City of Cambridge Documents

3. Memorandum to the Planning Board from Community Development Department (CDD) staff, dated 1/4/2024.

Other Documents

4. Email communication to the Planning Board from James Williamson, dated 1/8/24.

APPLICATION SUMMARY

The proposal is to open a Quick-Service Food Establishment at 655 Massachusetts Avenue, occupying approximately 1259 square feet. While this use is allowed as-of-right by the Zoning Ordinance, the applicant is a Formula Business and therefore needs a special permit from the Planning Board. The applicant proposes minor exterior modifications and new signage. No changes to the pre-existing use or building dimensions are proposed.

FINDINGS

After review of the Application Documents and other documents submitted to the Planning Board, testimony given at the public hearing, and review and consideration of the applicable requirements and criteria set forth in the Zoning Ordinance with regard to the relief being sought, the Planning Board makes the following Findings:

1. Special Permit for Formula Business in the Central Square Overlay District (Section 20.304.5.4)

A Formula Business as defined in this Ordinance may be established in the Central Square Overlay District only after the issuance of a special permit from the Planning Board. In reviewing an application the Planning Board shall take the following into consideration:

- a. The extent to which the design of the proposal reflects, amplifies, and strengthens the established historical character of existing buildings and store fronts in Central Square.*
- b. The extent to which the particulars of the building or storefront design is varied from the formula or standard design of the chain in order to reflect the unique character and conditions of Central Square generally or the specific location in particular.*
- c. The extent to which the standard elements of the enterprise as they define it as a Formula Business are modified to respect and provide unique expressions of Central Square history and traditions as well as innovation in physical design and marketing that will distinguish the Central Square location from other locations of the Formula Business.*

The Board finds that the proposal is unique to Central Square and distinguished from other Dunkin' Donuts locations. A high degree of visual transparency is maintained, which is consistent with the urban design objectives for Central Square. The proposed business identification signs are of a similar scale to other signage in Central Square and are in keeping with the pre-existing signage design for other businesses in this building.

2. General Criteria for Issuance of a Special Permit (Section 10.43)

The Planning Board finds that the project meets the General Criteria for Issuance of a Special Permit, as set forth below.

10.43 Criteria. Special permits will normally be granted where specific provisions of this Ordinance are met, except when particulars of the location or use, not generally true of the district or of the uses permitted in it, would cause granting of such permit to be to the detriment of the public interest because:

(a) It appears that requirements of this Ordinance cannot or will not be met, or ...

Upon granting of the requested special permits, it appears that the requirements of the Ordinance will be met.

(b) traffic generated or patterns of access or egress would cause congestion, hazard, or substantial change in established neighborhood character, or ...

No additional traffic is expected.

(c) the continued operation of or the development of adjacent uses as permitted in the Zoning Ordinance would be adversely affected by the nature of the proposed use, or ...

The proposed use complies with allowed uses in this district and will not adversely affect adjacent uses that exist or are anticipated in the future.

(d) nuisance or hazard would be created to the detriment of the health, safety and/or welfare of the occupant of the proposed use or the citizens of the City, or ...

The proposed use will not create nuisance or hazard, and all development activity will adhere to applicable health and safety regulations.

(e) for other reasons, the proposed use would impair the integrity of the district or adjoining district, or otherwise derogate from the intent and purpose of this Ordinance, and ...

The proposed retail use complies with allowed uses in this district and will not impair the integrity of Central Square.

(f) the new use or building construction is inconsistent with the Urban Design Objectives set forth in Section 19.30.

The proposed façade design supports the retail character of the area consistent with the Urban Design Objectives.

DECISION

Based on a review of the Application Documents, testimony given at the public hearing, and the above Findings, the Planning Board hereby GRANTS the requested Special Permits subject to the following conditions and limitations. Hereinafter, for purposes of this Decision, the Permittee shall mean the Applicant for the requested Special Permits.

1. All use, building construction, and site plan development shall be in substantial conformance with the Application Documents and other supporting materials submitted to the Planning Board, except as modified by the additional Conditions of this Special Permit Decision. The project plans hereby approved by the Planning Board are the plan set titled Dunkin prepared by James D. Smith Architects, dated 8/13/2023. Appendix I summarizes the dimensional features of the project as approved.
2. This Special Permit shall be valid only for the Permittee to operate a Formula Business Quick-Service Food Establishment at the location depicted in the Application Documents. Any other Formula Business seeking to operate at the proposed location, or any proposal by the Permittee to operate a Formula Business at another location, shall require a new special permit from the Planning Board.
3. The project shall be subject to continuing design review by the Community Development Department (“CDD”). Before issuance of each Building Permit for the project, CDD shall certify to the Superintendent of Buildings that the final plans submitted to secure the Building Permit are consistent with and meet all conditions of this Decision. As part of CDD’s administrative review of the project, and prior to any certification to the Superintendent of Buildings, CDD may present any design changes made subsequent to this Decision to the Planning Board for its review and comment.
4. The Permittee shall address the following comments through the continuing design review process set forth above. Each of the below items shall be subject to CDD review and approval of the final design details prior to issuance of a Building Permit:
 - a. Exterior lighting.
 - b. Exterior signage details, including attachments.
 - c. Any new exterior colors, materials, and details.
 - d. Storefront paint colors shall be reviewed by CDD and CHC staff, with final approval by CDD.

Voting in the affirmative to grant the requested Special Permits were Planning Board Members Catherine Preston Connolly, Mary Flynn, Mary Lydecker, Tom Sieniewicz and Associate Member Adam Westbrook, appointed by the Chair, to act on the case constituting at least two thirds of the members of the Board.
