NEW STREET INFRASTRUCTURE AND STREETSCAPE IMPROVEMENTS AND CONCORD LANE SEWER SEPARATION PROJECT UPDATE

Dear New Street Neighbor,

The City of Cambridge has developed plans to improve the drainage infrastructure and streetscape on New Street and sewer separation of Concord Lane. The goals of the New Street improvements are to reconstruct deteriorated roadway, improve drainage and pedestrian and bicycle access, and to enhance the area with new street trees; and the goal for Concord Lane is to complete sewer separation. The City's contractor for this project is Barletta Heavy Division, Inc. In the next few weeks, preconstruction activities, including survey, dig safe and test pits, will begin.

PROJECT SCHEDULE

- Crews will mobilize in May to perform preconstruction activities throughout the project area.
- Once the initial survey work is complete, the contractor anticipates beginning work on Concord Lane to be followed by work on New Street later this summer.
- Overall construction activities will take about 6-8 months to complete.
- We will continue to provide updates as the construction progresses.

WHAT TO EXPECT DURING CONSTRUCTION

- Streets will remain open throughout construction.
- Work hours will generally be 7 AM to 4 PM, Monday through Friday, but some evening and weekend work is anticipated. You will be notified prior to nighttime and weekend work commencing.
- "No Parking" signs will be posted; please be sure to check dates/times.
- Emergency vehicles will have access at all times.

INFORMATION AND ASSISTANCE

For more information about this project, please contact Elise Curley, Community Relations Coordinator at 617.498.4719/ ecurley@kleinfelder.com or Peter Ozzolek, Resident Engineer at 617.201.6541/ Peter.J.Ozzolek@MWHGlobal.com. Additional information will be available online at: www.cambridgema.gov/theworks/newstreet. Please let us know if you would like to be added to our email list.

Thank you for your patience during this construction. We hope you enjoy these improvements once they are complete.

Sincerely,

Catherine Daly Woodbury
Project Manager
