

*The Cambridgeport School playground will be undergoing repair and renovation. You are invited to an open house on **May 8, 2015 at 8:30 AM** in the school library to view plans for the project and learn more about the anticipated project schedule.*

The project will entail replacement of some existing play structures in their current locations and re-surfacing of play areas, and will include seating for parents, storage sheds with loose play parts, new fencing, trees, and landscaping improvements. The project is anticipated to occur over the summer or fall to streamline the construction and minimize inconvenience to students and neighbors.
