King Open / Cambridge Street Upper Schools  
& Community Complex

# Community Meeting #3

William Rawn Associates, Architects Inc. & Arrowstreet Inc.

CmaR - WT Rich – KBE a Joint Venture

September 17, 2015

# Tonight's Agenda

- 1. Community Meeting #2 & Spring Open Session:**
  - What we heard from you
- 2. Recap of Project Schedule**
- 3. Initial Project Program**
- 4. Initial Site Planning and Massing**
  - Introduction of Core Project Values and Main Architectural Goals
  - Break into 2 Groups for Discussion Around Models
  - Summary of Comments

# Community Meeting 2: Small Group Listening Sessions

## Gr 3 | Library

1. Open/separate "Read Aloud" space
2. More computers
3. Accommodate all age groups - spaces
4. Space for teens - collaborate/talk - Teen Room
5. ~~BA~~ Space for refreshments
6. Indoor/outdoor space
7. Diverse/flexible programming/schedules
8. Maximize public space
9. Access to library collections during construction
10. Better access btwn library + school - Safe
- 11.

City Manager's Office > King Open and Cambridge Street Upper Schools & Community Complex Project

## King Open and Cambridge Street Upper Schools & Community Complex Project

The Cambridge Public Schools' Innovation Agenda will result in the creation of four new upper school campuses serving students in grades 6 to 8. The King Open School, located at 850 Cambridge Street, Cambridge, will be the second school to be redesigned to include a JK-5 Program, an Upper School Program, Community School and Afterschool programs.

The City of Cambridge has selected William Rawn Associates, Architects, Inc. in association with Arrowstreet Inc. to prepare a Feasibility Study for this project. The Feasibility Study is expected to be completed in July of 2015, then followed by design and construction of the approved recommendation of the study. The anticipated school opening is September 2019.

This anticipated NET ZERO project is to include the redesign of these schools to continue the Innovation Agenda vision of the Cambridge Public Schools. The school programming will include pre-school and Community School programs. This site and project will also include the redesign of the Valente Branch Library and the Gold Star Pool. This study shall include reviewing the feasibility of relocating the Cambridge School Department administrative offices to this same site. This study will provide an opportunity to review existing and new traffic flows for student drop off and pick up. It will also explore the possibility of engaging Donnelly Field and the Frieoli Center with better lines of sight from Cambridge Street. It is anticipated that this study will provide more engaging open space around the complex and will be enhanced with better lighting and landscaping.

**August 2015**

On Thursday, September 17 (King School Auditorium -850 Cambridge St. 6pm-7:30pm), the City of Cambridge will be hosting its next public meeting as part of the community process for the King Open and Cambridge Street Upper School & Community Complex. City staff and architects will be in attendance to lead the discussion and to introduce the Construction Management team. The presentation will include the options being considered for the design.

**June 2015**

As many in the Cambridge community are aware, a fire broke out on Saturday, May 30 at the Martin Luther King Jr. School (located on Putnam Avenue), which is currently under construction. The State's Fire Marshal's Office and the Cambridge Fire Department continue to investigate the cause of the fire. While the construction team and the disaster recovery team have made every effort since the May 30th fire to keep this project on schedule, it has become clear that in order to ensure a safe and secure teaching and learning environment for all staff and students, the completion and opening of the MLK Jr. School/Putnam Avenue Upper School will be delayed. The City Manager's office and officials from the Cambridge Public Schools, are currently working on a revised project timeline, which will be completed prior to the end of the current school year. The second set of school communities (i.e., King Open and Cambridge Street Upper School) that were scheduled to move during the summer months also will be delayed.

In light of this new information, the City is postponing the Thursday, June 11, King Open/Cambridge Street Upper Schools and Community Complex Project community meeting. Once the revised timeline is solidified, the City will reschedule the meeting; this will enable the City to provide more accurate information to the community. The delay in the opening of MLK Jr. School/Putnam Avenue Upper School may impact the schedule for the King Open School, Cambridge Street Upper School, Valente Library, Gold Star Pool, and Community Complex Project. The City Administration will work closely with the Cambridge School Department to create a detailed logistical plan for the 2015-2016 and the 2016-2017 academic years. Once the revised project timeline is completed, we will update the community. We will also provide updates on the project's webpage as important information develops.

2015

(TONIGHT)

Community Meeting #1

Community Meeting #2

Community Meeting #3

Community Meeting #4

OCTOBER  
22

# Project Schedule

**November  
2015**

**October  
2016**

**Community Meetings Continue During Design Phase  
At Regular Intervals**

# Proposed School Program

- Provide needed spaces to support King Open and Cambridge Street Upper School missions
- Expand program spaces as necessary
- Provide flexibility throughout the school year and long term

# Proposed School Program

- 22 core classrooms for King Open
- 16 core classrooms for Cambridge Street Upper School
- Expanded spaces for Office of Student Services programs
- Expanded spaces for project based learning activities
- Two gymnasiums
- 400 seat auditorium
- 300 seat cafeteria

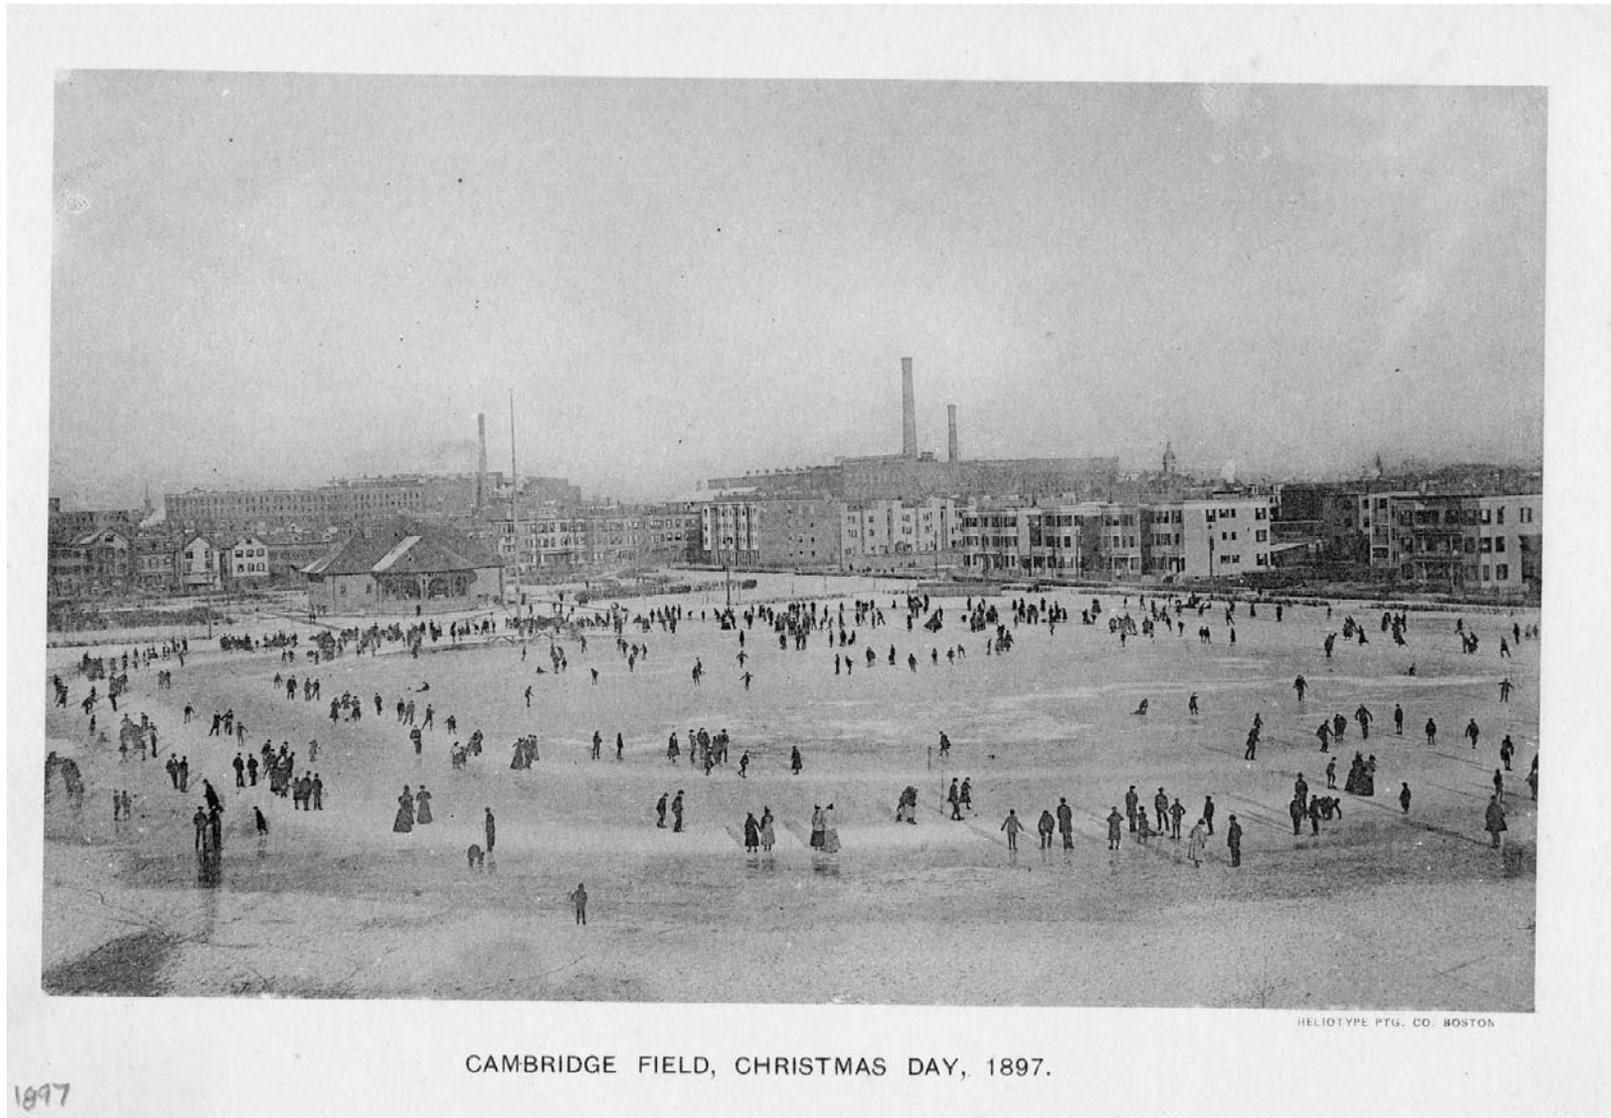

# Proposed Additional Program

- Additional Preschool capacity
- Expanded space for Human Services after school programs
- Expanded Valente Library collections for adults, teen and children
- Young swimmers pool and expanded pool deck
  - Outdoor vs. Indoor Pool (to be discussed tonight)
- Offices for Cambridge Public Schools Administration
- Underground parking garage

# Historic Photo of Site

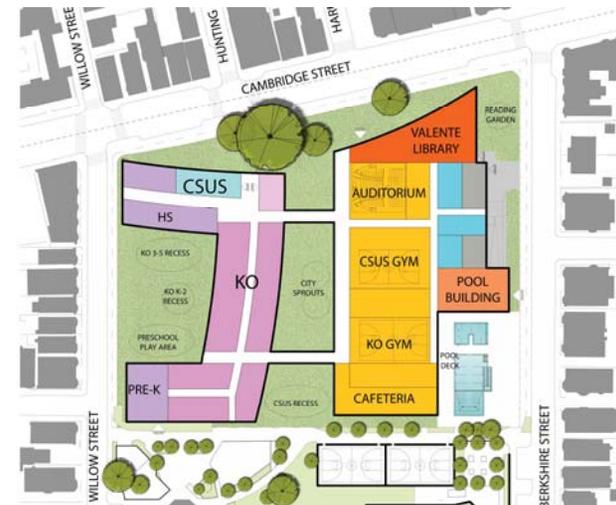

# 2 Options

Both Options Achieve the Following Major Objectives:

- **Increase School Size** to Support Educational Mission and Expanded Programs
- **Increase in Green Space** –
  - **Over an acre of New Green Space**
  - **Legible Green Space on All 4 sides**
- **Easy After Hours Access for Community:** Two Gyms, Auditorium, Multi-purpose Rm, Cafeteria

OPTION 1

OPTION 2

# Major Architectural Goals

## 1. Civic Quality Along Cambridge Street

- Sense of Connection to Donnelly Field
- Prominent Placement for Valente

## 2. Well Operating School

- Giving Identity to Upper and Lower Schools Internally and perhaps Externally
- Administrative Offices for Each School near Entry or Entries
- Well Orchestrated Travel Patterns for Upper and Lower School

# Major Architectural Goals

## 3. **Community Access**

- Easy After Hours Access to “Shared” Resources
- Placing these resources on the site in a welcoming fashion

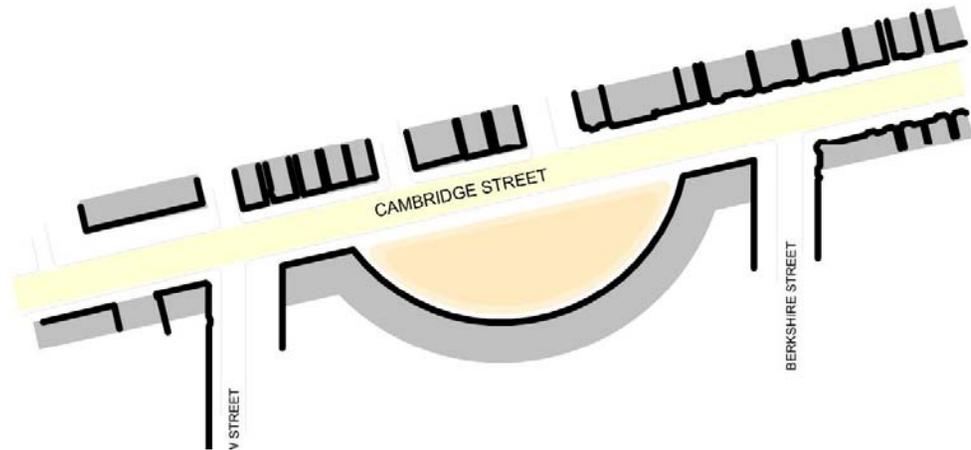

## 4. **Increase Open Space**

- Open Space on All Four Sides

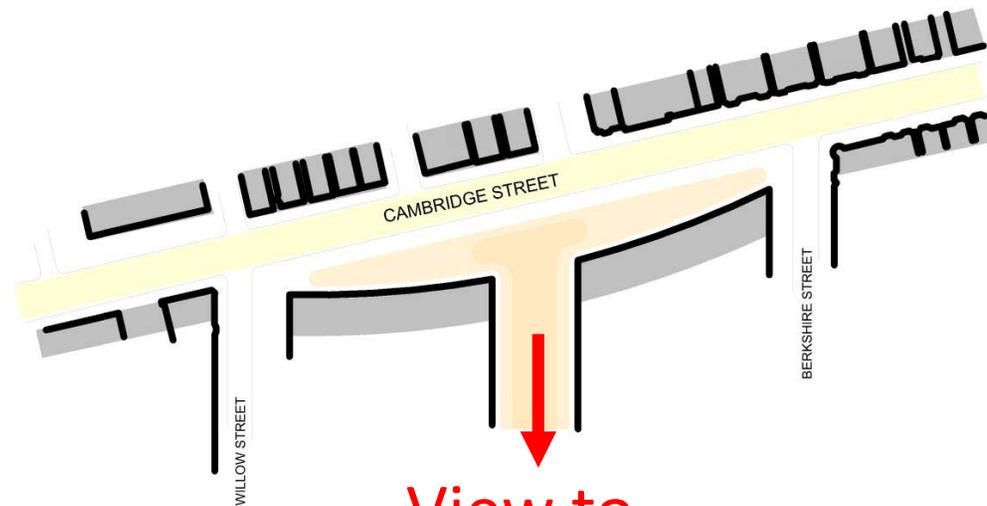

# Approaches to Civic Quality Along Cambridge Street

**Arced Plaza:**

**Visual Link to  
Donnelly Field:**

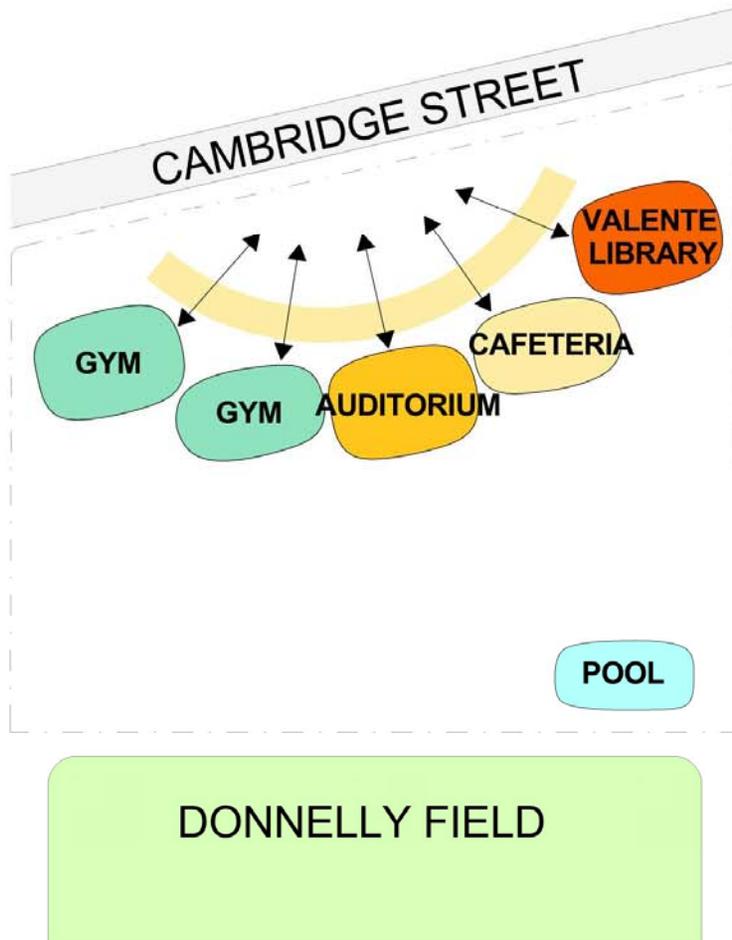

**View to  
Donnelly Field**

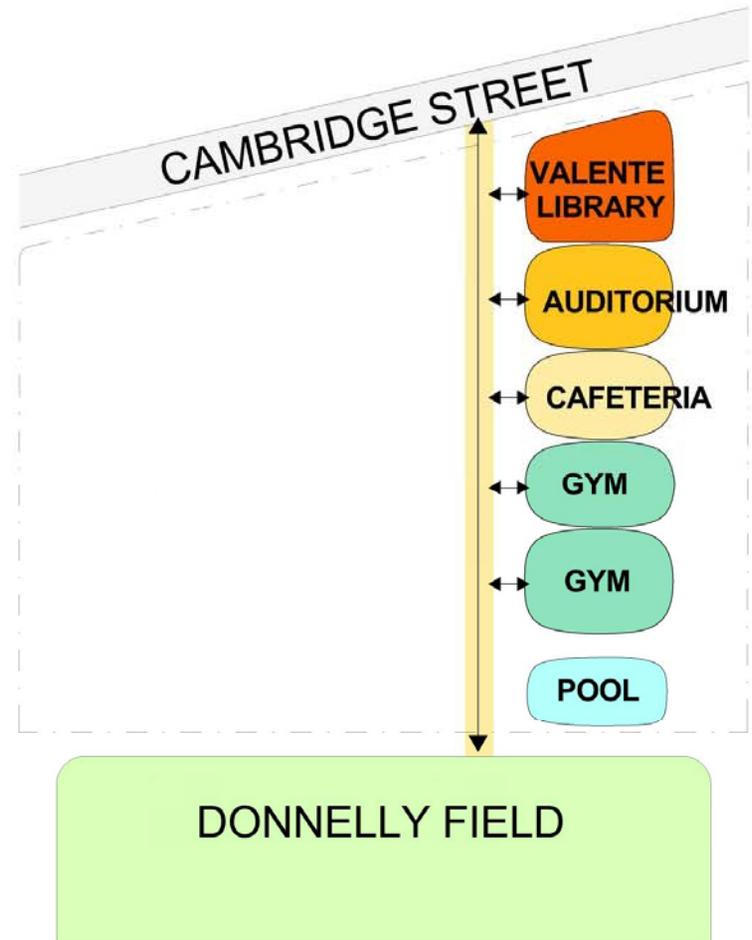

# Ways to Orient Public Elements on Site

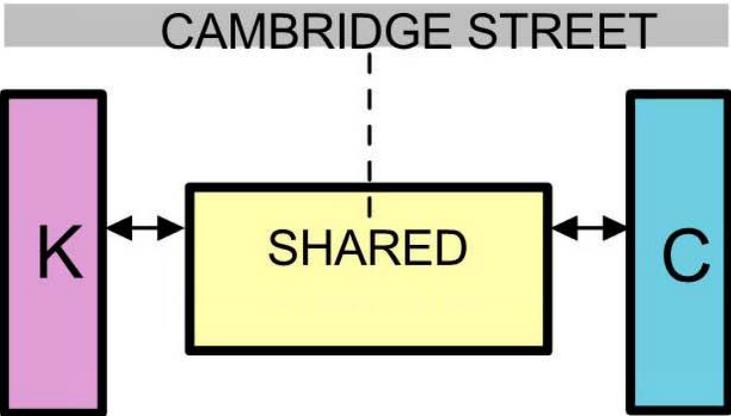

Opt 1: Facing Cambridge St.

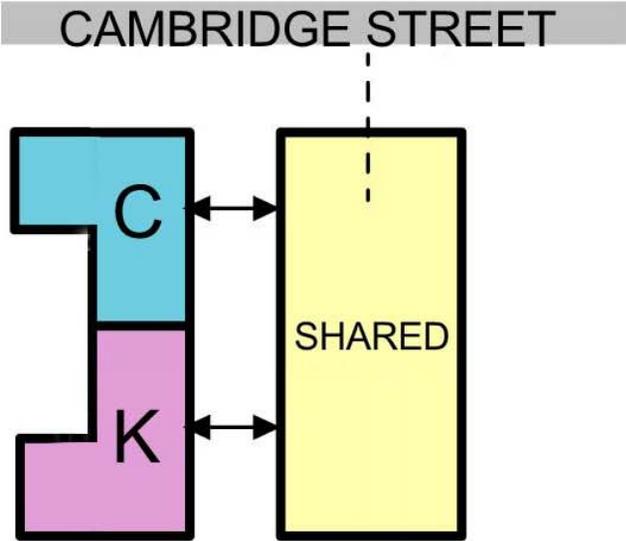

Opt 2: Linking Cambridge Street to Donnelly Field

# Organizational Concept Could Work in Several Ways:

OPTION 1

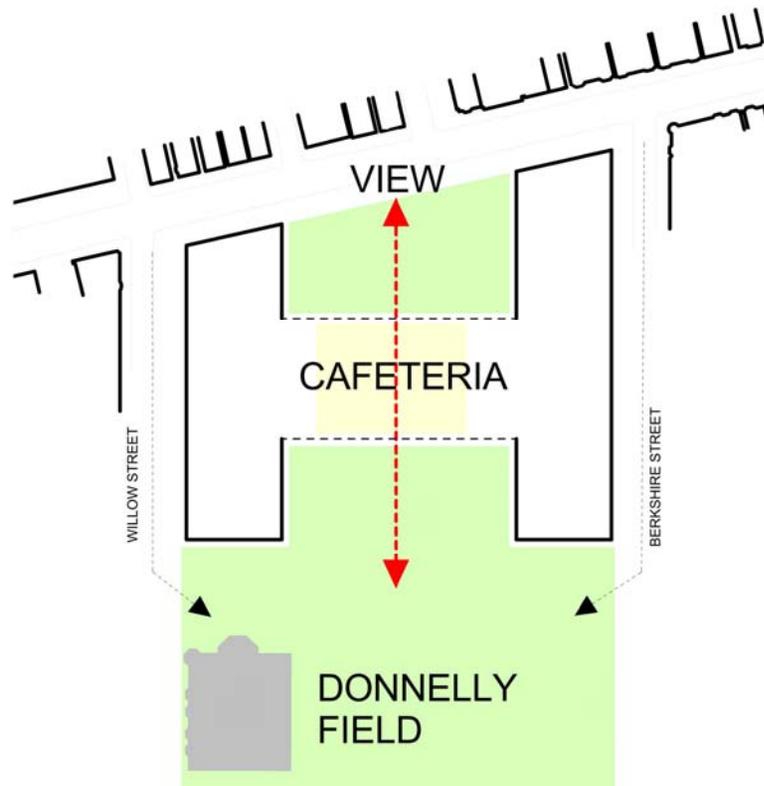

OPTION 2

# Openness Between Cambridge Street and Donnelly Field

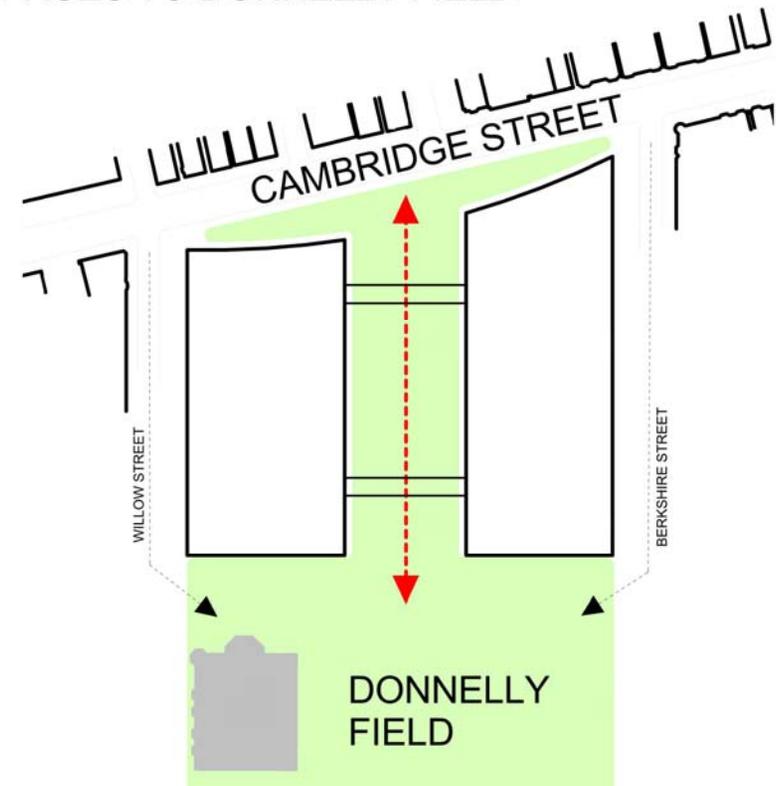

## OPT 1: VISUAL CONNECTION

VIEW TO DONNELLY FIELD THROUGH CAFETERIA

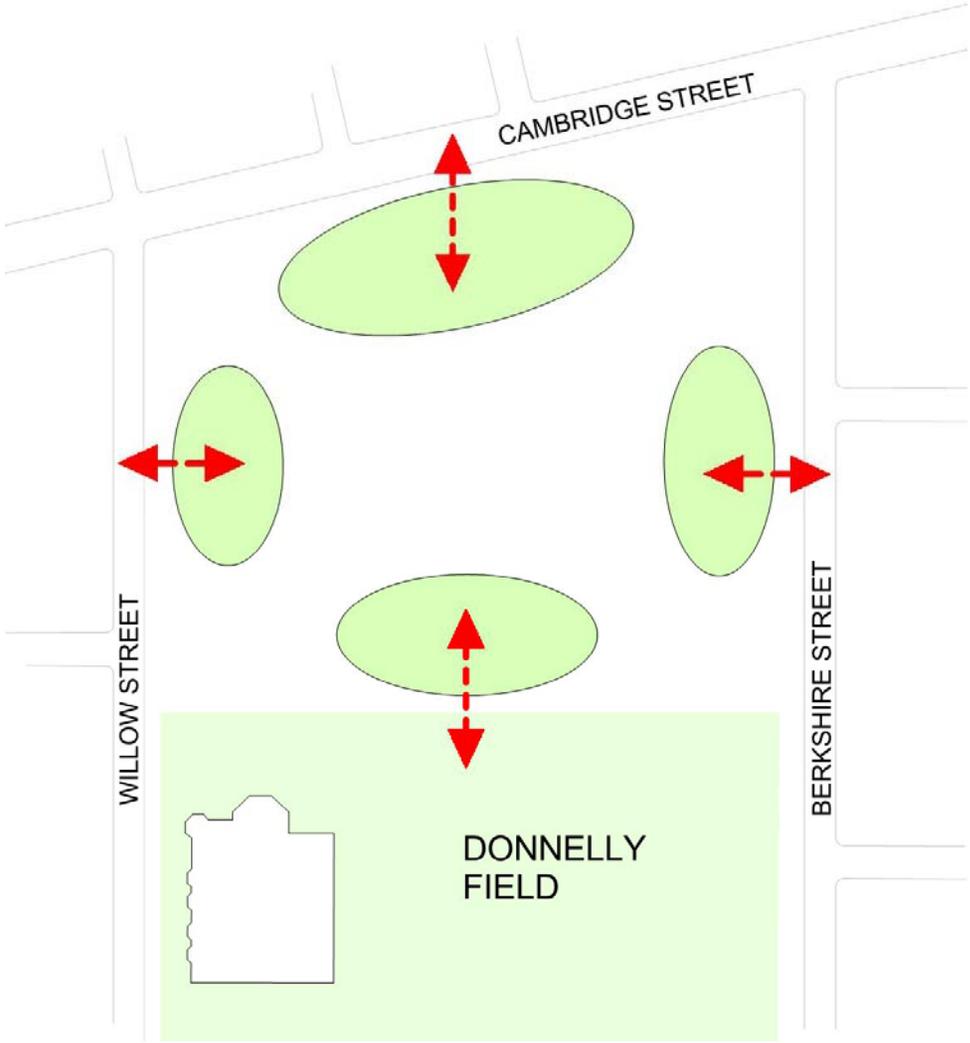

## OPT 2: GREEN SPINE

CONTINUOUS SPINE OF GREEN SPACES TO DONNELLY FIELD

# Green Space on Four Sides

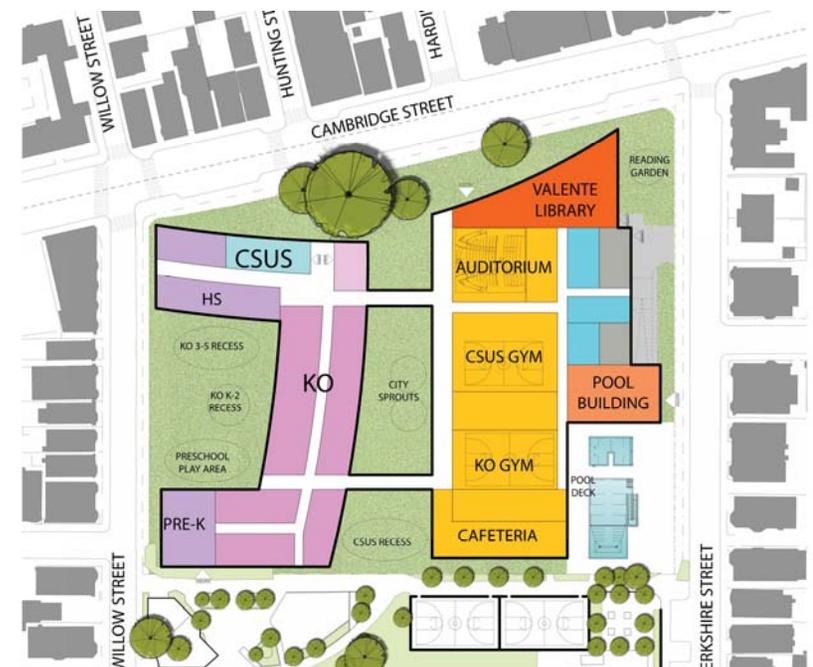

Both Options  
Increase Green  
Space by **Over  
an Acre**

# 2 Options

OPTION 1

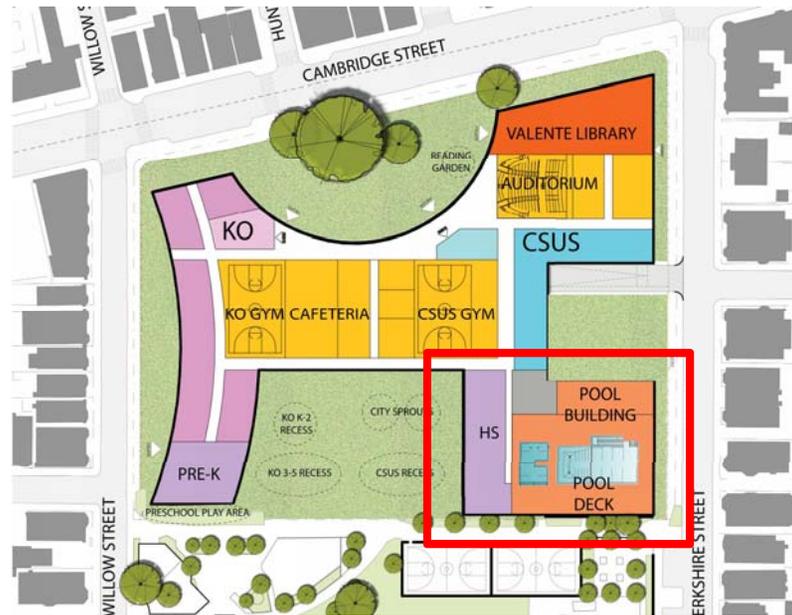

OPTION 2

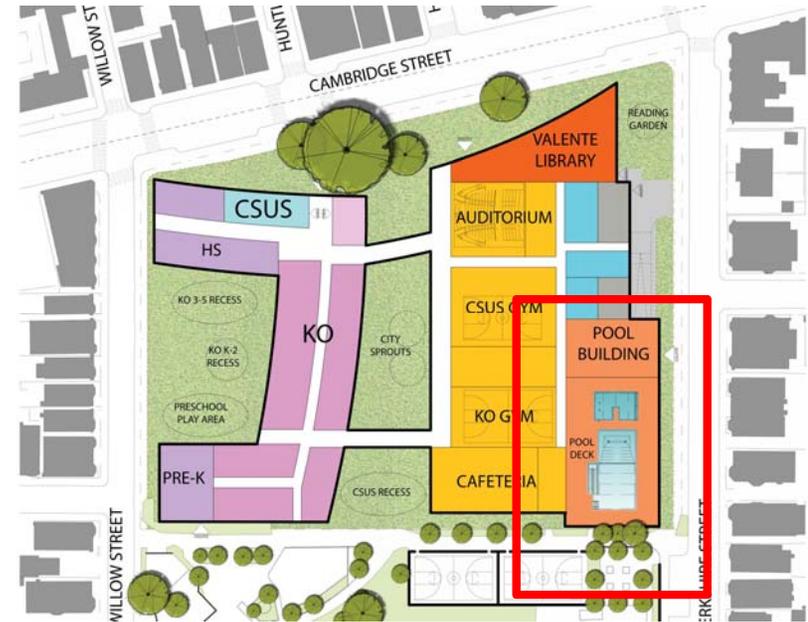

# Indoor Pool

|                                     | Outdoor Pool  | Indoor Pool    | Delta         |
|-------------------------------------|---------------|----------------|---------------|
| Program Building Area               | 4,000         | 22,000         | 18,000        |
| Construction Cost                   | \$M           | \$M            | \$8M          |
| Energy Use                          | 7,500 Mbtu/yr | 10,500 Mbtu/yr | 3,000 Mbtu/yr |
| PV System Capacity                  | 2,000 kW      | 3,000 kW       | 1,000 kW      |
| PV System Area                      | 120,000 sf    | 180,000 sf     | 60,000 sf     |
| Operational Cost (Energy Cost Only) |               |                | \$80,000      |

OPTION 1

OPTION 2

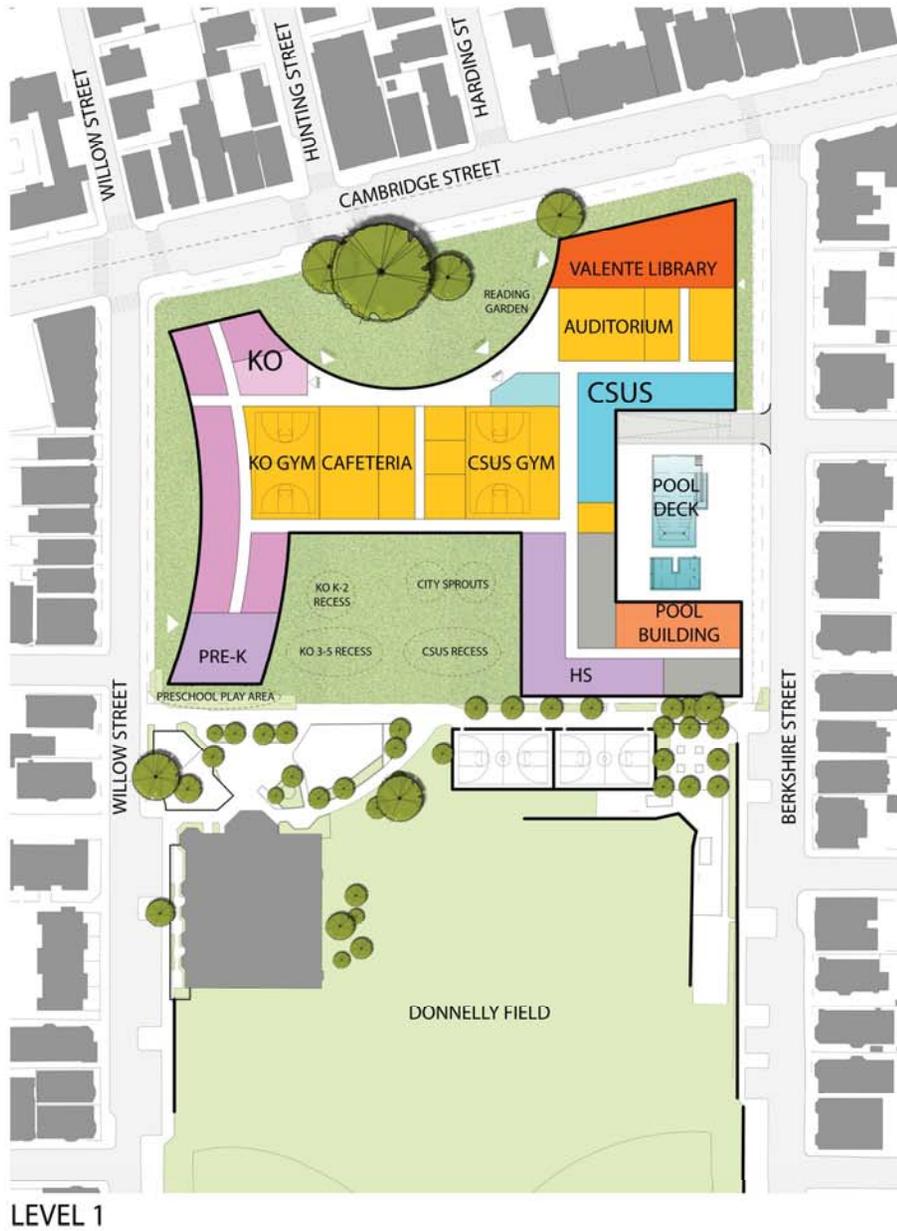

# Additional Considerations

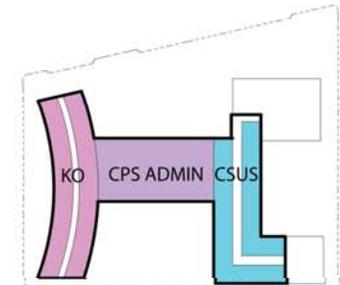

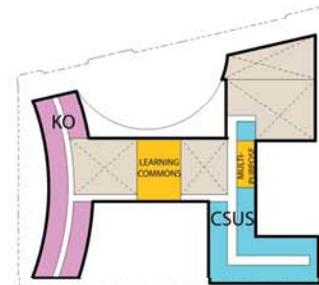

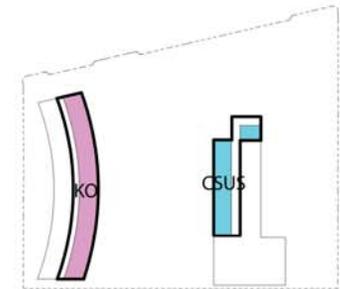

1. Pick-Up/Drop-Off
2. Inclusion of CPS Admin
3. Preserving Tree on Cambridge Street
4. Net Zero
5. Loading/Trash

# Option 1

# Your Thoughts

- Please split into two groups for discussion around the models.
- Groups will switch options after 20 minutes so each group can comment on each option
- We'll ask each group to share summary thoughts in last 15 minutes.

# Communication with the City

- All presentations will be available online a few days after the presentation
- Project website:  
<http://www.cambridgema.gov/cmanager/kingopenandcommunitycomplexproject.aspx>
- Dan Riviello, Community Relations Manager,  
is the City's contact person for questions or comments
- Email: driviello@cambridgema.gov
