Application for Temporary Construction Access Inter-Departmental Approval

This permit will be issued for 30 days. DPW may re-issue the permit for each additional 30-day period required during construction. The applicant must identify in this application the expected length of time that construction access will be required. This permit will only be issued for construction related access. If any issues arise during the permit period, it is the responsibility of the following Departments to notify DPW. Outstanding issues must be addressed by the applicant prior to re-issuance of this permit by DPW.

Sign off on this permit by the Inspectional Services Department, Traffic, Parking & Transportation Department, and Historical Commission will only be required for the initial application.
