P R O C E E D I N G S

10:08:41

10:08:49

ELIZABETH LINT: Okay. We are going to begin.

10:08:50

10:14:12

This is a meeting of the Pole and Conduit Commission. Today is Thursday, June 21st, 2012, at 10:15 a.m.

10:14:14

10:14:19

18:11:29

We are in the Michael J. Lombardi Municipal Office Building, 831 Massachusetts Avenue, Basement Conference Room. Before you are the Commissioners Bill Dwyer and George Fernandes.

18:11:29

18:11:33

10:14:27

10:14:29

10:14:30

The first order of business is the minutes from May 17th.

10:14:33

10:14:36

GEORGE FERNANDES: Motion approved?

10:14:39

WILLIAM DWYER: Seconded.

10:14:41

GEORGE FERNANDES: All in favor.

10:14:41

WILLIAM DWYER: Yes.

10:14:48

* * * *

10:14:48

GEORGE FERNANDES: First on the list is NStar Electric for Franklin Street at the

10:14:50

10:14:54 intersection of Western Avenue, Easterly from
10:14:58 Manhole C318, rebuild Manhole C318 and
10:15:02 continue onto Western Avenue, a distance of
10:15:05 approximately 175 feet of conduit.

10:15:06 JACQUI DUFFY: This is the one that
10:15:07 we brought last month and we had to bring it
10:15:11 back. We could send out the abutters on that.
10:15:14 And it's for the police station.

10:15:14 GEORGE FERNANDES: Correct.

10:15:38 JACQUI DUFFY: I need someone to sign
10:15:40 it.

10:15:40 GEORGE FERNANDES: (Inaudible) the
10:15:42 law department.

10:15:52 Motion to approve?

10:15:52 WILLIAM DWYER: Seconded.

10:15:52 ELIZABETH LINT: Re-approve.

10:15:52 GEORGE FERNANDES: Re-approve?

10:15:52 WILLIAM DWYER: Seconded.

10:16:01 JACQUI DUFFY: And on page three, if
10:16:03 you want, it's on there again, if you want to
10:16:05 cross it out. The fourth one down on page

10:16:12 three. Because I resubmitted it, but it was
10:16:17 already on there. So it wasn't her fault, it
10:16:20 was because it came in --

10:16:31 WILLIAM DWYER: Given the conditions,
10:16:34 normal conditions --

10:16:34 ELIZABETH LINT: We had done that at
10:16:39 the last hearing.

10:16:43 * * * *

10:16:43 GEORGE FERNANDES: NStar Electric for
10:16:56 Osborne Street - Northerly from Manhole C3218,
10:17:00 160 feet of conduit turning onto State Street.

10:17:05 State Street - Westerly from Osborne
10:17:06 Street, a distance of approximately 65 feet of
10:17:12 conduit - new Manhole to be built MHC29436.

10:17:15 JACQUI DUFFY: That is a station that
10:17:17 is going in for Novartis.

10:17:31 WILLIAM DWYER: Public Works is all
10:17:32 set with this other than our normal conditions
10:17:37 and restrictions, city permits, SPOF or
10:17:38 mitigation agreement, and coordination with
10:17:42 the DPW with the on-site contractor.

10:17:52

JACQUI DUFFY: Coordination with DPW

10:17:55

and -- I'm sorry?

10:17:56

WILLIAM DWYER: And the contractor

10:17:57

on-site.

10:18:04

GEORGE FERNANDES: Motion to approve?

10:18:05

GEORGE DWYER: Seconded.

10:18:07

GEORGE FERNANDES: All those in

10:18:08

favor?

10:18:09

WILLIAM DWYER: Yes.

10:18:09

* * * *

10:18:15

GEORGE FERNANDES: NStar Electric for

10:18:16

Water Street - Northeasterly from Manhole

10:18:21

C3664 approximately 75 feet Northeast of

10:18:21

Monsignor O'Brien Highway, a distance of

10:18:30

approximately 36 feet of conduit.

10:18:30

JACQUI DUFFY: That is a new 15-story

10:18:33

high-rise.

10:18:35

GEORGE FERNANDES: Does this remove

10:18:36

the last --

10:18:37

JACQUI DUFFY: The other one was 15

10:18:40

Water Street. So I'm thinking it might be the

10:18:43 same, you know, it's in the back there between
10:18:46 the hotel and the nut place, kind of.

10:18:48 GEORGE FERNANDES: This is a
10:18:50 whole (inaudible) --

10:18:50 JACQUI DUFFY: Yes, that didn't go.
10:18:52 I mean, I don't think they ever paid the
10:18:53 money. That was years ago.

10:18:53 GEORGE FERNANDES: Right.

10:18:55 JACQUI DUFFY: I don't think there
10:18:57 was anything done.

10:18:58 GEORGE FERNANDES: They'd probably
10:18:59 say something when you get there.

10:19:03 JACQUI DUFFY: I'm not sure about the
10:19:05 other utilities either.

10:19:11 WILLIAM DWYER: Public Works, same as
10:19:17 before.

10:19:17 THE COURT REPORTER: Excuse, I'm
10:19:17 having a hard time hearing because of the fan
10:19:17 over my head. Can you just repeat that last
10:19:17 part, please.

10:19:19 WILLIAM DWYER: The same as the

10:19:20 previous conditions and restrictions. If you
10:19:24 need me to repeat it, I can repeat it for you.

10:19:24 ELIZABETH LINT: I got it. Are you
10:19:39 all set?

10:19:41 GEORGE FERNANDES: Motion to approve?

10:19:44 WILLIAM DWYER: Seconded.

10:19:45 GEORGE FERNANDES: All those in
10:19:45 favor?

10:19:49 WILLIAM DWYER: Yes.

10:19:52 * * * *

10:19:52 GEORGE FERNANDES: Nstar Electric,
10:20:02 Linskey Way - Easterly at Second Street from
10:20:04 Manhole 29464, install approximately 293 feet
10:20:10 of conduit and install new Manhole 29479.

10:20:23 JACQUI DUFFY: This is for an office
10:20:25 and a lab building for 50 Binney.

10:20:25 TERRY TOLOSKO: This is a permanent
10:20:44 service. There is a temporary service and a
10:20:49 permanent service. And this next one I think
10:20:50 is for -- it's temporary, yes.

10:21:06 WILLIAM DWYER: On Second Street to

10:21:08 Pearl all running easterly from Linskey to
10:21:10 First Street -- I mean, on Linskey from Second
10:21:13 to First Street.

10:21:14 TERRY TOLOSKO: Yes, it doesn't go
10:21:17 down --

10:21:17 WILLIAM DWYER: No, but in that
10:21:20 direction? I just want to make sure about
10:21:22 that.

10:21:23 JACQUI DUFFY: Yes.

10:21:25 WILLIAM DWYER: I'm all set with it,
10:21:28 George.

10:21:35 ELIZABETH LINT: Same conditions?

10:21:38 WILLIAM DWYER: Yes. City permits,
10:21:40 SPOF or previous mitigation agreements,
10:21:44 coordination with Public Works.

10:21:46 GEORGE FERNANDES: So the pad mount
10:21:48 is temporary?

10:21:50 TERRY TOLOSKO: The pad mount is
10:21:51 temporary.

10:21:57 GEORGE FERNANDES: All those
10:21:58 approved?

10:21:58

WILLIAM DWYER: Seconded.

10:22:01

GEORGE FERNANDES: All in favor?

10:22:05

WILLIAM DWYER: Yes.

10:22:10

* * * *

10:22:10

GEORGE FERNANDES: Nstar Electric -

10:22:11

Linskey Way - Northeasterly from Manhole

10:22:16

C29479 to new SC338, approximately 195 feet

10:22:20

east of Second Street, a distance of

10:22:23

approximately 40 feet of conduit and build a

10:22:30

TEMP SC338.

10:22:46

WILLIAM DWYER: Public Works is okay,

10:22:52

the same conditions and restrictions would

10:22:54

apply on our end.

10:23:16

GEORGE FERNANDES: Motion to approve?

10:23:18

WILLIAM DWYER: Seconded.

10:23:21

GEORGE FERNANDES: All those in

10:23:22

favor?

10:23:22

WILLIAM DWYER: Yes.

10:23:25

* * * *

10:23:25

GEORGE FERNANDES: NStar Electric,

10:23:27

Linskey Way - Easterly from Manhole 2595,

10:23:34 approximately 480 feet west of Second Street,
10:23:36 a distance of approximately 487 feet -
10:23:40 conduit and build new Manhole C29464.

10:23:48 Second Street - Southwesterly from
10:23:55 Manhole C29464 at the intersection of Linskey
10:23:57 Way, a distance of approximately 255 feet of
10:24:00 conduit and build a new Manhole C29463.

10:24:07 Second Street - Northerly from
10:24:07 Manhole C29464 at the intersection of Linskey
10:24:11 Way, a distance of approximately 141 feet of
10:24:15 conduit and build new Manhole C29465.

10:24:18 JACQUI DUFFY: This is our new Nstar
10:24:21 infrastructure for new buildings in the area
10:24:25 due to plan expansion in the area.

10:24:33 WILLIAM DWYER: Question: How far
10:24:35 west does this go towards Third Street? You
10:24:39 see where it says "West Kendall" --

10:24:41 GEORGE FERNANDES: West Kendall,
10:24:45 Manhole 2595 at West Kendall.

10:24:52 WILLIAM DWYER: New pavement gets
10:24:54 roughly into that area.

10:24:56 TERRY TOLOSKO: So Linskey Way gets
10:24:59 redone as part of the --

10:25:01 GEORGE FERNANDES: As part of --

10:25:02 TERRY TOLOSKO: -- as part of the
10:25:05 infrastructure piece of the project. So this
10:25:07 will capture this conduit in Linskey Way.

10:25:13 WILLIAM DWYER: Okay. Same
10:25:17 conditions, restrictions as previously said,
10:25:22 unless George has some questions or issues.

10:25:25 GEORGE FERNANDES: No, I'm all set.

10:25:31 WILLIAM DWYER: Terry, we'll have to
10:25:34 coordinate this with DPW as far as making sure
10:25:37 everything is --

10:25:37 TERRY TOLOSKO: Right. So what will
10:25:39 happen now is -- have you seen the plans, the
10:25:43 50 percent of the plans?

10:25:44 WILLIAM DWYER: I haven't yet, but I
10:25:45 know --

10:25:46 TERRY TOLOSKO: So what will happen,
10:25:47 as soon as all this gets approved, this will
10:25:49 be dropped into the plans for the next review,

10:25:51 so you'll see all this work reflected in that.

10:25:57 WILLIAM DWYER: Okay. Good.

10:25:59 GEORGE FERNANDES: Motion to approve?

10:26:02 WILLIAM DWYER: Seconded.

10:26:04 GEORGE FERNANDES: All in favor?

10:26:07 WILLIAM DWYER: Yes.

10:26:21 * * * *

10:26:21 GEORGE FERNANDES: Nstar Electric for
10:26:23 State Street - Northwesterly from Manhole
10:26:27 1686, approximately 75 feet west, a distance
10:26:32 of about 21 feet of conduit.

10:26:36 JACQUI DUFFY: This is another one
10:26:38 for Novartis.

10:26:42 GEORGE FERNANDES: For the SC.

10:27:02 WILLIAM DWYER: Public Works is all
10:27:04 set.

10:27:05 GEORGE FERNANDES: I'm all set.

10:27:07 WILLIAM DWYER: Same conditions and
10:27:09 restrictions.

10:27:11 ELIZABETH LINT: We are all set.

10:27:12 JACQUI DUFFY: What do you say -- you

10:27:15 stay at that hotel and you know everything the
10:27:17 next day?

10:27:19 WILLIAM DWYER: Yes, Holiday Express.

10:27:22 GEORGE FERNANDES: Motion to approve?

10:27:24 WILLIAM DWYER: Seconded.

10:27:26 GEORGE FERNANDES: All in favor?

10:27:28 WILLIAM DWYER: Yes.

10:27:30 * * * *

10:27:30 GEORGE FERNANDES: Next is NStar
10:27:32 Electric for Erie Street -- Easterly from
10:27:36 pole 240/3 - approximately 130 feet northwest
10:27:38 of Pearl Street, a distance of approximately
10:27:42 10 feet of conduit.

10:27:42 JACQUI DUFFY: What happened was the
10:27:44 conduit was on the wrong side of the building
10:27:48 so now we are putting it on the other side.
10:27:51 We got approved, I think it was in 2006. So
10:27:55 we had to re-apply to put it on the other side
10:27:59 of the building.

10:28:01 GEORGE FERNANDES: I want to make
10:28:03 note that --

10:28:06

JACQUI DUFFY: Yes, 2006.

10:28:07

10:28:08

10:28:10

GEORGE FERNANDES: You want to bring in two conduits to this pole and then to remove two conduits?

10:28:13

10:28:16

JACQUI DUFFY: Right. Two in, two out.

10:28:17

10:28:18

10:28:21

GEORGE FERNANDES: They originally put the service in through a vacant piece of property, and now it's in the way, so --

10:28:26

10:28:28

10:28:31

WILLIAM DWYER: I didn't get a chance to see this one. Is this down by the housing building?

10:28:33

10:28:38

10:28:44

10:28:51

10:28:55

10:28:57

GEORGE FERNANDES: The rear of the Blessed Sacrament. So we originally approved two conduits into a padmount transformer on the property. And where they placed the conduit on the property is in the way of future buildings on that site.

10:28:57

10:28:57

10:28:57

THE COURT REPORTER: Excuse me, I cannot hear you very well with the exhaust over my head. Can you please speak a little

10:29:14 louder.

10:29:14 GEORGE FERNANDES: Okay. Off the
10:29:14 record a minute.

10:29:34 (Discussion off the record.)

10:29:34 GEORGE FERNANDES: Back on the
10:29:35 record.

10:30:02 Any issues?

10:30:04 WILLIAM DWYER: No. Same conditions
10:30:06 and restrictions that we had before.

10:30:09 GEORGE FERNANDES: Motion to approve?

10:30:11 WILLIAM DWYER: Seconded.

10:30:12 GEORGE FERNANDES: All in favor?

10:30:13 WILLIAM DWYER: Yes.

10:30:33 * * * *

10:30:33 GEORGE FERNANDES: Nstar Electric for
10:30:36 JFK Street - Northerly 125 feet south of
10:30:40 Brattle Street at the intersection of Brattle
10:30:44 Street from SNV5040, approximately 31 feet of
10:30:49 conduit.

10:30:49 JACQUI DUFFY: This is that work that
10:30:51 was already done for the Curious George

10:30:54

bookstore.

10:31:01

GEORGE FERNANDES: This was

10:31:03

previously verbally approved because of

10:31:10

ongoing construction; they were rebuilding the

10:31:13

sidewalks, so we had to get this in.

10:31:22

Motion to approve?

10:31:24

WILLIAM DWYER: Seconded.

10:31:25

GEORGE FERNANDES: All in favor?

10:31:27

WILLIAM DWYER: Yes. And the same

10:31:30

conditions and restrictions apply.

10:31:40

* * * *

10:31:40

GEORGE FERNANDES: Nstar Electric for

10:31:41

Brookline Street - Northwesterly from Manhole

10:31:44

309, 136 feet south of Mass. Ave., a distance

10:31:49

of approximately 10 feet of conduit.

10:31:53

JACQUI DUFFY: This is when they were

10:31:55

relocating the underground service.

10:32:10

GEORGE FERNANDES: This is for that

10:32:12

block that is Hi Fi Pizza. It's off of

10:32:25

Brookline Street. Is that new?

10:32:25

WILLIAM DWYER: No.

10:32:43 GEORGE FERNANDES: It's not on the
10:32:45 street anyway, it's on the sidewalk.

10:32:47 WILLIAM DWYER: Just a little bit in
10:32:49 the intersection that's new (inaudible)
10:32:51 because we paved Mass. Ave. last year. But I
10:32:52 don't think it's new.

10:32:54 GEORGE FERNANDES: But the Manhole
10:33:03 bit is on the south side (inaudible).

10:33:04 WILLIAM DWYER: So Public Works is
10:33:06 fine with this.

10:33:21 GEORGE FERNANDES: Motion to approve?

10:33:22 WILLIAM DWYER: Seconded.

10:33:25 GEORGE FERNANDES: All in favor?

10:33:27 WILLIAM DWYER: Yes.

10:33:33 * * * *

10:33:34 GEORGE FERNANDES: Next is NStar
10:33:38 Electric, Birch Street - Westerly from Pole
10:33:41 71/8 at the intersection of Bay State Street
10:33:46 and Birch Street, a distance of approximately
10:33:48 eight feet of conduit.

10:33:48 JACQUI DUFFY: This is new condos

10:33:49 that are going in at 42 to 50 Bay State
10:33:53 Street.

10:34:19 GEORGE FERNANDES: From a pole --

10:34:21 WILLIAM DWYER: We are familiar with
10:34:22 this already. We've been working with these
10:34:24 developers for a while and so we're all set.

10:34:28 GEORGE FERNANDES: Motion to approve?

10:34:29 WILLIAM DWYER: Seconded.

10:34:32 GEORGE FERNANDES: All in favor?

10:34:33 WILLIAM DWYER: Yes.

10:34:33 ELIZABETH LINT: And all the same --

10:34:37 WILLIAM DWYER: Yes, the same as
10:34:39 previous.

10:34:44 * * * *

10:34:44 GEORGE FERNANDES: NStar Electric for
10:34:46 Oxford Street - Easterly from Manhole C1788 -
10:34:52 approximately 84 feet south of Sacramento
10:34:56 Street, a distance of approximately 10 feet of
10:34:57 conduit.

10:34:58 JACQUI DUFFY: This is for Leslie
10:35:02 University.

10:35:33

GEORGE FERNANDES: Right opposite the school.

10:35:35

10:35:44

WILLIAM DWYER: Same conditions and restrictions apply.

10:35:46

10:36:03

GEORGE FERNANDES: Motion to approve?

10:36:05

WILLIAM DWYER: Seconded.

10:36:07

GEORGE FERNANDES: All in favor?

10:36:08

WILLIAM DWYER: Yes.

10:36:23

* * * *

10:36:23

GEORGE FERNANDES: Nstar Electric for Berkeley Street - Westerly at Berkeley Place, a distance of approximately 58 feet of conduit at pole 63/19.

10:36:26

10:36:30

10:36:34

10:36:39

Berkeley Place - Southwesterly at Berkeley Street, a distance of 285 feet of conduit. Install one new Manhole, Manhole C29500.

10:36:42

10:36:46

10:36:49

10:36:51

JACQUI DUFFY: This one we had to remove two backyard poles that we had no easements for and we had to put everything underground.

10:36:53

10:36:56

10:36:59

10:37:01

GEORGE FERNANDES: What happened with the poles?

10:37:03

10:37:04

JACQUI DUFFY: We had to remove them.

10:37:08

GEORGE FERNANDES: Where do they go?

10:37:10

10:37:15

JACQUI DUFFY: Not sure. Verizon and Comcast need to figure out another way. They wanted them out of the yards. They are aware of it.

10:37:15

10:37:17

10:37:26

WILLIAM DWYER: I'd like to continue this if we can. If Public Works doesn't have any background for this yet, I think a little bit of coordination needs to be done.

10:37:29

10:37:33

10:37:36

10:37:39

JACQUI DUFFY: And I think some of the residents think it's a private street, and part is public. But we think that's Number 8.

10:37:45

10:37:47

10:37:52

GEORGE FERNANDES: It says no parking. But any time I see a street that says, "no parking or you'll be towed," I don't park there.

10:37:54

10:37:57

10:38:04

10:38:05

WILLIAM DWYER: They all want it to be private until it comes to paving.

10:38:10

10:38:10

JACQUI DUFFY: So you want to
continue it?

10:38:11

10:38:13

WILLIAM DWYER: Yes, we need to
continue it.

10:38:15

10:38:17

GEORGE FERNANDES: We need Comcast
and Verizon.

10:38:19

10:38:22

WILLIAM DWYER: Is it one property
owner pushing this?

10:38:23

10:38:25

JACQUI DUFFY: Yes, No. 4.

10:38:32

GEORGE FERNANDES: That's the
renovation.

10:38:33

10:38:34

JACQUI DUFFY: Thomas Burn.

10:38:38

GEORGE FERNANDES: It's a renovation.
I know Nstar was looking for an easement.

10:38:38

10:38:43

JACQUI DUFFY: Right.

10:38:53

GEORGE FERNANDES: So we need to know
if this is private or not because then they
would pay for it.

10:38:55

10:38:59

10:39:04

WILLIAM DWYER: I'll make a note on
this one.

10:39:06

10:39:07

JACQUI DUFFY: What about the private

10:39:09 or the public?

10:39:10 GEORGE FERNANDES: Private property
10:39:12 has to pay for it.

10:39:12 JACQUI DUFFY: So that's the other
10:39:13 thing we have to make sure of?

10:39:16 GEORGE FERNANDES: Right. The tax
10:39:26 payer can't pay for it if it's private
10:39:30 property.

10:39:46 JACQUI DUFFY: Okay.

10:39:46 GEORGE FERNANDES: Motion to
10:39:48 continue, and we'll need to know whether the
10:39:51 street is private or not, and we need Verizon
10:40:00 and Comcast.

10:40:02 JACQUI DUFFY: Do you want to get a
10:40:04 meeting out there with them?

10:40:05 GEORGE FERNANDES: Well, they are
10:40:07 aware of it?

10:40:08 JACQUI DUFFY: They are aware of it,
10:40:09 yes.

10:40:10 GEORGE FERNANDES: I'd say let them
10:40:13 do their --

10:40:13

JACQUI DUFFY: -- their part and see

10:40:15

what they come up with.

10:40:18

GEORGE FERNANDES: Yes. So motion to

10:40:19

continue?

10:40:20

WILLIAM DWYER: Seconded.

10:40:23

GEORGE FERNANDES: All in favor?

10:40:25

WILLIAM DWYER: Yes.

10:40:31

* * * *

10:40:31

GEORGE FERNANDES: Nstar Electric for

10:40:34

Sixth Street - Southwesterly, thence turning

10:40:38

and running southerly, a distance of

10:40:40

approximately 129 feet of conduit at pole

10:40:45

636/34.

10:40:49

Is this for the removal of the pole?

10:40:53

TERRY TOLOSKO: Yes. This is related

10:40:54

to the removal of the pole, the overhead and

10:40:58

underground. There are other pieces, so we

10:41:01

got to figure out when the other pieces are

10:41:04

going to happen. But there is another

10:41:07

section. Actually, maybe this is why, Because

10:41:10

Fifth Street is privately owned, so this is

10:41:13 the only thing.

10:41:35 So I imagine Verizon is probably
10:41:39 going to be coming in because they have
10:41:41 another piece of this, because of their lines
10:41:44 on the poles. And I think Verizon owns the
10:41:49 poles, so they will have to come in and take
10:41:52 down the poles.

10:41:54 GEORGE FERNANDES: And we have street
10:41:55 lighting that has to be addressed, which I
10:41:58 know has been. Are they also doing the poles
10:42:02 on Roger Street?

10:42:04 TERRY TOLOSKO: Yes.

10:42:05 GEORGE FERNANDES: So that's Rogers
10:42:07 from Second to Third, is it?

10:42:12 TERRY TOLOSKO: I thought you meant
10:42:14 up here (indicating). I thought you meant the
10:42:16 streetlights. No, those are going to remain.
10:42:19 Because there is a switch issue with trying to
10:42:24 relocate -- I think you should talk to --

10:42:27 GEORGE FERNANDES: I think we have an
10:42:28 issue about those. That's where the parts

10:42:32 come in.

10:42:33 TERRY TOLOSKO: That's right.

10:42:35 GEORGE FERNANDES: The sooner it gets
10:42:38 addressed about the switching (inaudible) --

10:42:43 TERRY TOLOSKO: Right. The first
10:42:44 thing we'll have to do is get together with
10:42:45 them to go over where that all stands and what
10:42:52 are the options. And we're talking to Owen,
10:42:55 too, about what's going to happen.

10:42:58 GEORGE FERNANDES: Well, you want the
10:43:14 poles removed --

10:43:14 JACQUI DUFFY: On Rogers?

10:43:14 GEORGE FERNANDES: Originally, the
10:43:15 plan that Nstar gave us included them and now
10:43:20 we understand that they are not included. So
10:43:25 I don't know what --

10:43:25 TERRY TOLOSKO: And it's all related
10:43:27 to the switches.

10:43:28 WILLIAM DWYER: So if you find a
10:43:30 place on the poles to put them, put them up on
10:43:33 the poles somewhere.

10:43:36

TERRY TOLOSKO: If we can.

10:43:36

GEORGE FERNANDES: I'm sure we can

10:43:40

work it out.

10:43:42

TERRY TOLOSKO: And underground, I

10:43:45

don't know too much about that, but I feel

10:43:46

that the chamber needs to be rather large.

10:44:01

(Inaudible)

10:44:01

GEORGE FERNANDES: So Verizon and

10:44:04

Comcast have to come in for this?

10:44:08

TERRY TOLOSKO: They have to come in

10:44:10

for this. There's three different pieces.

10:44:13

There's Nstar, Comcast, and Verizon, and then

10:44:16

there's Verizon with poles. So this is just

10:44:19

the Nstar piece so that they can take what

10:44:21

they need to off the poles and put it

10:44:25

underground and they are done.

10:44:26

GEORGE FERNANDES: I think we should

10:44:27

change our position and continue this because

10:44:28

we need to know what Verizon and Comcast may

10:44:31

be doing. (Inaudible)

10:44:34

TERRY TOLOSKO: We have brought in

10:44:38 the plans, I don't know if you've seen them
10:44:41 yet, but they are all here (indicating) --

10:44:50 GEORGE FERNANDES: All right. Motion
10:44:51 to continue?

10:44:52 WILLIAM DWYER: Seconded.

10:44:54 GEORGE FERNANDES: All in favor,
10:44:57 George?

10:44:57 WILLIAM DWYER: Yes.

10:45:03 GEORGE FERNANDES: And you should
10:45:04 probably call Comcast and Verizon.

10:45:10 JACQUI DUFFY: I can send it to them.
10:45:12 I'll forward it.

10:45:13 TERRY TOLOSKO: It's Anthony at
10:45:16 Comcast and --

10:45:17 JACQUI DUFFY: And Ellen and --

10:45:20 GEORGE FERNANDES: Frank Dayton
10:45:22 (ph.sp), he's the engineer. Ellen probably
10:45:26 doesn't have anything.

10:45:28 JACQUI DUFFY: I don't know if she's
10:45:31 back.

10:45:37 * * * *

10:45:37 GEORGE FERNANDES: The next is
10:45:38 Comcast.

10:45:50 ELIZABETH LINT: It's continued,
10:46:07 motion to continue.

10:46:28 (Discussion off the record.)

10:46:28 GEORGE FERNANDES: Motion to continue
10:46:30 Comcast petitions, two for Bay State Road and
10:46:34 one for Memorial Drive.

10:46:37 JACQUI DUFFY: Bay State you approved
10:46:39 on mine.

10:46:41 GEORGE FERNANDES: Yes.

10:46:42 JACQUI DUFFY: So are you going to
10:46:44 approve that one for him?

10:46:47 GEORGE FERNANDES: Yes. This is a
10:46:50 motion to continue: two from Comcast on Bay
10:46:55 State Road and the one on Memorial Drive.

10:46:59 So the motion to approve --

10:46:59 ELIZABETH LINT: Motion to continue.

10:47:02 GEORGE FERNANDES: Motion to
10:47:02 continue?

10:47:04 WILLIAM DWYER: Seconded.

10:47:11

GEORGE FERNANDES: All in favor?

10:47:12

WILLIAM DWYER: Yes.

10:47:15

GEORGE FERNANDES: Motion to adjourn?

10:47:30

WILLIAM DWYER: Seconded.

10:47:31

GEORGE FERNANDES: All in favor?

10:47:32

WILLIAM DWYER: Yes.

GEORGE FERNANDES: Okay. Hearing
adjourned.

(Whereupon, the hearing was adjourned
at 10:48 a.m.)
