to be a condition of the
6 decision, and he's well familiar with decisions. That's an
7 agreement that was made between neighbors. It certainly
8 makes sense, but to impose a condition around parking when
9 the application doesn't speak to parking or seek relief from
10 parking frankly is out of question.

11 JIM MONTEVERDE: It's true.

12 JAMES RAFFERTY: And I think there's questionable
13 enforceability. These conditions, as you know, live forever
14 in these variances. I'm not sure how we can expect ISD to
15 check out on street cleaning days that a vehicle is being
16 moved into that location. It's a neighborly agreement, and
17 I would respectfully suggest it perhaps is best dealt with
18 between neighbors and need not be a condition of this
19 relief.

20 JIM MONTEVERDE: Okay. If the other Board members
21 agree, we will strike that as a condition, so that --

22 WENDY LEISERSON: I agree.

1 STEVEN NG: Totally support that.

2 VIRGINIA KEESLER: Agree. Yep.

3 JIM MONTEVERDE: So the statement will end, "And
4 further that we incorporate supporting statements and
5 dimensional forms submitted as part of the application." On
6 the matter for the Board to vote, Steven?

7 STEVEN NG: In favor.

8 JIM MONTEVERDE: Carol?

9 CAROL AGATE: In favor.

10 JIM MONTEVERDE: Virginia?

11 VIRGINIA KEESLER: In favor.

12 JIM MONTEVERDE: Wendy?

13 WENDY LEISERSON: In favor.

14 JIM MONTEVERDE: And Jim Monteverde in favor.

15 [All vote YES]

16 JIM MONTEVERDE: It's unanimous.

17 JAMES RAFFERTY: Thank you very much, Mr. Chair,
18 and members of the Board. Have a good evening.

19 JIM MONTEVERDE: You're welcome. Thank you.

20 DAVID TORREY: Thanks very much.

21

22

1 * * * * *

2 (8:42 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: The next case is No. 223613 -- 56
6 Walden Street. Is there anyone here who wishes to speak on
7 this case?

8 JOHN DEGNAN: Yes. Good evening. John Degnan,
9 petitioner and contractor for the property 56.

10 Could you put up slide 15? It's first photo. I
11 don't see it. Is it up?

12 CAROL AGATE: It was, briefly.

13 JOHN DEGNAN: Okay. There we go. It's the -- 56
14 Walden is the building in the rear, the four-story single-
15 family. And put up the plot plan right -- 14. Okay.

16 Relief is being sought for a six-for-six (sic)
17 elevator shaft -- that's the dashed right in there -- to be
18 located on the rear of the building. This will enable the
19 owners the needed wheelchair accessibility to all four
20 floors. The owners, Steve Cox and Cheryl Smith need the
21 elevator for medical reasons in order to age in place in
22 their home.

1 There is no practical way to have an elevator on
2 the interior building due to the small footprint. It's only
3 11'9 on one side and 20'9 on the other side. The elevator
4 addition will not be visible from the street, nor block any
5 neighbors' views. And this house is located right next to
6 the railroad tracks, which is on the left there.

7 The variance is sought for the following
8 conditions: Rear yard setback and the additional FAR for
9 the elevator.

10 And I'll turn this over to Ralph Kilfoyle, the
11 architect.

12 RALPH KILFOYLE: Hi. Good evening. Ralph
13 Kilfoyle, 825 Beacon Street, Newton Center, Architect on
14 this project. There's the site plan to familiarize
15 yourself. The train tracks are to the left just north-
16 facing.

17 This proposed elevator footprint of 5.9' x 5.9' is
18 going to total x four floors, 138 square feet of additional
19 FAR. That is less - ttah is 2.9 percent of our lot area.

20 In yellow, that is the proposed location of this
21 elevator. Four stories. It's the best we could do, given
22 all the difficulty of this property.

1 If anybody's familiar, there's nothing to work
2 with here. And there's nothing to work with within the
3 existing floor plans of this four-story very small dwelling
4 unit.

5 And once again, the -- there's absolutely no
6 sunlight blockage occurring here. North is facing south in
7 this view here. So eastern sun shadows will just cast right
8 back to the existing building. Southern will face right
9 onto that stair, and western will get 100 percent blocked.

10 There is no implications to anybody's lack of
11 sunlight anywhere within this vicinity of this proposed
12 elevator.

13 After that, why don't we kind of quickly go
14 through the floor plans.

15 This is the ground floor. So the path of travel
16 will take you right through that mechanical room. We did
17 provide 3' doors I recall, so that is helpful. But there's
18 not a lot of space in there. The two blue circles are our
19 sprinkler system for this building, because it's four
20 stories. And then -- and you can get to the garage, which
21 is a small component there.

22 But basically, that's our ground floor. So if you

1 wouldn't mind going up to the next one; family room is kind
2 of accessed directly from the elevator. Kitchen and dining
3 opposite side. The stair just stacks right up through the
4 whole home. It's a U-shaped stair. So we think this is an
5 ideal location. Obviously, to consider all floors, we need
6 to make this practical and efficient.

7 Next floor up, please?

8 Okay, that's bedroom 2, potentially a partition
9 for privacy could get created there, if need be, in the
10 future to create maybe a hallway. But I think we're going
11 to initially just leave it open access to this bedroom 2
12 suite, direct to the elevator.

13 And let's go up one more plan.

14 I think back. Well yeah, okay.

15 So here's the master at the top. And you can see
16 how the elevator would access nicely in the corner. The
17 bedroom -- I should have actually put some furniture and a
18 bed in there because, you know, needless to say, wheelchair
19 mobility requires a 5' turning radius and some other, you
20 know, open space to navigate around and within that bedroom.

21 So this is absolutely our need here is to set this
22 elevator outbound of the footprint, rather than inbound.

1 And we can talk about that further. But there's nothing to
2 work with on this very tight small-scale footprint at 723
3 square feet per floor. That's 2, 3, and 4.

4 The first floor is a little bit less because of
5 what we're cantilevering just under 5' on 2, 3, and 4. If
6 you know the building, we can look at some of those
7 pictures.

8 Maybe just quickly go to the exterior elevation
9 views. Those are provided.

10 This view, needless to say you do not see it. So
11 from the street, no one will see this elevator, unless
12 you're up -- well, no, there's no way to see it. You'd have
13 to head way down, this is impossible.

14 So next view, please?

15 Right side, okay.

16 Well, that's a southern-facing elevation. And
17 like I said before, there's on detriment to anybody
18 regarding sunlight, except the fact that it's just going to
19 shadow itself a little bit.

20 Left side, well, you'd see a little pop.

21 It's about a foot there on the far left. We've
22 got a trapezoidal floor plan, and so, I just did these as

1 head-on elevations and that's -- driving by on the train,
2 that's what you'd see.

3 After that, I think we have a rear view.

4 And okay, now it does look more three-dimensional.
5 A little 6' x 6' box stacked up four floors, just to kind of
6 better understand this; simple flat roof at the top. And no
7 windows.

8 Siding would be incorporated to just continue the
9 existing siding treatment architecturally. Minimal kind of
10 corner boards. We're just literally making this as small as
11 we can. We've already consulted with our elevator supplier
12 to frame this as tight as possible, with respect to the
13 construction.

14 All the mechanical, the noise making off, there's
15 not going to be any exterior mechanical serving this
16 elevator. It will all be provided in the mechanical room at
17 the basement level. So no noise created.

18 After that, maybe we should quickly go back to 10
19 as the site plan again. Once again, Walden out the bottom
20 there, this -- it leads -- which was the original existing
21 two-family that got renovated as part of this project is
22 right there in the front.

1 And there's our trapezoidal rear single-family
2 dwelling in the back.

3 JIM MONTEVERDE: Very good. Anything else to add?

4 RALPH KILFOYLE: Well, we can talk about 11, which
5 is the numbers. We'll talk about that in response to some
6 questions. Like I said, the request here is 2.9 percent FAR
7 to accommodate four floors of this elevator.

8 And needless to say, it's not four floors of
9 living space, it's just a ma vertical shaft. We're not
10 enhancing the family room by 138 square feet, as I obviously
11 showed you in those floor plans.

12 And we're really citing no detriment to the
13 neighborhood. We have letter of support that can be
14 identified and read. There's been no opposition that I know
15 of. Doctors' orders from the owner are basically,
16 obviously, in support of necessity of the elevator over,
17 say, a wheelchair stair lift or something less accommodating
18 to the owners' needs.

19 JIM MONTEVERDE: Okay. Thank you.

20 CHERYL SMITH: This is the owner, Cheryl Smith,
21 and my husband, Stephen Cox. And unfortunately, our webcam
22 decided that is needed to start updating three minutes ago.

1 So you won't see us, other than my photo here.

2 And we did consider trying to do stairlifts. But
3 because Steve has difficulty transferring and the way that
4 the floors are, you know, the stairs are -- require two
5 transfers per floor, that would be eight transfers every
6 time you wanted to go from top to bottom, and that would be
7 a significant hazard to his health.

8 We are -- we wanted to move to this neighborhood,
9 because Steve is frequently in Mount Auburn Hospital. This
10 has access to Mount Auburn Hospital. It has access to his
11 doctor.

12 We are Cambridge residents right now in Kendall
13 Square. We bought this house as one that we can find that
14 we could get an elevator for. So that was our sole purpose
15 in trying to move was to find a place where we could live
16 where Steve could access his bedroom as well as the kitchen
17 simultaneously.

18 Steve, do you want to talk?

19 STEVE COX: No, no, I'm good.

20 CHERYL SMITH: There you go.

21 JIM MONTEVERDE: Okay. Thank you for your
22 comments.

1 Any questions from members of the Board?

2 WENDY LEISERSON: No questions.

3 STEVEN NG: Yes. Question for the architect, Mr.
4 Kilfoyle. The elevator, is their -- the associated
5 equipment like the pump or machine-room type stuff, is that
6 going to be in that mechanical room?

7 RALPH KILFOYLE: Yes. And needless to say, it's
8 not like a big commercial elevator.

9 STEVEN NG: Right.

10 RALPH KILFOYLE: From what I recall, the last one
11 I did did not require much, just --

12 STEVEN NG: Okay

13 RALPH KILFOYLE: -- just a little -- little, you
14 know, machine area that we could probably even put into our
15 closet to hide it. Obviously need to maintain a path of
16 travel there.

17 STEVEN NG: Exactly. I think as long as you're
18 providing adequate access for the users, that's all my
19 question was about.

20 RALPH KILFOYLE: Yeah. We possibly may end up
21 with a little bit of renovation to that. Everything's built
22 here. This, again, is not like some kind of a proposal. So

1 I'll talk to the contractor, and we'll see -- we're going to
2 do the best we can here to provide as much open space within
3 that --

4 STEVEN NG: Yep.

5 RALPH KILFOYLE: -- transition as possible.

6 STEVEN NG: Thank you.

7 JIM MONTEVERDE: Any other questions from members of the
8 Board? No?

9 JIM MONTEVERDE: Okay. So I'll open it to public
10 comment. Oh, sorry. And we have five letters in the file
11 in favor and none speaking against.

12 We have a letter from Ricardo Wellisch dated June
13 12, 2023, writing in support. Mr. Wellisch is a primary
14 care provider and supporting the need for the elevator.
15 Meghan McEachern dated June 19, 2023, in support of the
16 proposal.

17 Not going to dare try these first names, but the
18 last name Pilania and last name Jakhar; June 19, 2023. They
19 are in support of the elevator addition. Scott Schneider
20 speaking in support of the variance, and Danforth Nicholas
21 and Darth May dated June 18, 2023, in support. Amelia
22 Wright, dated June 16, 2023, in support.

1 And those are the letters in the file. So that's
2 five in favor and none in opposition.

3 Public comments: Any member of the public who
4 wishes to speak should now click the icon at the bottom of
5 your Zoom screen that says, "Raise hand."

6 If you're calling in by phone, you can raise your
7 hand by pressing *9 and unmute or mute by pressing *6.

8 [Pause]

9 And we don't have anyone calling in. I'll send it
10 back to the Board. Any discussion, or are we ready for a
11 motion?

12 WENDY LEISERSON: Ready.

13 VIRGINIA KEESLER: Ready.

14 JIM MONTEVERDE: Before we go to a motion, I just
15 -- I have one question for the architect, and that's
16 understanding that the house or at least parts of it need to
17 be made accessible -- and this has nothing to do with the
18 variance request, just my own curiosity -- are there other
19 renovations planned for inside the unit to allow wheelchair
20 accessibility around?

21 RALPH KILFOYLE: At this time, I don't believe so.
22 But we will cross that bridge. Possibly the doorways. Some

1 of the doors may have been just too [indiscernible] here and
2 there, I forget.

3 So the extent of -- to answer your question, I
4 think we would possibly be changing a couple of the interior
5 doors to 3' doors.

6 JIM MONTEVERDE: Yeah. I do suggest you look at
7 -- I'm assuming the proponent used the master bedroom. I
8 think in a wheelchair I'm not sure he had access the water
9 closet. You could certainly use the rest of the bath, but
10 I'll leave that to you and the proponent to figure out.

11 RALPH KILFOYLE: Thank you. Yes. That's
12 something we'll handle independently.

13 JIM MONTEVERDE: Yep, please. Just take a look.
14 All right. Onto a motion. The Chair makes a motion to
15 grant the relief from the requirements of the Ordinance
16 under Sections -- this is a variance -- Article 5 Section
17 5.31 and Article 10 Section 10.30 for a variance on the
18 condition that the work proposed conform to the drawings
19 entitled "Unit 3, 56-58 Walden Street Condominium."

20 Before I go any further, do we have a letter from
21 the condominium? Is there a Condominium Association?

22 JOHN DEGNAN: There is. Two of the proposed in

1 favor of are in there. The other two members --

2 JIM MONTEVERDE: Yep, yep. Okay.

3 JOHN DEGNAN: -- Units 1 and 2 of 56 --

4 JIM MONTEVERDE: Meghan, yep --

5 JOHN DEGNAN: Yep.

6 JIM MONTEVERDE: -- McEachern is 56.

7 JOHN DEGNAN: And then -- right.

8 JIM MONTEVERDE: And then Pilania last name and
9 Jakhar are 58.

10 CHERYL SMITH: Shailja, yes.

11 JIM MONTEVERDE: Okay. Fine. So you've -- we've
12 cleared that up. So let me go back. The drawings prepared
13 by or dated -- sorry -- for Unit 3 for 56-58 Walden Street
14 prepared by RDK Architects, dated June 22, 2023, initialed
15 and dated by the Chair.

16 And further, that we incorporate supporting
17 statements and dimensional forms submitted as part of the
18 application.

19 On the motion, Steven?

20 STEVEN NG: In favor.

21 JIM MONTEVERDE: Carol?

22 CAROL AGATE: In favor.

1 JIM MONTEVERDE: Virginia?

2 VIRGINIA KEESLER: In favor.

3 JIM MONTEVERDE: Wendy?

4 WENDY LEISERSON: In favor.

5 JIM MONTEVERDE: And Jim Monteverde in favor.

6 [All vote YES]

7 JIM MONTEVERDE: That is unanimous. The variance
8 is granted. Good luck.

9 RALPH KILFOYLE: Thank you.

10 JOHN DEGNAN: Thank you.

11 CHERYL SMITH: Thank you very much.

12 STEVE COX: Yes, thank you.

13 JIM MONTEVERDE: Yes. You're welcome.

14

15

16

17

18

19

20

21

22

* * * * *

(8:58 p.m.)

Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
Agate, Virginia Keesler, and Steven Ng.

JIM MONTEVERDE: Next case is 221566 -- 145 Willow
Street.

ANDREW PLUMB: Hi. Good evening. This is Andrew
Plumb, the Architect.

JIM MONTEVERDE: Yep.

ANDREW PLUMB: Can you hear me?

JIM MONTEVERDE: Go right ahead. Yep.

ANDREW PLUMB: Okay, great.

JIM MONTEVERDE: We can. Thank you.

ANDREW PLUMB: Thank you, Mr. Chair and members of
the Board. Our variance request this evening is to look at
the parking and accessible access to the common areas on the
property at 145 Willow Street.

This is a project that came before the Board.
Initially, when we got initial approvals to change the use,
and then we came back a second time for some revisions to
the dimensions of the accessible ramp, which is at the front
of the house.

1 And we are coming before you a third time because
2 I frankly realized after the second time that we had been
3 here that we have a dimensional discrepancy in that in the
4 prior review and hearings, we proposed and were granted a
5 single parking space.

6 And this dimension of that parking space that was
7 granted was 8'x6 wide by 18' long, which is what the
8 ordinance requires.

9 But then looking more closely, I realized that we
10 -- in order to actually maintain a 3' clear path, accessible
11 path to the common areas on the property, that we can't have
12 the both ways and maintain that 3' path and an 8'6 parking
13 space with the available space that we have.

14 I should say that we -- because it's a new three-
15 family building, the first-floor unit was designed and built
16 as an accessible-ready unit. Hence the ramp and the sort of
17 zero-threshold front door to the building and to the unit
18 itself on the first floor and, you know, the cabinetry and
19 bathrooms and all these things were designed so that, you
20 know, it could be converted without structural changes.

21 But part of that is that the trash storage and
22 bicycle storage is at the back of the lot. And there's also

1 a common garden space for all of the occupants of the
2 building, which, of course should be, you know, also
3 accessible just like the first-floor unit is.

4 And so, I think probably the best drawing to
5 explain what we're seeking here for relief is Z0.3a. I
6 think it's page no. 9 on the PDF. Go -- there's like an
7 enlarged plan. Yeah. That one.

8 So the issue here is that we've got a lot that's
9 35' wide, so it's a nonconforming lot. And we were
10 literally using every inch in order to make this work.

11 So moving from left to right, from the left
12 property line, we've got the required landing, a ramp at --
13 you know, the required slope, and then a landing at the top.

14 We have a step down from that landing onto the
15 parking area. And then you can see where I've dimensioned a
16 3' line, which would be the accessible path, and then the
17 7'6 which would be the parking space.

18 So what's currently approved is an 8'6 parking
19 space, which makes it not possible to maintain this 3'
20 clearance to, you know, traverse from the sidewalk onto the
21 common space in the back.

22 And that's really the issue is that, you know, the

1 variance, the prior granted variance was for this parking
2 space at this dimension. Our accessibility requirements is
3 this 3'. We can't achieve both unless we reduce some of the
4 width of the parking space.

5 And I just want to point out that the --
6 functionally, I think that it's clear that the parking space
7 will operate just fine and not really be more difficult to
8 use. There's only one car. There's ample room to maneuver
9 to get into the spot where they're going to be.

10 And, you know, the detriment to the property but
11 also the neighborhood would be to either not provide an
12 accessible route or not provide one off-street parking
13 space, which was sort of the only -- when we did our
14 community outreach process, the only thing that was of
15 concern to those who engaged with us was, you know,
16 providing some off-street parking.

17 And so, we think it's sort of a reasonable ask to
18 grant that this parking space be officially considered 7'6
19 wide instead of the 8'6 so that we can kind of dot the is
20 and cross the ts on this and just say that that's the size
21 of the parking space and we're meeting all the requirements.

22 JIM MONTEVERDE: Okay. Thank you. Any questions

1 from members of the Board?

2 VIRGINIA KEESLER: This is Virginia Keesler --

3 CAROL AGATE: Well --

4 VIRGINIA KEESLER: Oh, you can go, Carol.

5 JIM MONTEVERDE: Virginia, do you want to go?

6 VIRGINIA KEESLER: Sure. I was just curious
7 which unit the parking space was associated with. My
8 understanding was that the requirement for an accessible
9 parking space under the ADA is 8' wide. So I was just
10 wondering how --

11 ANDREW PLUMB: Yeah. It's not -- the parking
12 space is associated with the third-floor unit, which is not
13 an accessible unit. And we're not required to provide an
14 accessible parking space in this case. So it's not meant to
15 conform to that dimension.

16 VIRGINIA KEESLER: Thank you.

17 JIM MONTEVERDE: Any other questions?

18 CAROL AGATE: I'm puzzled as to why there was an
19 issue. Because the Section 6.42 allows the 7.5' for a
20 compact car. I'm not sure exactly how it's determined
21 whether a car has to be compact. But it seems the
22 Regulation does say 7.6 is fine.

1 ANDREW PLUMB: My understanding was that you can
2 only my understanding was that you can only -- according to
3 the Ordinance as it's current written, you can only have a
4 compact space for those dimensions if you have at least five
5 spaces that you're providing.

6 And then the second issue is that what we've
7 already had approved through this Board was an 8'6 wide
8 space. So I just felt like we needed to come back and
9 correct that and allow the 7'6 so that down the road there's
10 no question about whether there's the right -- you know, we
11 provided a space that was the right width.

12 JIM MONTEVERDE: Thank you. Any other questions?

13 STEVEN NG: Yeah, Steven Ng.

14 JIM MONTEVERDE: Yeah. Steven?

15 STEVEN NG: So would it be -- is it condos, or is
16 it in the lease, the third-floor party would have to
17 acknowledge they can't have a car wider than 7'6?

18 ANDREW PLUMB: Yes. So the way the condo docs are
19 prepared is that it defines what the location and dimension
20 that's available for them to park their car.

21 There are no cars that are street legal that
22 exceed 7'6 in width in any case, but the -- it's delineated

1 in the condo docs that, you know, this is the space that's
2 available for you to park your car and not -- and you have
3 to maintain this 3' variance.

4 And in addition to that, actually, we're planning
5 to have the paving pattern at the parking change relative to
6 the pathway so that there's sort of a visual cue of where
7 the parking space is versus where the pathway is.

8 I realize in this drawing I showed the pavers sort
9 of in a continuous pattern, but since we submitted this,
10 we've actually decided it will change the pattern where the
11 car goes so that there's a clear, like, you know, visual cue
12 about what's the parking spot versus what's the pathway that
13 has to be -- remain clear.

14 STEVEN NG: Yeah. That'll help. Yeah. Thank
15 you.

16 JIM MONTEVERDE: Any other questions? Yep.

17 WENDY LEISERSON: I was just about to ask about a
18 visual delineation. So Andrew, I applaud your
19 thoughtfulness to this project.

20 ANDREW PLUMB: Thank you.

21 JIM MONTEVERDE: Thank you. I have one question.
22 Not being a fan of parking in the front yard. Do you have

1 any ability to move that parking spaces so that it is not in
2 the front yard?

3 ANDREW PLUMB: I don't. And it's -- I mean it's
4 -- it would be to the detriment of the sort of common space,
5 you know, for the building. So we -- yeah, this drawing
6 kind of is not showing the entire garden but basically,
7 what's planned there is a path and a garden space for the
8 use for everybody. And we hope to, you know, attract
9 families. And there's just not a lot of space here.

10 And so, it just seems a shame to give that over to
11 -- to a car, when it could be something that's, you know,
12 could be enjoyed as outdoor space.

13 JIM MONTEVERDE: Except that it would be compliant
14 with the Ordinance.

15 ANDREW PLUMB: Well, yes. However, we already
16 asked for locating the parking space within the front yard
17 setback and received it. And that was really the -- sort of
18 the --

19 JIM MONTEVERDE: Okay.

20 ANDREW PLUMB: -- existing condition that was
21 there ahead of time. There's some existing photos in here
22 of the before we started the project and where we are now.

1 I think it's towards the end. But basically, there was a
2 sidewalk, there was a fence, and then there was, you know,
3 the parking.

4 And I understand and agree with you that in
5 general, you know, if it can be helped not putting the
6 parking in the front yard setback.

7 I also am concerned about our impervious cover
8 having more paving there. I know we're very tight on that,
9 and the City's extremely concerned about runoff and things
10 like that.

11 So given all of that, we're just, you know, trying
12 to do our best here to provide the off-street parking and
13 provide the accessibility for the building.

14 JIM MONTEVERDE: Okay. Thank you. Any other
15 member have any other questions?

16 OLIVIA RATAY: No one.

17 JIM MONTEVERDE: No one?

18 OLIVIA RATAY: No.

19 JIM MONTEVERDE: No? Okay. I have no -- we have
20 no correspondence in the file. So I will open the matter to
21 public comment. Any members of the public who wish to speak
22 should now click the icon at the bottom of your Zoom screen

1 that says, "Raise hand."

2 If you're calling in by phone, you can raise your
3 hand by pressing *9 and unmute or mute by pressing *6.

4 And we have no one on the line. I'll send it back
5 to the Board for any final discussion.

6 If we have no discussion, then are we ready for a
7 motion?

8 WENDY LEISERSON: Ready.

9 VIRGINIA KEESLER: Ready.

10 JIM MONTEVERDE: All right. Thank you. The Chair
11 makes a motion to grant the relief from the requirements of
12 the Ordinance under Sections Article 6, Section 6.42 and
13 Article 10 Section 10.30, Variance, on the condition that
14 the work proposed conforms to the drawings entitled "145
15 Willow Street" prepared by Aamodt Plumb Architects, dated --
16 not dated, I'll put today's date on it -- initialed and
17 dated by the Chair.

18 And further, that we incorporate supporting
19 statements and dimensional forms submitted as part of the
20 application.

21 Further, the variance is granted and incorporated
22 in the following condition: And that condition is that the

1 pedestrian path or however you want to phrase it, the
2 vehicular parking space, its paving pattern will be
3 different than the adjacent walkway.

4 And [with] that, we're ready for a vote. Steven?

5 STEVEN NG: In approval.

6 JIM MONTEVERDE: Carol?

7 CAROL AGATE: In favor.

8 JIM MONTEVERDE: Virginia?

9 VIRGINIA KEESLER: In favor.

10 JIM MONTEVERDE: Wendy?

11 WENDY LEISERSON: In favor.

12 JIM MONTEVERDE: And Jim Monteverde in favor.

13 [All vote YES]

14 JIM MONTEVERDE: That's five affirmative; the
15 variance is granted.

16 ANDREW PLUMB: Thank you very much.

17 JIM MONTEVERDE: You're welcome.

18

19

20

21

22

1 * * * * *

2 (9:12 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: The next case is 223469 -- 50
6 Concord Avenue. Is there anyone here who wishes to speak on
7 this case?

8 KELLY BOUCHER: I wish to request a continuance
9 for the case on 50 Concord Avenue, to give the homeowners
10 more time to respond to some of late filed neighbor letters
11 that were submitted not in support earlier this week. So
12 we're requesting a continuance.

13 JIM MONTEVERDE: Okay. And the date we have?
14 July 27? Let's see. We already had a July 27 date that
15 worked for the Board members.

16 CAROL AGATE: I had a --

17 JIM MONTEVERDE: Oh, I'm sorry.

18 CAROL AGATE: -- problem with July 27.

19 JIM MONTEVERDE: This group --

20 CAROL AGATE: But if I can come for just that one,
21 I can do that, but I would not be able to do --

22 JIM MONTEVERDE: That'll be fine. It will be a

1 continued case. We can do that. All right?

2 CAROL AGATE: Can we put them to September? That
3 was the next date that was available, since we don't have
4 any August dates.

5 JIM MONTEVERDE: Oh, sorry so the July 27 as a
6 continued case doesn't work for you, Carol?

7 CAROL AGATE: If I come for just that.

8 JIM MONTEVERDE: Yeah.

9 CAROL AGATE: Yes.

10 JIM MONTEVERDE: We can do that.

11 CAROL AGATE: Um --

12 JIM MONTEVERDE: Just for you. We can do that.

13 KELLY BOUCHER: If the case has not been heard
14 yet, does it still need the same group of Board members?

15 JIM MONTEVERDE: No, that's true. We just need
16 five. So does -- do the other four members, are they
17 available for the twenty-seventh, just to get a head count?

18 WENDY LEISERSON: Yes.

19 JIM MONTEVERDE: Okay.

20 VIRGINIA KEESLER: Available.

21 JIM MONTEVERDE: Okay. And, as the proponent
22 said, it doesn't need to be the same five people, since it's

1 been -- since it's a continued case. All right. Let's say
2 July 27, and for a continued case --

3 Let me make a motion, then, to continue the matter
4 to July 27, 2023, on the condition that the petitioner
5 change the posting sign to reflect the new date of July 27,
6 2023 and the new time of 6:00 p.m.

7 Also, in furtherance that the petitioner sign a
8 waiver of the statutory requirement for a hearing. Said
9 waiver can be obtained from Maria Pacheco or Olivia Ratay at
10 the Inspectional Services Department. I ask that you sign
11 it and return it to us by a week from this coming Monday.

12 KELLY BOUCHER: Yep. I --

13 JIM MONTEVERDE: Failure to do so --

14 KELLY BOUCHER: -- actually signed that and
15 forwarded it to Maria yesterday.

16 JIM MONTEVERDE: Oh, okay.

17 KELLY BOUCHER: So that should be there.

18 JIM MONTEVERDE: So we can skip that. Also, if
19 there are any new submittals or changes to the drawings,
20 that those be in the file by 5:00 p.m. on the Monday prior
21 to the July 27, 2023, hearing.

22 And also, if there are any changes to the

1 dimensional form and potentially the supporting statements,
2 they also be changed and submitted along with the new
3 documents.

4 On the motion, then, to continue this matter until
5 July 27, Wendy?

6 WENDY LEISERSON: In favor.

7 JIM MONTEVERDE: Virginia?

8 VIRGINIA KEESLER: In favor.

9 JIM MONTEVERDE: Carol?

10 CAROL AGATE: In favor.

11 JIM MONTEVERDE: Steven?

12 STEVEN NG: In favor.

13 JIM MONTEVERDE: And Jim Monteverde in favor. And
14 this will be a case not heard.

15 KELLY BOUCHER: Thank you.

16 JIM MONTEVERDE: All right.

17

18

19

20

21

22

1 * * * * *

2 (9:16 p.m.)

3 Sitting Members: Jim Monteverde, Wendy Leiserson, Carol
4 Agate, Virginia Keesler, and Steven Ng.

5 JIM MONTEVERDE: The next case, and final is
6 223517 -- 19-21 Fountain Terrace, Unit 2.

7 KELLY BOUCHER: My name is Kelly Boucher. I'm
8 also the Architect for the proposal in front of you tonight
9 at Fountain Terrace.

10 Olivia, could you pull up the drawings, please?
11 Great. Can you move over to the second page? Thank you.

12 Fountain Terrace is an existing two-family,
13 nonconforming structure. It's currently occupied by a
14 family, the -- who are here tonight to support their
15 statement.

16 There's two sisters. One sister lives on the
17 first floor in the basement unit, and the other sister,
18 Shannon and her son live on the second floor.

19 And currently the third floor, although does have
20 some pretty good head height, is unfinished. No windows and
21 doesn't have full stair access.

22 So we seek a special permit today to increase

1 existing nonconforming FAR in the form of three third-floor
2 dormers, two located on the left side of the building, which
3 is in the setback and a third located on the right side of
4 the building, which is not located in the setback.

5 Off both sides of the building, the dormer totals
6 only 15'. So they are designed to comply with the Dormer
7 Guidelines for length.

8 We are also proposing to remove the existing two-
9 story front porch, which is considered GFA too. It's also a
10 little bit sort of old and outdated.

11 So they're looking to take it off completely,
12 replace it with a one-story porch with a roof, which then
13 removes 138 square feet of GFA from the second floor of the
14 project.

15 So the two things we're looking for are dormers,
16 which add a total of 108 square feet, removal of a porch
17 which removes 124 square feet for a total net add of 58
18 square feet when we're done.

19 Can you flip through the -- to the next slide?

20 There's our Assessor's Map.

21 Next one?

22 GFA diagrams. You can see the only two floors

1 that are affected are the third floor. So existing
2 conditions are along the top of the page proposed along the
3 bottom.

4 And again, here you can see the third floor has
5 two proposed dormers, and then we're unenclosing the second-
6 floor porch on the second floor.

7 Can you -- so here's our open space diagram, which
8 was largely unchanged by our proposed project.

9 Next?

10 So here we're showing the existing plans along the
11 top, proposed plans along the bottom, no work planned at the
12 basement. The first-floor work does just take off that old,
13 enclosed porch. We're extending it slightly on the left
14 side where you can see it's kind of pink by 14 square feet
15 to make it symmetrical across the face of the building. And
16 that's the only change to the first floor.

17 So if you go to the next?

18 The second floor, here you can see we are
19 demolishing that enclosed porch in lieu of a new roof,
20 removing that square footage.

21 And at the third floor, we're adding the three --
22 the three dormers, as indicated on the plan.

1 And here's a good view of what the front of the
2 building; now has that old porch and the sliding windows.
3 It's covered in vinyl siding, but we're looking to take that
4 porch off, put a much more traditional porch with a setout
5 stair, four columns, and leave it open at the second floor.

6 At the front -- and here you can see the driveway
7 side shed dormer, and that one does conform to setback,
8 although does create 103 square feet of floor area.

9 Can you hit the next slide, Olivia? Thank you.

10 And here we have the rear elevation where you can
11 see the two dormers at the roof, but otherwise no changes to
12 the rear.

13 And then along the left side there are the two
14 gable end dormers, one of which encloses the stair in order
15 to get the proper headroom to get a stair up into the space,
16 and the one at the front allows for more livability in that
17 part of the house.

18 And here you can see the new proposed porch with
19 column.

20 The next slide has some 3D views before, along the
21 top, and after, along the bottom. You can see the front
22 porch is quite an improvement to the house, and actually a

1 lot more historically appropriate than the addition that had
2 been there before.

3 And the -- and you can see on the right side we've
4 got the two gable dormers, and on the left side the shed
5 dormer.

6 And the last slide is just some context photos of
7 what it looks like now, as viewed from the street.

8 And that is the Assessor's Map. But that pretty
9 much concludes our presentation. So a special permit for
10 GFA, total added square feet of 58. No other major changes
11 to the property.

12 JIM MONTEVERDE: Thank you. Before I open this
13 for questions, can you just say again -- you said that at
14 the beginning -- this is Unit 2?

15 KELLY BOUCHER: This is Unit 2, which is the
16 second floor, which now the only living space is on the
17 second floor, and the third floor is unfinished.

18 JIM MONTEVERDE: Right.

19 KELLY BOUCHER: So they're looking to expand that
20 second-floor unit up to the third floor to make a new
21 bedroom, give them --

22 JIM MONTEVERDE: Yep.

1 KELLY BOUCHER: -- a little bit of additional
2 living space, add a bathroom, and get a proper --

3 JIM MONTEVERDE: Yep.

4 KELLY BOUCHER: -- stair up to that floor with the
5 compliant headroom that we need to do so.

6 JIM MONTEVERDE: Understood. And the ground floor
7 is Unit 1?

8 KELLY BOUCHER: The ground floor and the basement
9 are Unit 1. And that floor -- that unit is already two
10 stories now.

11 JIM MONTEVERDE: And is that a condominium?

12 KELLY BOUCHER: It is a condominium owned by the
13 family in which the sisters each live in one unit.

14 JIM MONTEVERDE: Okay. Just because we don't have
15 any letter in the file from the Association, except -- you
16 know, authorizing the proposal. But I'm assuming it's the
17 same family, from what you're saying?

18 KELLY BOUCHER: It is. Yeah. It is the same
19 family. They are all in support of staying in their house
20 together as long as possible and letting it grow slightly to
21 -- you know, as their family settles in to town.

22 JIM MONTEVERDE: Okay.

1 KELLY BOUCHER: They're all on the Zoom too. I 'm
2 sure that --

3 JIM MONTEVERDE: So --

4 KELLY BOUCHER: -- if you'd like, they could chime
5 in.

6 JIM MONTEVERDE: -- just to follow that up, is it
7 one owner or two?

8 KELLY BOUCHER: Um -- Jan, can you answer that
9 question exactly how the building is owned?

10 JAN EGLESON: Yes, absolutely. I'm one of the
11 owners. I'm the father. My two daughters share this house.
12 Each daughter owns one unit. So there are two condo units.

13 JIM MONTEVERDE: Okay. All right. Thank you.

14 KELLY BOUCHER: Thanks.

15 JIM MONTEVERDE: So if it's -- if it will be
16 acceptable, I think we'll add -- once we get through,
17 assuming this is approved, if it's approved, we'll ask you
18 to submit a letter from the two owners --

19 JAN EGLESON: Oh.

20 JIM MONTEVERDE: -- basically accepting or
21 approving the proposal in front of us.

22 JAN EGLESON: Absolutely, yes. The --

1 JIM MONTEVERDE: All right.

2 JANUARY EGGLESON: This has been developed for both
3 of them. Yes.

4 JIM MONTEVERDE: Okay. Any questions from members
5 of the Board?

6 WENDY LEISERSON: No.

7 JIM MONTEVERDE: Okay.

8 STEVEN NG: No questions.

9 JIM MONTEVERDE: All right. Public comment? I'll open
10 it to public comment. There's no correspondence in the
11 file. So for public comment, any members of the public who
12 wish to speak should now click the icon at the bottom of
13 your Zoom screen that says, "Raise hand."

14 If you're calling in by phone, you can raise your
15 hand by pressing *9 and unmute or mute by pressing *6.

16 [Pause]

17 JIM MONTEVERDE: Crickets. Okay. Back to the
18 Board. Any --

19 WENDY LEISERSON: Last hearing of the night.

20 JIM MONTEVERDE: I know. Everybody's tired.

21 WENDY LEISERSON: Always like this.

22 JIM MONTEVERDE: Any further discussion or final

1 discussion, or ready for a motion?

2 STEVEN NG: Ready for a motion.

3 WENDY LEISERSON: Yes, I'm ready for a motion.

4 Just as a matter of reminding me, these -- the Dormer

5 Guidelines are all complied with, correct?

6 JIM MONTEVERDE: Yep.

7 WENDY LEISERSON: Okay.

8 JIM MONTEVERDE: Correct.

9 WENDY LEISERSON: Thank you.

10 JIM MONTEVERDE: All right. Moving to a motion,
11 the Chair makes a motion to grant the relief from the
12 requirements of the ordinance under Section -- and this is a
13 special permit -- but Sections Article 10 Section 5.31,
14 Article 8 Section 8.22.2, and Article 10 Section 10.40 for a
15 special permit on the condition that the work proposed
16 conforms to the drawings entitled "19-21 Fountain Terrace"
17 prepared by Kelly Boucher? --

18 KELLY BOUCHER: Yep.

19 JIM MONTEVERDE: -- Architecture, and dated May
20 22, 2023; initialed and dated by the Chair.

21 And further, that we incorporate the supporting
22 statements and dimensional forms submitted as part of the

1 application.

2 Further, that the variance -- sorry, the special
3 permit is granted incorporating the following condition:
4 And that condition is that a correspondence from both owners
5 be submitted to Inspectional Services that basically says
6 both owners agree to -- or the other owner agrees to allow
7 this construction. Okay?

8 On the matter then, a vote. Wendy?

9 WENDY LEISERSON: In favor.

10 JIM MONTEVERDE: Virginia?

11 VIRGINIA KEESLER: In favor.

12 JIM MONTEVERDE: Carol?

13 CAROL AGATE: In favor.

14 JIM MONTEVERDE: Steven?

15 STEVEN NG: In favor.

16 JIM MONTEVERDE: And Jim Monteverde in favor.

17 [All vote YES]

18 JIM MONTEVERDE: That's five in favor, unanimous.

19 The special permit is granted. And if I may before we end,
20 Kelly Boucher I would just like to commend you for the
21 revision to the front of the house --

22 KELLY BOUCHER: Thank you.

1 JIM MONTEVERDE: -- and putting back the one-story
2 porch. That is a vast improvement. Also --

3 KELLY BOUCHER: That -- I think it's a vast
4 improvement. I give credit to Jan, because it was his idea
5 and not --

6 JIM MONTEVERDE: All right.

7 KELLY BOUCHER: -- my own.

8 JIM MONTEVERDE: For whomever, but --

9 JAN EGLESON: Thank you.

10 JIM MONTEVERDE: -- as part of the presentation I
11 thank you. That's one of the -- we've seen more
12 presentations where people are infilling the second floor to
13 create kind of the box you're taking away so it's refreshing
14 to see it -- the single-story entry be restored.

15 And also, I want to note that the two dormers on
16 the one side of the house actually look like the proverbial
17 dormers, and not the 15' wide roof extensions. So I'm
18 delighted that's probably the first one I have ever seen.
19 So personally, I thank you.

20 KELLY BOUCHER: You're welcome. We thank you for
21 the approval.

22 JIM MONTEVERDE: That's it. Done for the night.

1 Thank you all.

2 KELLY BOUCHER: That's it. Thank you for powering
3 this through.

4 COLLECTIVE: Thank you very much. Goodnight.

5 JIM MONTEVERDE: You're welcome. Goodnight.

CERTIFICATE

Commonwealth of Massachusetts
Middlesex, ss.

I, Michele Dent, Notary Public in and for the
Commonwealth of Massachusetts, do hereby certify that the
above transcript is a true record, to the best of my
ability, of the proceedings.

I further certify that I am neither related to nor
employed by any of the parties in or counsel to this action,
nor am I financially interested in the outcome of this
action.

In witness whereof, I have hereunto set my hand this
24th day of July, 2023.

Notary Public

My commission expires:
