Sidewalk Material Selection Form

It is the City's policy to replace existing sidewalks with the same material (concrete with concrete, brick with wire cut brick). However, during this project, homeowners have the option of changing their sidewalk material as described in this form. In considering the options for sidewalk materials, please be informed that concrete is the material most frequently used in the city and provides a relatively inexpensive, durable and easy to maintain accessible sidewalk.

Date: _____

Property Owner Name: _____

Property Owner Address: _____

Address to have sidewalk replaced (if different from above):

_____

Property Owner Telephone Number

Daytime: _____   Evening: _____

Please check the material of your choice:

☐ Replace existing concrete sidewalk with wire cut brick at $184 per square yard***

☐ Replace existing brick sidewalk with concrete (no charge)

*** Property owners may choose to have wire cut brick sidewalks instead of concrete sidewalks. However, this will cost the property owner $184 per square yard in order to cover the difference in cost between concrete and brick. Payments can be made by, cash, check, E-check, MasterCard, Discover or Visa. A 2.5% convenience fee applies to credit and debit card transactions and a $2.00 flat fee applies to E-check transactions.

Please sign below before returning the form. In so doing, you affirm that:

I am the owner of the property in question and I understand that the cost of upgrading to brick is $184 per square yard. If I have selected this option the City will calculate the cost based on the square yardage and present the costs to me; I will indicate my acceptance by paying the full cost within 14 days of the date of the invoice. If my payment is not received by then, the City will replace my sidewalk with the existing material.
