**Case:** 57 JFK Street BZA 017179-2019

**Applicant:** A&T JCuisine, c/o Andrew Upton, Esq.

**Proposal and Zoning Issues:** Board of Zoning Appeal Fast Order Food Special Permit to occupy the previous Wagamana establishment.

**Harvard Square Advisory Committee:** October 2, 2019

**Summary:** Andrew Upton, representing the owner Andy Truong, presented the application for the Fast Order Food Use Special Permit, showing the menu for the proposed 40 seat restaurant. The hours of operation will be from 10:30 am to 11:00 pm. The space is accessed from within the Crimson Galleria, with no direct exterior entrance. There will be a sign on the exterior of the building and there is heavy foot traffic in the mall to direct customers. The food deliveries come by van and are unique products, making up approximately 70% of all the deliveries. There is a refrigerated truck for some items. The trash and recycling are handled by the building's central system. The owner understands that Winthrop Street operates with restricted access after morning deliveries.

**HSAC comments:** The committee discussed and reviewed the proposal and would support later hours.

A motion was made and seconded to support the application for the Fast Order Special Permit and was passed by all members present.

**Committee Members in Attendance** Alexandra Offiong, John DiGiovanni, Matt Simitis, and Laruen Curry.

Respectfully submitted for the Committee,

Liza Paden, Community Development Department
