# **Strengthening Families Together Project**

ABSTRACT: The Strengthening Families Together Project (SFTP) plans to develop and implement a program model to address all three Top Tier Needs as they pertain to the unique needs and specific strengths of the families in the Target Population, with a particular focus on mental health. SFTP's core partners are Cambridge Community Center (CCC), Agassiz Baldwin Community (ABC) and East End House (EEH). The approach to the coordination and integration of services will be further developed in the planning phase of this project through the development of detailed logic models and theories of change that honor the unique and different ways families are affected and impacted by mental health conditions, financial and housing insecurity, and homelessness. Specialized service providers and families will be engaged as key partners in the development and design of the project during the planning phase.

The project model will include the Strengthening Families and Nurtured Heart Approaches as foundational frameworks for the project design. The specific methods or approaches may include: co-creating strategies and interventions with families, family workshops and support groups, staff professional development, and using specific evidence-based strategies that have been shown to be effective in fostering protective factors for families. Core programming will include robust case management and performance management to monitor progress towards family and child-centered outcomes. Services and supports provided will be sensitive and responsive to differences in race, religion, national origin, gender, gender expression, sexual orientation, physical ability, socioeconomic status, geography, language, immigration status, and other characteristics.

**GRANT AMOUNT REQUESTED:** \$30,000

# **Target Population**

ABC, CCC, and EEH are located in different neighborhoods of Cambridge and collectively serve children and families from every Cambridge Public School and neighborhood in the city. While the three organizations serve somewhat different demographics, we have identified some commonalities specific to the unmet needs of those in our programs.

While all the children and families in our programs may benefit from some aspects of this project, the target population are children and families living in poverty who utilize the programs of ABC, CCC, and EEH. Families headed by single women, people of color, and those born outside of the United States are disproportionately represented in this group. All organizations have observed a high level of unmet mental health needs within this target population, which is supported by the data. According to the Data Resource Center for Child & Adolescent Health, nearly 43% of children in Cambridge have two or more Adverse Childhood Experiences (ACEs). Twenty-one percent of Cambridge children have faced extreme economic hardship; ten percent have lived with somebody who had an alcohol or drug problem; nine percent have lived with someone who was mentally ill or suicidal; and nine percent have been a victim or witness of neighborhood violence.

Leveraging the strong relationships our programs have with families, there is a significant opportunity for increased engagement, targeted interventions and co-creation of strategies with families to build capacity and greater resilience. All partners are committed to providing quality services that are outcome-oriented, culturally and linguistically competent, dual-generational, strengths-based, developmentally appropriate, and both individual and family centered.

# **Overall Partnership**

ABC, CCC and EEH agree to work intensively together to develop a tactical plan for influencing, accelerating, and transforming approaches to social-emotional learning and access and engagement of families in a variety of mental health services, and to work externally to influence systems-level changes in Cambridge to allow more equitable access to resources. Each organization agrees to work together to learn from each other, explore opportunities for improving collective impact, and create opportunities for individual and collective capacity building in order to address the Cambridge's Top Tier Needs of Affordable Housing and Homelessness, Financial Security, and Mental Health as it pertains to the specific under-resourced children and families they collectively serve.

A deep commitment to and involvement in the community is a central piece of the missions and purposes for all three organizations. Other shared values include: building community among diverse constituents; empowering residents and elevating the voices of those who have been historically oppressed; using strengths-based approaches in all programs and services; taking a dual-generational approach in creating strategies and interventions; promoting the well-being and quality of life of their constituents; and addressing social and economic inequities and barriers to receiving services that improve the quality of life – all three organizations have a strong commitment to serving children and families regardless of their ability to pay for services.

Guiding principles for this project will include, but are not limited to:

- 1. We believe that all individuals and families have inherent assets and therefore take a **strengths-based** approach to our work.
- 2. We believe that **diversity** is a tremendous asset and strive to foster an inclusive environment
- 3. We insist on excellence, **continuously strive to improve** our services, and hold ourselves accountable to creating measurable impact.
- 4. We believe that infusing **evidence-based** practices and implementing a comprehensive performance management system are essential to maintaining high quality programming.
- 5. We believe that through **continuous learning**, innovating and building on successes and lessons learned we can provide impactful programming and help inform larger fields of practice.
- 6. We believe that the only way to be successful in our work is to maintain **open**, **honest**, **and courageous communication** and work collaboratively using the diverse talents of our staff, volunteers, community stakeholders and cross sector partners.

# **Top Tier Needs**

We have identified mental health as our top priority because we can build on our assets and experience in this area. Some of our work will have a positive impact on all the children we serve but the focus is the target population. The ultimate goal is to increase access to culturally responsive mental health services for the target population by leveraging the strong and trusting relationships we have with these families, removing the logistical barriers families often face when trying to access mental health services by incorporating services into our existing OST and early education programs. The partnership understands the complexity and systemic nature of the top tier needs, and how they can impact each other and families differently. We anticipate that the families receiving the highest level of mental health support through this project will often have additional challenges with housing and financial security.

The early childhood and out-of-school time ("OST") programs that the three partner organizations provide enable parents and guardians to work, further their education, and are often the critical link to increasing their financial security. Research has shown that family income is strongly correlated with healthy child development and long-term family opportunity and success. Expensive or insufficient child- care often interfere with work, which can further reduce family income. One consumer of these organizations said recently:

"I was painfully underemployed, and by the time I had my second child it had become clear that we wouldn't stay afloat in a city where families like mine become lost between the ridiculously high rents and childcare costs. Having affordable, reliable care for both of my children provided by caregivers that really understand and care about our family has a massive positive impact on our family. My being able to finally work a full-time job again meant that our financial situation stabilized."

Families with children who are struggling with mental health issues are often faced with school suspensions, the need to attend IEP or similar meetings during the work day, and are pressured to

find supports for their children that are costly, outside of their neighborhoods, don't align with the family's schedule, and are not culturally responsive. Our model would address these challenges by increasing access to appropriate mental health services, and therefore improve stability for families (financial and otherwise). During the Planning Phase we will further develop relationships with partners focused on housing and financial security. Through case-management and the creation of these connections, we will be better able to connect families with a variety of services based on their needs and may find other opportunities to bring resources into our programs to address all three Top Tier Needs.

# **Partner Organizations**

# **Cambridge Community Center**

Executive Director, Darrin Korte 5 Callender Street Cambridge, MA 02139 www.cambridgecc.org Tax ID:

# **Agassiz Baldwin Community**

20 Sacramento Street Cambridge, MA 02138 www.agassiz.org Tax ID:

Status: 501(c)(3)

#### **East End House**

Executive Director, Maria LaPage President and CEO, Michael Delia 105 Spring St Cambridge, MA 02141 www.eastendhouse.org Tax ID:

Status: 501(c)(3)

ABC, CCC, and EEH are the core partners for this project, and the three Executive Directors will take equal responsibility for decision-making, and the development, implementation, and evaluation of the project. There will be other collaborators and thought-leaders brought in for expertise but they will not have equal responsibility for the project as a whole. The three organizations have all signed a Letter of Affirmation defining our guiding principles, and have completed MOUs in the past.

The partnership has met with a variety of other organizations and individuals in connection with this project. During the Planning Phase, we will further explore who our key collaborators will be for the Implementation Phase, knowing that some of these connections will develop into deeper partnerships, some will serve more as strategic informants or referral organizations, and others may not be aligned with the project. Thus far in our work, we have made connections with Cambridge Non-Profit Coalition, Community Health Network Area 17 (CHNA 17), Cambridge Health Alliance, Homeowner's Rehab Inc, Cambridge Agassiz Harvard Fund, Nurtured Heart Trainer and LISCW Sam Healy, and PEAR Institute. As we explore how these collaborators and others will be involved with the project, we will define the nature of the partnerships through MOU's to identify roles, responsibilities, and ensure commitment to the guiding principles of the partnership.

Collectively, these three organizations serve 10,000 people in Cambridge every year. In our early education and OST programs, ABC currently serves 350 children, CCC currently serves 200 children, and East End House currently serves 350 children. The focus of this project is to deepen the positive impact for the most vulnerable families we collectively serve and increase access to specialized services for those with a high need, while also creating a program culture that supports the positive social-emotional development of all children. We anticipate that by improving our capacity to help these children and families thrive, we can become trusted

partners with outside organizations who can refer children in need, knowing we are better equipped to meet the needs than many other programs. In these ways, we will also increase the number of families in the target population being served by our programs.

ABC, CCC, and EEH have a long history of working together to share best practices, resources, information, and to collectively address shared challenges and provide professional development opportunities to our staffs. We are excited to move the partnership into a new phase of actively developing new program models in collaboration to address the deeply entrenched issues we each see daily in our communities. All three organizations have extensive experience with partnerships and collaborations. We partner to achieve several things: strengthening our outreach so as to connect with more families; enriching the experiences of children and families in our programs; providing specialized support for children with specific needs; and engaging with cross-sector, systems-level change in our community to amplify impact.

Therefore, all organizations work with Cambridge Public Schools teachers and administration, The Agenda for Children, and The Middle School Network, a range of social workers, the Department of Children and Families, Lesley University, and CHNA-17. All three Executive Directors serve on the Cambridge Nonprofit Coalition Steering Committee, and their organizations were founding members of the Coalition. Each organization also maintains a robust range of other partnerships to address the specific needs of the organization and communities served.

# **Family Engagement**

This partnership is an opportunity for all organizations to deepen the engagement with the families in the target population currently served, while also becoming programs where CPS, Department of Children and Families, or other agencies can refer families, knowing we are equipped to provide the services necessary for these children to not only survive, but thrive.

**Agassiz Baldwin Community:** We view parents (we define "parent" as anyone who serves as a child's primary caregiver) as the most important partner and therefore prioritize the development of strong relationships with families. We regularly conduct parent surveys and have at least two parent representatives on our Board of Directors to ensure parent voice is included in program and agency decision-making.

**East End House:** For over 143 years, East End House has served as an anchor institution for the low-income and under-resourced residents of Cambridge, and surrounding communities as a knowledge broker for the wider community around the issues that concern our most vulnerable neighbors, and ultimately, as a systems leader organizing collective impact efforts both locally and beyond.

# **Equity and Inclusion**

**Agassiz Baldwin Community:** ABC serves a racially- and income- diverse group of children and families that span the whole city, including those who are affluent and white alongside children of color living in poverty. This diversity is a strength and presents an opportunity to engage the community around issues of equity, racism, classism, income inequality, and poverty

alleviation. "The Anti-Racism Stewards" staff group lead the organization in efforts to dismantle organizational policies, practices, and cultural norms that contribute to the larger systemic and institutional racism that oppress and marginalize people of color.

**East End House:** East End House addresses equity and inclusion in myriad ways from hiring practices, to mandatory Cultural Competency trainings, to curriculum that helps children understand their ethnic and national identities and the importance of diversity. Hiring a diverse staff to reflect our diverse consumer base is a point of pride for East End House. In recent years, East End House has made an especially concerted effort to hire Cambridge residents, and particularly Cambridge residents of color, to maximize the possibility for close interpersonal connections with children and families who live in Cambridge and identify as people of color.

# **Lead Organization**

CCC depends on a wide-array of partnerships in order to diversify the quality learning experiences for the children enrolled in our school-age programs. Current partnerships include the Cambridge Police Department, Harvard University, MIT, HEARTplay, Jam'Nastics, Coaching Corps, and Boston Karate Institute. Past and developing partnerships include Liars and Believers (dramatic play), Yoga for Good, and Junior Achievement of Northern New England (JANNE). We also receive regular volunteers through 4Boston, a group of students from Boston College committed to community service. Current partnerships outside of our school-age programs include Capital One, The Bridge Sound and Stage, Food For Free, and Lovin' Spoonfuls.

CCC has managed countless grants, donations, and contracts, ranging from large, six-figure, multi-year commitments to small one-time contributions to support a specific project. These contributions have come from individuals, corporations, and foundations, as well as through state and city government. CCC is in good-standing in regards to reporting requirements. CCC contracts the firm of CliftonLarsonAllen (CLA) to manage its financial services. All financial operations are overseen by the Board of Directors Budget and Personnel Committee. Further, CCC completes annual financial audits, most recently filed by Kevin P. Martin & Associates.

CCC participates in regular data collection in our OST Programs, utilizing the Assessing Program Practices Tool (APT), the Organizational Self-Study (OSS), the School-Age Care Environmental Rating Scale (SACERS), and the Strengthening Families Program Self-Assessment. We are active members in the City of Cambridge's Agenda for Children, which provides our program staff with a Quality Coach.

From our Lead Teachers and janitorial staff to our administrative staff, which include former "Center Kids," our staff, volunteers, and Board of Directors have deep roots in the Coast neighborhood of Cambridge. One of our greatest strengths is a passionate, diverse staff that deeply understands the needs of our surrounding community. Many of the staff and children in our programs come from families that have been involved with the Center for four or even five generations, enriching our Center with a strong sense of history, family, and community.

# Initial Plan for Program Model: Strengthening Families Together Project (SFTP)

SFTP plans to develop and implement a program model to address all three Top Tier Needs as they pertain to the unique needs and specific strengths of the families in the Target Population, with a particular focus on mental health. The approach to the coordination and integration of services will be developed more comprehensively in the planning phase of this project through the development of a detailed project logic model and theory of change that honors the unique and different ways families are affected and impacted by mental health, financial security housing and homelessness. As stated, the primary goal is to increase access to culturally responsive mental health services for the target population by leveraging the strong and trusting relationships we have with these families, and removing the logistical barriers families often face when trying to access mental health services by incorporating the services into the programs.

The intensity of interventions for children in our programs will be correlated with need. During the Planning Phase, we will further delineate the levels of interventions for all children, some children, and a few children. *All* children in our programs will be impacted through the increased focus on positive social-emotional development and professional development for staff. *Some* children will receive a higher level of support through parent trainings and a low dose of specialized support as needed. A *few* children and their families who have a high level of trauma, multiple adverse childhood experiences, or other more debilitating mental health needs will receive a high intensity dosage of individualized support, specialized and professional therapeutic services, and family services.

Based on the Needs Assessment data and our own experiences, we anticipate that the majority the children and their families who make up the group in the "few" category align with what has been identified as the target population. For this group, we will take a much more intensive case management approach and work closely with families to provide for the professional and individualized mental health services that they and/or their children need, while also working to connect them with services and supports that will build family resiliency through increased access to affordable housing and financial security.

The core partners, ABC, CCC, EEH, have secured the participation and involvement of specialized providers of services like Homeowners Rehab, Cambridge Health Alliance, local banks, Nurtured Heart Approach¹ Consultant Sam Healy, LICSW, and others in the development of this application and who have agreed to participate in the planning phase of this project. During the six month planning phase of this project we will further engage partners and leverage other community-based resources, particularly as they specifically relate to the Top Tier needs of mental health, financial security, and affordable housing. We will selectively draw upon and use specific change tools, frameworks and strategies to foster creative and collaborative approaches from all partners engaged during this phase (i.e., Collective Impact, Appreciative Inquiry, Technologies of Participation, Design Thinking, and other methods). Families to be served will also be involved as both key informants and partners in the planning phase. We plan to support this involvement by offering travel vouchers, food, childcare, family stipends, and other supports to foster and support this involvement in planning activities and meetings.

<sup>1</sup> The Nurtured Heart Approach is a nationally recognized, trauma-informed, strengths-based approach to supporting children's social-emotional development

6

A primary vision of this project is to draw on the unique attributes of the partner organizations to serve as project anchors and unique points of entries for families to address the interconnection of mental health, housing and financial security based on the unique circumstances, needs and specific strengths of families. The Strengthening Families Approach will be a primary framework used by this project and focuses on building and fostering the following five protective factors in and with all families: parental resilience, social connections, concrete support in times of need, parenting and child development knowledge, and social and emotional competence in children (Strengthening Families: A Protective Factors Framework, Center for the Study of Social Policy). The specific methods or approaches will be dual-generational and may include co-creating strategies and interventions with families, family workshops and support groups, staff professional development, and using specific evidence-based strategies that have been shown to be effective in fostering these protective factors. The Strengthening Families Approach and the Nurtured Heart Approach, already widely used by all three of the partner organizations, will be foundational elements in informing the project design.

There are various models of case management that the partners will consider in designing and implementing this program element. However, all case managers should be trained in and skilled at Motivational Interviewing, which is client-centered, nonjudgmental and collaborative – and focuses on building trust, increasing readiness for and reducing resistance to change, and increasing self-efficacy. At a minimum, the case management function will include some of the following elements and will be further fleshed out during the project's planning phase: baseline assessment, benefits screening, individualized service plan (ISP) development, comprehensive information and referral services, tracking program participant service utilization and outcome data, making and tracking referrals (internal and external) for specialized services, advocacy for families.

Services and supports will be provided that are sensitive and responsive to differences in race, religion, national origin, gender, gender expression, sexual orientation, physical ability, socioeconomic status, geography, language, immigration status, or other characteristics. The partner organizations all have non-discrimination policies that cover these groups and will collaborate with other providers and services that maintain similar policies. Ongoing cultural competency training resources and strategies will be shared and strengthened as part of this project. Linguistic skills and services will be pooled to address the diversity of languages used among the target population.

The project will also build a robust performance management system that collects relevant data and uses it to measure progress towards outcomes; this will include the following three objectives:

- Build and cultivate a results-based, accountability driven organizational culture.
- Identify and utilize evidence-based practices wherever possible.
- Create a culture where all staff has a role in collecting, entering and using performance management data to make program improvements.

IUN 2 5 1973

Cambridge Community Center, Inc. Five Callender Street Cambridge, Mass. 02139

#### Gentlemen:

Based on information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are

exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.
We have further determined you are not a private foundation within the mean-

ing of section 509(a) of the Code, because you are an organization described in section 509(a)(1) and 170(b)(1)(A)(vi)

You are not liable for social security (FICA) taxes unless you file a waiver of exemption certificate as provided in the Federal Insurance Contributions Act. You are not liable for the taxes imposed under the Federal Unemployment Tax Act

Since you are not a private foundation, you are not subject to the excise taxes under Chapter 42 of the Gode. However, you are not automatically exempt from

other Federal excise taxes.

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes under sections 2055; 2106, and 2522 of the Code.

If your purposes, character, or method of operation is changed, you must let us know so we can consider the effect of the change on your exempt status. Also,

you must inform us of all changes in your name or address.

If your gross receipts each year are normally more than \$5,000, you are required to file Form 990. Return of Organization Exempt From Income Tax, by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, for failure to file a return on time.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have, no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

Please keep this determination letter in your permanent records.

Sincerely yours.

\_ & W. B

WILLIAM E. WILLIAMS District Director

# **Report on the Financial Statements**

We have audited the accompanying financial statements of Cambridge Community Center, Inc. (a nonprofit organization), (the Center), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

# Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Center as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Report on Summarized Comparative Information**

The Center's 2017 financial statements were audited by other auditors; whose report dated December 15, 2017 expressed an unmodified audit opinion on those audited financial statements. The prior year summarized comparative information is not intended to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2017, is consistent, in all material respects with the audited financial statements from which it has been derived.

# Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 23, 2019, on our consideration of the Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control over financial reporting and compliance.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Directors of Cambridge Community Center, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cambridge Community Center, Inc. (a nonprofit organization), (the Center), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 23, 2019.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Center's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Center's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

# **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Center's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Center's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies

The financial statements of Cambridge Community Center, Inc. (the Center) have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

#### (a) Nature of Activities

The Center was incorporated in the Commonwealth of Massachusetts as a nonprofit corporation in 1929. In the 89 years since its incorporation, the Center has initiated many Riverside neighborhood firsts, including the establishment of the first nursery school and the first varsity basketball games open to African Americans. In subsequent decades, the Center has hosted HeadStart Program classrooms, the Riverside Health Care Facility, and a wide variety of community and social events. Today, the Center's mission is to promote community cooperation and unity and empower youth, individuals, and families. The following program divisions are listed in order of relative importance based upon total program expenditures:

<u>School Age Services</u> - The School Age Services division offers a variety of programs which include: (a) *CCC Enriches* is a K-5 program that is open when school is closed. In groups no larger than 13 kids, children receive one-on-one homework help, a healthy snack, and can select from over 15 electives, including MinecraftEdu computer programming, cooking, and sports league; (b) *CCC Inspires* is the middle school out-of-school time program at CCC. The program includes the many opportunities the K-5 program offers, but is designed to respond to the needs and interests of middle school students, offering youth weekly STEAM (Science, Technology, Engineering, Art, and Math) opportunities; and (c) *Cowemoki Summer Enrichment Program* is a full-day K-8 summer program that also offers volunteer and work opportunities for high school students. Every week, children are offered art classes, gym classes, soccer lessons, swimming, and over 10 additional electives. Every Friday is Field Trip Friday, with various destinations. The division accounts for 72% of the Center's total program expenditures.

<u>Community Services</u> - The Community Services division offers a variety of community programs which include the Cambridge Winter Farmers Market; the Riverside Art Gallery at the Center; the Coast Kitchen, a free monthly meals program, rentals for community groups and events, a Senior Thanksgiving Luncheon and a Holiday Toy Drive. The division accounts for 24% of the Center's total program expenditures.

<u>Teen Services</u> – The Teen Services division offers a variety of programs which include the Hip Hop Transformation, a music program for teens and *CCC Empowers*, a program that provides high school students with volunteer opportunities to gain valuable work experience while engaging with their community. Teens participating in the *CCC Empowers* program coach in Sports League, work at the Cambridge Winter Farmers Market, and provide administrative and technical support at the Center. The division accounts for 4% of the Center's total program expenditures.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies - continued

#### (b) Basis of Presentation

The statement of activities reports all changes in net assets, including changes in unrestricted net assets from operating and non-operating activities. Operating revenues consist of those monies received and other contributions attributable to the Center's ongoing efforts

The financial statements are presented in a format prescribed by the Commonwealth of Massachusetts, Operational Services Division.

#### (c) Standards of Accounting and Reporting

The Center's net assets (excess of its assets over liabilities) and its revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions.

The statement of financial position presents three classes of net assets (unrestricted, temporarily restricted and permanently restricted) and the statement of activities displays the change in each class of net assets. The classes of net assets applicable to the Center are presented as follows:

<u>Unrestricted</u> - Unrestricted net assets are not subject to donor imposed restrictions. Unrestricted net assets consist of assets and contributions available for the support of operations. Unrestricted net assets may be designated for specific purposes by management or the Board of Directors. Gains and losses on investments are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulations or law.

<u>Temporarily Restricted</u> - Temporarily restricted net assets are subject to donor-imposed stipulations that may or will be met, either by actions of the Center and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Contributions, gains and investment income that are restricted by the donor are reported as increases in unrestricted net assets if the restriction expires in the reporting period in which the contributions are recognized.

### (d) Operating Fund and Plant Fund

To ensure observance of limitations and restrictions placed on use of resources available to the Center, the accounts of the Center are maintained in accordance with the principles of fund accounting. This is the procedure by which resources for various purposes are classified for accounting and reporting purposes into funds established according to their nature and purposes. Separate accounts are maintained for each fund. Accordingly, all financial transactions have been recorded and reported by fund group.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies - continued

#### (d) Operating Fund and Plant Fund - continued

The assets, liabilities and fund balances of the Center are reported in two self-balancing fund groups as follows:

<u>Current Operations Fund</u> - Includes unrestricted and restricted resources. The unrestricted fund represents resources currently available for use, while the restricted fund represents funds available for use under certain conditions.

<u>Plant Fund</u> - Represents resources both unrestricted and restricted for acquiring or replacing land, buildings or equipment and the accumulated net investment in property and equipment.

# (e) Revenue Recognition

The Center earns revenue as follows:

<u>Program Service Fees</u> - Program service fee revenue is earned and recognized by the Center when units or services are provided under various agreements funded primarily by governmental agencies. All contracts are unit-rate. Unit-rate contracts provide that revenue is to be earned and recognized at a negotiated or class rate for each unit-of-service that is provided under the terms of the contract. Billings on the contracts are subject to final approval by the governmental agencies.

<u>Contributions and Grants</u> - Contributions and grants are recorded as support at the date of donation, pledge or dates stated in award letters as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

<u>Client Fees</u> - Client fee revenue is earned and recognized by the Center when services are provided, which is included in program service fees on the statement of activities.

<u>Rental</u> - Rental income is derived from renting space in their building for various activities. Rental revenue is recognized as space is provided and is included in revenue from commercial products and services on the statement of activities.

Deferred revenue represents camp fee income received prior to year-end for its Summer Enrichment program. These amounts are deferred and recognized over the period to which the fees relate.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies - continued

#### (e) Revenue Recognition - continued

Substantially all of the Center's revenue is derived from its activities in Massachusetts. During the year ended June 30, 2018, the Corporation derived approximately 54% of its total revenue from individuals and foundations, 32% from the governmental agencies and 14% from client fees. All revenue is recorded at the estimated net realizable amounts.

# (f) Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. As of June 30, 2018, management has determined any allowance would be immaterial. The Center does not have a policy to accrue interest on receivables. The Center has no policies requiring collateral or other security to secure the accounts receivable.

As of June 30, 2018, the Center's accounts receivables were due as follows: approximately 66% due from foundations and 34% due from governmental agencies.

#### (g) Cash and Cash Equivalents

The Center considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

The Center maintains its cash balances at several financial institutions located in Massachusetts. The cash balances are insured by the Federal Deposit Insurance Corporation. At times these balances may exceed the federal insurance limits; however, the Center has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these cash balances as of June 30, 2018.

#### (h) Land, Buildings and Equipment

Land, buildings and equipment are recorded at cost or, if donated, fair value on the date of receipt. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives. Improvements, including planned major maintenance activities are capitalized, while expenditures for routine maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable property, the appropriate property accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the statement of activities.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies - continued

#### (h) Land, Buildings and Equipment - continued

The Center computes depreciation using the straight-line method over the following estimated lives:

| Building                | 39 years  |
|-------------------------|-----------|
| Building improvements   | 20 years  |
| Playground equipment    | 10 years  |
| Computers and equipment | 3-5 years |
| Fixtures                | 5 years   |
| Vehicles                | 5 years   |

Property and equipment are reviewed for impairment if the use of the asset significantly changes or another indicator or possible impairment is noted. If the carrying amount for the asset is not recoverable, the value is written down to the asset's fair value.

#### (i) Fundraising Expense

Fundraising expense relates to the activities of raising general and specific contributions to the Center and promoting special events. Fundraising expenses as a percentage of total contribution and grant revenue was 9% for the year ended June 30, 2018. The ratio of expenses to amounts raised is computed using actual expenses and related revenue on an accrual basis.

### (j) Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are allocated to programs and supporting services. Administration expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Center. During 2018, the Center revised its cost allocation policy which has been reflected in these financial statements for the year ended June 30, 2018.

Payroll and associated costs are allocated to functions based upon actual time charges. Occupancy costs are allocated based upon square footage.

# (k) Use of Estimates

In preparing the Center's financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

June 30, 2018

#### (1) Summary of Significant Accounting Policies - continued

#### (l) Income Taxes

The Center qualifies as an organization formed for charitable purposes under Section 501(c)(3) of the Internal Revenue Code (IRC) and is generally not subject to income tax. However, income from certain activities not directly related to the Center's tax-exempt purpose is subject to taxation as unrelated business income. In addition, the Center is not a private foundation under Section 509(a)(1).

#### (m) Summarized Financial Information for 2017

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Also, there is no presentation of statement of cash flows or statement of functional expenses for the year ended June 30, 2017. In addition, the financial statements do not include full financial statement disclosures for the prior year. Such information does not include sufficient detail to constitute a presentation in conformity with GAAP. Accordingly, such information should be read in conjunction with the Center's financial statements for the year ended June 30, 2017, from which the summarized information is derived.

#### (2) Land, Buildings and Equipment

Land, buildings and equipment consisted of the following at June 30, 2018:

| Land                        | \$ | 175,000    |
|-----------------------------|----|------------|
| Building                    |    | 139,300    |
| Building improvements       |    | 703,833    |
| Playground equipment        |    | 46,704     |
| Computers and equipment     |    | 29,894     |
| Fixtures                    |    | 20,634     |
| Vehicles                    |    | 54,123     |
|                             |    | 1,169,488  |
| Accumulated depreciation    | (  | (_607,061) |
| Property and equipment, net | \$ | 562,427    |

Depreciation for all property and equipment amounted to \$40,673 for the year ended June 30, 2018.

Notes to Financial Statements

June 30, 2018

#### (3) Debt

The Center entered into a mortgage note payable with Cambridge Savings Bank in the maximum amount of \$450,000. The note accrues interest at a rate of 5.82% per annum. Principal and interest payments of \$2,077 are due monthly with any remaining balance due at maturity on March 8, 2023. The note is collateralized by real estate located at 5 Callendar Street, Cambridge, Massachusetts, and is subject to certain reporting, and operational covenants. The Center's Board of Directors authorized the borrowing as part of a plan to address capacity building and related issues. As of June 30, 2018, the outstanding balance on the mortgage note payable was \$229,283.

The Center entered into a revolving line of credit facility with Cambridge Savings Bank in the maximum amount of \$60,000. Advances on the line of credit bear interest at a variable rate equal to Cambridge Savings Bank's base rate plus 2.5% per annum (7.25% as of June 30, 2018). The line of credit is unsecured; however, the Cambridge Savings Bank holds the right of setoff and can deduct the balance due from the Center's checking and savings accounts held with Cambridge Savings Bank. The line is renewable annually. As of June 30, 2018, the outstanding balance on the line of credit was \$24,314.

The Center entered into a vehicle loan payable with Ford Motor Credit in the original amount of \$14,423. The note is due in monthly installments of \$240 and bears interest at a fixed rate of 5.9% per annum. The final payment on the note is due June 4, 2021 and is secured by the vehicle. As of June 30, 2018, the outstanding balance on the note payable is \$7,693.

Total maturities of the notes payable are as follows:

| 2019 | \$ 34,250 |
|------|-----------|
| 2020 | 10,491    |
| 2021 | 10,935    |
| 2022 | 8,881     |
| 2023 | 266,733   |

Interest expense on notes payable for year ended June 30, 2018 amounted to \$15,077.

#### (4) Temporarily Restricted Net Assets

Temporarily restricted net assets consist of resources available to meet future obligations, but only in compliance with the restrictions specified by donors. As of June 30, 2018, temporarily restricted net assets are restricted or the following purposes:

| Capital renovations and improvements<br>Teen Programs | \$   | 90,272<br>16,561 |
|---|------|------------------|
| Total   | \$ 1 | 106,833          |

Notes to Financial Statements

June 30, 2018

#### (5) Commitments and Contingencies

The Center's operations are concentrated in the social service provider field. As such, the Center operates in a heavily regulated environment. The operations of the Center are subject to administrative directives, rules and regulations of federal, state and local regulatory agencies, including, but not limited to the Massachusetts Department of Early Education and Care.

Such administrative directives, rules and regulations are subject to change by an act of Congress, act of the state and local legislature or an administrative change mandated by the Commonwealth of Massachusetts' department listed above. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. Additionally, contractual funding may decrease or be withdrawn with little notice.

#### (6) Not-For-Profit Provider Surplus Revenue Retention

The Corporation has no liability to the Commonwealth of Massachusetts under the Division of Purchased Services "Surplus Revenue Retention Policy" pursuant to 808 CMR 1.19(3). In accordance with this policy, the Corporation is entitled to retain an annual net surplus of up to twenty percent (20%) per year of the total revenue attributable to Commonwealth purchasing agencies.

Such surplus may be retained as unrestricted net assets to further the Agency's charitable purposes, provided that no portion of the surplus may be used for any non-reimbursable cost set forth in 808 CMR 1.05, the free care prohibition excepted.

# (7) Operations

The Center is experiencing cash flow challenges which have led to negative cash positions at times and prompted the Center to use borrowed funds from its line of credit facility along with restricted cash advances from its Capital Renovation Fund for working capital purposes.

To help return the Center to profitability, management has designed and implemented a corrective action plan for 2019 and beyond that includes reducing the Center's expenses by eliminating one full-time and one part-time position. To increase revenue, management intends to include additional annual fundraising efforts, strategically target and pursue grant opportunities, and expand its individual donor program by 30%.

#### (8) Subsequent Events

The Center has performed an evaluation of subsequent events through January 23, 2019, which is the date the Center's financial statements were available to be issued. No material subsequent events have occurred since June 30, 2018 that required recognition or disclosure in these financial statements.

Schedule of Findings and Responses

# Independent Auditors' Report on Supplemental Information Required by the Operational Services Division

To the Board of Directors of Cambridge Community Center, Inc.

We have audited the financial statements of Cambridge Community Center, Inc. (a nonprofit corporation), as of and for the year ended June 30, 2018, and have issued our report thereon dated January 23, 2019, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The *Supplemental Information Required by the Operational Services Division* including the Uniform Financial Report (UFR) Cover Page, Schedule A - Organization Supplemental Information Schedule, Schedule B - Program Supplemental Information Schedule, Schedule C - UFR Addendum and the Acknowledgment of the Board of Directors, which is the responsibility of management, is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on it.

# Acknowledgment of the Board of Directors

Wednesday, January

We, the Board of Directors of Cambridge Community Center, Inc., met on 23,2019 virtually and have voted to recognize and accept the representations of management and the expression of opinions by Kevin P. Martin & Associates, P.C. as embodied in the Basic Financial Statements, Supplementary and Subsidiary Financial Statements and Schedules and Independent Auditors' Reports contained in the Uniform Financial Statements and Independent Auditors' Report (UFR) for the year ended June 30, 2018.

In addition, we, the Board of Directors of Cambridge Community Center, Inc., hereby certify under penalty of perjury that to the best of the members of the board of directors' knowledge, all material related party relationships and transactions, as defined by 808 CMR 1.02 and generally accepted government auditing standards, and other representations made by management are accurate and have been correctly and completely disclosed as required in the notes to the financial statements and schedules of the UFR for the year ended June 30, 2018.

Signatory of the Board of Directors:

# Letter of Affirmation February 14, 2019

This letter of affirmation establishes that Agassiz Baldwin Community, Cambridge Community Center, and East End House ("neighborhood centers") worked collaboratively to develop and create all aspects of this Planning Grant Application.

Each organization agrees to work together to learn from each other, explore opportunities for improving collective impact, and create opportunities for individual and collective capacity building in order to address the Needs of Affordable Housing and Homelessness, Financial Security and Mental Health as it pertains to the specific underresourced children and families they serve.

Guiding principles for this project will include, but are not limited to:

- 1. We believe that all individuals and families have inherent assets and take a **strengths-based** approach to our work.
- 2. We believe that **diversity** is a tremendous asset and strive to foster an inclusive environment.
- 3. We insist on excellence, continuously strive to improve our services, and hold ourselves accountable to creating measurable impact.
- 4. We believe that infusing evidence-based practices and implementing a comprehensive performance management system are essential to maintaining high quality programming.
- 5. We believe that through continuous learning, innovating and building on successes and lessons learned we can provide impactful programming and help inform larger fields of practice.
- 6. We believe that the only way to be successful in our work is to maintain open, honest, and courageous communication and work collaboratively using the diverse talents of our staff, volunteers, community stakeholders and cross sector partners.
